The four months old child E. M. Cummins died Tuesday morning of stomach trouble.

Frank Moore, the jeweler, expects to begin the erection of a new home in the Asher Addition soon.

Most of the well dressed men you see in this county are wearing Fish's Guaranteed Clothes. There is a reason.

A new switch board has been ordered to be made in Chicago factory for our local telephone exchange and should be finished and arrive here by May 10th, when extensive improvements are to be made at central, in the meantime the manager and operators will do the best they can in giving service over the present switchboard.

The Danville advocate after mentioning the names of a dozen of the Danville and Boyce citizens who were in attendance at the meeting of Transylvania Presbytery held here last week has said this to say about Mt. Vernon's hospitality.

The Rev. George Watson, pastor of the Mt. Vernon Presbyterian church was chairman of the entertainment committee and provided most elegant entertainment for all the delegates who attended. The good people of Mt. Vernon threw their homes open to the visitors who are high in their praise of the hospitality accorded them.

The Presbyterian was presided over by Rev. J. Rockwell Smith of Lebanon. He made one of the best moderators who has ever presided according to the statement of the delegates. A great deal of business was transacted and altogether the session of the Presbytery held at Mt. Vernon was one of the best in the history of the organization.

JACKSON-OVERSTREET—The marriage of Miss Edna Pearl Jackson and Mr. Addison Breckenridge Overstreet was solemnized at noon Wednesday by the Rev. C. M. Reid, at the home of the bride's parents, Mr. and Mrs. Dave Jackson, on Mahan Avenue. The bride was gowned in white satin, train; trimmed in pearls, and wore a tulle veil, and carried a shower bouquet of lilies of the Valley.

The wedding march was played by Miss Cora Green, of English, Ky., and "A promise me" was sung by Miss Bettie Morris. The house was profusely decorated with Ferns and White Carnations, and Masters David and Walter Jackson, brothers of the bride, were the ribbon bearers.

Mr. and Mrs. Overstreet left on the 3:56 p. m. train en route to Mine N. D. where they will reside. Mrs. Overstreet is the only daughter of Mr. and Mrs. Dave Jackson and is one of London's most charming and lovable girls, and will be greatly missed by her town's people. Mr. Overstreet is agent for the Minneapolis, St. Paul & Sault Ste. Marie Railway at Mineet, and a prominent Mason.—London Sentinel.

Mrs. Mary Conn, aged 83 years, died Wednesday about 1:00 o'clock at the home of her daughter, Mrs. J. W. Brown, on West Main St. Mrs. Conn had been very feeble for more than a year, and although the end came with barely a month's warning it was no great surprise to the family and closest friends, who had watched her so closely for the past several months. She would have her good and bad days, and with the exception of a slight sinking spell about day light Wednesday morning, she apparently feeling as well as usual, had been sitting up part of the morning and between 12 and 1 o'clock at a hearty dinner. Just after finishing her meal she was assisted to her bed and in less than five minutes after she was placed on the bed she was expired.

The deceased was the mother of twelve children, but only three are living, two sons, B. H. Conn, of Oklahoma, and Jack Conn, of Arkansas Pass, Tex., and one daughter, Mrs. J. W. Brown. Impressive funeral services were held at the home conducted by Rev. Watson, after which all that was mortal of this grand old mother in Israel were tenderly conveyed to our Silent City where she now rests in peace.

In describing Christian and hopeful coming to the gate of the Celestial City, John Bunyan wrote: "Now I saw in my dreams that these two went in at the gate, and lo! as they entered, they were transfigured, and they had raiment put on, that shone like gold. Then I heard in my dream that all the bells in the city rang for joy, and it was said unto them, 'Enter ye unto the joy of your Lord,' and I asked them why they shut up the gates, which, when I had seen, I wished myself among them. They go from strength to strength, and joy to joy forever."

So this life has passed into the joy of our Lord, the memory of his life must prove a perpetual inspiration.

Young Women

Read what Cardui did for Miss Myria Engler, of Fairbault, Minn. She says: "Let me tell you how much good Cardui has done me: As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

TAKE CARDUI The Women's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble. A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work. For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it.

MUS SUFFERERS TO KEEP IN MARKET.

"Advertising was characterized as a missing link between success and failure" by R. E. Sutherland and Co., the members of the National Brick Manufacturers Association at their meeting in Louisville recently. Mr. Sutherland told the brickmakers that they would have to advertise if they wished to keep their place among the industries of the world. "We have simply been asleep," said O. L. Spector, who has advertised and as a result they are getting the business. When you buy soap or flour or any other commodity what brand do you buy? The brand you always select, advertised, of course. It is the same way with the home-maker. Where he proposes to build a house he simply goes by the advertisements and he never sees a brick advertisement. "The only advertisements he sees are of cement and stucco and woodwork." Consequently well-to-do trade. He almost forgets there is such a thing as brick. It is now up to the brick manufacturer to advertise if he wants to keep the market.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy is made from castor sugar, and the room used in its preparation gives it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colic, cramp and whooping cough. For sale by Chas. C. Davis.

KICKED BY A MAD HORSE

Samuel Birch of Beowona was a most narrow escape from losing his leg, as no doctor could heal the frightful sore that developed, but at last Bucklen's Arnica Salve cured it completely. It's the greatest healer of nerves, burns, scalds, scrofula, cuts, corns, cold-sores, bruises and piles on earth. Try it, 25c at Chas. C. Davis.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman after forty or forty-five ought to be at her best and fairest. Why isn't it so? The general health of women is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness. Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is placed in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every lady is being so successfully relieved and sustained in a plain service. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Prop., Buffalo, N. Y.

LIVINGSTON

Mrs. J. W. Sams and children are visiting her parents at Pittsburg. Mr. and Mrs. Westfield and children have been visiting relatives at Parkville and Stanford the past week. George Pope remains very feeble and continues very slowly. Farmers are getting badly behind with their work, but few are done sowing oats and very little corn, ground broken, but we hope in the near future to hear the loud croak and the lively voice of the spring birds, and see the beautiful earth with its green dress on, then we can say of a truth, indeed spring is here.

We understand that there has been made up for R. F. Gentry, the man that had such odd luck as to lose all of his earthly belongings and the most of his family, in the fire some time ago, over \$100. This speaks well for Livingston and vicinity. Miss Annie M. and Rice Walton, who are attending college at Barbourville, were at home Easter Sunday. Master Oes Sambrook, who is attending school at London, spent Easter with his parents, Judge and Mrs. Sambrook. J. H. Dickerson, will, in a few days move his stock of goods into the new brick store room. Miss Margie McClary is instructing a class in instrumental music here. Since our last letter one of the worst fires has visited our little town and it could not look any worse if a cyclone had struck it. About twelve houses including business houses and dwellings, were burned on Main street and the town looks like a wreck. The fire broke out about 3:30 p. m. and by 8:30 p. m. there were three or four hundred people in the streets doing all they could to check the fire. Merchandise and household goods were strewn all over the streets and some not being satisfied with seeing the people looting their homes, began pilfering and carrying off things that were rescued from the flames. We never heard of men and women doing greater work than was accomplished that night; for which the citizens thank them again and again.

O. D. Bryant was with home folks Sunday. Mr. and Mrs. R. Lemmond and party, the daughter, Elizabeth, are visiting relatives in Louisville this week. John Pope, who lost his home in the recent fire has sold his lot to H. L. Delph for \$575. C. H. Rice we are informed will rebuild on the lot where his house was burned. J. A. Oliver, in the near future, will erect a new home where his house was burned out. Daniel Rowder will also rebuild. The little child of Mr. and Mrs. James Philbeck, which has been very sick, is some better. Mr. and Mrs. Joseph O'mary and sons have been visiting relatives at Stanford the past week. Mr. Roy Ferwick and pretty little daughter, Ellsworth, are visiting her mother, Mrs. Waltham at Lebanon. Dr. Amyn and Joe Childress spent a few days in Louisville the past week. R. W. Bales who has had such a lingering spell of typhoid fever was here Monday but very feeble yet. Mr. Crawford Stanley and Mrs. Rachel Parks were united in matrimony at Pineville, a few days ago. Here is wishing them a long and prosperous married life. Miss Jones of Berea, was the guest of Miss Ella Mae Blanford Monday. W. D. Griffin of Jellicoe, was here by a few trains Tuesday en route from Maysburg home. Mrs. H. C. Mattingly of Paris, is visiting her sister, Mrs. Robert McClary. John Pope is night clerk at the Bright Gables Restaurant. John Cockerell of Paris is visiting his uncle, B. L. Cockerell this week.

The war on prices still continues. It is told that a man took two hens to the R. M. K. Flour Co's store and got a sack of flour, set in a mow and a due bill for \$oc. But buying all takes aside, here is a fair question: If the Democratic Congress will reduce flour from 50c a sack to 45c, what will the Democratic Senate and President, do Mrs. Sams and family, Mrs. H. C. Mattingly, Mrs. Robert McClary, John Pope, were here from last head Sunday. Mrs. Annie Gales and children, of Paris, have been

at this place. Miss Orlene Owens, of Level Green, and Miss Bessie Wootley, of Mr. Vernon, have been visiting relatives here. C. C. Franklin, the jeweler, and little son, of Mt. Vernon, spent a portion of the week here. Mr. and Mrs. C. R. Martin, of Danville, and Mr. and Mrs. W. P. Buchanan, of Stanford, were the attractive guests of Mr. and Mrs. George Martin Raster Sunday. Mr. and Mrs. Harve Walker and little daughter, of Lebanon Junction, have been visiting Mr. and Mrs. W. R. Johnson. Mrs. H. W. Rice, who had the misfortune to lose her property in the fire, moved Monday to a house on Second and High Street and about 12 o'clock that house caught fire but several rushed to the scene and it was soon put out. It looks like trouble never comes single handed. We see in one of the dailies that James B. McCreary has put up the necessary dough to enter the primary. We do hope he will not have opposition for the other fellow will just be wasting time and money and would be glad to see him have a clear track, so when the Republicans bring up their lamb for slaughter, he may be ready to wage a political battle that our friends, the enemy, the Republicans, can not withstand.

Mrs. Lula Madden and Miss Ella Argenbright were in East Beresdai Wednesday. Mr. Roy Magruder is working a few days in the absence of Mr. Westfield, who is on the sick list. J. A. Oliver began a ten days' sale to-day, Friday April 21. If he sells as cheap as advertised Rome will bow.

LEVEL GREEN

The farmers are very busy now getting ready to plant corn. Mrs. Katie Cates has been very sick for several days but is improving. Wheat in this neighborhood is looking fine. The sheep and Ballard of the Blue Grass section, were in this part last week hog buying. Hogs seem to be on the decline.

Mrs. O. J. Mullins spent Saturday with her mother at Ocala. Viola DeBord, who is attending school at Mt. Vernon spent last week with home folks. The school at Plato seems to be progressing nicely, and there have been several students left Berea and entered school there. Vic Price and Herbert Brown spent a part of last week at Mullins Station. Mrs. Eliza Denbo who is at the home of J. A. Oliver, is in very poor health and not expected to live long. Katie Price spent a few days with her mother here, Ora Brown accompanied her back to Broadhead Monday. The peaches, pears, etc., are killed in this locality, but there is some hope for the apple crop. There was Easter services at Friendship last Sunday conducted by Bro. Soward, and a large crowd was out to hear him. If people would lay aside some prejudice they would get along better with their Church work and it would be better for the community.

Dr. G. C. Price, who purchased the stock of goods of his mother, seems to be doing a good business at this place. Ora Brown has returned from a pleasant visit to her sister in Corbin, and grandfather at Crigs. T. J. Brown, and W. T. Todd made a business trip to Somerset last week. Uncle Bill purchased of Grant Thompson of Clark Gladys section, a fine young mare. Joe Thompson had a good mare to die last week. The singing at Burnett's Chapel conducted by H. P. Broyles, is progressing.

MIDNIGHT IN THE OZARKS and yet sleepless Hiram Stanton of Clay City Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the clinics and started home. Hearing of Dr. J. N. Newberry, he began to use it. "It believes it saved my life," he writes. "It cured me of my cough, and I can now do good work again." For all lung diseases, coughs, colds, influenza, sore throats, and croup, cough syrup, rememberance, beware of cheap imitations. The best cough remedy on earth. Price, 50c and \$1.00. Trial order free. Guaranteed by Dr. J. N. Newberry.

CONGRESSMAN Olie James is campaigning the State in the interest of his race for the nomination for U. S. Senator and whether he goes is looking deadly blows to Senator Pender, who is a candidate for reelection. In his Nicholasville speech Congressman James gives the record of the Senior Senator from Kentucky which we copy in part as follows:

He says that in 122 roll calls on the Payne Virel tariff bill the record shows that Senator Pender voted seventy times and was absent forty-seven times, his record of not voting being thirty eight and five tenths, or, in other words Kentucky was not represented in the Senate more than one third of the time. He said that when the senior Senator of Kentucky first went to the Senate he was a Payner (painter), but now he was only a Republican "whitewasher," and that in view of his stand on all matters affecting the Republican party it was a wonder the party did not elevate him to the Supreme bench of the United States instead of placing him on the Judiciary Committee in the Senate.

EDITOR MR. VERNON SIGNAL,
Mt. Vernon Ky.

Dear Sir:—
Two vital questions are now much in evidence before our people and they both should receive careful and thoughtful consideration by every resident of our county. Public Roads you have given much creditable attention to in your columns and you should continue that agitation until Rockcastle shall have good roads throughout the county. The other important question should be our Public Schools. These should be

looked after very carefully indeed for the future welfare of the country rests in the proper training and education of our children. It is not enough that we should have good buildings with good teachers, that are prompt and efficient in every duty, but we must have the hearty and earnest co-operation of the parents of the children. This cooperation should be of such a character that every child should not only be enrolled in the school but that they shall be continual and prompt in their attendance. No teacher, however efficient can cause the child to advance unless they are regular and punctual, the daily drill in school room should not be interfered with by duties at home, not by trifling excuses of the child, but they should be taught by both teacher and parent to be present every hour of the school term. Too many parents neglect this part and then expect the child to advance in their studies. This is unfair to the teacher and to the child and every parent should consider wisely and well before they shall allow or keep the child from school.

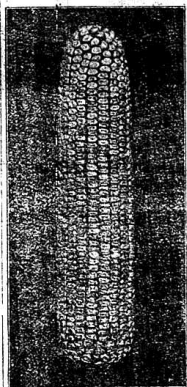

It shall not be very long until the question of engaging teachers for the coming terms of schools shall be on. They should be selected with care as to character and efficiency and then given earnest and enthusiastic aid by the trustees and patrons of the school. Promote a hearty rivalry between the different districts in the county by having contests of different character. These contests aim in stirring up interest that otherwise cannot be had. The teacher will receive some aid by these but the pupils far more and the parents can be induced through these to take more interest than they might otherwise do, and you must have the parents interest and co-operation if you shall make your school houses the center of interest in your precinct, have different kind of ways to use the building that it may be an educational center and uplift to the community; these things go a long way in aiding the teacher and the community would be surprised at the pleasure and good that they can get from having such an interest in their schools. Above all see that the pupils are six days in the week at their desks and not one two and three as is now too frequently the case.

Yours truly,
J. HARVY ALLEN.

Illinois Corn Grower Wins W. K. Kellogg National Trophy

R. A. James of Charleston, Ill., has the proud distinction of having grown the best ear of corn in all the 125,713,600 bushels of last year's bumper crop. At the National Corn Show just held at Col-

umbus, Ohio, this gentleman was awarded the W. K. Kellogg National Corn Trophy, donated in 1909 by W. K. Kellogg, president of the Kellogg Toasted Corn Flake Co., of Battle Creek, Michigan. Thousands of ears of corn from all parts of the country and of all varieties were entered in the com-

World's Best Ear of Corn for 1910

petition. The selection of the grand champion Sweepstakes and the award of the Kellogg trophy were made on general points of superiority. The ear of corn grown by Mr. James is of Reid's Yellow Dent variety. It is 10 inches long and 7 1/2 inches in circumference, and has 20 rows of kernels, 6 to the tuck in the row, average 18 of an inch in depth and 5-16 of an inch in width. It is indeed a very correct type of yellow dent corn.

Mr. James, the winner, is a vigorous farmer about 40 years of

W. K. Kellogg National Corn Trophy

age and a pleasing personality, a man who has given careful study to corn culture, and who has achieved his success as a grand champion winner only by years of hard work and painstaking select-

tion and careful breeding from ear to ear.

Illinois growers are especially elated over the result for the reason that this is the first time in four years that the honors have been wrestled from the state of Indiana. Last year's champion ear, the first winner of the Kellogg trophy, was grown by Fred C. Pain, of Newtown, Ind. It was also Reid's Yellow Dent variety crossed with Alexander Gold Standard. Last year's prize winner is the most perfect formed ear of the two, though it requires a careful judge to distinguish the points of superiority.

The trophy awarded to Mr. James was made by Tiffany, of New York, for Mr. W. K. Kellogg at a cost of \$1,000. It is made of Sterling silver, bronze and enamel and is a truly artistic creation. It stands 13 inches in height. Mr. Kellogg's interest in corn growing can be understood when it is stated that the Kellogg Toasted Corn Flake Co., of which he is president, has an output requiring 10,000 bushels of corn a day, a raw product for its manufacture. A peculiar feature is that which the Kellogg product is made exclusive from selected white corn. The Kellogg trophy has been won each time by a yellow dent exhibit. The trophy is offered for annual competition until now twice by the same grower.

The National Corn Show at which the award was made was an event of tremendous magnitude. At one of the sessions President Taft was present and delivered an address.
