REAL ESTATE DEALS—W. L. Richards and A. B. Furish traded their farm known as the Hamlin place, of near Level Green, to W. M. Bullock for three residence in Mt. Vernon, one the Meadows property on Main St., the other cottage recently erected in the Asher Addition and the cottage in the Sparks & Davis Addition which Mr. Bullock built a year or two ago. Mr. Bullock also bought W. M. Price's farm near Sand Springs. Mr. Bullock expects to begin the erection of another building in Mt. Vernon at once, which he expects to move to in September. Mr. Price will move to the farm he recently bought of C. S. Livesey and will also move his saw mill to that farm.

It was indeed a sad message that flashed over the wires Monday morning announcing the death of Mrs. Logan R. Hughes, nee Miss Anne Thompson. She deceased who was a daughter of Mr. F. L. Thompson, was born and reared in our little village and it is only a fitting tribute to say that our little city never claimed as its own a more beautiful, pure, lovable or popular girl than she. About five years ago she left her home here and went to reside as queen in her own home and during that short period, was the epitome of that happy household.

Besides the husband, who is crushed and heart broken, she leaves her father, two sisters, three brothers and aged grandmother, whom it seems that their loss is more than they can bear.

We copy in full the following beautiful tribute from the Interior Journal.

In the evening of a beautiful Sabbath day, the immortal spirit of Mrs. Annie T. Hughes, wife of Logan R. Hughes, returned to Him who gave it. She was taken in the pride of her young womanhood, her life sacrifice on the altar of motherhood, but she went peacefully and nobly, as a queen about to receive her crown, satisfied that all would be well. The knowledge that she was so well prepared to go and now sleeps so sweet and peacefully forever free from all sorrow and care, softens somewhat the severity of the blow to the devoted husband and other loved ones to whom this anguish seems almost greater than they can bear.

The death of Mrs. Hughes has cast a shadow of sorrow over the whole community and its heartfelt sympathy goes out to the young husband and others of the family, who come so deeply the loss they have sustained.

Coming here as a bride from her father's home in Mt. Vernon, a number of years ago she at once won a secure place in the affections of the people of Stanford and community by her loveliness and disposition and character, and other qualities of mind and heart, which denoted a noble woman. Her grace of person added to the general affection in which she was held and her death is indeed a loss to the happy little city as well as the severest of blows to her loved ones. A member of the Christian church since early childhood she lived her religion in her life and when the end came was ready for the summons to come up higher.

Mrs. Hughes underwent an operation, very delicate and dangerous, Saturday, this being the only chance for her. The spark of life in her unborn babe, had fled ere it saw the light of day, and the shock from the operation to the mother was too severe for weakened nature to withstand, and she followed the little one over the River soon afterward and has joined it on those golden shores where no suffering or sorrow is known.

Funeral services were conducted at the home on Oak Main street late Monday afternoon by the pastor, Rev. D. M. Walker. A casket of beautiful flowers on the tier testified as a last tribute to the loved and esteemed in which this lovely young matron was held by all who knew her and hundreds went to beautiful Buffalo Springs cemetery where the mortal remains were laid to rest. A large number of friends were present. Resolutions were read by the pastor.

The residence, store building and contents of both belonging to J. E. Mullins, near Red Hill Church, in the Eastern part of the county, burned a few days ago. Loss about \$2000 and without a penny of insurance. The residence caught at once and before the family and neighbors could get out the flames they swept everything near including the store and stock of goods.

Now and then we find some merchant who can save to cents on a job of printing, of the cheap job class, and he sends his order away and gets his work. That merchant should never say anything about those who order their goods from the cheap John Mail Order houses. The Mt. Vernon Stars, which consists of boys under 16 went over to Wildie last Saturday and in a very exciting game with the Wildie Kids easily won by the score 13 to 3. Vernon Stars tomorrow afternoon, at Jones's field. Come out and let this "young bunch" show you some real stunts in baseball.

The County Secretary of the Rockcastle County Fair Association was here Friday and left the copy for the Catalogues which we hope to have ready for distribution by next week. Mr. Cherry has added many new features and the outlook for the 1911 exhibition indicates the best fair in the history of the association. If you have not received one of the premium lists write the Secretary and he will take pleasure in forwarding you a copy.

The Republicans about one hundred strong met in the court house Saturday to name delegates to the Louisville convention. JUDGE L. W. BETHURUM,

Who was nominated for Auditor of Public Accounts by the Republican Convention which met in Louisville Tuesday.

O. D. Bryant was called home latter part of last week on the account of the death of his son. Mrs. Mat Ballard was here Friday and Saturday. Last Wednesday evening a crowd of young folks surprised Miss Annie Walton at her country home on Klondyke by having tacky party. These present were Misses Nettie Rice, Carrie Furley, Carrie Ganes, Alice Ward, Christine Asher, Harvie Rider, Messrs L. H. Rice, Arthur Rice, Walter Rice, W. E. Gray, Reece Ward, Joe. Childress, and Will Kreuger. Mr. and Mrs. L. H. Davis, Mrs. Crouch Chaptered All reported a nice time. J. H. Browning, of the Gauley section, who has been very sick for some time is slowly improving. Uncle George Pope, who has been confined to his bed for some time is somewhat improved. S. H. Pennington is on the sick list this week. L. H. Davis made a flying trip to Mt. Vernon Monday.

Mr. and Mrs. Fenwick are visiting relatives in Springfield. Mr. and Mrs. C. E. Rice has returned home after an extended visit out West. Mr. and Mrs. Robt Pike have moved into the house vacated by Mr. Witt. Christine McFerran and little Miss Norlean Childress were in our town Monday. Miss Margie McClary and Miss Ed. Fish, of Mt. Vernon, were the charming guests of Miss Lida Cook Friday and Saturday. Mrs. W. M. Preston is visiting relatives in Boston. Mrs. S. E. Cotter is visiting relatives in Leeb, Jct. and Louisville. Mrs. Carrie Graves, of Paris, is visiting her brother, W. H. Graves. Mrs. Katie Midget of Crab Orchard was called here on the account of the illness of J. H. Browning. Miss Maggie Pitman, of Pittsburgh, is visiting her sister Mrs. W. M. Sams. Miss Christine Asher spent Friday and Saturday with Miss Annie Walton at her home on Klondyke. Miss Alle Hilde of London, is the guest of Miss Georgia Amyx. Miss Nora Pyrratt, of Mt. Vernon, is visiting the Misses Pennington. Miss Mattie Chestnut is visiting Misses Alma and Nora Pope. Miss Minnie Parlin, of Pine Hills is visiting her brother L. C. Feelin. Mrs. A. W. Bostna has returned home after a few days visit to relatives at Parksville. Mr. B. Hagan has returned from a trip to Louisville. Miss Annie Mac Miller, of Mt. Vernon, was here between trains Saturday. W. M. Warren, assistant bridge foreman of Hazel Patch, has moved into his property recently purchased of Mrs. H. C. Rice. The drought has been broken and rain is copious quantities but the dry weather has injured early potatoes and gardens. Meadows in this locality are a failure. S. T. Proctor, of Mt. Vernon an expert cracker, is progressing nicely putting up a dwelling for J. A. Oliver which

day. W. G. Rivers is clerking for the Livingston Grocery Co., and they could not secure a better man. Mr. and Mrs. James McGuire after a visit of a few days here returned to their home at East Bernstadt. Thomas Jones is clerking for E. L. Cockerell. The R. M. K. Flour Co. have moved their stock of goods to the Masonic brick. Fur not writing last week the editor accuses us of being afflicted with the same disease as our friend W. M. Hicks, but we wish to plead not guilty. We wish to have this to say, we are not a woman later and to the contrary say when God created woman he made the most beautiful creatures that inhabit the earth; her sparkling eyes, her bewitching smiles, her musical voice, there is nothing so beautiful. No wonder we use the words of the poet "How lovely are thy works, oh nature!" Our intention was to wait and see if Hicks was successful and in case he was, it was then our aim to embark on the matrimonial tide and in case he was not, then our intention was to forever remain silent. So you see Mr. Ed. we have the right view of the subject. The primary is over and the men of our choice were nominated which is equivalent to election. Now the Republicans are in convention selecting their standard bearers and selecting a ticket to be slaughtered this fall. We gave them a sample list November and our belief is that we will give them another this. Now is the time for party harmony and if the democrats will do their full duty James B. McCreary will have a majority of 3000. Kentucky is a Democratic state and after four years of Republican misrule, we should be able to place it in the Democratic column for all time to come. So let us get on to it. Let us elect everyone to his duty. Look until the night of the election and James B. will go back to Frankfort.

KILL MORE THAN WILD BEASTS.
 The number of people killed yearly by wild beasts don't approach the number killed by disease germs. No life is safe from their attacks. They're in all waters, seas, even food, but good protection is afforded by Benger's Bitters. They destroy and expel these fatal disease germs from the system. That's why chills, fever and general malaise and every blood disease yield promptly to this wonderful Wood Purifier. Try them and enjoy the glorious health protection is afforded by Benger's Bitters. It's not a medicine. Only one at Chas. C. Davis Druggist.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organization and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, viable and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merit.

It Makes Weak Women Strong. It Makes Sick Women Well.

Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this **well-known** remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drug. Is a pure glyceric extract of healing, native American roots.

WE HAVE ACCOUNTS

As small as a dollar, as large as thousands of dollars. And no matter how large an account may be, we realize that it is made up of a certain number of single dollars. This fact ought to encourage those who earn moderate incomes. It ought to induce them to do something toward accumulating a worth while provision for the future. We maintain that a savings account at this bank (an account in which the owner is REALLY INTERESTED) is an investment hard to beat. Yours truly,

Governor McCreary in writing to Rockcastle friends, among other good things, adds the following: "The Democrats of Kentucky have gratefully honored me and I will always be grateful for their support and confidence."

Madison county where I have resided all my life gave me twenty four hundred majority. The Eighth Congressional District which I had the honor to represent in congress gave me seven thousand and five hundred and sixty-six majority and the state near thirty thousand.

As long as I live I will be thankful to you and my other friends and I will go into the campaign against any Republican who may be nominated for Governor with confidence and courage and the unwavering belief that the State Democratic Ticket will be elected on the first Tuesday in November by a large majority.

With the exception of a knock down and drag out and a few other occurrences which properly belong to such a gathering, the Republican Convention which met in Louisville Tuesday was a very harmonious meeting. O'neer certainly had things going his way, the entire O'reer slate being nominated

LEVEL GREEN

Not having seen a letter from this neck of the woods for so long we shall try to assemble our scattered thoughts together and give you a smattering idea of the happenings of historic Possum Holler. For the first time in three weeks Sunday afternoon we were blessed with a good rain and growing crops were badly in need of the refreshing showers. Uechl Bill is still rejoicing over the rain, and the nomination of Gov. McCreary—Hamm & Albright are in this part now trashing wheat which is in excellent condition and good quality. Cora is looking forward considering the season, and with ample rain from now on, there will be a large yield. The cat crop has been almost a failure this season.

Miss O. A. DeFord began school Monday at Cummins district, near Water level Green school begins Monday the 17th, with Pleasant DeFord as principal. There was services at Mt. Pleasant Sunday conducted by Rev. Geo. Thompson of Hutanks—Blackberry picking is at full blast now in this part and all surplus buds are being pressed into service. The peach and apple crop is not a large one this season, there being scarcely any fruit at some orchards—W. J. Brown, of Woodhead was with his father, William H. Brown last Sunday—D. R. Gentry, of Quail was in this part Monday purchasing sheep—Edward Brown is still in the mule business, having very recently straded for another pair.

On last Monday the 6th, instant citizens of our community were grieved to learn of the death of Mrs. R. F. Todd, who had been in poor health for some time. Mrs. Todd spent the winter with her sister at Lebanon Junction in the hope that the change would restore her health, but the relief was only temporary and she came home some weeks ago to spend the remaining days with relatives and friends. She leaves one son and three sisters to mourn the loss of a devoted mother and loving sister.

The arrival here last Tuesday of the body of William C. Griffin, buried at his former home at High land, disclosed news of a terrible tragedy which was enacted on the Fourth of July at Cupp, Tenn., a mining town near Harriam and where a number of Kentuckians are employed. Clymer had been shot and almost instantly killed by a mine explosion in Kentucky, George Glancey by name, whose body was brought to East Bernstadt, Laurel county, his former home, for burial, in an express car alongside that of Clymer. Bloncyey was shot and killed by Clymer

NO PLACE FOR A MAN WHO DRINKS.

That was a most important decision that was handed down by a Chicago judge a few days ago when he tried an automobile chauffeur for drinking while on duty. He said he considered one of the very worst offenses that could be committed, as it endangers life.

Of a truth the liquor drinking habit is doomed. Any young man who starts out in life today expecting to make a success of it, you do nothing that will handicap him more than to indulge in the intoxicating cup. The railroad will not have a place for him, the small employers do not want him, and the law brands him as dangerous if he takes machinery in his hand under those circumstances.

In a word, society has pronounced the doom of the man who drinks. There is no place for him in the social structure of today except as a failure and a nuisance.—Epworth Herald

PINE HILL

Miss Minnie Geary began her school here Monday.—Houston Jordan who has been sick for some time is no better.—The little two year old child of Frank Kay is very sick—W. H. Cottengill is in Corbin and other parts this week.—Mr. and Mrs. W. H. Cottengill entertained a number of the young people Tuesday evening in honor of Mr. George Griffin who was transferred from Pine Hill to Lily. Mr. Griffin was a good citizen and we regret very much to give him up. But our loss is Lily's gain. Emmitt Bryant is here in Mr. Griffin's place. George Garden and two sons of Tennessee are visiting relatives at this place and Brodhead—W. M. Stordist and little grand daughter Willie Garrett are visiting friends and relatives here.—A party of young people of Pine Hill had a picnic on the 4th. All report a nice time.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my household work."

TAKE THE CARDUI Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher, did, take Cardui. It will surely do for you, what it did for her. At all druggists.
