TO THE VOTERS OF ROCKCASTLE COUNTY.—

My father, D. N. Williams, is a candidate for County Court Clerk. I was born and reared among you as was he. For four years he served the people of Rockcastle in this same capacity and served them well. He has had the experience and is capable by reason of his training and his natural adaptation to that office. He naturally loves and is fitted for that kind of an office. Sately and neatly did he keep the records for the people. Promptly did he make his reports as such officer; promptly did he remit that which was due the state and frequently was he complimented by the officials for his diligence and efficiency as County Clerk. There is no politics in such an office. Experience teaches us that in county affairs the highest interest of all the people is safe guarded by the voters paying no attention to political affiliations, but by having officers of different political faith.

I urge upon my friends in Rockcastle, irrespective of party, to bestir themselves in his behalf and assist him in his election. A vote for him, I would appreciate as much as if it were cast directly for me.

Thanking you all in advance for an assistance and with the best wishes for all the people of Rock-

castle, I am,
Most truly yours,
M. C. WILLIAMS

HAPPY AT SEVENTY.

Rear Admiral Schley, who has just celebrated his 70th birthday, is well, feels young and is happy. "There is sunshine without and from their homes at St. Louis on within," he said, touching his August 2, and consequently the third straight victory for the National League, the Chicago Nationals' having won the title in 1907 and 1908. To Charles Adams, a former Louisville pitcher, belongs the major portion of the credit for winning the series.

Two long established precedents were broken Saturday when Presidents Taft and Diaz met at El Paso, Tex., and Juarez, Mexico. For the first time in the history of the United States a President set foot upon the territory of another nation and for the first time the ruler of another nation set foot on the soil of the United States.

The meeting was marked by the exchange of expressions of mutual regard and both executives spoke of the occasion as being typical of the bonds uniting the sister republics. The one incident marking the day was the killing of one schoolboy by another in a fight resulting from their efforts to approach nearer President Taft.

At Covington United States Judge Cochran granted the motion for a new trial in the alleged "right" case of W. S. Henderson, formerly of Bracken county, but now of Cincinnati, against Vachel Jordan and others on the ground that the award of \$300 damages was too small. Henderson sued Willie Boy, the Pigge Indian desperado for whom three armed possees have been searching, the San Bernardino desert in California was found dead in California, when he has been seeking his final stand. He had killed himself with the last shot in his rifle and had been dead several days.

Take care of your stomach. Let Kodol digest all the food you eat, for that is what Kodol does. Every tablespoonful of Kodol digests 2 1/2 pounds of food. Try it today. It is guaranteed to relieve you of your stomach's heart. Sold by Chas. C. Davis.

J. Wesley Roberts, who was shot by John G. Pulliam, editor of the Harrodsburg Herald at Harrodsburg, died Saturday morning. Mr. Pulliam is still confined to his bed from the wound received from Mr. Roberts.

Tomaso and Grace Viviano, St. Louis children who were stolen from their homes at St. Louis on August 2, were returned to their respective fathers at Chicago Saturday. The fathers of the youngsters are brothers and men of wealth.

A denuncer to the indictments against Governor Haskell and three others in the Mustange town lot cases was filed by the defence in the Federal Court at Ardmore, Okla. Saturday following the reaction of the court in overruling a motion by the defense to quash.

Attorney General Breathitt has concluded that the purchase of the Louisville and Nashville is not a violation of the law prohibiting the acquiring of a competing line. He will hold up his opinion, however, until the objections of Richmond are given another hearing.

Jack Johnson, the negro pugilist, retained the world's heavyweight championship Saturday by knocking out Stanley Ketchel in the twelfth round at Colma, Cal. The fight was hot from start to finish and the negro was badly punished before disposing of his lighter opponent. The receipts were over \$40,000.

Pittsburg won the world's baseball championship Saturday by overwhelming Detroit by the score of 8 to 0 in the seventh and decisive game of one of the hardest world's series ever fought. This was the third successive time Detroit has been defeated in the world's championship series, and consequently the third straight victory for the National League, the Chicago Nationals' having won the title in 1907 and 1908. Speaking of the Divorce of Evil

Trying to succeed in business requires persevering until the case of the man who, trying to get rich, expended his life and alone attempted to keep his house and raise his children. If God him, more money for doctor bills and funeral expenses in a year than he gave his wife in a lifetime.

When advertising is diversified, business success becomes falling.

Miss Willie Benton spent a portion of the week, the guest of Miss Risse Williams. Dr. and Mrs. D. B. Southard and Dr. and Mrs. G. B. Lawrence are in Louisville this week. Mrs. W. J. Childress spent Monday until Wednesday with her sister, Mrs. E. B. Cox. Mr. Joe Surber, of Junction City is spending a few days with his sister, Mrs. S. C. Davis. Emmett Hansel and wife, of Lebanon Junction are with Mr. Hansel's father on Richmond St. Mrs. Fannie Adams, Miss Mat Williams and Little Tavis Eberthum are visiting in Louisville. Sam Pennington was up from Livingston Wednesday, and while here purchased a new buggy from Hugh. Mat Cummins says he will leave the Wabed section and move down on Renfro creek, sometime in the near future. Mr. and Mrs. J. H. Reynolds, of Langford, will leave tonight for Scott county, Virginia, to visit their daughter. John McInnis passed through Sunday from his home at Level Green to Mullins Station where he is L. & N. agent. Mr. and Mrs. Anderson Burdett, of the Hiatt Section spent Sunday with Mr. and Mrs. John Ramsey, on Newcomb avenue. C. M. Sigmon, Tom Mink and J. C. Rymel, all prosperous farmers of the Wildie section were here on business during the week. Mrs. Isaac Snodgrass and sons, Herman and Robert are here from Colorado on a visit. They were with Mr. and Mrs. Chas. C. Davis this week. Atty. J. W. Brown, Grand Senior Deco J. A. Landrum, S. C. Franklin and A. B. Furnish attended the Grand Lodge, which met in Louisville this week. Miss Louana Whitehead was in Livingston with her brother Saturday and Sunday. She was accompanied home Sunday by Mrs. Charley Whitehead. George Clontz, a son of Brother Clontz, was here this week, on his way to West Virginia, where he has a splendid job handling a machine in the mines. We are glad to see Wm Bullock the Hansford merchant who has been confined to his room for five or six weeks, but is now able to attend to business again.

F. L. Thompson is in Louisville. A. J. Fish was in Louisville this week.

LOCAL

We sell for cash and sell it for less. J. Fish. Rain coats for men and young men for \$10.00 upto \$15.00. J. W. Parsons is erecting a frame cottage on his lot on West Main street. Dr. Walker Owens has opened a lumber yard on Neal Parrett's lot on West Main street. We have the biggest line of good clothes and shoes in town, and can fit you. Try us. J. Fish. The depot building at this place that is having a nice new addition made to it was erected 42 years ago. Work on the new depot is being pushed along fast and when done Mt. Vernon will have the best Railway station between Louisville and London. The newspaper man is unfortunately, in that he is the only person in town who ever makes a mistake. Others do the right thing, at the time, the poor editor never does anything right. Judge R. G. Williams has a free track for Commonwealth's Attorney his millionaire opponent having sent in his resignation just in time to keep his name off the ballot. The many friends of Judge Williams in this county will be glad to hear of his easy victory. Dr. M. L. Myers, dentist of this place is the inventor of a very valuable improvement in dentistry in the way of "removal bridge". It is something entirely new in the profession and is now being extensively used throughout the country. The inventor declined to secure a patent but donated the invention to the use of the profession. The device was exhibited at the last meeting of State Dental Association at Louisville, and was endorsed as a valuable contribution to the advancement of the steps in dentistry. J. P. E. Drummond, dispatcher at Livingston, was a pleasant and welcome visitor to our town Wednesday. "Pete" as he is familiarly called is one of the most proficient men in the service of the L. & N. and one of the most perfect gentlemen. He has the answer for all the leading magazines and periodicals published, and his leisure hours are spent getting subscription, which numbered several hundred last year and he hopes to double the number this year. If you want a good magazine write or see Pete he can save you money. The railroad company is making some very decided improvements in Mt. Vernon and will more than likely make others, by giving us a nice park where the old section house now stands. Many requests have been made of the company to do this, by individuals and also by the Board of Trustees. It is right that the railroad company should do this for the town, but on the other hand better we should have of the railroad company, our town board should look after and correct some of the things which are and have been no little annoyance to the company. It is not right for the company to have to keep a man after every rain cleaning the crossings of what has washed off the streets. Give the railroad company the protection they are entitled to have and then there will be more of an incentive on their part to grant the requests of the town. Mr. D. N. Williams the recent entry in the fight for County Court Clerk is making a stirring house in his campaign and having lost none of his tact as a campaigner and vote getter, is making lively the closing days of the campaign. Mr. Williams says he is so sure that if all the democrats will turn out election day, with the support insured him, by the independent republicans victory will crown his efforts. Mr. Williams of nature and practice, is adapted to office work, and as a clerk, the county has never had a better one, than he proved himself to be during his incumbency years ago. He is a splendid scribe and fully understands every part of the business connected with the office. Having entered the race so late, he says, it will be impossible to canvass the whole county, but he expects to go day and night and cover as much of the county as possible before election day.

BROWN MEMORIAL SCHOOL. Brown Memorial School will re-open next Monday Oct. 25th. It seems reasonably certain that the epidemic is over, no new cases of scarlet fever having been reported for two weeks. There have been varying reports concerning scarlet fever, at Langdon dormitory. There has been but one case, Miss Cora Cope, of Livingston, and she under the efficient care of Mrs. Kitty Smith has made excellent recovery, but is still in quarantine. As three weeks have passed it is not likely there will be any other cases. The utmost precautions have been taken to prevent the spread of the disease. Miss Helen Kern, who had been visiting her home in Cincinnati, while Brown Memorial School has been closed, is expected tonight, ready to begin work on Monday.

TO THE DEMOCRATS OF ROCKCASTLE IN CONVENTION ASSEMBLED: We accept the nomination for County Judge and Jailor, and promise if elected to said offices, to discharge the duties of the same to the best of our abilities, looking to the best interests of the county and the "great common people." T. J. HAYS, W. A. COFFEY. TO THE DEMOCRATS OF ROCKCASTLE COUNTY, Gentlemen: The election is near at hand, the time grows shorter and shorter, yet a great deal may be done in a short time if proper energy is shown. The independent vote is with us this year and is giving our opponents great uneasiness. Let each of us go to work and get out the full party vote which is larger than many of you think. As many Democrats have become discouraged and have quit going to the elections, stop mud slogging and put in some old fashioned sledge hammer blows and you will be surprised when the vote is counted. The Independents agreed to stand by us if we would put out a ticket and nobody are they doing it. It takes money to run a campaign therefore if anyone wants to help us send it to A. B. Furnish, Treas. or to J. W. Brown, Campaign Chairman, and it will be spent to the best advantage. GHO. C. FISH, CHM. DEM. CO. COM. Why We Are Stronger. The old Greeks and Romans were great admirers of health and strength; their pictures and statuary made the musclemen of the men stand out in cords. As a matter of fact we have at hand a most delicious and healthful food, the Quaker Oats—that would give us an equal with the old Roman or Greek champions. It's a matter of fact. The best food for making strength of bone, muscle and nerve is oatmeal. Oatmeal is the best because it is pure, it has no sugar or starch in it. It is a food that is easy to digest and it gives us the strength and energy that we need. It is a food that is easy to digest and it gives us the strength and energy that we need. It is a food that is easy to digest and it gives us the strength and energy that we need.

JUDGE R. G. WILLIAMS CONTRIBUTES TO PIKES.

Covington, Ky., Oct. 18 1909.
Mr. E. S. Albright,
Mt. Vernon, Ky.,

Dear Edgar:—
I hereby authorize, direct and empower you, as my true and lawful agent, to sign my name to the petition containing subscription for the construction of a pike from Mt. Vernon to Bromo, for the sum of \$50.00, which amount I gladly subscribe to the most laudible enterprise. Although I have the keenest interest abided with me for the welfare and success of all the people of dear old Rockcastle. My only regret is that just at this time I cannot make it much larger. For the benefit sought to be accomplished by this much needed improvement richly deserves a much larger contribution. But I am sure with the hearty cooperation of the merchants, farmers professional and business men generally, that the necessary amount will be raised. Every one should work for it, talk for it, speak for it and subscribe something, however small, to it. Build the pike by all means and the committee in charge of the funds should not rest a minute until the amount is promised.

Very truly yours,
R. G. WILLIAMS.

Born to the wife of T. M. Dees on the 17th a fine boy.—P. M. Dees and wife made a trip to Jackson Sunday to see William Bryant who was supposed to be dying, but a later report says he is better.—W. H. Barton who has been very sick, is able to go on duty again. We missed him sadly while he was sick. He has always stood ready to execute all writs and make all arrests, and we will say there was a year an officer that tried harder to do his full duty and when he goes after a man he most always lands him. Well, well, eleven more days to the election, and some one is going to get beat. Just at present it is at the boiling point and is getting as hot as the coffee pot sure as I stand. We wish all voters would stop and consider before they cast their vote and vote for the ones that would serve us best, for with the officers rests the destiny of the town for the next four years, and we should try to make wise choices. We wish to compliment Judge Sarnbrook for the manner in which he has handled the office in being fair, bold, and believe did his best in dealing out justice.

Charley Henson and D. C. Alcorn are taking up logs on the Kentucky river this week.—Lon Chewning has accepted a job as deputy assessor on the V. B. road.—Miss Minnie Bank's stopped here Sunday en route to Louisville to attend college.—J. W. Baker is in Louisville this week buying goods.—P. D. Colyer was in town Tuesday with his samples.—Mrs. H. L. Delph is slowly improving.—H. C. Conley the inspector for Adams and T. J. Longford were in town Tuesday shaking hands with the voters and telling them of a great day coming Nov. 2nd. We are personally acquainted with a part of them and think a great deal of them, but you see there are other pebbles on the beach this time, and we are glad to have a change. So lay 'em out a move on us, it is just a few days to work. Let 'em roll up our desks and work until six o'clock November 2nd.—T. J. Mackay was in our town Tuesday collecting tax.—Will Remore the Assessor, is in town this week being out collecting.

You may talk about the oil trust and the steel trust. We have something that may sometime be just as bad. There is in this town someone on the Linton Club, something that will be finished. The local merchant pays his taxes county and state tax and makes a little more than he gets in taxes in Danmore and it is high time that

something was done. There are the houses of Sammie Roebuck, John M. Smith and a score of others. It is high time the merchants were doing something to their own interests. Lets wake up and work for our own interest and the financial interest of our town.

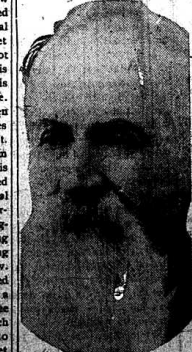

P. H. SHUTTS ON PIKES.

Not much doing at pike building at Bromo now, too busy sowing wheat but will be at leisure before long to take a few days more in seeing what can be done toward raising the \$100 along the proposed route. At the start I offered the \$1000 if a pike road would be built from Mt. Vernon to my residence not thinking that I would be asked to do more but will put in two or three days riding with the subscription list. But it makes me feel like I am a fool to offer what I have if \$1000 can't be raised along the six miles of proposed piece of pike. But the people have gotten the wrong idea about the pike being built unless they help some. Nearly every man I talk to say it is sure to be built and some almost say they will get it anyway so what is the use of them paying to get it. They are very badly mistaken, if they don't help the proposition will be dropped and none will get it. I am willing to try a little longer and should we succeed I think the road should be built through my farm instead of stopping at the house to compensate me for the extra time that I am having to take in getting people interested. On Saturday October the 30 at 1 o'clock p. m. I will have a good road meeting at Spiro, asking everyone interested on the Freedom route or the one running south of Maysboro to meet me there and have your minds made up how much money or labor you will give on either route as I will take two separate subscriptions.

Now it is up to you people whether the road is ever built or not. I invite every body interested in said road from the Pulaski line to and including the people of Mt. Vernon to be with us on that day and I will take pains in pointing out the land over which the pike is to run. Every one come as you possibly can land a good subscription that I can't.

Trusting I will have a good crowd I am, yours truly,
P. H. SHUTTS

The death list of the recent storm in the South now numbers forty-six and the property loss is heavier than was at first estimated.

Dr. J. W. FULLER, Scientific Optician, 208 North Main St., Los Angeles, Cal., writes:
"I was troubled with cataract of the eye for many years. It affected my eyes of small, bright and night. It took me a long time to get the use of local applications to relieve me, but no purpose until my attention was called to the wonderful effects of Parame."
"I must say that I was with astonishment and gratification. Parame took hold of the complaint and drove the cataract out of my eyes."
"I think, well, about, I want the stomach part of your life, I am pleased to see a child over the mountain in a few days and I am glad that"

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale-poorly look, food, rich, red blood. Their stomachs need invigorating, for after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Lassitude by taking a course of Dr. Parke's Golden Medical Discovery—the Great Stomach Restorative, Liver Purifier and Blood Washer.

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its wrapper, same being attested as correct under oath.

Dr. Parke's Pleasant Pellets regulate and invigorate Stomach, Liver and Bowels.
