**WELCOME WORDS TO WOMEN**

Women who suffer with disorders peculiar to their sex should write Dr. Pierce and receive free the advice of a physician of over 40 years' experience — a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and it regarded as a personal matter. Many sensitive modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce knows that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will give you right in the privacy of your own home. Dr. Pierce's "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy, it will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trade with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y. — take the advice received and be well.

**Are You Nervous?**

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by bringing to the source of the trouble and building up the bodily strength.

**TAKE The CARDUI Woman's Tonic**

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

**BLUE GRASS BOY TALKS**

Tells Some Big Pieces of Truth to Wisconsin Audience.

Springfield.—At the state university commencement in Milwaukee a Kentucky student, representing the college of law, told of the rapid development of the new south. He was Samuel Barber, of this city, and he said in part upon the topic, "The Awakening of the South."

"The appointment of Edward Douglass White to the important position of chief justice of the supreme court was a most significant event in the history of the rejuvenated and awakened south. Since about 1850 a potent force has been quietly working. Today the whole world is aware that it is a towering and progressive section. "In addition to the long strides which have been taken in agriculture, the commercial growth has been equally encouraging. The material and educational development of the south has brought to the foreground two vital problems. The relation to immigration, and the effect of the re-awakening upon the political situation. "But the new south is becoming conscious of its possibilities along material lines, and fast is becoming better able to contribute its share to the national prosperity."

**FUNDS WANTED FOR CAR.**

Louisville.—Appealing for funds with which to carry on a fight against tuberculosis, a letter was sent out by the Kentucky association for the Study and Prevention of Tuberculosis to the wholesale jobbers and manufacturers of Louisville, whom the members of the association believe to be interested in the battle against the great "white plague." The association proposes to extend the itinerary of the "Free Traveling Health Exhibit Car," so as to take in every part of the state. The car and transportation will be furnished by railroads doing business in Kentucky.

**RAT-KILLING DAY NAMED.**

Carlsile.—Green B. Keller, grand high commander of the Rat Slayers, has issued a proclamation calling on all of the citizens of Nicholas county to observe July 3 as a day to kill rats. Annually on May 21 for a number of years Mr. Keller has led the slayers against the rats, with the result that hundreds were killed, but as that day was not observed this year July 3 was chosen.

**FAILED IN THE ATTEMPT.**

Write Plains.—An unsuccessful attempt was made to rob the farmers bank here. A charge of dynamite was placed against the safe door, and a fuse attached, but the robbers, apparently were frightened off when they got this far in their work, for when the bank was opened it was found that the fuse had not been lighted.

Carlsile.—Congressman William J. Fields, of this district, has named Henry Bramblett, of this city, for appointment to the naval academy at Annapolis.

**SHERIFF LOST THE CASE.**

County Officers Sued Estate For Taxes on Government Bonds.

Lexington.—One of the most important and peculiar suits which has been on the docket of the Psychopathic circuit court came to an end when Judge Charles Kerr ordered the case dismissed at the cost of the sheriff who had sued the estate of the late R. T. Anderson for five years' taxes claimed to be due on government bonds loaned by Mr. Anderson to the First National and Fayette National banks of this city. The sheriff claimed that as the bonds were used as a deposit in the United States treasury to secure the circulation of the bank's notes, the indebtedness of the bank to Mr. Anderson constituted a chose in action which was taxable. An amended petition of the plaintiff alleged that the Fayette National bank was indebted to the estate in the hands of the executor to the amount of \$60,000 for 60 registered 4 per cent United States bonds, that while technically a loan were in reality a deposit.

**I. O. O. F. REUNION.**

Great Good Time Expected—Widows and Orphans to Be Entertained.

Louisville.—The I. O. O. F. reunion of Old Fellows will be held here Tuesday, July 11. A special feature of the reunion will be the entertainment of the children of the widows and orphans' home of Lexington, and the Widows and Orphans' home of Greensburg, Ind., who will be taken to Louisville on special trains. Grand Sire John B. Cockerham has been invited to be present, and the grand masters, grand secretaries and grand patriarchs of Illinois, Indiana, Ohio, West Virginia, Virginia and Tennessee have also been invited. Many of them have signified their intention to be present. Kentucky Odd Fellowship has now 32,000 members.

**PASTOR ACCEPTS CALL.**

Elizabethtown.—The Rev. W. E. Sweeney, of Baltimore, has been called to the pastorate of the Christian churches in this city and at Oledale, and will take charge of the churches at once. The Rev. D. W. Scott, the former pastor of the churches, succeeded the Rev. Mr. Sweeney at the pastor of the First Christian church at Evansville, Ind. and the Rev. Mr. Sweeney will succeed the Rev. Mr. Scott here, which is a rare occurrence in church circles.

**NEW STATION FOR PARIS.**

Paris.—The Bluegrass Traction Co. will begin in a few days the erection of a handsome brick and cut stone passenger and freight station at the corner of Fifth and High streets, to replace the present building which answers the purpose. The big interurban cars used on the Frankfort-Vernon route will be run through this new station also as workmen are building a "switch" for their use in entering the Paris station.

**BEGIN SOON.**

The 1st of July will witness a wonderful change along the L. & N. railroad system. The telephone will take the place of the telegraph on a dispatching system. The L. & N., one of the first roads to use this up-to-the-minute system, showing its great effort to be perfect in running trains and avoiding accidents. By a system of repeating all messages and writing them down as they are sent and delivered, the operator and all the dispatcher are able to keep even a more complete record of all that transpires than if using the telegraph. Practically the only difference between the two systems is that the telephone uses direct conversation and the telegraph only written words transmitted by the comparatively slow Morse alphabet. With the telephone, the dispatcher gets in closer personal touch with every man on the road through the use of that instrument than he ever was able to with the telegraph.

**DRAFNESS CANNOT BE CURED**

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for every case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Tomorrow is the Democratic Primary, when candidates for the various State offices to be voted for at the coming November election, are to be nominated. The candidates seeking the nominations for the various offices are all good men, and outside of the Governor's race, in which we have a very great interest, it makes but a little difference to us who the candidates are for the rest of the State offices, any of them will look good to us and have our hearty support in the final wind-up. For this reason the SIGNAL has had very little to say about the various candidates, but the time has come when we must make a final decision, and for our part the following ticket looks good:

- For United States Senator, Ollie M. James.
- For Governor, James B. McCreary.
- For Lieutenant Governor, Edward J. McDermott.
- For Treasurer, Thomas S. Rhea.
- For Auditor of Public Accounts, Henry M. Bosworth.
- For Attorney-General James Garnett.
- For Secretary of State, C. F. Creelius.
- For Superintendent of Public Instruction, Barksdale Hamlett.
- For Commissioner of Agriculture, Labor and Statistics, B. F. Hill.
- For Clerk of the Court of Appeals, Robert L. Greene.
- Senator Paynter having withdrawn from the race for U. S. Senator, Hon. Ollie James has no opposition, as does C. F. Creelius for Sec. of State and Thomas Rhea, for Treasurer, but the names of each of these gentlemen will appear on the ballot just the same. As for McCreary over Adams, it is useless to make any argument to most of the Rockcastle Democrats. They have always stood by McCreary and will continue to do so. For Lieutenant Governor, we favor Mr. McDermott because of the strength we believe he will add to the ticket. When the Hon.

Ben Johnson withdrew from the race for the nomination it was attributed to religious matters, and Mr. McDermott being of the same religious faith as Mr. Johnson, should have, by this recognition, some tendency to adjust any disturbance that may have been caused by Mr. Johnson's withdrawal and the feeling expressed by him in his card issued when he withdrew from the race.

For Auditor of Public Accounts, Henry Bosworth is hard to beat, and his familiarity with the duties of the office makes him a most formidable candidate.

For Attorney General James Garnett, our choice over Mr. Pollard, however, we know but little of these two gentlemen. For Superintendent of Public Instruction, Barksdale Hamlett seems to us best fitted. He is especially prepared for the office, and his success as head of the Hopkinsville School, in evidence that he knows something of the needs of the school room.

For Commissioner of Agriculture, Labor and Statistics, B. F. Hill has several strong reasons why he should be given the nomination over J. W. Newman and G. T. Wyatt. Hill is equally fitted for the place and has never before sought office. Mr. Newman for years has fed out of the public trough, and Mr. Wyatt comes from the same county of Thomas S. Rhea, who is already the nominee for Treasurer. His argument that one county should not furnish two candidates has its weight.

For Clerk of the Court of Appeals, Robert L. Greene, because of his past record in that office, looks to be a winner. He made a model Clerk during his incumbency in the past, which should entitle him to some recognition in the future.

But give us McCreary and let the rest of the bunch be who they may and we will be satisfied.

### WASHINGTON NOTES.

The Democrats in Washington are making good their pledges that they made to the people last fall. The House of Representatives which is overwhelmingly Democratic, has passed the Wool Bill by a majority of over two to one. This bill cuts the duty in half on raw wool and makes a like reduction in the tariff on manufactured woolen goods. The effect of this bill if it ever becomes a law, will enable the poor people and the middle classes to buy woolen goods at reasonable prices, a blessing that they have not enjoyed since the reign of Republicanism which began in the year of 1857 under Wm. McKinley. It is uncertain what the fate of this bill will be when the Senate acts on it, as the Senate is still overwhelmingly Republican. President Taft is just now placed in a most singular position, and from a partisan standpoint, a very

embarrassing one. This most aggressive support that a "canned" majority bill has afforded in the Senate comes from the Democratic members who regard it as a step in the right direction, but a great many Republicans are openly and many others secretly opposing the passage of this bill which was so promptly passed by the Democratic House.

The Democrats are endeavoring to establish a parcel post in the Post Office Department which will European countries enjoy, by allowing articles of not over 11 lbs. in weight to be carried by the mails at a reasonable rate. However, the Adams Express Co., the Southern Express Co., the Wells Fargo Express Co., and the United States Express Co. are working with undiminished courage through their own attorneys and through the many U. S. Senators which they absolutely own, to prevent the government from establishing this measure.

Some of the fruits of the Democratic victory last fall are beginning to develop in the Department. A number of small acts of burglary by the Republicans in Washington have been unearthed. For instance, the picture of Mr. R. Day who was Secretary of State during Wm. McKinley's Administration was painted at the expense of the government. The painter swears that he received \$50 for the painting, and that he signed a voucher in blank. The voucher was then filled out making it appear that the artist received \$250 for the painting. In other words, some of the big thieves in the State department robbed Uncle Sam out of \$500 on the price of that painting. It has also developed that Senator Hale's son received \$500 for doing an imaginary service for the government. Senator Hale was a great Republican power in the Senate for 20 years, and of course his power became so great that his friends and relatives enjoyed very unusual privileges in regard to Uncle Sam's money. The Democrats in Congress are looking into all sorts of nooks and corners and I expect that many more acts of big thieves will be discovered in the near future.

The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy is a favorite everywhere. It can always be depended upon for sale by Chas. C. Davis.

Policeman (to inebriated party whom he is trying to get home) — Shame on you! You're a married man, ain't you?

Old Soak—Shore. Wouldn't have nothin' to hit 'em up about 'twassent married.

A Philadelphia man slew his wife with a table leg. Some men who murder are not so particular. An ordinary club would have done just as well.

## DEDICATION OF MASON'S HOME

Commanderies from All Over State Attended

GRAND MASTER BURNAM LED

Institution Cost Sixty Thousand Dollars and is a Beautiful Spot—Dedication Was a Gala Occasion.

Shelbyville, Mo.—From all sections of Kentucky there here large numbers to attend the formal dedication of the Old Mason's Home, a beautiful structure erected one mile east of Shelbyville, at a total cost, including the grounds, of \$60,000.

The exercises were under the auspices of Solomon Lodge No. 5, F. and A. M., with Grand Master Robert R. Burnam in charge of the ceremony, to which all the grand lodge officers attended.

TOBACCO CROP WILL BE SHORT

Frankfort.—That there will be no new record made by the tobacco crop of the United States in 1911 is a fact clearly indicated by a thorough canvass just completed in all the important tobacco-producing sections of the country. In many localities the farmers, after having had a somewhat protracted period of advancing prices have become disheartened with a slight slump in the market and this has had a tendency to curtail and in some cases to stop the crop.

The very lateness of the season in many localities renders it a little more difficult than ordinarily to secure accurate data as to the acreage planted in tobacco this year. In the large producing sections, such as Kentucky, North Carolina, Virginia, Ohio, Tennessee, Wisconsin and Connecticut, a careful canvass has been made and the total apparent acreage in all sections in 1911 amounts to 953,658 acres.

Big D. decrease in Yield. Computations based on the average yield of the United States in 1910 indicate the various states named indicate a total tobacco yield in the United States this year of 75,410,415 pounds. The harvested acreage in 1910 was estimated at 1,147,931 acres, with a yield of 65,693,695 pounds. In the Ohio valley the crop is far from two to three weeks late and a great deal depends upon the kind and growing weather from that date on. In the blue grass section of Kentucky fear of early frosts is already causing some alarm, though of course this is a little exaggerated in Wisconsin conditions are reported as the most favorable to many years. The crop is all transplanted and the plants reported in a thriving condition. It is estimated above that of last year, and the outlook looks good.

The apparent acre planted to tobacco in Kentucky, the greatest tobacco-producing section in the country, is 232,761 acres. The average yield per acre in Kentucky under present growing conditions is 66,410 pounds. On this basis the 1911 crop is about 15,410,000 pounds. The climate last fall for the 1910 crop showed a harvested area in Kentucky of 216,329 acres, yielding 19,562,000 pounds of burley, and 139,235,200 pounds of dark, a total of 35,927,200 pounds of tobacco.

### ELECTICS ELECT OFFICERS.

Convention Next Year Will Be Held in the National Capital.

Louisville.—Officers were elected for the ensuing year and Washington, D. C., selected for the next meeting place at the sessions of the convention of the National Electric Medical Association.

The officers chosen are: president, Dr. P. Stephens, of St. Louis; first vice president, Dr. T. F. Fuller, of Mayfield, Ky.; second vice president, Dr. Thomas M. Clark, of Lexington, Ill.; third vice president, Dr. Neale M. Glenn, of State College, Pa.; secretary, Dr. William P. Best, of Indianapolis; and treasurer, Dr. J. C. Roper, of Louisville.

Rogers—While church services were being conducted difficulty arose between State Pacific and Marine Spicers over the attention they both had been paying a young woman. Pacific was being escorted by Washington and made his escape into the bushes and GOES TO KENTUCKY STATE.

Lexington.—Prof. John J. Tigert, who recently resigned the presidency of Kentucky Wesleyan college at Winchester, has accepted the vice presidency of Kentucky state university. Prof. John L. Clark, a Methodist minister, is to be president of Kentucky Wesleyan college.

Louisville.—Miss Florence Mann of this city, and Miss Anna Green of Glasgow in Ohio, were graduates of the University of Louisville.

GLORIOUS FOURTH:  
(By John Lair.)

Hurray for the Fourth, the glorious Fourth,  
'Tis Uncle Sam's birthday you know;  
And every one, beneath the sun,  
Their homage and love shall show.  
On the Fourth of July in 1776,  
The day which we celebrate now;  
Our forefathers swore to be free evermore,  
And bravely they have kept their vow.

A man may be clad in rags,  
And yet have a heart that is true;  
He may fight for God and the right,  
And the dear old Red, White & Blue.

But he doesn't seem to honor the cause,  
For which his forefathers died;  
Saying is believing, although appearances may be deceiving,  
Yet they are what the world goes by.  
Then let us think of these things on the Fourth,  
As before, us the Flag is unfurled;  
Of all that our forefathers gave the world.

'Tis 'n go to Fish's before the Fourth of July,  
Don't say "I'm alright as I am";  
But get into a new Fish Suit and a Swan Hat to match,  
And honor your dear Uncle Sam.  
Then burrow for the Fourth, the glorious Fourth,  
'Tis Uncle Sam's birthday, you know,  
And every one, beneath the sun,  
Their homage and love should show.

This one is touched for by 'Uncle' Bill Bowers who uses it all week in the 'Bell-fur-Sartin News.'  
"Bill Dillion, of London, 'Laurel county, 'n England, told me the other day how old man 'Wellcome' Miller put a boss on Sen. Bradley McMillan. He was speaking near 'Well's' home, when the latter invited him to a fish fry. He spent three days collecting fish, which he put in a box on the sump in shallow water. On the day of the fish

fr, Welk took the Senator down to the creek, and says: "When I crack these two limestone rocks together a fish will appear!" "Crack 'em," said the Senator. "Well, walked out into the water near the snaken box of fish and smote the stones together, and then dipped his hand into the hidden box. When he brought 'em out he had a two pound jumper by the gills. He repeated this four times.

"That'll be about enough for two, won't it Senator?" asked Welk. "But the Senator was too amazed to reply. He was thinking about the parable of the loaves and fishes.

"You never used to run with a couple of fishermen named Simon 'n Peter, did you?" asked the Senator.

"Ain't no body in the hull neber brother named Simon, 'n Peter either," answered Welk.

"The Senator never did know how to fish, did he?" asked Welk. "It has been so old in me an epidemic, this disease with perfect success for sale by Chas. C. Davis."
