George Thompson has been re-appointed deputy U. S. Marshal for another four years. Mr. Thompson has been in the service 22 years and from point of service is the oldest marshal in the state. A message was received yesterday announcing the death of Mrs. Amanda Lemrick, of Cordova Ky. Mrs. Lemrick was a sister of Mrs. G. M. Ballard. The burial will take place tomorrow at Corinth Ky. C. C. Cox will open March 1st, an up-to-date line of groceries in the room heretofore for furniture and which recently was occupied by A. H. Hamlin, as a ware house for flour meal etc. Mr. Hamlin will sit up an office and ware room at this mill, where he will be prepared to supply all demands for good flour, meal and snapputs. Mr. W. B. Smith, aged 68, died at the home of his sister, Mrs. M. J. Miller, Sunday of pneumonia and other complications. Mr. Smith was at his business when taken sick and grew worse so rapidly that he was never able to be taken to his home, which is only a little over a quarter of a mile distance away. Mr. Smith was born and reared in this county and has always made his home here. He leaves a wife and one daughter, Miss Lona Smith. Short funeral services were conducted Monday afternoon at the home of Mrs. Miller, by Mr. W. H. Cox, after which the remains were laid to rest in Elmwood cemetery. At Pine Hill, a few days ago during the heavy snow, a freight truck siding George Durban of Junction City, one of the brakemen began throwing snow balls at Toney Hatcher, of Level Grove, this county who was another brakeman. Hatcher pulled his pistol and fired into the ground a few feet from Durban. The ball struck the rail, glanced and struck Durban in the hip, inflicting a very painful and he feared may prove serious wound. While Hatcher evidently had no intention of hurting Durban, yet it was a very foolish act on his part and should prove a lesson on him as well as all other pistol toter.

Jack McKinney, Wednesday shot and fatally wounded George Harper, from the effects of which Harper died yesterday morning at three o'clock. Jack McKinney and his brother-in-law, David McKinney, are a brother-in-law of Harper's. The latter is a very poor man and owns quite a boundary of land in the southern part of the county and Harper had been living on his father-in-law's, Mr. David McKinney's land and wanted to rent the land for another year, and over this matter trouble started. McKinney made three or four times the price for the land, but McKinney would not take it and McKinney's brother-in-law, David McKinney, also tried to buy it.

Neal Parrett and Fuller Francisco are in Covington as Federal Grand Jurors. CAUSE OF DEATHS—We take this method of thinking the people of Mt. Vernon for their kindness and sympathy shown us during the sickness and death of our beloved father and husband. JOSE SMITH AND MOTHER

FARMING LANDS FOR SALE—I have for sale some very desirable farms on which I am in position to give inside prices. If you want to buy a farm see me, I can save you money. Terms to suit purchaser. Call on or address: A. B. FURNISH, Mt. Vernon, Ky. Mt. Vernon Lodge No. 74 (Masonic) is located at Georgetown named for George Washington's home. Ashland Lodge No. 64 is the name of our home institution and was named for the home place of Henry Clay away back in 1847 when the members, including the Dyers, Williams and other partisans of that noted statesman of the Whig party.

The entertainment at the college chapel this evening should be well patronized and those that fail to go will miss a rare treat. Miss Shanklin and Mr. Michel are both artists in their line and the entertainment which they will give will deserve a most liberal patronage. Miss Keys, music teacher of the Brown Memorial has gone to considerable expense to have them come here and we certainly hope the people of Mt. Vernon will show their appreciation of her efforts to give them a pleasant evening's entertainment by coming out. Admission only 25 cts.

Our good friend W. M. Owens, the merchant at Burr postoffice, two and half miles south east of this place, has recently made addition to his store rooms to accommodate his increasing trade. For the accommodation of his customers he has arranged to post daily the weather forecast, received by telephone from Louisville via Mt. Vernon telephone exchange. Back in 1902 Mr. Owens put in a little 10 x 12 storehouse on a big flat rock, from the proceeds of the sale of a watch, an old horse, three calves and a few shoats. His stock of goods was so limited that most everyone predicted failure there for those who knew of what stuff "Monkey Bill" was made of. Today after seven years of hard work and strict attention to business liberal and straight dealing he has an establishment right up on the front ranks of the leading merchants of Rockcastle. The Stratford Literary Society of Brown Memorial School gave a very interesting entertainment at College Chapel Wednesday evening. Although on account of rain the audience was not large, but those present felt fully repaid for their trip. The recitations and songs were well rendered. Four young men of the school debated the question, "Resolved that Local Option is preferable to State Wide Prohibition." All speeches were well gotten up and well delivered. The judges, Supt. J. W. Carter, Miss Nell McFerron and Mr. A. B. Furnish decided in favor of the affirmative after some deliberation. Next Friday night the 25th inst., this society will try George Washington for cutting down the cherry tree. This would be given the 22nd inst., Washington's birthday but it comes on Tuesday near middle of week and would interfere too much with their studies, so they postponed it until Friday night the 25th.

TELEPHONE ISSUES—Much better service and satisfaction would be had if users would pay more attention to rules and regulations. Five minutes conversation over toll lines is the limit set and is long enough for general purposes. This means subscribers. If you want to finish your conversation in five minutes, call again later, remember that other people want to talk. You might be surprised to hear that other over and under regulations. Remember these things when you use the telephone. A reasonable use of the phone within town limits by non-subscribers is not objected to but it must be remembered that in a matter of accommodation it is not by the telephone company but a right of common sense. Clerks and other employees of the phone company should be reminded of this.

Better Not Get Dyspepsia

If you can help it, Kodol prevents D. dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have tried with indigestion, have been sorry for it—have nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach ache, just as naturally as just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, drawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headache, dullness or chronic tired feeling—use Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary peptic "dyspepsia tablets," physics, etc. are not likely to be of much benefit to you, in digestive ailments. Physics is only

a partial digester—and physics are not digesters at all. Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratory, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee

Use your druggist's Kodol and get a bottle. If you do not feel better in ten days, we will refund your money without question. Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratory, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

COMMISSIONERS SALE ROCK CASTLE CIRCUIT COURT.

Dear Edgarr—

I have never before appeared in print agitating any question of local interest, but being one of the older ladies, having trodden hard all my life and having a very great desire to see the town do well, I am moved to say a word about the cows upon our streets.

It produces so much filth and looks so ugly and so unclean, that I cannot but feel that it is the duty of the town to prevent any kind of stock from running at large in the limits of the town. If our people desire to see the town improved, let us have a regulation, attractive, business-like, and one that we must all live together in peace and harmony, to every way possible. The first necessary step is to prevent stock from being on the streets.

I have faith in the Board of Trustees and believe they will strive to adopt wholesome laws and enforce them when enacted.

In closing my humble prayer that our forefathers chosen will be more active in pushing along and giving more heed to the needs of the town than heretofore. We have many good men in our midst, but the town so greatly needs more interest shown by them in an endeavor to advance our churches and schools, in promoting the cause of better roads, larger trade and in fact every thing that tends to build up and beautify our beloved town.

With a genuine good wish for the growth, tenification and prosperity of Mt. Vernon, I beg to remain,

A well-wisher of all,
MRS. D. N. WILLIAMS

NURSING MOTHERS show the beneficial effects of

Scott's Emulsion

in a very short time. It not only builds her up, but enriches the mother's milk and properly nourishes the child.

Nearly all mothers who nurse their children should take this splendid food-tonic, not only to keep up their own strength but to properly nourish their children.

THE FOLLOWING IS THE STILL MORE CURIOUS STORY:

"Sir—I persued your oration with much deliberation at the great instigation of your imagination to show such a magnificent slight a foundation. But after examination and much serious contemplation I am so your opinion a proportion of the same information was that I had sprung from ostentation to display your education by an odd enumeration, or rather multiplicity of words of the same tenor, thought of great variation in each respective signification. Now, without dissipation, your labors application in so important an occupation deserves commendation, and thinking indignation a sufficient gratification, I am, with out hesitation, yours,

Pale-Faced Women

You ladies, who have pale faces, sallow complexions, dark circles under eyes, drawn features and tired, worn-out expressions, you need a tonic.

The tonic you need is the woman's tonic.

It is the best tonic for women, because its ingredients are specifically adapted for women's needs. They act on the womanly organs and help to give needed strength and vitality to the worn-out womanly frame.

Cardui is a vegetable medicine. It contains no minerals, no iron, no potassium, no lime, no glycerin, no dangerous, or habit-forming, or habit-forming ingredients.

It is perfectly harmless and safe, for young and old to use.

Take CARDUI

The Woman's Tonic

"After my doctor had done all he said he could for me," writes Mrs. Wm. Hilliard, of Mount Airy, Ark. "I took Cardui, on the advice of a friend, and it helped me so much. Before taking Cardui, I suffered from female troubles for five years, but since taking it, I am in good health. I think there is some of the best advice in your book that I ever saw." Your druggist sells Cardui. Try it.

Write B. Ladies' Advisory Dept., Chas. C. Davis, Chas. C. Davis, Tenn., for Cardui, and see how it will help you.

BEUTLER & SON

For Clothing Shoes, Underwear and Winter Apparel.

SHIELD BRAND CLOTHING

Every suit of "Shield Brand" Clothing bears two "Shield" labels. These labels represent an ironclad guarantee that you are receiving full measure of value. This method of distinguishing "Shield Brand" Clothing from inferior grades, eliminates possibility of deception or juggling of prices.

There are only seven prices on "Shield Brand" suits within the range of \$10 the lowest, \$30 the highest.

One of the "Shield" price cards with the word "guaranteed" at the top, is attached to the coat sleeve, also a "Shield" label will be found inside the collar. These labels identify the superior quality displayed in "Shield Brand" Clothing, from inferior grades.

GUARANTEED

This is the label that is sewed to the coat collar at all times. All genuine "Shield Brand" garments, either men's, youth's or boys' are so marked.

MEN'S SUITS, \$10.00 to \$20.00.

SHOES

We carry the WALK OVER line of Shoes, all sizes and styles, for all classes. Nothing on the market better than the "Walk Over."

RUBBERS

Men's, Boys', Ladies and Misses Rubbers, all sizes.

CLOTHING

We carry the "Shield Brand" Clothing, and we have the largest stock of clothing in the county from which to make your selection.

UNDERWEAR

Our stock of Winter Underwear is complete and prices low. When you want something nice and up-to-the-minute in style, call at our store where your dollar will buy the most.

SHIELD BRAND CLOTHING

"Shield Brand" is just the kind of clothing to buy for the next seven years of age. These suits are made of fabric good and strong, stand rough-and-tumble romping.

"Shield Brand" knee pant suits are sold at seven prices; \$3 the lowest, \$6 the highest. These garments are also protected by the same guarantee represented in the "Shield."

GUARANTEED

This is the label that is sewed to the collar at all times. All genuine "Shield Brand" garments, either men's, youth's or boys' are so marked.

BOYS' SUITS, \$3.00 to \$6.00.

is carrying the thing a little too far, and we believe there are enough voters in town who want protection that this will go to the wall. It takes a two-thirds majority and this cannot be got. So lets drop this squabbling and all will be well.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dead disease that serf-hood has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHERRY & CO., Toledo, Ohio. Write Hall's family pills for constipation.

ROOSEVELT MAYSEEK POLE

Portland, Me., Feb. 14 - That former President Roosevelt may lead the Antarctic expedition to be sent from the United States was the statement made today by Prof. Donald B. McMillan, the scientific member of Commander Peary's successful North Pole party.

THE BEST HOUR OF LIFE

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had. I had proved to my great satisfaction, what a wonderful cold and cough cure Dr. King's New Discovery is. For after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." In the street and best remedy for diseased lungs, hemorrhages, grippe, asthma, hay fever, any throat or lung trouble, etc. Price, 50c. Trial bottle free. Guaranteed by Chas. C. Davis.

STRONG APPEAL FOR IMPROVEMENT.

EDITOR OF MT. VERNON SIGNAL:

We are very much pleased to know that the people of this county are agitating the questions of good roads and better schools. It is a long, long time since the greatest teacher of men asked the question, "Am I my brother's keeper?" with a reply, "No man liveth unto himself." Parents and teachers are awakening to the fact that there is never a physical ailment, never a mental defect, never a social evil that extends the life of any child in the community that does not threaten the lives of all the children.

We are all agreed that the home is the structure of national life and that school life is but the broadening of home life - the second step in the preparation for citizenship. For many years there has been a tendency to transfer the education of children more and more from the home to the school. At the tender age of four the child in the larger cities now enters the kindergarten. The qualification of the teacher, the growth of the child and the obligation of the mother recall to her that it is still her privilege and her duty to see that not only her children but that all the children are provided with good schools and made fit to attend them; that they be kept from vicious influences and protected by adequate child labor legislation. The consciousness that no child can receive two masters draws parents and teachers together and convinced that their aims are the same, they are organized for labor and for the child. In the larger cities joint committees of parents and teachers, whose duty it is to cooperate with the policy of the State in the betterment of the schools, are being organized.

of children and the needs of youth are realizing the necessity of conspicuous attention to the children.

One day a young woman went fourth from a school building in the tenement-house region. In the lower East Side of New York. As she picked her way slowly through the crowded street it was evident that she was a person well beloved, for even the men with the push caps made way for her and the faces of the children were glad. Presently a woman stepped to her side and walked with her. Laying a respectful hand on the teacher's arm, she said: "I cannot help seeing how these children love you. They are in your school. They are such a help to me at home. Sometimes Benny be says he won't. Then he quickly stops and says, 'All right, mama. Miss K says it is right I should obey.' Do you know, lady, that when you stand on the platform in the school, and you say something, it is just like when God speaks."

The mother must visit the schools; the parents must take an interest. They should not go as a hostile critic, but as learners. They are volunteer officers and as such they can render the most effective service by helping the officer in charge. Their attitude may be defined for them by that noble woman who has been called Chicago's first citizen, Miss Jane Adams of Hull House. In a recent article she says: "I am always diffident when I come before a body of professional teachers, realizing as I do that it is very easy for those of us who look on to bring indictments against results."

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, watery bowels, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making material, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby drive off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and maintains the nervous system in a state of constant vigor.
