PERSONAL

Bane Carson was up from Broodhead yesterday. Miss Ella Francis is home from a few weeks visit in Central Ky. C. C. Williams has returned from a trip to Jo Cacons' town, Danville, Ill.

Dr. D. B. Southard was in Louisville Tuesday. Miss Fan Sparks is spending the week in Louisville. Robt. and C. C. Cox are in Louisville buying goods.

Rain Coats for the whole family at Fish's. Watch Fish's windows for the new things for men to wear. G. C. Fish's place is called "The Willows" and G. S. Griffin's Buckeye.

Wanderhose School Days Bring Many Problems. You owe it to your children to see that they are well dressed and comfortable. How can it be done on the least money? Stockings have been the greatest trouble.

Wanderhose. Letting frog, hop-scotch, foot ball, and many other games need have no terrors for the mother who has bought her children Wanderhose. Let him scuffle, slide, jump all over the play ground—no strain, no holes, no ravel.

W. J. Sparks was in Louisville, Cincinnati and other points during the week. Miss Anna Tate, Walter Miller and Shirley Tate were in Broodhead Sunday.

Charley Baker and Will Merricks & N. bakemen were with homelets this week. Miss Lydia Cook was here from Livingston Sunday the guest of Mrs. G. M. Ballard.

When you come to the Farmers Institute Oct. 13 and 14th, make eye store your headquarters. J. Fish. When you want to buy your Fall and Winter hats come to my store, I have prices to suit you.

WE CAN FIT AND PLEASE ANY YOUNG MAN WITH OUR NEW FALL CLOTHES. Our Young Men's Guaranteed Clothing have been made with a good understanding of what young men want.

Mr. and Mrs. B. Mullins and Master Benjamin are in Knoxville seeking the sights at the Appalachian Exposition. Tribble Bryant who is becoming an expert with the razor is holding down the barber shop while Paris Soward is away.

Guaranteed Patent Leather shoes for Fall wear at Fish's. The heating plant is being installed at the Graded School. New stock of Young Men's Suits has just opened at Fish's.

Another big crusher has been added to the Mullins Station plant, and a new one put in at Cluro sand pit. This adds considerable to output facilities.

Miss Bertie Brock passed through here Wednesday on her way to Louisville to be with her sister, Mrs. E. S. Albright and little daughter, Lucille. W. M. Payne, engineer at Sparks quarry boasts of having the best watch in town with the exception of one owned by watch inspector Franklin who has a duplicate.

Work on Langdon Dormitory addition is progressing nicely. Steeplest is being used throughout the building. The Peoples News, Barbourville is now being run by A. W. Soward as editor and I. P. Haney associate.

On Richmond street the pavements along the property of J. M. Brown and the Miller estate have been thrown open for use. Forming has been placed for pavements between the property of Judge Bethune and Dr. Southard. It is to be regretted that on account of the Town Board being tied up by injunction and no funds on hands in account thereof, such needed crossings to connect these pavements cannot be made now; so mud crossings will likely prevail during the fall and coming winter.

DR. HENDREN'S ANNOUNCEMENT. (Continued from 4th page). The 25th Rule adopted by the Senate, at the instance of Com. Linn and Thos. A. Combs, created a Committee on Mines and Mining, to which committee all bills pertaining to mines and mining in Kentucky were referred.

F. L. Thompson Jr., Miss Julia Fish, Charley Adams, Miss Virginia Davis, William Arab, Miss Ann Fishback, Floyd Miller and Miss David Fish were in Wildlife Sunday. Mrs. J. T. Hackley of Lincoln county and Mrs. Belle Cayce, of San Antonio Texas, are here visiting their brother James Maret at this place. This is Mrs. Cayce's first trip to Kentucky during past year.

When in town call and see my millinery goods, Ladies, Misses and Childrens hats. Joins Chas. C. Davis drug store. MRS ANNIE HENDRICKSON. Sam Leckey the Gas Light man from Stanford was here this week installing lights for C. C. Davis, Sutton & McBeir, the Baptist church and U. G. Baker.

The Women's Club of Mt. Vernon met at the home of Miss M. B. Williams last Friday afternoon to discuss plans for the work of the winter. A program committee was appointed and it is expected the regular work will begin at once.

J. G. Hackley, after a two months inspection of the recently installed telephone system of the Chicago, Milwaukee and St. Paul Railroad between Chicago and the Pacific coast, visited his uncle James Maret here first of the week. He left for his headquarters in New York, yesterday, where he has been employed for most ten years as an expert electrical engineer by the largest telephone and telegraph company in America.

Forming has been placed for making concrete pavements in front of Langdon Dormitory on North Williams Street. J. W. Brown will fill in the gap between the dormitory and Main street with concrete walk. The quartic are all returning full blast and there is plenty of work and pay for all who want it.

Three new members were received, Miss Rebecca Watson, Marion Oakamp, and Maud Rowles. Any others who wish to join are asked to give their names to any member of the Club. A cordial invitation is extended to all who are interested in the lines of work done by the Kentucky Federation of Women's Clubs.

Gave Up Hope. "I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourne, N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side; also a headache and a backache. I gave up and thought I would die, but my husband urged me to try Cardui, so I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

Billows post office is located in Southern part of county near mouth of Line Creek. Its former name Ward but owing to mix-up with the mails of Ward the name was changed to Billows.

The L. & N. turns out a big new locomotive every week from their Louisville shops.

Brooks comet can be seen now without telescope. It shows no tail yet. Pick out north star from a line to handle of Great dipper and you will find a large comet in star a little off this line. Nine o'clock is a good time to view it.

It is essential that we have two parties but its a poor policy to continue either one in power too long. Things drift into a state hardening on graft then after follows graft pure and simple. Hence this will see a change in administration from Talf to Champ Clark or Woodrow Wilson. Canada made her charge last week.

Its a poor recommendation to anyone who proclaims "I've never scratched a ticket and I always vote straight". Intelligence and patriotism taking the place of blind folly over this broad country of ours which is better for all.

Numbers re placed at eleven different points on locomotives as follows: Boiler head 1, cab 2, dome 2, headlight 3, tank 3.

Mt. Vernon was first laid out in a square form. The Western line running from a point near the Southwest of the old school-house on the hill probably about four hundred feet from it.

It was the Southwest corner of the plot of the town. From this corner the West line ran north east passing between the old farm house and the present school house line through the line between Steve Ramey now lives and the W. T. Smith residences on through Tom Proctor's meadow

stopping at a point before reaching Lovell Lane. Thence East of South East the same distance as length of West line stopping somewhere on the lands of W. H. Cox (of today).

The East line then ran to a point on the Harrison Carpenter place just East of Mrs. Ann Fish's residence. The South line from this point to the beginning at Southwest corner near school house passes close to Mrs. Fish's residence. There was one street laid off running East and West on South side of school house. Geo. Wm. Smith the grandfather of the writer, was the county surveyor and Jesse Fish, the father of Henry Fish, was deputy and did the surveying of the town plot. Today the town limits lie in a circle reaching one half mile from court house at all points in limits.

The Teachers Association will be held Saturday, Oct. 7th, 1911, at Flat Rock school house, which will begin about 9 o'clock.

New life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy but sure remedy for stomach, liver and kidney troubles. Only 25c. at Chas. C. Davis.

### GOOD ROADS.

The road as a civilizer, stands second only to the Christian religion. The broad, beautiful pike elevates and rejuvenates a rural community. The muddy impassable road depresses, disgusts and discourages.—Russellville Times.

Now that Sturgis has started the good work, though in a small and experimental way, but with fair prospects of extending the system as the financial condition of the town will justify, it is to be hoped the whole county will take up the question of hard roads and begin a movement toward the building of same as soon as may seem practicable.—Stu. J. News-Democrat.

We judge the progress of a people by the condition of their public and private roads. Good roads mean prosperity. In ancient and modern history we find the most advanced nations always having the best roads. They not only enhance the value of land and afford easy communication between all sections of the country but they elevate the dignity and raise the self-respect of the people themselves. Let us all unite in an effort to have good roads. A tax levied for road purposes always brings ample returns. Good roads mean increased value of land, contentment for the people and easy communication between all sections and all communities.

**KILLED BY TRAIN WHILE ASLEEP ON THE TRACK.**  
PARIS, Ky., Sept. 27.—John McCarsby, foreman of a section gang on the L. & N., working about three miles from this city, was instantly killed by an L. & N. train his morning. He was asleep on the track, and was struck by the train before his fellow workmen could pull him out of harm's way.

**A DREADFUL SIGHT.**  
To H. J. Berman, of Freeburg, N. Y., was the fever-sore that had plagued his life for years in spite of many remedies he tried. At last he used *Burken's Arnicin* and wrote: "It has entirely healed with scarcely a scar left." Heals Burns, Boils, Eczema, Cuts, Gousses, Swellings, Corns and C. Chas. Davis.

Judge O'Rear smarts under the charge of insincerity. He brought it on himself. His proclaiming Bradley the greatest living Kentucky was a reflection on his intelligence, and his assurance that Bradley's title to a seat in the United States Senate was "without a flaw or stain," convicted him of insincerity. A candid man who pretends to believe either of these statements forfeits his right to public confidence.

ROBERT L. GREENE

The address here on Monday last by Hon. W. J. Price, of Danville, to Rockcastle citizens, showed up the insincerity and dodging of Judge O'Rear in numerous instances, while claiming to fight for county unit and temperance. He is said to be playing "both ends and the middle" in Louisville and other parts in a way to gain the whiskey vote, in the appointment of election officers and other work. From observations Mr. Price believes hundreds of Republicans are going to vote for the "Model Governor".

Let every citizen ask himself seriously the following question, concerning Mount Vernon,—"Am I a pusher or a puller down? Or is it a case of self satisfied indifference toward our spiritual, intellectual and commercial advancement?"

Get busy, young business men, and shake the bushes in your campaign for good roads, better schools and a greater prosperity.

Shake your neighbor and ask him to come to the Farmers' Institute. He will be certain to profit by it.

This State of Texas has established during the past year seventeen hundred experimental farms in one hundred and sixty counties of that state. They will produce on an average of one hundred bushels of corn to the acre this year.

We have in Rockcastle a higher grade of stock than ever before but we sadly need better farming with first class roads leading to the farms. The SIGNAL is very much for the farmer and is urging him to do that which is best for him to improve his farm and have better roads, so that he can sell his produce.

Ninety Cities in America have nominated on Jan. 11th, 1910, in a New York meeting in 1910 that was attended by delegates from 33 states, to push "The Men and Religion Forward Movement". The Louisville Committee opened their crusade on Monday last. The movement seeks to solve the problem of how more men can be brought into church work.

This farmer is a most important factor in the commercial and industrial life of Rockcastle. It is the first and foremost duty of every one of them to be present at the Farmers Institute on the 12th and 13th of next month that agricultural progress might be promoted.

TOM O'BERRY has sold his property in Brodhead and gives possession September 30th. He has been a very useful citizen, having done much to advance Rockcastle. The people should keenly regret to see him go elsewhere.

The great drawback to Mt. Vernon and Rockcastle is the selfishness of our leading business and professional men. This horrible curse is holding this community down like cables of steel.

And there more of our precious children going to school than went last year? What is being done to arouse more interest in our public schools that a larger attendance might be had.

BLOOM our town and extend every branch of industry. Let us do every thing possible to make it improve.

In the Mt. Vernon case on the 12th and 13th of October. What plans are being perfected for securing the jury attendance this meeting deserves?

COSSIE SUTTON's plan for boosting Rockcastle will undoubtedly enter into right-minded circles. We need to do better for the rich prospects of our country.

MOUST VERNON has been in her school. Now get the pupils.

(Specs from Somerset.)

The death sentence was pronounced on James Ellis this morning by Judge Beatum. Up to this time Ellis had shown no signs of weakening but this morning it was very different. He came into the courtroom minus a collar and looked worried. When the Judge asked him if he had any legal reason to offer why judgment should not be pronounced against him he answered in a trembling voice: "I am not guilty."

Judge Beatum passed the sentence of death on Ellis in the following words:

"Mr. Ellis, at the July special term of Pulaski Circuit Court, the grand jury returned into open court an indictment against you and Frank Hutton, charging you both with murder in the killing of Square A. J. Beatty. At the present term of this court you waived an arraignment and pleaded not guilty. A jury of your own selection found you not guilty, as charged in the indictment, and sent you to imprisonment at a death."

Have you now any legal case to offer why judgment should not be pronounced against you? "It is the judgment of this court that you be immediately taken to the jail of this county and there, by the jailer, rately kept until the 15th of October, 1911, at which time the sheriff and jailer of said county shall privately and safely convey and deliver you to the warden of the State penitentiary at Fiddlyville, Ky., who shall there safely keep you until the 21st day of October, 1911, at which time within the walls of said penitentiary, and as a warden

or his deputy, before sunrise on the 21st of October, to pass through your body a current of electricity of sufficient intensity to cause your death as quickly as possible, and continue to apply said current until you are dead."

COURT EXPRESSERS SAY: "I sincerely regret that official duties require me, the task of putting the machinery of the law into motion without which the verdict of the jury returned against you Saturday night would be ineffective." Ordinarily, it is with a great deal of pleasure that I approach the discharge of my official duty, as Judge, but in this case I freely confess that in passing this sentence upon you there comes to me, no pleasant sensations, no happy thoughts. For the contrary, my wife's being persecuted with a feeling of profound sadness.

I feel sure that all of our citizens, whatever their opinions as your guilt may be, more or less saddened, at your present helpless condition; but the justice of the law must be maintained, and while its heavy hand may seem extreme to you in the case, yet the proper enforcement of the law crushes the only hope for the future peace and happiness of our citizens. The only thing left for me to say to you is, that in passing, through the trying trial of the law, you, I trust and hope that you may be sustained by the strong arm of that Saviour who suffered so much for the sake of man.

**ANNOUNCEMENT.**

I desire to announce myself as an Independent candidate for State Senator in the Seventeenth Senatorial District, composed of the counties of Bell, Knox, Laurel, Jackson, Pulaski, Rockcastle and Whitley, subject to the action of the voters at the regular election, November, 1911.

In making this announcement, I feel it due to the people of this district to say that I am not a politician and I will not ask you to elect me to the Senate without knowing some of the things for which I stand. I favor the enactment of all good, wholesome laws which will make our State a better "Kentucky Home," laws which will check crime, and which are almost void so long as we have intoxicating liquors sold in our counties where four-fifths of the people are opposed to the sale of same. The fact that liquor, directly or indirectly, is in 90 per cent of the cases responsible for the crimes committed in the counties of the district, I feel that it is high time that the people should take the matter in hand and send men to the Legislature and Senate who favor the enactment of laws governing the sale of liquor in the State of Kentucky. I favor a law on this subject
