The most significant thing which has occurred in educational affairs in Kentucky for years is the great night school movement originated by Mrs. Cora Wilson Stewart, President of the Kentucky Educational Association, and which was adopted in Rowan County in the month of September. These schools were carried on all over the County, the teachers being volunteer services. Persons from 18 years of age to 86 were enrolled numbering over 1000 in all. After two weeks night school, the claudium for a longer session influencing the teachers to teach two weeks more during the moon light nights of October. In Rowan County about 100 persons learned to read and write and many others became so interested that they have entered day school to secure a better education, also it has created a demand for private schools for adults when the public schools "shut" close. A number of persons who at the beginning of the night schools, could not even write or read their names were able at the close of the two weeks term to write the County Superintendent a letter and she has

many of such letters as her treasures. This demonstrates the fact that adults learn with remarkable rapidity and that it only requires a vigorous, united effort to abolish adult illiteracy in Kentucky. As President of the Kentucky Educational Association and as County Superintendent, Mrs. Stewart will appeal to the County Superintendents and teachers in Kentucky to establish a night school in every rural school. Every teacher will be solicited to educate at least one; "ONE FOR EVERYONE", will be the slogan and if ten thousand Kentucky teachers will aim at ten thousand illiterate Kentuckians in the educational world will be vastly different in the course of a very few years.

TO THE VOTERS OF MT. VERNON.

(Advertisement)
Having been solicited by many of the good citizens of the town of Mt. Vernon to become candidates for the office of Trustee at the November Election 1911, and having accepted said invitation and consented to run, we desire to set forth and make public what we believe should be the policies and principles of the Board of Trustees for said town, and which if elected, with the aid of the people we shall expect to carry out. We favor strict compliance with the law to monthly reports of all fiscal officers, showing in detail all money that has been collected, from what sources, and how expended. The law requires that one report shall be made monthly and we favor its being strictly complied with. Since there is now no necessity for the levying of what is commonly known as "an occupation tax" so far as the requirements of the town are concerned, (the object for which one was levied having been dispensed with) we therefore oppose the enforcement or levying of such a tax. We favor the very lowest tax rate possible; that all expenses shall be kept as low as possible, and the public funds used only for necessary purposes, such as improving and repairing the public street, and crossings, and so as to result in the greatest good to the greatest number of our citizens. We are in favor of the stock law as it now stands; we do not believe that stock should be allowed to run at large on the streets of the town. We favor the strict enforcement of the penal laws. We oppose lawlessness, drunkenness and the discharging of firearms on our streets ought to be suppressed; and we believe every good citizen should lend his aid to the officials of the town and County to this end; and in furtherance of that view we positively oppose the sale of all intoxicating liquors such as Malt Mead, Near Beer and kindred drinks.

The law requires that the Marshal, before he enters upon the discharge of his duty, shall give bond with approved security for the protection of all citizens against any wrong or other illegal mis-treatment on the part of the Marshal, for other misdeeds or improper conduct on his part. He cannot enter upon the duties of the office till this requirement has been complied with. We favor the advancement and progress of our town. We are proud of the rapid progress it has made in the past few years and we sincerely hope that the good work will continue; we pledge ourselves to be elected, that with the aid and support of the people, we will do all in our power to keep the wheels of progress in motion. We respectfully solicit your support.

We respectully solicit your support.

RICKETY IN FAME

Many of the men whose names we read today in science, art, literature and poetry suffered from emotional disturbances, resulting in nervous, or outburst of mental violence, which can only be described as super-acute mania. The poet Cooper had strong suicidal tendencies; yet he wrote "John Gilpin" when suffering from intense melancholia. Shelley had an insupportable anxiety, and at Esan he was called "Mad Shelley." Charles Laub had to be placed in an asylum and his sister Mary stabbed her mother to the heart while insane. Wordsworth and his sister, Dorothy, are almost a parallel to Charles and Mary Lamb.

At the age of thirty Coleridge was broken down, and he died a wreck sixty-two Southern frame of an insane stock. The mother of Richard Brinsley Sheridan, the dramatist, died demented at forty or thereabouts.

AVERTS AWFUL TRAGEDY

Tinily advice given Mrs. C. Willoughby, of Marengo, Wis. (R. No. 1) prevented a dreadful tragedy and saved two lives. Dr. had said her dreadful cough was "consumption" cough and could do little to help. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote "and the awful cough has almost gone. I also saved my little boy who had taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by Chas. C. Davis.

Remember this is the real land. Tract No. 2, 144 adjoining above tract. Tract No. 3, 74 acres and 160 additional 6 miles from Mt. Vernon. The Hanford stand will sell part or all of this tract. Tract No. 4, 250 acres 8 miles from Mt. Vernon, near Level Green. Tract No. 5, 113 acres, sold. I also have two complete stores for sale and one complete saw mill with hand saw and grist rocks. W. A. HANFORD, K.

IS THE WORLD BECOMING BETTER?
Many things do to prove that it is. The way thousands are writing to help others is proof. Among them is Mrs. W. W. (Globe) of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers everywhere to use them. For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used did till I took Electric Bitters. But this great remedy helped me wonderfully. They'll help any woman. They're the best tonic and finest liver and kidney remedy that's ever put in a bottle. You'll see good at Chas. C. Davis."

FARM FOR SALE—250 acres more or less, situated in Boyle County nine miles South West of Danville, Ky. A splendid farm for corn, oats or blue grass. Lies on the pike from a Junction City to Lebanon and is a stone throw of the L. & N. R. R. As I shall be away I refer anyone to A. J. Hagard, of Brodhead, Ky. The farm will be sold at a sacrifice. Title perfectly good. W. T. EVANS, Oct. 6th. Brodhead, Ky.

GIVE AID TO STRIKERS. Sometimes liver, kidneys and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little Strike Breakers. Dr. King's New Life Pills, to give them natural and healthy compel proper action. Excellent health soon follows. Try them. 25c at Chas. C. Davis.

Wilbur Wright states that his new flying machine he and his brothers are testing in North Carolina has for its object to mount in the air, shut off the motor and stay floating for an indefinite period as the hazards do. The present aeroplane must come down as soon as the motor stops. The new machine is designed to continue floating indefinitely after the motive power has been shut off. Walk toward a big mirror, and ten to one you will remark that you have a more awkward walk than you imagined.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation will ward off great respiratory and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. 30c by Chas. C. Davis.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, builds circulation and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and entirely confidential. Write without fear and without fee to World's Dispensary Medical Association, Dr. V. Pierce, M. D., Freeport, Buffalo, N. Y. If you want a box that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Advice, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps.

WE HAVE A COUNTS

As small as a dollar, as large as thousands of dollars. And no matter how large an account may be, we realize that it is made up of a certain number of single dollars. This fact ought to encourage those who earn moderate incomes. It ought to induce them to do something toward accumulating a worth-while provision for the future. We maintain that a savings account at Peoples Bank (an account in which the owner is INTERESTED) is an investment that will pay for itself.

RESOLUTIONS

Livingston, Ky., Oct. 24, 1911. Whereas the supreme ruler of the universe, has seen cause in his infinite Wisdom to remove from our midst Mrs. Elizabeth J. Rice, age 66 years, 8 months, 22 days, who has been a faithful member of the church for the past 53 years, being loved by all who knew her.

Therefore, be it resolved by the organized bible class of the Christian Church in the town of Livingston, First, That our presidential vice president has lost a good and faithful grand-mother.

Second, That all the good people of our town a true motherly and devoted friend and co-worker.

Third, That we extend to the bereaved family and friends our heartfelt sympathy in their sad hour of bereavement, pointing them to the Almighty God, the giver of all good things.

Fourth, That a copy of these resolutions be spread on our members, a copy be sent to our president for the bereaved family. End a copy sent to the Mt. Vernon Signal for publication.

IN MEMORY OF GRANDMOTHER On October 21, 1911, the Death Angel came and took from our midst Mrs. Melvina Reams. She leaves 5 children 38 grandchildren, 26 great grand-children, a devoted husband and host of friends to mourn her loss. She was born in the year of our Lord, 1841, and has been married 50 years, and been a constant member of the Baptist church. A more congenial couple were never known than Grandpa and Grandma. No better example of a loving mother, devoted wife and consecrated Christian could be found than this noble woman; always kind and charitable, she was the love and respect of all. The most we can say in praise of such a character is too little. In the words of her husband "this is a lone some home without a mother and wife". We wish to thank all for being so kind during her illness. Though long she abode this weary life, at last passed away, to join the host who redeemed and lived in endless day. May the following lines be dedicated to her memory: Grieve not for her as one that is dead.

The soul that God has given Has only passed the turbid stream, And sweetly rests in Heaven. She knows no more of earthly care Of earthly joys and love, But dwells with loved ones gone before.

In that bright land above, God knows you miss her precious one, And the parting gave us pain, But which seems your loss so sad, 'Was only Heavens gain.

The husband and love, her childrens kiss, Will never greet her more, She's basking in a Saviors smiles, On that eternal shore.

Live, Oh live, all whom she loved, That when the summons comes, You'll live with her forever more, In that bright Heavenly home. Written by a Grand-daughter. D. R. B.

Biliousness is due to a disordered condition of the stomach. The coal area of Texas is 10,000 miles. Since 1884, when the mines were first opened, 200,000 tons have been removed. The beds that remain to be worked are estimated to contain 31,000,000,000 tons of which 3,000,000,000 tons lignite.

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. The best medicine known is Chamberlain's Cough Remedy for coughs and colds in children. It is safe and sure. For Sale by Chas. C. Davis.

Dr. J. Harry Hendren

OF BELL COUNTY
Independent Republican Candidate
For

STATE SENATOR ON THE COUNTY UNIT PLATFORM Against JOE BOSWORTH of Middlesboro

To the Democrats and Republicans of the
17th Senatorial District

Both Republican and Democratic platforms, adopted this year, indorse the County Unit Bill. Joe F. Bosworth, pretended Republican nominee for State Senator (counties of Jackson, Rockcastle, Pulaski, Laurel, Whitley, Knox and Bell) is an avowed opponent of the County Unit Bill, and it is a well-known fact that, during his services in the Legislature as Senator from this district, he did at all times cast his vote and use his influence to prevent the passage of the County Unit Bill.

DR. J. HARRY HENDREN, of Bell County, who is an Independent Republican candidate in this district for State Senator against Bosworth, has always been a temperance and a temperate man.

Certainly, no Democrat or Republican can afford to vote for Bosworth when both party platforms indorse things for which he does not stand and for which he is unalterably opposed. We are appealing to all citizens, regardless of party affiliations, to help us rid this district of this whisky tool, who tells you that he should be sent back to the Senate because of his great Good Roads record, but he fails to tell you, at the same time, why, after he was elected on the Temperance ticket, he suddenly became opposed to the County Unit Bill, when he got to Frankfort, and did all in his power to defeat it.

Surely a man who misrepresents his constituents, as did Bosworth, does not deserve the support of the good people of the 17th District; we say NO!

You can vote under the LOG CABIN, or under the ROOSTER, and vote under Dr. Hendren's picture and you have voted for every man on the Republican ticket except Bosworth, or everyone on the Democratic ticket and against Bosworth, as there is no Democratic candidate against him.

Yours very respectfully,
Hendren Campaign Committee.

RESOLUTION

ADOPTED BY THE WOMAN'S CHRISTIAN
TEMPERANCE UNION

At a meeting of the Woman's Christian Temperance Union held in Pineville, Kentucky, September 6th, 1911 the following resolutions were offered and unanimously adopted:

Whereas, Dr. J. Harry Hendren of this county has announced himself an Independent Republican candidate for the State Senate in the Seventeenth Senatorial District of Kentucky, composed of the counties of Knox, Whitley, Laurel, Rockcastle, Pulaski, Jackson and Bell, against Joe F. Bosworth, Republican nominee.

And Whereas, Dr. Hendren's record in private and public life on the whisky question has always been right.

And Whereas, it is a well known fact that Mr. Bosworth is a tool of the liquor ring of Kentucky and is thereby an enemy of the good women and the temperance cause of this Senatorial District.

And Whereas, it is a well known fact that at the meeting of the last legislature, Mr. Bosworth did by his vote help send the County Unit Bill to a whisky committee of which he was a member, and which committee did not report the bill to the Senate for passage.

And Whereas, at the last local option election held in Middlesboro Kentucky, Bosworth voted for and did all in his power to retain the saloons there.

Therefore, be it resolved, first, that Bosworth's acts and deeds do not, in our estimation, make him a fit representative of the good people of this district.

Second, that we commend Dr. Hendren to the decent, law abiding people, irrespective of party of this district, as a man well fitted to represent this district in the State Senate, and one who will not misrepresent his constituency and who will vote for the County Unit Bill, first law and all the time.

Third, that we earnestly ask both the Democratic Republicans and people of all political parties of this district to join with us and help rid this district of this

infernal liquor tool.

Fourth, that a copy of this resolution be sent to all of the Women's Christian Temperance Unions in this district, and then special and efficient in the fight for temperance.

Fifth, that a copy of these resolutions be printed in all the papers throughout this Senatorial District.

AFRICAN EXPLORER
GARNER.

THE MONKEY TALK MAN.

In 1881, Prof. R. L. Garner, a native of Georgia, after teaching a number of years in Southern Colleges came to Kentucky to incorporate and participate in a pure water fountain in the State.

He remained in Mt. Vernon six months in 1881 and 1882 and for a while he had charge of penmanship classes in Whitehead Academy, which school was held in the building now owned by Mrs. D. N. Williams on East Main St. Prof. Garner made many water fountain designs here. He later went to the wilds of Africa to study the chimpanzee, one of the most intelligent species of the monkey family. He camped about a mile from the mouth of the Congo in the mountains and it is claimed that a number of words used by these animals of the forest were first discovered in connection with scientific societies of New York. He has been made by this Intrepid explorer in one of the tropical regions of Africa. Below is a letter from his old Mt. Vernon friend.

New York City, N. Y.
Oct. 15, 1911.

Dear Mr. Hendren:

Your favor of the 1st inst. was duly received and kindly appreciated. That it was an agreeable surprise to me I need not say for I take it as granted that you expected it to be.

Yes, I will remember you and many others whom I met during my sojourn in your charming little town of Mt. Vernon and often my memory has reverted to those dear old days.

Since that time many events have taken place in the world and no one, perhaps, has passed through more vicissitudes than I have. I feel however, that fate has treated me with a fair degree of justice and given me no more than a fair share of the evils that beset our pathway.

It really gives me great pleasure to know that in all these years I have been kindly remembered by friends in whose life drama I have played so small a part as I have said every once in awhile or thereafter I met with some one whom I had known in the remote past or receive some kindly remembrance of those distant friendships.

As you perhaps know, I have just returned from my fifth voyage to Central Africa and brought the first and only living gorilla that ever reached the shores of America, with the exception of one very frail specimen that arrived in Boston some years ago. It was a mere baby and was kept alive on milk the few days that it survived; but it was too feeble to sit up and was only seen by a few favored people. The one I brought was more than a year old and weighed about 40 lbs. The lack of proper food was the only thing that led to its early death and the autopsy clearly showed such to be the case.

I shall be very much delighted to receive the news of Mt. Vernon through you. Of course I have forgotten many of the names of people I once knew there but no doubt if you mention them I shall recall them. I could write a pretty fair list of them however from memory. With kindest regards and good wishes to you and yours.

I remain,
Yours very truly,
R. L. GARNER.

DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is, the constitutional remedy. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running, snoring or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness cured by our method, that cannot be cured by Hall's Catarrh Cure. Send for circular free.

Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

TAKE The CARDUI Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.
