CROSS TIES—I have a contract for 10000 cross ties. Parties having ties to sell, would be glad to have them put some in on my contract. J. T. ADAMS, Mt. Vernon, Ky.

Horace Benton, who stood trial at St. Louis, last week, for the stabbing of Heath Willis, of Crab Orchard, afterward causing death, was promptly acquitted. Atty. C. Williams defended Benton.

Mr. and Mrs. C. S. Nield, of Louisville and Wilton, announce the engagement of their charming daughter, Miss Willis Cecil Nield, to Dr. Benjamin W. Bayless, of Anchorage. The wedding will take place in leafy June.—Interior Journal.

FOR SALE—For sale at Beres College farm Beres Ky at 20 a. M. May 14, 1910 50 high grade Durac Jersey and Poland China hogs (one half gilt) weight from 100 to 200 pounds each. Also 6 fine brood sows. Terms cash.

W. B. Prewett auctioneer.

L. L. Smith, a native of Columbus Texas, who has been living in Lexington for many years and is now a traveling salesman stopped off here Monday between trains to see his kinsman James Maret, whom he had not seen since they were boys nearly 39 years ago, while Mr. Smith was attending college in Lexington a year or so before Mr. Maret's family emigrated to Texas. Mr. Smith is a grandson of Gen. Wm. Smith whose tomb he visited, in Elmwood cemetery, while here.

Patrick Welch, forty-one years of age, died last night at 11:45 o'clock at the City Hospital of a complication of diseases. Welch was an orderly at the City Hospital. The body was removed to Rex's undertaking establishment where it was prepared for burial. The funeral will take place tomorrow afternoon and the interment will be in St. Louis cemetery.—Louisville Times.

The—The decease was a brother of our townsman R. A. Welch and for many years was a resident of this town. He leaves a wife, who was Miss Ellen Dolan and two children.

TOWN LOTS—The sale of town lots in the Sparks & Davis addition is moving right on and those who know anything about these lots and the real bargains offered, are coming forward without any solicitation and asking that "my name be put down for one of those lots". This is no good bargain to have to talk a man's right arm off to get him interested and hence no one has gone into the field to make a general canvass. There are thirty-five of these lots, and each lot sells for \$25, notwithstanding the fact that there are fourteen of these lots worth \$50 to \$75. Should you get the worst lot in the entire bunch you would get your money's worth and a lot that one year from today will be worth from twenty-five to fifty per cent. more than it is worth at present. If you are not given a little tip today, where property goes here to day, year, come around, let us explain our plan fully and show you what we have. There is no wild cat scheme to get your money, but a straight business proposition and one that will interest every man looking for a bargain.

CROSS TIES—I have a contract for 10000 cross ties. Parties having ties to sell, would be glad to have them put some in on my contract. J. T. ADAMS, Mt. Vernon Ky.

Sidi, the Ferretton Station, brought here two weeks ago by Jack Adams and was sold last Monday to satisfy a \$1400 judgment against J. C. Adams and his father, was bought in by a Mr. Robinson, of Colorado Springs, the man from whom Adams got the horse at \$300. Mr. Robinson refused an offer of \$800 for the horse and said nothing less than \$1000 would buy him and when he got him back to Colorado it would take \$1500.

The Brodhead Graded School Commencement May 11, 12 and 13th. Everybody is cordially invited and especially the patrons of the school. Please allow me the courtesy to designate a little, and especially in the case of H. W. Bethuram, County Judge of Rockcastle, Miss McCord, Principal of Castle Memorial, County Supt. Mr. Kinsler, Prof. Ireland, of the Staunton High School and Editor of SIGNAL. I assure you the presence of the above designated will be highly appreciated by the Faculty and Board of Trustees. As we are in our infancy a word of encouragement will be appreciated. Yours very truly, W. T. EANS, President Board Trustees.

BASE BALL—The ball game Saturday between Wildie and Mt. Vernon, the first of the season, was a very interesting game, and the way the boys handled themselves, considering the small amount of practice they have had, insure for Rockcastle some good ball before the season's over. Bartlett did the twirling for Mt. Vernon, while Albert Reynolds, the manager of the Wildie nine, was in the box.

For Sale—For sale at Beres College farm Beres Ky at 20 a. M. May 14, 1910 50 high grade Durac Jersey and Poland China hogs (one half gilt) weight from 100 to 200 pounds each. Also 6 fine brood sows. Terms cash.

HALLEY'S COMET. A great many false reports about Halley's Comet are believed by many, for instance, one man now wishes he had not planted so many potatoes, for what is the use if the tail of the comet is coming in two weeks to destroy all of us. And a woman says: "She studies so much about the comet in the daytime that she dreams of it at night. In some sections of the county we understand there are whole communities where the people are so excited, and so sure that the earth is going to be destroyed that they have not even planted gardens, and instead are holding daily prayer meetings, praying that the Good Lord save us all at this time. Whether the foot-killer has started out or not, we can not say, but if he has not he ought to start at once, for he is badly needed."

The comet settling near the earth, but so far as it is visible to the naked eye, but will soon be where it can be plainly seen. It is now coming towards the earth from the other side of the sun and is traveling at a rate of about 100,000 miles an hour. It's tail is about 2,000,000 miles long. When the comet passes between us and the sun, it will be within 14,000,000 miles of the earth, and the tail is only 2,000,000 miles long then it will not touch us, but if it should be 14,000,000 miles long, the earth will pass through it, and as the tail is made of gases and very thin ones, there is no danger of any damage either to us or to the earth.

quite a success.—Miss Laura Stringer, of Halsey, is the guest of relatives in this section.—John A. Caldwell has a very sick child.—Mrs. Lincoln Stringer, of new Brodhead, died Friday last of a complication of diseases. The remains were brought to Providence Saturday for burial.

Wm. Owens has two very sick children.—J. W. Proctor has moved to a new home.—David Herrin bought of George Taylor, a three acre tract of land for \$300.—Miss Etta Hubble, left for Crawfordsville last.—John Elder thought of Will Owens, a yoke of oxen for \$75.00.

Coren planting and sheep shearing is the order of the day.—Manville Caldwell has a very sick child.—John Acton and wife, of Clarence, spent last Sunday with her mother, Mrs. Sarah Herrin.—The writer and wife spent Saturday night last with Earnie Herrin and wife.

TO WHOM IT MAY CONCERN.—It has been rumored that I, S. F. Bowman have made certain statements about the order known as the M. B. A. I will state that I was under the impression that the order had failed to pay for an accident which had occurred in Jackson county, but on investigation and from a statement from W. M. Williams was convinced that it was some other order in said county. I also state that the talk referred to at the F. O. F. hall is untrue, and that I did not state anything to hurt the order.

TELEPHONE MEETING.—The independent telephone company of South East Kentucky and East Tennessee held a meeting at the Miller Hotel, Monday last. Charles A. Chandler, of London, was made Chairman and James Maret, of this place, Secretary. The object of the meeting was to name a date and place for holding a Convention. Middleboro was decided upon and Friday June 10th the date at the Midway Hotel, 12 a. m. Telephone Convention is the above territory will form a syndicate at this meeting for the purpose of systematizing the bus-

ness in the traffic as well as improving all departments and the building more standard local and through toll lines and the betterment of the service generally. The matter of filling in the "cooper gap" of 69 miles between Livingston and Lexington will be pushed thereby giving through copper line from Knoxville to Louisville service between East Tennessee and a good portion of Kentucky. The name of the organization will probably be the East Kentucky Telephone Association for Kentucky and Tennessee.

Does Not Stimulate

Ayer's Sarsaparilla does not stimulate. It does not make you feel better one day, then as bad as ever the next. It is not a strong drink. No reaction after you stop using it. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic and alterative. We wish you would ask your doctor about this. He knows. Trust him. Do as his says. J. C. Davis, Mt. Vernon, Ky. Buy Ayer's Pills. Live Pills. How long have you been sick? How long does your doctor recommend them? Ask your own doctor and you will see.

A Good Example

"I am a good example," writes Mrs. R. L. Bell, of McAlester, Okla., "of what Cardui will do for suffering women. I suffered with my head and back, for over six years, and although I tried everything I never could get anything to do me any good, until I began to take Cardui. Cardui has surely helped me and built me up and I am so thankful that I have found something that will do me good. I feel so much stronger and better than I have in a long time."

It is well to make up your mind before you are sick what medicine you will take when you are sick.

Take CARDUI

The Woman's Tonic

You will be glad to take it when you are tired, miserable and when life seems a weary grind. It will put new thoughts into your head, fresh courage into your mind. If not sick now, at least burn Cardui on to the pages of your memory, so that when you are sick you will ask for it without thinking.

If sick or weak, get a bottle today. At all druggists.

LIVINGSTON

Mr. and Mrs. Hoken, of Jellico, have been here the past week visiting relatives.—The members of the Christian Church in Livingston are working at the church getting it ready for the series of meetings which will begin the 6th. There has been a coldness among its members for some time but we believe all will be made right now. To union there is strength and if all will try now all will be well, so lets all come out and do our best and try to atone for what we have done wrong.—Rev J. W. Jameson will fill his regular appointment at the Baptist Church next Sunday.—J. H. Dickerson and engineer Alexander have just returned from Louisville.—Mr and Mrs R. A. Whitehead, of Somerset, have been visiting Mr and Mrs. Geo. Pope. Bert returned but Mrs. Whitehead will remain a few days in Livingston.—Miss Annie M. and Uncle Walton were visiting homefolks from Saturday on till Monday. They say they are getting along well to school at Mt. Vernon.—Mrs. James Walton, of Missouri, is visiting relatives here.—L. M. Westerfield has returned home

after a visit of several weeks in the west. He reports a nice time.—S. F. McGaire, of the Blue Grass section, visited his parents Mr. and Mrs. J. C. McGuire last week.—The Lumber Co. has finished sawing and have sent their men back to Ford, Ky.—Ivory Magruder went to Lebanon Jct. Sunday. But we can guess.—S. E. Hellard, who has been in very poor health for some time improves slowly.—Master of Trains Maris has returned from a business trip to Cincinnati.—G. D. Cook was elected School Trustee here Saturday.

We have received a letter from our old school mate, J. J. Lawrence, of Mt. Vernon, who says he intends to come to Livingston and fish a few days. That is one advantage we have over Mt. Vernon there are lots of the finny tribe here and we will be more than glad to do we fishing trip with you old boy.—H. Walton is having his houses repaired.—Dee Bryant is repairing his property.—Mr. and Mrs. Charley Whitehead visited relatives in Mt. Vernon the first of the week.

We have been accused of late of being connected with the Yellow Jacket printer in N. C. While this is not true yet we indorse the stand he takes. He has the courage to tell what he knows and has the backbone to stand up for what he writes, and besides he is a strong republican and we are just as strong not name politics every time. I think of the Eleventh district and what a fight there is going on out there, between Powers and Edwards I will just be blamed me if that old Democratic feeling don't come back to me and I can't help keep politics out of our letters until the fight over us, the Eleventh gets to the boiling point and then we will be bound to follow.—Oh this delightful weather. We feel certain that Summer is indeed here this time. A great deal of corn had been planted before the cold wave and now the farmer fancies that he will have to plant over. Well this world is full of trouble and pleasures any way and we have to take the bitter sometimes.

FIELD SECRETARY FOR TUBERCULOSIS WORK

EUGENE KERNER ENGAGED. KENTUCKY FIRST STATE, TO TAKE SUCH ACTION.

The Kentucky Association for the Study and Prevention of Tuberculosis announces that it has engaged Eugene Kerner of New York, Mr. Kerner is now at the headquarters of the Association, 215 East Walnut street, Louisville, Kentucky.

Kentucky bears the distinction of being the first state in which the Tuberculosis Association has put a Field Secretary at work.

To GATHER DATA. Mr. Kerner's first duty will be to gather information with regard to the situation in Kentucky, the sum total of which is now very meager. He will try to ascertain from examination of local death rate from tuberculosis in different parts of the State, existing legal regulations on the subject, if any and preventive measures in force.

He will photograph typical tenement houses and factory conditions in various parts of the State that are a factor in inducing the disease. The Association hopes that in a few months it will have ready a creditable exhibit showing the Kentucky situation. This may possibly be sent to the county fairs in charge of someone who can explain its features.

TO ORGANIZE LOCAL ASSOCIATION

Mr. Kerner will try to organize local Anti-Tuberculosis Association wherever possible to affiliate with the State Association. In this work it is hoped he will have the aid of the Federation of Women's Clubs, the Kentucky Educational Association and the press of Kentucky. He will try to bring about the establishment of local sanatoria of free dispensaries with visiting nurses for tuberculosis, and to create throughout the state such a sentiment that it will be impossible at another legislature to defeat the bill for a State Sanatorium for Tuberculosis already presented to three Legislatures.

FORMER EXPERIENCE

Mr. Kerner's social experience fits him well for the work he has undertaken. For the last fourteen months he has been with the Associated Charities of Chicago as District Superintendent. Prior to that he was with the Chicago Bureau of Charities one year. While in Chicago he attended the school of Philanthropy in a special course. For three years he was manager of a private sanatorium in Newark, N. Jersey, in which many cases of tubercular patients were treated. During the five years that he was connected with this institution he made an extensive trip through Europe to study social conditions. Before taking up the sanatorium work he was in charge of all the sanatorium work of a large hospital in Newark, where he became especially interested in tuberculosis.

Mr. Kerner invites correspondence from any persons in Kentucky interested in the stamping out of tuberculosis.

THE COWS

JUDGE J. T. ADAMS is circulating a petition which is to be presented at the meeting of the Board of Trustees, this evening, requesting the board to turn the cows out, to graze upon the streets in the day time. We have no need to find or one word of criticism to offer against those who have signed this petition. This is a free country, and every good fair minded man must and does concede to every citizen the same right that he claims for himself. For our part we live and will forever continue to stress any move that turns our streets open for pasture lands. If we want to improve our own and interest others to come and locate with us, then we must let a town. People who are too busy to invest are most likely to be populated by a few who try to keep abreast the times. They pay people did things and, even twenty-five years ago, can not be carried on with any degree of success, wherever at the present. This is most forcibly demonstrated by the business man rather business failure, who attempts to do business according to the old time way. What is he doing? Wearing out the seat of his pants and pleading hard times. So it is with a town, community or county, as are the people who inhabit it, so is that particular locality. If unprogressive, then you find a poor town or community if progressive, energetic, hard mousing citizens, then you always find a good live town, every thing being done to improve the general appearance and conditions. Let us look to the future as well as the present. Our town is growing, let's keep it growing and when necessary be willing to make a little concession for the town. What the board will do with the petition, we don't know and from a personal standpoint don't care. But looking at the matter from an Mt. Vernon point of view, it is a matter to see the law stand just as it is.

"THE GRADED COMMON SCHOOL"

Do we want such a school? This question was frankly discussed and the views of the writer candidly given in a recent number of Mt. Vernon SIGNAL. There is no question of general importance so well understood, that cannot be illuminated and made plainer, and become better understood, by friendly non-partisan discussion and agitation.

To this end, and in a spirit of the utmost kindness, the writer begs leave, to dissent from some of the views expressed in the article referred to.

If we are to judge, our public schools and teachers, by what they have been in the past, by selecting the poorest specimens and hold them up as a type, we shall do injustice to a majority of our public schools and their teachers. If on the other hand, our system, and the schools conducted under it are to be no better as a rule, than what some of them have been in the past, the writer in the SIGNAL article is right in his contention, therefore, "most anything that is done for the absolute old fashion way of building school houses, and furnishing teachers to equip schools in them."

Mr. Vernon people, however, like other people, progressive, they desire the best that can be had in the way of education, for their children, therefore in the absence of sufficient means, backed by sufficient public spirit, the demand, urgent and imperative for a better school, better buildings, better teachers, and better and more advanced studies for the children have been compelled to build up a school of higher order, a school with buildings sufficiently comfortable capacious and otherwise provided with necessary equipment which has been and is now doing a noble work.

We take our hat to the promoters, and to those who in any way assume the responsibilities of carrying forward the good work done in "Brown Memorial School." However this may be, however urgent the necessity and demand for such a school in the past, we assume and believe and therefore assert, that it is possible, practicable and desirable that Mt. Vernon in common with most of the county towns in the commonwealth shall establish a common graded, high school, that shall at least do all that other schools, can and are doing to give the children generally

the benefit of a graded high school facility. Such a school, as the writer has in mind, is not in its favor, all that ungraded schools have in the mercantile distribution of the State school fund, besides the benefits of the county levy for School purposes and the local tax that may be voted, for the building and maintaining, a graded high school. In addition to these advantages financially considered, Rockcastle county has out side of the Mt. Vernon graded school district boys and girls anxious to pursue a higher course than is possible in the country school, district at present or to pursue a more thorough course in the common schools with one teacher, in a poorly equipped room, having six to eight grades for one teacher.

It requires no argument to prove the advantages, here named, and experience and observation of the writer, proves to him conclusively that Mt. Vernon needs the graded high school, contemplated, and provided for and demanded according to law. When discussing the subject of education and the establishment of schools, it is irrelevant and out of place to inject at any point an argument of the question political considerations, a fair's politics, alone, has nothing to do with his candor, sincerity or honesty. The highest types of manhood, and womanhood are found in the ranks of the Democratic, Republican and Prohibition parties and especially in the ranks of the reformers and schoolmen, generally. A graded high school in Mt. Vernon, carefully planned and established on the basis provided for under the laws of the state seems to the writer an urgent necessity.

We can not afford to neglect the opportunity extended us, and continue to be satisfied with the make shift equipment, for common school education, heretofore furnished in our town and country school. We are on the threshold of a new era, if equipments and methods for higher education than has thus far been afforded. Let us seize the opportunity and build a school of which all of us will be proud. Shall we do it?

Very cordially,
J. W. VanWinkle

EXTRA SESSION

"While little is being said at present about an extra session of the Legislature," says the Frankfort Journal, "during the year 1910, or the first part of 1911, there seems to be a general impression among the leading Republicans who visit this city and elsewhere that the extra session will be the first of the fall or the first of next year. It is generally believed that the extra session of the Legislature will not be called until after the census has been completed, for it is certain that when Governor Wilcox calls for an extra session, if he does take such a step, that one of the subjects in the call will be to reorganize the State in legislative and senatorial districts. This move would be a political stroke, intended to lay on the shoulders of the Democratic majority the responsibility of a new legislative and senatorial apportionment, or the refusal to take such an action."

At a regular term of this Court, held on the 28th day of February, 1910, it appearing that a petition signed by R. L. McFerron, J. Ash, J. T. Procter, T. J. Adams, M. B. Salin, R. W. Dyche, T. D. Collins, Walter Mullins, Roy L. Britton, Chas. C. Davis, J. T. Meadley, and others, filed with the County Judge at the last regular term of this Court, asking that a graded common school district be organized, with its boundary as follows:

Beginning at Gus Staverson's place, including it; thence to Joe Roberts' place, including it; thence to Ben Livesay's place, including it; thence to W. B. Livesay's place, including it; thence to Samuel McClure's place, including it; thence to George Fredrick's place including it; thence to David Bryant's place, including it; thence to James Myer's place, including it; thence to David Haysler's place, including it; thence to the beginning, and that the site for the school house of said proposed District be the old school-house site, unless a more suitable one can be obtained, which is within the corporate limits of the town of Mt. Vernon, which site is certified to be not exceeding two and one half miles from any part of the boundary of said proposed District, and it appearing also that said petitioners are tax payers, legal voters, and residents of the proposed graded school District, and it further appearing that the County Superintendent has endorsed on said petition his approval of same, and that a majority of the Trustees of each Common School District that will be embraced within said proposed graded common school district, in whole or in part, have endorsed their approval on said petition as provided by law, and the Court being sufficiently advised, orders that the Sheriff of this County be and is hereby directed to cause a poll to be opened and an election to be held at the schoolhouse of Common School District No. 1, on the 14th day of May, 1910, the same being forty days or more after the entry of this order, for the purpose of taking the sense of the legal voters, residing within the boundary of the said proposed graded common school district, whether there shall be levied and collected an annual tax of not exceeding fifty cents on each one hundred dollars of property value therein, subject to a state or county taxation, owned by white persons, and not exceeding \$1.25 of poll tax on each white male inhabitant of said proposed graded common school district over 21 years of age, for the purpose of establishing and maintaining a graded common school therein, as provided by the common school law. The officers of said election will also cause the legal voters of said proposed graded common school district to vote for six persons to be Trustees of same, in case said tax shall be approved. The officers of said election will make return in due form of the result of same at the earliest day practicable.

L. W. BETHURM, Judge, Rockcastle County Court.

A true copy attested.
S. F. BOWMAN, C. R. C. C.
Notice is hereby given that in obedience to the above order of the County Court of Rockcastle County, I will hold an election at the time and place indicated, from seven o'clock a. m. till four p. m., for the purpose set out in said order. Those who may vote are all white males over 21 years of age who have been residents of the proposed graded common school district for sixty days, and in the county for six months and in the state one year preceding the day of said election.
Dated this 14th day of April, 1910.

A Watch Is Made to Keep Time

Of what use is a watch if it will not tell correct time! When we repair a watch we want it to keep correct time. We not only repair watches, but we adjust and time them. There is a difference in simply repairing a watch and adjusting it. A mechanic can often repair a watch, but it requires art and skill to adjust and time a watch after the repairing is done. When we repair a watch we do the adjusting and timing FREE. The accurate adjusting and timing we give a watch is what makes our repairing satisfactory.
