Mr. Ben Johnson has been withdrawn from the race for the Democratic Nomination for Governor. In his attempt to classify the people of Kentucky in two religious sects, bigots meaning prelatists and Catholics. He of all men, should be the last to complain on such a question. He has for many years been a member of the church and is elected to Congress by the very people he now brands as bigots. Even now he is in Congress by reason of their support.

Mr. Johnson's own case is a sufficient refutation of the charge that membership in the Catholic church is a bar to political preference in the State of Kentucky. The card shows on the face of it that he has been elected and elected to Congress by the very people he now brands as bigots. Even now he is in Congress by reason of their support.

...the effect of the... in the... for general... building in Kentucky. He is right in saying that the citizens should be put upon the public highways. Our progressive states have long since done the same thing with telling effect. The very best thing Kentucky could do would be to construct a highway from Crab Orchard along the old wilderness road to the Cumberland Gap. It would be a great educator as well as the best investment Kentucky ever made.

The Middleboro News Record is also doing effective work in the agitation of this great question. If our mountain people should once experience the joy of good roads such as they have in the Blue Grass country, they would never be satisfied with the present condition. A continued agitation in the country newspapers will finally cause the farmers and business people to a proper realization of the necessity of having good roads when this is once realized, the good road will be forthcoming.

The biggest question before the farmers of Rockcastle county today is the question of good roads. The biggest question before the business men of Mt. Vernon today is the question of roads. It is more important than the tariff or the election of another President. It is more important than the question of reciprocity with Canada. It is more important than the Panama canal. The construction of good roads in Rockcastle would mean more money in the pockets of our farmers and our city people than have the dam built or a deep water way assured.

We note with regret the position taken by the Danville Advocate on the question of good roads. If there is any county in the state which should be willing to assist Eastern Kentucky, it should be Boyle county for many a dollar as Danville obtained from our mountain boys. The Advocate displays such a niggardly spirit. We are thoroughly disappointed in the stand it takes. Aristocratic "Little Britain" seems to be opposed to every thing except that which will help Danville and Boyle county.

This paper two weeks ago, published a full and complete statement of the financial condition of the town of Mt. Vernon. It was clear, full and complete and shows conclusively that we have a splendid business like Board of Trustees. They have acted wisely economically and certain for the best interest of the town. The hope of our people is that they may go on with their good work.

EVERY citizen of our community should be thoroughly imbued with the spirit of our motto: "Do for Mount Vernon."

At a special term of the Logan County Court at Russellville Saturday two petitions were filed one asking for an election on the whiskey question in the county and the other in the city.

The ordinance drawn for the purpose of dividing the wharf from the negro residence in Bellmore was declared invalid.

ANNIVERSARY—The Willing Workers of the Christian Church celebrated the Fourth Anniversary of the society, with a most delightful banquet, given in the dining hall of the Masonic lodge, Tuesday evening. Covers laid for fifty. The social function was one of the very interesting features of the evening's entertainment. Since the organization two of the charter members have died, Mrs. Nan Neace A. Albright, the first President and Mrs. F. L. Thompson. The roll call showed three charter members absent, Mrs. W. J. Sparks, who was in Louisville, Mrs. Williams, who is in the Infirmary at Cincinnati, and Mrs. W. M. Porter, who was sick. Mrs. E. M. Orimes who is now located at Lexington, was also absent. The Willing Workers have done a great work in Mt. Vernon and it might be said that this organization of good women has been the mainstay of the Christian Church, and our earnest wish is that their work will prove of greater good in the future than even in the past.

EDITOR, MT. VERNON SIGNAL—We wish to use the columns of the SIGNAL to make the patrons of the Graded School of Mt. Vernon a report of the school for the fourth and fifth months ending Jan. 6th and Feb. 3rd, respectively and for the first half year ending Jan. 31st.

The total enrollment to Jan. 6th was 279. Of this number 37 had left school having enrolled on Jan. 6th, 242. The average attendance for the fourth month was 180.2 or 74.4 per cent. of the enrollment.

The number enrolled during the month ending Feb. 3, was 5; the number that left during the month was 19, so that the total number enrolled on Feb. 3, was 284, and the number remaining on the roll Feb. 3, was 235. The average attendance for the fifth month was 177, the per cent of attendance based on enrollment was 76.1.

The attendance for the five months was as follows: First month 267, second month, 199, third month, 181, fourth month 190, fifth month 179; making an average attendance of 183.2 for the five months.

The first half year ended Jan. 30. The reports of scholarship for the half year were not so satisfactory as might have been wished, but better than for the single month.

Several reports showed an average grade of scholarship above 90 per cent, and the following pupils made 90 per cent. or more in all their classes: Ulysses Hamlet, Edna Cox, Sherman Perciful, Anna Cox, and Raymond Myers.

Annette Cox, Mary Mullins, Samuel Bowler and Edna Myers were either absent or tardy during the half year. Jamie Thompson, John Bowder and Cecil Bowder were not absent during the half year, Elias Langford would not have been absent but for the fact that she was sent home one day for fear of diphtheria. Hattie Bier was absent one day. Will Thompson, Rena Mae, Margie Jones, Ruth Landrum, Annie Baker, Chrysalis Baker, Annie Ball, Pearl Baker, Charlie St. John, Sherman Perciful and Renie Bowder were either absent or tardy during the fourth month.

While but few made 90 per cent. or more in all their classes, there are more who are doing good and faithful work which will show in their reports at the end of the second half year.

And now we wish to say a few words directly to the patrons. Many of you perhaps noticed that the report of your child or of the child under your care showed a grade rather low in department. This is often due to a number of unexcused absences which, of course, do count against the department of the pupil and for which you are often responsible in your failure to send a written excuse to the teacher. This is not difficult for you to do in case it is necessary for you to keep your child out of school, and since it is the only safe way for us to keep a true record we believe it is not asking too much of you to send us such excuses.

Let us urge upon you again the importance of regular and prompt attendance. It is scarcely possible for an ordinary pupil to do the necessary work of school if he is absent as much as one-fifth of the time. And now as we begin upon the second half year let us urge upon you also the importance of attendance until the end of the session for unless a pupil continues his work to the end of the term and takes the final examinations he cannot be promoted to a higher grade for next year's work. We urge you to visit the school and encourage us and the pupils by showing your interest in our work.

Respectfully,

T. A. HOODSON, Principal.

BAD CASE OF GRIP

Caused Sore Throat and Tonsillitis. Restored by Peruna. Mr. W. H. Housley, Stony Point, Tennessee, writes: 'Five years ago I took a very severe cold which resulted in the grippe. I never was so bad off. I was in bed a week and when I did get up I had a splitting and aching throat. Mr. W. H. Housley, I tried to cure this for eighteen months, but it gradually got worse. A doctor advised me to have my tonsils cut out, but I did not like the idea. Another doctor examined me and told me the same thing. I finally got a bottle of Peruna, and after I had taken one bottle my throat was better. I bought and used a dozen bottles, and now I was going to get well, and I did.'

J. F. GRIFFIN. TO THE REPUBLICAN PLATFORM OF THE 17th SENATORIAL DISTRICT OF KENTUCKY.

In submitting my candidacy for the Republican nomination for State Senator from this, the 17th Senatorial District of Kentucky, interested in the action of the Republican party in its primary of March 4th, 1911, I do so with the full knowledge of the paramount issue confronting the people of this district...

The Democratic majority was reduced more than one-half in the District and party vote increased in my county to nearly a thousand majority, the largest majority ever given in the county and never equalled before.

I submit the foregoing as my platform and the one which I have occupied with reference to the paramount issue in this campaign, and the position I have held with my party. Upon some I earnestly ask the endorsement of the people, consistently believing that I will receive the support of the Republican nomination for the office to which I am aspiring...
