From the present indications it looks as though there might be somewhat of a fight on in the municipal election in Mt. Vernon, but we certainly hope that such will not be. We can not afford to have dissension, strife and bitter feeling, over the very thing we are all striving to have. We are all interested in our town and the man who throws any stumbling block in the way of the town's progress, is a poor citizen and not worthy of the name. Spite work never gained anything for anybody and instead usually brings dire and injurious results. We appeal to our business men to weigh in the scales of justice the right thing to do and then do that. There are now two tickets, and there ought not to be but one. We are not saying which is right and which is wrong, or which will make the better board, or whether either would do the things, which should be done for the best interest of the town. The liberal, fair minded men, who have no axe to grind and no debt of revenge to pay are the men to decide such matters. For our part tickets are in the field, we propose to cast our vote for five men for trustees, who will try to do the most for the town, it makes no difference who they are or what ticket they are on. What benefits part of the people in town benefits all, what injures part injures all, and this fact we ask our citizens to please consider. Let us do right and all will work right.

The battle for political supremacy in Rockcastle has started on a somewhat small scale, yet, the interest manifested is so far from fever heat, that the casual observer would hardly know that there is any kind of a race on. Both democrats and Republicans seem to be taking things easy and in a word there is comparatively nothing doing. It is now less than three weeks until the election and at the same rate, things are moving now, the election will have come and gone and half the people will not know the election is over. If the candidates on either side are doing any work we haven't been able to hear of it and unless the candidates put the ginger in the campaign, there is certainly no going to be very much doing.

Wilbur Wright again broke world's record in his aeroplane, making a complete circle in less than eighteen seconds. It is said the feat was never performed before in less than 4 minutes.

There is no disease as contagious as scarlet fever and can be carried in the clothes for months and even years, and it is therefore very important that every precaution be taken by those who have had it in their home and that everything be thoroughly fumigated, which have come in contact with the patient, as well as the house.

**BROWN MEMORIAL SCHOOL**

Brown Memorial School closed as a precautionary measure to prevent as far as possible the spread of scarlet fever in our midst, and we have concerted most heartily with the action of the Board of Health in their efforts in this direction.

We wish to say to the citizens of Mt. Vernon and vicinity that it is our purpose to spare no effort in so far as it lies in our power to do so, to save guard the children interested and we request them to a sacred trust from God and you.

To this end we beseech you to report to the Board of Health and to see any cases of contagious or infectious disease which comes to your knowledge. It is not our intention to knowingly allow any one untried school whose presence here is a menace to the welfare of others. It is not always possible for us to know but if you will cooperate with us and the Board of Health we can reduce the danger to a minimum and we will certainly appreciate this co-operation on our part.

**WELCOME WORDS TO WOMEN**

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are rarely needed, and that no woman, except in her case, should submit to them. Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst cases of...

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't risk your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

**Convenience of the Savings Account.**

Small amounts may be added at any time. A savings account offers a profitable means to realize on funds that are idle, awaiting investment. You may withdraw a part or the entire amount at any time. With a determination to save you are always welcome here. Why not lend your money to the bank? As borrowers, we stand ready to receive such amounts as you can save from time to time. We will pay you a regular rate of interest on your money. We'll explain in detail if you will call at the bank.

# Women Suffer Agonies from Diseased Kidneys

And Most Women Do This Not Knowing the Real Cause of Their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "ills of the stomach." The kidneys and bladder are responsible—largely so. And in such cases, the kidneys and bladder are the organs that should be treated and must have attention.

Those torturing, searing sick headaches, dragging pains in back, groin and limbs, bloating and swelling of the extremities, extreme nervousness or hysteria, listlessness and constant tired, worn-out feeling—are almost certain symptoms of disordered and diseased kidneys, bladder and liver.

DeWitt's Kidney and Bladder Pills have, in thousands of cases, been demonstrated as remarkably beneficial in all such conditions of female organs—affording the most prompt relief and permanent benefit.

As an illustration of what these Pills will do, Mrs. P. M. Bray of Columbus, Ga., writes that she was very ill with kidney trouble and that she is now well—and that these Pills are what cured her.

They are very pleasant to take, and can be used in any case, no matter how severe the symptoms—such as syphilis, alcoholic, liquid preparations are apt to do.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent, free by return mail post-paid. Do it today.

## BASEBALL

The Brown Memorial Base Ball Club played the first game of the school season on the local grounds Saturday against Wildie.

Again young F. Miller showed his worth as a trier by letting the opposing batters down with three scattered hits, and being the scratch order. Despite five costly errors being made behind him, responsible for as many runs as he was as cool as an "old head".

"High Pockets" Reynolds, Wildie's star twirler, who a week ago held the strong Herea team to a run in 9 innings, started on the mound but was dismissed after the fourth inning after eight runs had been accumulated of his delivery. Laswell who succeeded him fared little better. Both pitchers being touched up for a total of sixteen hits. Phillips behind the bat for the visitors did classy work for a 15 year old youngster and shows up to be a "comer".

Agan's S. Tate demonstrated his ability as a backstop in the air after high ones and digging the low ones out of the dirt. At the bat he led with a single a triple and a homer out of four times up. He pegged in his usual form not a base being stolen on him.

The handling of Miller by Tate is largely responsible for his good twisting. Another one of the local youngsters who shines in the infield is young S. Miller at 2nd, who took Tate's throws and tagged the base runners as same as an "old head".

While errors allowed Wildie 3 scores the B. M. S. had by pounding the horse side hard made the circuit fifteen times.

V. Tate umpired a good game not a kick coming from either side.

Following is the score by innings:

1 2 3 4 5 6 7 8 9 R H E

Mt. V. 3 4 0 5 3 0 0 0 X 15-16-5

Wildie 0 0 0 0 2 3 0 0 5-3-4

Batteries, Miller and Tate; Rey nolds, Laswell, and Phillips. Struck out by Miller 10; by Reynolds 5; by Laswell 3. Base on balls off Miller 4 off Laswell 1. Umpire V. Tate.

### BROADHEAD. LIVINGSTON.

Miss Aggie Hunt, of Mareburg, is visiting Mrs. Daisy Hunt, of this place. Anyone that might doubt the people of Broadhead being in favor of good roads, if they will pay our little village a visit will see at once that the town spends more for roads than all other necessary expenses. At present the roads in the corporate limits are being well ditched and covered with six inches of fine rock and gravel. We would heartily endorse any effort to better our roads.

Miss Hilda Pike entertained a large crowd of young folks Friday night. Among those in attendance were some fifteen from Crab Orchard whom we assure were very welcome not only by the hostess, but by all those who learned to know them.—The addition to the Graded School building here is nearing completion. We feel sure many will be added to the large list of pupils when the accommodations are better. The school is very much crowded at present.—Messrs Bowling and Krueger, of Mt. Vernon were calling on some of the fair sex here Sunday evening. Mrs. Clyde Hilton, of Stanford, is visiting the family of J. R. Cass.—Mrs. J. J. Edwards of Richmond, is visiting Mrs. J. W. ### DEAFNESS CANNOT BE CURED.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

To the VOTERS OF ROCKCASTLE COUNTY: I take this method of announcing myself as a candidate for the office of County Court Clerk of said county. I am a little aged and not able to do hard manual labor, but do feel confident of my ability to discharge the duties of County Court Clerk. I want assistance in obtaining said office and should you be so good and kind as to do so I will ever appreciate your kindness and always be found returning my thanks to you. I was born and raised in old Rockcastle county and her people feel very near and dear to me. I am at this time one among the old citizens of Rockcastle county. I have lived in this county all of my life and this is in all probability the last time that I will ever appeal to the people to give to me the office of County Court Clerk or any other office. The time is so short from now until the election that I will not be able to get over all of the county and I trust that the people will not expect me to. I shall not use any money or liquor in this race. With due respect and high consideration for every body,

I am, very truly,
