JAS. LANDRUM, Agent. Phone No. 58.

Entered at St. Mt Vernon, Ky, Postoffice as second-class mail matter.

PERSONAL

S. W. Davis, was in Cincinnati Monday.

Uncle Henry Fish, is with relatives and friends here.

Judge R. G. Williams returned to Covington Tuesday.

S. N. Davis, of Jackboro Tenn, was with homefolks Sunday.

Mr. W. T. Smith has been on the sick list for several days.

Mt. Vernon was well represented at London each day of the fair.

Supt G. M. Ballard was in Richmond on business yesterday.

Miss Nora Forbes is the guest of her sister, Mrs. W. A. B. Davis.

Mrs. L. R. Hughes, has been with home folks here since last Friday.

Mr. and Mrs. Wilbur Chestnut were in Saturday having dental work done.

Dr. W. A. Brown, was a distinguished visitor to our town the first of the week.

Dr. Lovell continues on the sick list, having been confined to his bed most all week.

Albert Blatt and Walter Robins were up from Brodhead Tuesday evening "on business".

Mrs. R. A. Welch has been very sick for several days and it is feared she has fever.

Roy Minks, of Moreland, was the guest of his cousins Misses Virginia and Anna Davis.

Mr. and Mrs. P. J. Griffin were visitors of Mr. and Mrs. S. Riddle and Mrs. Margaret Griffin Sunday.

Miss Eva Fish has a place in the Norton, Va high school, and a splendid choice the board has made.

Steve Drew and family, of Dodge City, Kansas, are visiting relatives at Spark's Quarry, near here.

Mr. Deck Owens, who was seriously hurt by a fall at the Brodhead fair, we are glad to know is improving.

Mr. and Mrs. John Moore spent Saturday and Sunday with Mrs. Moore's parents, Mr. and Mrs. S. H. Martin.

Mr. and Mrs. Jim Southard formerly of this county, but now located at Henderson, are visiting relatives here.

Miss Fannie Thompson, of Preachersville, is the guest of her cousins Misses Susie and Alza Thompson.

Mrs. Margaret Grimes and her mother, Mr. Franklin, have returned from a two weeks stay with friends in Richmond.

William Farniss of Covington, spent a portion of the week with his sister, Mrs. W. L. Richards and brother, assistant cashier, A. B. Farniss.

Bob Bowman, who was thrown from a horse at Brodhead, received a fracture of the bone of the left arm, and other injuries, is rapidly recovering.

Mrs. R. E. Thompson, and daughters, Mrs. Holman and Miss Tanna, and son Bragg, spent the week with Mrs. Thompson's mother, Mrs. W. M. Poynter.

O. J. Towery has sold out at Woodstock and bought a part of the farm he uses to own near Sand Spring. He will move back to Rockcastle, so we understand.

By some unintentional oversight we failed to mention last week the arrival of another, fine girl, baby, to bless the home of Mr. and Mrs. Robt. Cox, born Aug. 18th.

Rev. Check is soon to give up his pastoral work here, to enter Princeton University. We regret very much to lose Rev. Check as we regard him as quite an addition to our town.

LOCAL

Stetson hats at Fish's. The town tax list for 1909 is \$1141.

Town Marshal Ferguson is putting in new culverts on West Main street.

The second and third day premium rewards of the fair will appear in next weeks issue.

Mt. Vernon is to have a new up-to-date depot, a portion of the material is now on the ground.

It was K. J. McKinney who won the mule race at Brodhead last week instead of J. H. McKinney.

A small boy of Steve Robinson's got a part of his foot cut off at Spark's Quarry while trying to jump a train.

Town assessors list shows property to value of \$181,000. The actual value of all property real and personal within town limits is \$250,000.

A large crowd including several ladies came up from Brodhead to attend funeral of Owen Turpin and Henry Roberts, charged with the killing of Bogie Phillips.

Two business men, from abroad were here during the past week for purpose of renting store rooms to do mercantile business in Mt. Vernon. No vacant store rooms were found.

One very important officer to be elected in November is the police judge of our town. Let our people pick out a good man and elect him, eschewing politics.

The board of trustees have had eight lines run from court house to town limits, half mile, after form of spokes of wagon wheel, where stones will be set with initials "T. L." (town limits.)

A majority of the members of the board of town trustees who have served for past two terms, four years, are desirous of having other citizens elected for next two years. They claim, and with reason, that having given four years of their time to the work they deserve a rest and to let others take up the burden.

JURIS-ORAVIS:—Miss Mary Jones and Mr. Edd Graves were united in the holy bonds of matrimony at the home of the bride at Wildc, this county, on Thursday 19th inst. Mrs. Graves is the pretty and attractive daughter of Mr. and Mrs. W. H. Jones, of Wildie. Mr. Graves is a prominent young railroad man now located at Paris Ky. Their many friends and the SIGNAL wish them much happiness.

It is well for our town people to take up the subject of who is to be elected in November for town trustees and police judge. For trustees a list has already been suggested the names including two merchants a lawyer a contractor and a professional man. These parties will be visited and requested to allow their names used in the election. No politics to be used or mentioned.

To voters of Magisterial Dist No. 5: I am a candidate for Magistrate subject to the action of the Democratic party. If elected I shall do all in my power to make a faithful and efficient officer and shall look strictly after the interests of the people in everything that comes under my jurisdiction.

I am in favor of better roads and pledge myself to make a special effort to better same.

Earnestly soliciting the support of every voter, I remain yours, Aug 27 21. J. W. WOODALL.

Owen W. Turpin and Henry Roberts charged with the killing of Bogie Phillips, had examination trials Wednesday. Turpin was held over under a \$3000 bond which he readily gave and Roberts was held under \$1000 bond which he failed to give and is now in jail. Turpin denies bitterly any connection with the tragedy whatever; Roberts also denies any connection, but says that he saw the trouble start between Phillips and Turpin and saw Turpin beat Phillips on the head with his fist and pull a knife and begin cutting on him at which time he (Roberts) left the room. The trouble occurred at Mr. Turpin's home. Phillips said that Turpin cut him but as it was not given a dying declaration, will not be allowed to go before the jury and will have nothing to do with the trial of the case. The Commonwealth claims to have a strong case against both defendants.

GET IN THE WELL DREST CIRCLE

A Few words with you about your new fall suit. If you've been buying at this store there isn't much to say. You know we conduct the only up-to-date Clothing and Shoe Store in Rockcastle county. We feature SPECIAL SUITS at \$10, \$15 and \$20 and you know, too, our one-price, square-deal-to-all methods. If you're not acquainted with our store, our methods and our Good Clothes and Star Brand Shoes, you ought to be, and now is a mighty good time to start. We have a great showing of the very newest things, a big enough variety to please and fit you perfectly, marked at a low enough price to guarantee satisfaction to you and to us. We do not sell at cost or below cost or job lot goods. We buy the best goods and we sell them at a legitimate profit. We're in business to stay and we're glad to notice that all our customers are staying with us. They seem to like our methods, our goods and our prices, and they are sending their friends to us. We've found that it pays to give everybody the same square deal. We want you to feel at liberty to call at any time and get acquainted with the new styles at this store. Don't wait until you have to buy. Drop in and look around. Get some pointers on what's right. It will help you to buy right when you are ready.

MT VERNON'S LEADING CLOTHIER ALL AROUND CORNER NEXT TO COURT HOUSE PHONE 77.

Mrs. Anna Miller and Miss Mae Miller rendered most charmingly a special musical programme at the Presbyterian services last Sunday night.

Mt. Vernon has 143 voters and a population of 710 within its corporate limits. The actual number of citizens, including residents living on Adams, Richmond and West Main streets, but just outside of limits is 993. Census of 1909 showed 122.

Institute—There will be a Farmers Institute held at Livingston on Monday and Tuesday, October 25th and 26th, at which several noted speakers will discuss questions of importance to the farmers of this county. Every farmer should attend this Institute, because delegates will be selected to attend the State Farmer's Institute, to be held at Frankfort, Kentucky.

Farmers—Said a visiting farmer about one of our own the other day, "That farmer is no account!" "Why not?" said the editor of this paper, "why, because he does not keep his fences up properly his fence corners clean, nor does he plow his ground so as to increase its fertility." We are glad to say that many of our farmers are working as never before, and with better results.

Dr. Groves C. Price, who graduated from Louisville Medical College last June has decided to locate in Mt. Vernon. We welcome Dr. Price to our town and trust that his future may be one of great success. He is a son of Dr. T. J. Price, of Level Green is a young man of natural ability and is a hard student, which combined with the characteristics of perfect gentleman, we predict for him a great success.

DAVID R. ROWZIE—Mr. J. G. Davault and Mrs. Della Arnold Rowzie stole a march on their many friends last Sunday night, when they drove out to the home of Rev. James Barnes and were married. The bride is a daughter of Mr. and Mrs. Wm. Arnold and one of Mt. Vernon's most charming young ladies. The bridegroom is one of Rockcastle's best boys and worthy of the commendation he has won. To this splendid young couple we wish you well. (Contributed by a friend)

Tobacco—Wilson Baker, who lives on the Old Cam Mullins place, on Crooked Creek, was in town Monday and says he has a half acre of tobacco that is four and a half feet high. He fertilizes his soil with Salt Peter dirt.

W. B. Dillingham has bought the Roberts farm near Maretburg, price \$750.00. Micajah Sowder sold his farm on Skeggs creek to Dock Chandler, and has bought the Thompson farm just south of town. Mr. Sowder said for \$900 and paid \$100 for the Thompson place.

The eight or ten new piles on the side walk between the Miller Hotel and the Presbyterian church over which the ladies had to drag their nice white dresses as they went to church last Sunday, is a serious reflection upon our Town Trustees, and a discredit to the whole population of our entire commonity.

The Signal has written the following letter to each one of the Republican nominees for magistrate in this county.

Mr. _____, Ky. My dear sir:—

You are the Republican nominee for magistrate in your district. It elected what will be your course toward the county roads? As a member of the Fiscal Court you vote to build up the county highways? Specific and immediate answer is desired by this paper and will be published. Enclose you will find stamp for response. Very truly,

Fred Hahn's farm has been named. The Signal, always alive to the agricultural interest of this county, laid a short time ago of the wonderful improvement of Mr. Hahn's place. Judge Williams saw the account and once decided to name the farm and present Mr. Hahn with an attractive sign bearing the name which he did. Last Saturday he took Mr. Hahn into Jones Fish's store, where so many people go, and there presented him "The Hahnville Place." Mr. Hahn is very proud of his sign and show it stores the large frontage just south of his residence.

Kodol

For Dyspepsia and Indigestion

If you Suffer from Indigestion, Dyspepsia, Gas on the Stomach, Belching, Sour Stomach, Heart-burn, etc., a little Kodol will Relieve you almost Instantly

Kodol supplies the same digestive juices that are found in a healthy stomach. Being a liquid, it starts digestion at once. Kodol not only digests your food, but helps you enjoy every mouthful of you eat. You need a sufficient amount of good, wholesome food to maintain strength and health. But, this food must be digested thoroughly, otherwise the pains of indigestion and dyspepsia are the result. When your stomach cannot do its work properly, take something to help your stomach. Kodol is the only thing that will give the stomach complete rest. Why? Because Kodol does the same work as a strong stomach, and does it in a natural way.

Sold by CHAS. C. DAVIS

Take Kodol at the times when you feel that you have eaten or are indigesting. Kodol digests what you eat so you can rest sufficiently of any good, wholesome food, if you will just let Kodol digest it. Sold by Chas. C. Davis.

LIVINGSTON

Lucinda Hellard is very sick with fever. Little Gracie Jones who has been very sick, is slowly improving. W. N. Riggs, coal inspector, made a business trip to Iron Mountain, Tenn. this week in the interest of the L. & N.—Mrs. George Lawrence, of Mt. Vernon, was here between trains Sunday.—The L. & N. has a special crew of hands here building a concrete retaining wall below Livingston where the road bed had given away. This week it is under way and we hope to learn of a peaceful time. We are sorry that the trouble at Brodhead occurred, but it looks like that such will happen. We would be glad and long to see the time when we could attend fairs and other public gatherings and all be peace and have a good time, but so long as whiskey is used as it now we know not when this will happen.

We read with pleasure the article written by P. H. Shutt, our old school mate and fellow teacher on pikes. We want to say before we have anything to say on the pike question, we have a road problem here at home to settle. We have been talking road and street work for quite a while and have not accomplished much yet, but are not discouraged, and the only way to get rid of us is for the town trustees to go ahead and do their duty. By this we mean for them to have the roads and streets worked which is their duty. There are rocks in the road almost knee high and gullies washed out that you can't hardly cross, but we know Rip Van Winkle, who slept 30 years, can't come back to point the finger of blame at us in any consolation. Now Mr. Trustees let us settle this question, if you will, we will call off the hounds. But we do not propose to let up until this work is done; we have the money and lots of men who would be glad to do the work, and all we like is a little interest taken—Ere this letter goes to press Mrs. Alice French will be Mrs. W. E. Graves, for their wedding will take place Thursday. Mr. Graves is 55 years of age and Mrs. French is 53. How I wish I was a poet equal to some that have passed off the stage of action so I could picture this wedding as it should be. I would grasp the wand of an angel, dip it in the hues of the rain-bow and print it on leaves of satin.—Mr. Ben Hellard and his wife have separated. It looks like the divorce list in Livingston is greater than the marriage list. Marshall Burton who has been sick for some time, is getting some better. We hope "Will" on duty soon as it keeps him busy to keep the town straight.—Mrs. Frank Clutz is here from Ida May being treated by Dr. Chidress. She is in poor health and will remain for a month.

Marshall Burton on last Friday night received a warning letter from some person or persons printed with a pencil in a legible hand, warning him that if he did not resign he would be killed at his own door, that he had become too overbearing and threatened him in various ways. For some time he has tried to stop all violations of the law, he went after all stealing and gambling and lawbreaking in every form, and it doesn't seem come. But what we want is the law enforced and the good citizen will stand by him. It used to be that they could get drunk and raise Cain

but they meet their Waterloo now. We like peace and peace is what we are going to have. In the last few weeks there have been a few pistols taken off some men and this may be the cause. The time has been when it was dangerous for people to walk the streets of Livingston at night, but not so now we have quiet little town—only at times—Benny Kinley who was arrested here last week was released on bond and passed through here on his way home Saturday.—T. J. Niteley was with us Saturday.—A lecturer who we failed to get the name of, lectured in the Christian church on the "Second Coming of Christ" which was very interesting.—We have just received an invitation to attend the birthday dinner of Aunt Jane Todd of Level Green, who was 88 years of age Aug 4. She is a sister to Uncle Ashley Owens, who died in his 83rd year. Eugene Oraddock is with him for the week.—A. Pennington will leave for Louisville in a few days to attend the big Democratic barbecue. Uncle Abe is a true-blue Democrat.—On last Tuesday night a pistol shot was fired in the center of town, but we know who the parties are and the marshal is camping on their trail and we hope to see them meet justice. We may be too personal some times but we are as independent as a hog on ice, and such as we are not earthly power can buy or bribe us, and would not exchange our views to wear an earthly crown or wield a scepter.

F. L. Thompson, of Mt. Vernon, was with us Tuesday.—Miss Lydia Cook, who has been sick for a few days, left for Mt. Vernon Tuesday to be treated.—S. H. Graves and Miss Bessie Wilson, of Cincinnati, will be married Tuesday. He is

son of W. E. Graves. The father and son will get married at the same time and place. Say, Mr. Ed. are you getting married late here. Anybody that wishes to get married come to Livingston.—Judge R. G. Williams, of Covington, stopped off here on route home from Mt. Vernon. We would have been glad to have seen the Judge for he is a man after our own heart.—A little child of W. R. Hanks is very sick.—Mrs. Stephen Carson, of Jellico, is visiting relatives here this week.—John Hanks, who has been suffering with that dread disease, cancer, is no better.—Will Shelton, who has been off the road for some time has gone back to farming.—Dr. Chidress reports Charley Mink very sick.—Bill Moore, and Miss Stella Reynolds copied to Jellico Monday night and were married. Since Miss Reynolds' parents objected to the marriage, it was necessary for Bill to do the stealing, which by the assistance of his friends he did, but for such a theft he is to be commended rather than censured.

IT WAS A GLORIOUS VICTORY

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now—Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work or get about," he writes, "and the doctors did me no good, but after using Dr. King's New Discovery three weeks, I feel like a new man and can do good work again." For Cough, sore or diseased lungs, Whoops and Colds, Hemorrhages, Hay Fever, La Grippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c and \$1.00. Trial bottle free. Sold and guaranteed by a new man and can do good work again. Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them. Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

It Will Help You

Mrs. Estie Euphros, Covington, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.

JUDGE R. G. WILLIAMS MAKES STRONG ADDRESS.

Judge R. G. Williams made a strong and practical speech to a great crowd at the Broodhead Fair on Thursday of last week. The very hearty reception given him shows how very close he is to the hearts of the Rockcastle people. He said in part: "Ungrateful would I have been if I declined the very generous invitation of the Association to address you this afternoon. Encircled by the egliding hills of this old county, I first saw the light of day. Amid it's murmuring streams I was reared and by its people I was honored at the 70th Time saw my residence removed and while success has crowned my efforts in another field, my heart untraveled, fondly turns to the people among whom I was born. Being keenly interested in your spiritual, financial and educational welfare, I come to have a heart to heart talk; to reason with you for the good of all. I am warranted in speaking plainly that I might be clearly understood. The public conscience is being aroused as never before. A wave of public sentiment demanding higher education has seized the people with moving effect. Rockcastle stands low in the scale of general education, because of the indifference of our people to its needs. Our citizens must be aroused to the necessity of giving the children a better chance. It pays to give them a common school education. It will pay to give them a common school education. It will pay to send them to the County High School; yes, even to the State University. Step by step, they should be prepared carefully to meet life's duties. The County, the State and the Nation needs honest men, brave men, broad-minded and educated men and the schools must supply them. The schools of any county can be made just as good as the people want them. Adequate laws, backed by public interest, is the very life of the public schools. We have a new school system in Kentucky and it is big with possibilities. The county is the unit for taxation. There is a County Board of Education, having charge of the salaries, finances and of the distribution of funds. There can be not less than four nor more than eight school divisions, each managed by a Division Board, which selects the teachers for the schools in its division. One local trustee is elected to look after the immediate needs of his particular school. The Division Boards are made up of these local trustees and the Chair of the Division Board is a member of the County Board of Education. Parents and tax payers must be awakened to the importance of selecting for school trustees only such men as stand out in your respective communities as pre-eminent for their integrity, character and progressive business sense. Modern school buildings must be constructed; both house and grounds made tasteful and attractive; while competent and progressive teachers should be in charge of the children. The pupils are entitled to every convenience as a means of encouragement. The teachers, parents and pupils should, with zeal and enthusiasm, keep the grounds not only neat and clean, but things of beauty. Parents, don't we want to improve your children? Isn't it your greatest pleasure and highest duty to assist them in every possible way to obtain an education? You will pay down your life for your child, but will you not wake up to their crying need for a better education? All laborers, it will increase their efficiency and enlarge their earning power. It is said that the Oriental laborer has no initiative. He does only what he is told to do and just as directed. If anything happens that annoys the over-seer, he is lost; for he

does not know how to meet an emergency or to devise a new method on the spur of the moment. Education enables a person to present with intelli,ence his claim for proper treatment. A vast improvement in the appearance, conduct and moral worth follows closely man's intellectual improvement. It raises the standard of his religious and fraternal the companionship of friends. Education supplies a better form of employment; lessens the desire to commit crime; develops higher moral instincts and leads us to a gentler, nobler and purer plane of conduct. The first bill enacted by the Legislature of the half-civilized Philippines was unanimously adopted appropriating one million of dollars for the construction of school houses throughout the province.

AT HOME. The surest way to make Rockcastle a great county is to make it a people-wise, knowing, ingenious, thoughtful, by communicating to the whole mass of our people the highest degree of the most improved kind of education, compatible with the system of practical things. Bend every energy to perfect the methods of the free schools and of all schools so that the understanding of people will be opened, kindled and guided on the true path of intellectual life. A learned county is always a prosperous one. Good roads, good school houses and a deep interest in both, will bring great riches and becoming culture. Listen, my Countrymen! There is not an occupation of civilized life that is not better done by a bright man than a dull one; by an instructed man than an untutored one. Every occupation demands mental effort, backed by the physical. I believe it was Mr. Morgan, in his report to the Board of Education of the State of Massachusetts, who shows by precise statistics that out of the whole range of mechanical industry the well educated toiler does more work, does it better, wastes less, uses his machinery to a greater advantage and more profit, earns more money and commands more confidence; rises faster and higher from the lower to the more advanced positions of employment than the uneducated employe. Under our new law, within two years of its passage, one or more high school building must be constructed in each county from two to four years must be taught. The course is selected by the State Board of Education. Hence the pupils advance from the public to the high school and from that to the State University. ANOTHER DUTY. Our people are generally poor, but it is our own fault. Our soil is rich, but it is due to the fact that we do not till it right. We raise but little, for we have had virtually no market. We have not had a market because we had no roads over which we could haul our products to it. Not having either roads or market, our people have not produced and hence farm life in Rockcastle has been both louseness and unprofitable. The roads have been so rough that it would take all the time for the good wife to go to town with a few eggs to exchange for groceries and in addition, both wife and horses would be completely tired out by the time they reached home. So impossible are they, you find but little, if any, profit in hauling your produce to the railroad and still less pleasure in visiting your neighbors or attending services even in a nearby church. The real cause of all our ills is our terribly rough roads. With an improvement of them prosperity will come; education will rapidly follow the roads. With broad modern highways, boys and girls could come from the remotest parts of this county and get a higher education all the time remaining under the parental roof at farm life would be more attractive, pleasant and remunerative. With good roads, farm land would thrive in value and demand will be easily found for all your farm products. Better roads will have you more business and prosperity. It will save

you time and time is money. I appeal to you, my good people, to arouse yourselves to the importance of this great work. You owe it to your community, to yourselves, to your families and to coming generations. You will find happiness and prosperity in the doing of it. Faithfully discharged these present duties and supply these long felt wants. With this teaching and these precepts, I would fill this county with health, wealth and happiness; with love and sun shine; with the song of birds; with the sweet perfume of flowers and throw over all an everlasting rainbow of "Peace on Earth, Good Will to Man".

LEVEL GREEN. Ye scribe has been tardy for some time, but we feel sure the editor will re-estate us, on a promise of better conduct in the future. —There was a large number from this part who took in the Broodhead fair last week. —Mrs. Dan Woodyard and children from London, who have been visiting the family of W. F. Debord returned home Tuesday. —Atty. R. L. Brown spent Wednesday until Friday with homefolks and attending the fair. We greatly appreciate that portion of the Livingston correspondent's article, wherein he pays tribute to Level Green community, and the respect and high esteem in which he held the principal. —Dr. Grover C. Price has located at Mt. Vernon. The young doctor is a hard student and has sound judgement and we predict for him great success in his chosen profession. —Road working is now the order of the day and owing to the quitching rain we have had all summer, the roads are in a bad condition. If we had several citizens like Mr. Shuts our roads would soon be something more than a veritable mud-hole. —Mrs. E. R. Gearty, who has been ill for several days, is improving. Mr. and Mrs. J. L. Nicely, who have been visiting relatives and friends in Indianapots. Mrs. Nicely was formerly Miss May Brown, of Level Green. There was an old time apple cutting at M. B. Jones' Tuesday evening, and all those present report a good time. —Miss McCall, principal of Level Green school spent Friday until Sunday with homefolks at Mareburg, and took in the last day of the fair.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as to damage they will do is folded to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co., Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation. To whom it may concern: I have seen many horse shoes but one of the very best is John C. Taylor, of Mt. Vernon. Very truly, Aug. 27-1909. E. G. WILLIAMS.

WASHINGTON'S PLAGUE SPOTS. It is in the low, marshy bottoms of the bottom of the breeding ground of malarial germs. These germs cause chills, fever and ague, blood-poisoning, headache, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malarial troubles. They are the best all-around tonic and cure for malarial fever used. "Writes R. M. James, of Louisville, S. U. T. My dear Stoughton, Liver and Blood Troubles and will prevent Typhoid. Try them immediately. Guaranteed by Chas. C. Davis."

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early age, through countless generations, remedies are needed to aid Nature in restoring our inherited and otherwise acquired weaknesses to health. The best of medical weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a specific compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Indigestion in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other ailments, Dr. Pierce's "Discovery" is a time-proven and most efficient remedy. BEING a Democrat, this paper kept hands off in the Republican Primary. We are not a political "Boss", nor do we believe in "Bossism". Therefore, we would not attempt to dictate or even control the action of the coming Democratic County Convention. It is up to the people to select such men for office as they deem best fitted. But as a citizen having a family residing here, possessing a few dollars worth of property, and desiring to see this county prosper, we have a deep seated interest in the election of some officers. Especially those who make the county live, make appropriations, allow County Claims, those who have charge of our County Road Fund. These men are the Magistrates. The Democrats should see to it that a very strong liberal minded, progressive, intelligent man be comes a candidate in every Magisterial District. Such are to be found, and the good citizens should set about to find them and urge them to run. But if perchance, such a Democrat cannot be found, and the Republicans have nominated a man who is not worthy of the position he seeks, then let the Democrats and progressive Republicans join hands and get a real live, decent Republican to succeed him. There is no politics in such an office, or any other county office, and the thing we want and must have, is good

clean, aggressive officers, whatever their politics might be in National Races. The time is here when we must act, talk and vote for the best interest of our community, irrespective of politics.

BROADHEAD

The Broadhead fair has come and gone and only a memory is left that such an event has passed so rapidly. From what can be ascertained at this writing it was a success in every particular not only as a gain to those possessing stock in the company, but to the people of this and adjoining counties who exhibited their stock and farm products were awarded as liberal as could be done and kept the Association on a safe basis, and from the pleasure seeking we have heard no complaint. No where in the realms of pleasure does the words spoken, or a smile exchanged, a little rattle with those we rarely meet, have the same effect as it does at the Broadhead fair. Nothing was spared by the people of our little town to make everyone believe at this occasion the latch string hangs most prominently on the outside and welcome the word extended to all. The Association as a whole has awakened to the fact that we can have one of the best fairs here in the country, and to do so the company will not de- clare any dividend this season and call the remaining capital stock, more or enlarge the grounds, make the premiums better, get more attractions, and in every way make it better. The crowds are becoming so enormous and accommodations not sufficient for the people. We mention only a few of these facts and call the remaining capital at this early date. Plans are being laid and preparations made for the greatest exhibition the Association has ever given in 1910.

The Hamiltonian Society feels very much flattered, also very grateful to the large attendance that the people may know that at this early date. Plans are being laid and preparations made for the greatest exhibition the Association has ever given in 1910. The Hamiltonian Society feels very much flattered, also very grateful to the large attendance that the people may know that at this early date. Plans are being laid and preparations made for the greatest exhibition the Association has ever given in 1910. They no doubt feel amply repaid for their effort to give the people something they would appreciate. M. B. Bowling, who has been barbering here for the last two years, has purchased the shop from Fisher at Mt. Vernon and

will locate there September 1st. Mr. Bowling is a splendid barber and has spent very much to have his service here. Mr. and Mrs. E. D. Durham of Elizabethtown, also Miss Margurite Sandidge of McKinney, were guests of Mrs. Mollie S. Durham during the fair. Mr. Durham, while being a large person, as is always a feature of the family, has in proportion a large heart. He held the soft drink concession here and is president of the Durham Bottling Works. We were pleased to see him here and trust this will not be his last visit. Mr. and Mrs. D. R. Thompson and son, of Paris, and Miss Maud Prichett, of Lebanon Junction, are pleasant visitors at the home of Mrs. Laura B. Cable. A very attractive visitor of Miss Carrie Frith was Miss Mary Roberts of Somerset. Her recitations given as "specialties", at the entertainment here were very much enjoyed.

Miss Grace and Nannie Albright Johnson, of Berea section were the accomplished guests of Miss Lena Albright. Among those entertained at the home of R. S. Martin, were Mr. and Mrs. John Moore of Berea, Misses Allie Lee Houk and Montie Martin of Mt. Vernon. Mrs. Lizzie Lynch, who was formerly Miss Lizzie Herron of this place spent the week here leaving Tuesday to visit relatives in Covington, Ky.

Miss Francis Byrnes visited Miss Ella Carson during the fair. The following visitors were guests of Mr. and Mrs. J. Thos. Cherry the number alone is enough to indicate there is always room under their roof for their friends, Mrs. J. H. Hilton and daughters, Ruby, Johnna, Ethel, and son, Willard, of Stanford, Miss Susan, of Lancaster, Mrs. Lida Nevels and little son, Ghies, of Lebanon Junction, Mr. Joe Denroy, of Barren side, G. M. Berry, of Lexington, M. G. Aldridge, of Lancaster, W. M. Ware, of McKenney and Mrs. Lizzie Leach, of Allie Ky. Miss Eliza Pike is visiting in Corbin. Miss Essie Pike, of Livingston, Miss Georgia Cress, of Corbin, Miss Eliza Berry of High Point, and Mrs. John Berry of Barren side, Miss Jennie Davis, and Rose Alice. Miss Jennie Davis, of Mt. Vernon, spent Tuesday until Saturday visiting Dr. and Mrs.

W. F. Carter. We were pleased to see Judge W. H. Cress, of Mountbello in town last week. The only accident to mar the pleasure of all was the untimely death of Bogue Phillips which occurred here on Thursday night. Nothing definite is known as the cause only when he was found he had been badly cut and only lived 12 hours. We always regret that such trouble ever occurs within our little town.

BROWN MEMORIAL SCHOOL

Brown Memorial School will open Sept. 14th instead of Sept. 7th as announced. This change has been made in order that the teachers may attend the County Institute which will meet in Mt. Vernon Sept. 6th and continue throughout the week.

The teachers are expected early in September and work will be so arranged that recitations will begin on the first day of school as we did last year. It is important that every student enroll on, or before, the 14th.

Miss Keys is expected next week and the music class will be organized before school opens. All who are expecting to take music lessons are requested to register with Miss McCord as soon as possible so that lesson hours may be assigned.

The Dormitory girls are expected Sept. 14th. By the terms of original purchase the county of Rockcastle has nine free scholarships in Brown Memorial School one for each polling precinct and one for the county at large. By way of explanation we wish to say that these scholarships are governed by the old districts, when the county had but eight voting precincts and those desiring to compete for one of the scholarships, and not being sure as to which voting precinct you formerly belonged should apply to one of Miss McCord, so that the correct location may be ascertained before examination day which will be Sept. 14th in the school building. It is hoped that every district will be represented at this examination.

Those students of the High School who are teaching during the fall term, but are expecting to enter the High School after Christmas will find the faculty of the High School ready to help them in their effort to carry on

some studies at home, and arrangements may be made for weekly recitations, if so desired. Classes for review of common branches, and in physiology, civil government and such studies as are required for examination for first grade certificate will be begun in January for those teachers who are to prepare for county examination.

DEMOCRATIC CONVENTION

In obedience to a resolution duly adopted by the Rockcastle County Democratic Committee at a meeting held in Mt. Vernon, Kentucky, on the 10th day of July 1909, a Mass Convention of the Democrats of Rockcastle county is hereby called to meet in the Court House in Mt. Vernon, at one o'clock p. m. on Saturday, September 4th, 1909, for the purpose of nominating candidates for the various county offices of Rockcastle county, to be voted for at the regular election to be held November 2nd, 1909.

All Democrats who will be legal voters at said election, and all other legal voters who will affiliate with the Democrats at said election are urged to be present and participate in said Convention.

Aug. 16th 1909 Geo. C. Fish, Chairman.

The Rockcastle County Teachers Institute will convene in Mt. Vernon, Monday, Sept. 6th, 1909. All teachers who hold certificates for said county are required to be in attendance the full five days, Feb. 13th. Under the aforesaid designation Thursday Sept. 6th, as the day on which all teachers are required to attend the Institute and answer the roll call at 10 a. m. and 1 p. m.
