Logan R. Hughes was down from Stanford Sunday.

Cashier A. M. Hatt, of the Citizens' Bank of Broadhead, was here yesterday.

Born to the wife of George Owens, of Mareburg, on the 12th, a fine boy.

Master Benjamin Mallias is very sick and it is feared he has pneumonia.

George Durham, of Broadhead, is visiting his brother, P. L. Durham, on Newcomb Ave.

Mrs. J. W. Brown is in Louisville for the week. Mr. Brown accompanied her for a day.

John French Jr. was over from Winton Sunday the guest of the family of his uncle, J. Fish.

C. D. Sutton was in Cincinnati during the week buying goods for the splendid firm of Sutton & McBea.

W. J. Sparks and family who have been at the Seelbach, Louisville, for the winter, will return to their home here to day.

Atty. E. K. Gentry and Rev. G. S. Watson were named as the trustees in the J. H. Dickerson bankruptcy proceedings.

David L. Bryant, the pioneer miller of this county, is able to be at his work again after suffering a few weeks with lagrippe.

Mr. and Mrs. Tyce Gentry have returned from a visit of six weeks to California and New Mexico. They saw several interesting people on their visit.

I. P. Mayfield, prominent in M. W. of A. circle, was here from Somerset Thursday on business concerning that organization.

Mrs. R. B. Thompson and daughter, Mrs. A. H. Jones, were with Mrs. Thompson's mother, Mrs. W. M. Pointer this week.

J. dgo John Menifee, of Stanford and Atty. William Lawwell, of Danville, were here Tuesday in the interest of a Roosevelt Club for Rockcastle.

We are in receipt of a letter from Mrs. Cleo Brown telling of her visit to the Snowflour state, which arrived too late for this week, but will appear in our next issue.

Mrs. Annie Hendrickson has returned from a four weeks visit with friends at Pineville. She will leave Sunday for Cincinnati to purchase her Spring Millinery.

Mr. David Griffin, who is at the head of the mechanical department for the L. & N. at Jellico, was here for a few hours Wednesday morning on his way to Mareburg to see his father.

LOCAL

The Holy Rollers closed out at this place Monday night.

Two farms for sale. For further information apply to C. H. FAIRB, Broadhead, Ky. Feb. 23^d.

The year 1912 promises to be one of Mt. Vernon's best years for building. A number of houses are being planned.

Garnett Kemper, special agent for the Fidelity Phenix Fire Insurance Co., was here yesterday to adjust the loss of R. A. Sparks.

Willie Green Harrison, who recently returned to his home in Mt. Vernon from the asylum, died Sunday morning. The deceased was sent to the asylum three or four months ago, but never showed any improvement and during that time had been the subject of the institution. His family, who requested that he be sent home to spend his last days.

F. S. Durban bought a fine cow from Bob Langford for \$45.

The finest Blue Serge Suits in town are ready for you to try on at Fish's.

See that new white buckskin, button, ladies boot in Fish's window at \$3.50.

Judge Betharum is having some considerable additions and improvements made to his office.

Paris Sowder has had two hunguries in his trial of violating the town ordinance by renting his pool tables to a club.

The Mail Mead Junias had just as well truck their lands and get out of business, not only in Mt. Vernon and Rockcastle county, but in every local opinion towns and county in the state.

Mt. Vernon will offer special inducements to a good "shoe job blower". A good workman can get all the work he can do. F. Krueger has a vacant room and says he will make it interesting for the right kind of a workman.

Regular services at the Baptist church Sunday, Nov. 17, at both hours. Sunday school at 10 o'clock. The public are cordially invited to attend all services. Strangers welcomed and made to feel at home.

T. C. DUBIN, pastor.

The beating plant at the Graded School is at last in operation but it is here or soon will be and the heat will not be needed. Many valuable hours work has been lost this winter on account of the inefficiency of the man who installed the plant.

Mt. Vernon simply has got to have a hotel, but who is going to build it? That is the question. Our town is too large for one small hotel to try to accommodate the people and the failure to supply one will cost Mt. Vernon more than any one thing that could possibly happen.

FARM FOR SALE.—Containing 200 acres with a five room house. About half of farm in cultivation the balance in timber. This land lays well and is well watered with branches and wells. A good stock of timber will not be needed. Will sell well worth the money. Terms to suit purchaser.

Mrs. LINDA BENTON, Broadhead, Ky.

We understand that Mr. I. A. Bowman will sell out in Madison and return to Jackson county his former home. Mr. Bowman already has the contract for furnishing the crosses for the new tall road which is to be built from Maxt to Livingston. We understand work has already begun on road in Jackson county. This will open one of the richest timber and mineral sections in the state.

From necessity we are again forced to request those who have articles for publication, to please hand them in early in the week. Don't wait until Thursday, the day for correspondence from Broadhead and Livingston which together with the regular local work is all we are able to handle on that day. In the future please send in your contributions early and when so ever, we are only too glad to have them, but our force can only do so much work and we do not feel inclined to ask them to work overtime every Thursday in order to do what could and should have been done earlier in the week. We would also request that correspondents, who do not contribute regularly, send in as early in the week as possible in order to make sure that the letter will get to the regular run.

Uncle Dick Johnson has recently heard good news from an old friend and comrad of the war of 61, who after the war drifted west and accumulated a fortune. Since the close of the war Uncle Dick had heard nothing and knew nothing of the whereabouts of his old comrad, until a few days ago a letter came asking about Uncle Dick, which stated the writer had amassed a handsome fortune and was ready to come home.

Mr. Johnson needed any of his money he should have it. The news information obliging to that Uncle Dick will soon get something like blood on a remembrance of by gone days, which will come in good time as the hand of misfortune and bad health has reached heavily upon Mr. Johnson who has lately been able to leave his room for three or four days.

At Mt. Vernon, is a splendid location for a harness and saddle maker.

The W. J. Sparks Co. have placed an order for a crusher for grinding stone for fertilizing purposes, and the plant will be installed at once. We trust that the Mt. Vernon quarry will get this addition, for it is an industry that will grow and in short time will be of such a capacity that several men will be required to handle that part of the business.

It seems to us that it would be good policy and good business on the part of the business men to prevent upon Mr. W. J. Spark, the president of the company, to install that plant at the Mt. Vernon quarry. It will be only a small part of the business to start with, but only a few years will have passed when it will be one of the biggest ends of the W. J. Sparks Co's business. As a fertilizer the ground lime stone has no equal for restoring worn out lands and reviving the less productive. The cost will be much less than the commercial fertilizers and the results better. Let us use our efforts to get this business located at Mt. Vernon. We need it and we want it.

BROWN MEMORIAL SCHOOL.

Miss Moore, principal of the Presbyterian school, at Harlan, spent the week ends at Langdon Dormitory.

Vesta Corbett has returned to school after a brief absence on account of illness.

Chapel exercises have had several special features during the past week. On Thursday the members of the primary class read the two-act play, Mary's Lamb, Dorothy Albright acting as teacher of the school, Elizabeth Farnish as Mary, Jack Crawford and Bernard Franklin carried out their parts as members of the school. On Monday morning special music was rendered by the Senior chorus of the Junior chorus, and the Girl's Glee Club. Tuesday, Miss Mattie Huff sang a solo.

In a contest among the first year Bible student on Monday morning, Virginia Crawford stood the longest.

The high school cooking class is to give a luncheon Friday noon.

It came at last. Rockcastle was kicked into the limelight. It is all there is to it. We are there and there is no use to cry over "spilt milk". We did not want to go and it is very doubtful whether we will ever become very well satisfied in our new location, but we shall try to make the best of it. We have one consolation and that is whenever we meet an Elk of this district democrat, we know he is true blue, a democrat from principle and that his vote is not for sale. That is more than can be said of some comrades who call themselves law makers and took an active part in having Rockcastle put out.

NAT B. SEWELL, of London, is a candidate for delegate from the Eleventh district to the National convention which meets in Baltimore to nominate a candidate for president. Mr. Sewell is one of the good democrats of the Eleventh; was for some time editor of the London Democrat and a hard worker for the cause of Democracy in the "Bloody Eleventh". No more creditable representative could be chosen than Mr. Sewell.

There is not much difference between being in the Eleventh and occupying the position Rockcastle occupied in the Eighth. The majority was too much the wrong way to get much recognition. But where the bitter pill comes in is to try to stomach the Caleb Powers. That is the worst dose of it all.

June 26-27 had been selected as the time of meeting of the next annual session of the Kentucky Educational Association because there are no other school events in the State which will conflict. The rural schools, the city schools, and the colleges will have closed their session before that time and there is no reason why an teacher in Kentucky may not attend.

It may be truly said that no organization has been more effective in the creation of ideas and the formation of policies that have in turn promoted the efficiency of the schools of the State than the Kentucky Educational Association. The first meeting of the Association was held forty years ago and it has had much to do with the betterment of the school system of the State from that day to this, and today it is the most potent factor in the educational life of the State. The Louisville meeting of this Association which will be held on June 25-27 promises to eclipse all former meetings in points of attendance, organization, thought, and action.

If there is a teacher who has not been attending the annual meetings of the Kentucky Educational Association, now is a good time to begin. Louisville is the place and 25-27 is the time of the next meeting. The addresses of a discussion will interest and benefit you. The matter for discussion is so important that all teachers are qualified to speak with authority. The acquaintances you will make or renew will be not only pleasure but a distinct professional asset. The social features of the meeting will make you a better person. The matter for discussion has been arranged and a host of enthusiastic and friendly teachers will be there.

The last meeting of the State Teachers' Association of Oklahoma saw 6,000 teachers in attendance. The largest session of the State Association in Kentucky did not have more than 500 teachers attending. The Louisville meeting

and the officers of the Association are confident that a 500 teachers will be present on this occasion. Every teacher who attends at the Kentucky Educational Association in Louisville on June 25, 26 and 27, 1918, will have an opportunity to inspect the Louisville high schools, which includes 7 high schools, 57 public schools, 9 public night schools, 27 public kindergartens, 15 medical, law, business, dental and theological colleges, two military institutes, a dozen preparatory schools, and an excellent system of parochial schools.

What is known as the \$1 a day pension bill was introduced by General Sherwood, of Ohio, in the lower house of Congress and was passed by Republicans and Democrats. The bill when went to the Senate committee where it had been pending until a few days ago. Press reports all along have indicated that Taft was opposed to the bill and would veto it if passed by the Senate, but rather than be placed in such a bad attitude before the soldiers of the country, he planned to have the bill killed in the committee. As members of

this committee are found the names of Senator Bradley and the Hon. John S. Reed, Senator, Reed, Smoot, and Taft. These two gentlemen were prompt to carry out the wishes of Mr. Taft and used their influence against the bill. As an excuse for their action, they claim in this country is not financially able to pay the old soldier \$1 per day, yet at the same time, these same patriotic lawmakers were careful to say nothing against the action of Congress in increasing the pay of Congressman and Senators from \$5,000 to \$7,500 per year and the President's salary from \$5,000 to \$75,000 a year. In other words Bradley is perfectly willing to take out of the Treasury more than \$20 per day for his service and Taft more than \$200 per day for his, but say to the soldiers you wait for your \$1 a day pension until you are 75 years old when Bradley and Taft both know that nine-tenths of the soldiers will be dead before they reach that age. WHOSE SERVICES ARE AND HAVE BEEN WORTH MORE TO THE COUNTRY THE SOLDIERS' or Taft's and Bradley's? Somerset Herald.

DON'T ABUSE YOUR WATCH

YOU do not run your buggy, automobile or other machinery till it squeaks and grinds and cuts itself to pieces. You clean and oil it often.

You should be as careful of your watch. It is small and light and can't speak loud when it is dry and needs cleaning and oiling so it is liable to cut and wear and need attention before you know it. You may not know it till the watch is completely ruined and stops.

Bring your watch to this ad and let us examine it with our experts. We will see its condition accurately. We will show you and explain the exact condition.

Every watch should be thoroughly cleaned and re-oiled and adjusted once in each year. Take proper care of your watch and it will last you a lifetime.
