Report of Grand Jury April Term
Rockcastle Circuit Court
The Jury having completed its session reported on Wednesday May 1.

That report is a matter of record but a general report not required by law we believe, might be of interest to the public.

In the first place it is gratifying to find so many men representing the best citizenship of the county, anxious and willing to impartially investigate all complaints of violation of law brought to the notice of the jury.

It would be more gratifying if there had been no cause for finding anyone guilty of lawlessness.

It will be found that a large majority of the cases in which indictments were found was due largely to improper use of intoxicating beverages. We believe that if the unlawful sale and use of alcoholic beverages had been eliminated, there would have been but little need for the grand jury of this session and certainly for exceeding three days of court.

It is to be regretted now deplored in shame and sorrow, that so many of our neighbors, bright young men, of amiable disposition young men whom we like, should allow themselves, for pleasure of profit, to engage in the unlawful use of liquor in any form.

Most of the apparent violations are committed by irresponsible men, from other places, unknown to the general public, who go from place to place to supply the demand for liquor. Again we deplore the fact that many of our older men, who are willing to lead themselves and their influence and aid, to assist in the "Blind Tiger" business.

While the laws remain as they are every man can "order" for himself the drink required, for his own use without resorting to the practice of, becoming the agent for the liquor sold or given away in the county.

The saddest feature however of the whole business is to see how low some of our boys have permitted themselves to be led, by the example and influence of their frequent in town, out of town at public gatherings for worship or otherwise.

Another regrettable, and deplorable fact, is the bitter prejudices manifested, by religious people and people of no religion, church members, and citizens, men and women, who have no church relations against their neighbor, and fellow citizens, because of their different views of doctrine, and mode of worship.

There is no religion nor christianity, in quarling and disputing with our neighbor, as to his views of the teachings of the bible, or his mode of worship. Each of us claim for ourselves, apply it in our every day lives accordingly or reject it in toto.

This writer rejoices in the fact the liberty of conscience, the freedom of speech and the right to worship God, according to the dictates of our conscience, is the right of every individual, and of every religious sect or denomination, provided such speech, and such worship does not overstep the laws intended for the best interest of humanity.

An appeal to young men and boys who have willynilly of their own choice, engaged in violations of law would seem to be of no avail. An appeal to old or young who are not conscious of violating any law of nature, of God or of man would be as futile as it is vain.

If our sense of moral and religious obligations, have become so blunted, and perverted, or

we have not yet become awakened and aroused to a sense of our danger the most urgent appeal will be of no avail.

We do not believe this is true. We believe that our officials do give us better things, a quiet decent regard, for enforcement of law, for advancement in morals, and education, for the improvement of our citizenship in every respect and favor every movement designed for social improvement. In a word we trust that we are beginning to see and feel the necessity, of setting our faces against the pernicious habits that ruin our boys and girls, that bring poverty disease and shame to so many homes. We need not point out specifically what they are - any one blind to their evil temperances and their results are hopeless - blind and dead to their own and the welfare of humanity.

In conclusion, it should be said that the inspection of our county is for our betterment. In a word to our father, and he is to be congratulated on the seeing sanitary conditions of the jail and premises but some improvement to the jail itself, and the dwelling portion of it, would doubtless add to the comfort of the prisoners and the jailer and his family.

The foreman.

BROWN MEMORIAL SCHOOL

THE WOMAN'S CLUB

The Woman's Club will meet in regular session with Mrs. Annie Miller, Friday, May 10th, at 7:30 o'clock:

PROGRAM

Business, Parliamentary Drill, Current Events, Mrs. J. W. Brown, Literature - Eresant Day Poets and Humourists, in charge of Literature Committee, Miss Kefauver Chairman.

A Walk Whitman, Mrs. Gentry Mark Twain, Mrs. Franklin Paul Lawrence Dunbar, Miss Watson James Whitcomb Riley, Miss Dodson Eugene Field.

Paper - Landscape Gardening, Miss Cleo Brown.

An open meeting of the Woman's Club was held in the home of Mrs. W. J. Sparks on Friday evening, May 2nd. In addition to an enjoyable social hour during which ice cream and cake were delightfully served, a program was presented and several matters of business discussed.

The ten dollar prize so generously offered by Judge R. G. Williams, of Covington, has been divided by the vote of the club into two prizes to be awarded to the most attractive prizes in Mt. Vernon, with special reference to the greatest improvement made during the summer. The club gave a hearty vote of thanks for the generosity and courtesy of Judge Williams.

The program presented by the club was especially appropriate to the season, being on the subject of "At Home". A duet by Mrs. Anna Miller and Miss Oatman, sung by Mrs. Miller, added especially to the pleasure of the evening.

A pile from the Laurel county line to the Lincoln county line is the next thing in order. Let us all join hands and go to work to get it. We have a fiscal court composed of progressive men and men who are willing and ready to act and do for the county, but like all other individuals they want to know that they have the support, co-operation and backing of the people on matters whereby the county finances are involved. The columns of this paper are open to those who desire to give expressions. With a million dollar or more plant starting in the county and many other enterprises soon to be started, it is up to the county to wake up and do something. Let us bestir ourselves and go to work to get two pikes, one from Laurel county line to the Lincoln line and one from the Big Hill to the Pulaski line. All go to work to get it and just as fast as night follows the day, voters will cover our efforts. We would like to have an expression from every man in the county, and bear in mind that long windy articles are not what we want, but simply expressions from the people signifying your desire or position.

A Good Road's existence leads forward to the building of these roads is what we want and need, so lets start such a road and keep it going until our efforts are crowned.

HELPS A JUDGE IN BAD FIX

Justice Eli Cherry, of Gillis Mills-Teop., was plainly worried. A bad sore on his leg had baffled several doctors & long resisted all remedies. "I thought it was a cancer," he wrote. "At last I used Bucklen's Arnica Salve, and was completely cured." Cures burns, boils, ulcers, cuts, bruises and piles. 25 cents at Chas. C. Davis.

For soreness of the muscles whether induced by violent exercise, or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by Chas. C. Davis.

SILVER DARE

Silver Dare is 6 years old, 16 hands, saddle and harness stallion. Will make the season of 1912 at my stable, one-fourth mile of Hutt's office at \$10 to insure a living colt. Season money he comes due when colt is foaled or mare sold or parted with or bred to other stock. Pedigree: Silver Dare is by Dignity Dare 1902, he by Chester Dare No. 10, he by Black Squirrel 84, he by Black Eagle 74, he by King William 97, he by Washington Denmark 64, he by Gaines Denmark 61, Dignity's first dam by Lizeumont, by Welchmont No. 6367, he by William Welch 361. Silver Dare's first dam is by Silver King, he by Onions, he by Sionora Jackson, he by Washington Denmark 64.

JACK - I will also stand a good young Jack, full 15 hands high and good white bone. Is black with white points. Will stand Jack at \$5 to insure a living colt. All care will be taken to prevent accidents but will not be responsible should any occur. Same terms with Jack as with horse.

The Autopiano

Don't Deny Yourself The Pleasure of Having Good Piano Music in Your Own Home

The piano is the greatest of all pleasure instruments for the home and it is no longer necessary to be an accomplished musician in order to play it. Human Ingenuity has made it possible for anyone to play a piano by means of perforated music rolls - thus eliminating years of tedious practice - and placing the responsibility of correct playing on the piano rather than on the pianist.

The AUTOPIANO

Has every device necessary to make the piano "human," but you will realize this only when you hear it played. That is why we want you to see demonstrate The Autopiano. It's just like going to hear some great pianist play - only there is no admission charge.

ENGLISH SQUIREL

ENGLISH SQUIREL is a combined stallion, 6 years old, full 16 hands high, 8 white feet and ears, a beautiful bay with black points, subject to registration. This young stallion will make the season of 1912 at my barn 1/2 mile from Hutt's Post Office at \$10.00 to insure a living colt. Season money he comes due when colt is foaled or mare sold or parted with or bred to other stock. Not responsible should any occur. He has proven himself a good sire. Pedigree: Sired by Kentucky Squirrel 8022, by Wood Squirrel 8020, by Black Squirrel 80. Fat dam Nellie Diddlers Rose No. 8085, by Van Meter's King 789, son of Silver King. English Squirrel's dam sired by English Hunter, he by Abolition Messenger, 1st dam of English Hunter the Wm. Link saddle mare, the best saddle horse ever in Garrard Co. Dam by Crockett, son of Daney's Dragoon, by Imp. Dragoon, and dam by Highlandeer, Abolition Messenger, sire of Messenger Chief, sire of Imp. Dragoon, sire of 2, 3, 4 and 7 others better than \$200. 1st dam Susie by Scotland.

I will also in the same time and place stand 1-year-old black hack with white points, heavy bones, a good brooder, at \$2.00 to insure a living mare and \$3.00 to insure a living mare milk.

HOT FLASHES.

Women in middle life often complain of hot flashes. They are at that stage of life—when their delicate organs cease to function and helping-hand which only Dr. Pierce's Favorite Prescription can give them. Many women suffer needlessly from girdle to womanhood and from motherhood to old age—with backache, dizziness or headache. A woman often becomes sleepless, nervous, "broken-down," irritable and feels tired from morning to night. When pains and aches rack the womanly system at frequent intervals, ask your neighbor about

Doctor Pierce's Favorite Prescription.

Miss J. Inamor, of 211 S. Beulah Street, Baltimore, Md., says: "I wrote you about nine months ago, telling you of my condition. I have a fine baby girl—also weighed nine pounds when born. She is my third child and the strongest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's Sore Throat Lozenges. I never had a sleep before I took your medicine. I was astonished how well I felt—could eat—was always hungry, and never had a sick stomach. The nurse who was with me said the medicine was wonderful. She intends to recommend it to all her suffering patients. Everybody is astonished at all I have done. I only weighed 112 pounds before and now I weigh 135. I have had several babies come to me and I tell about Dr. Pierce's medicine. I am often asked to recommend it to all who suffer and want help. If any want information I will be glad to write to them."

Miss Inamor & Child.

NOTICE OF HEARING.

The first combination stallion, Rocket Peavine, will make the season of 1912 at the stable of Roy Beazley in Mt. Vernon, at \$10. To insure a living colt, money due when colt is foaled, mare parted with or bred to another horse. Due calls taken to prevent accident but not responsible should any occur.

DESCRIPTION AND PEDIGREE.

Rocket Peavine is a beautiful bay full 16 hands high with the very best of feet and legs. Is a horse of fine style and action, both under saddle and in harness. Has the best disposition of any stallion I ever saw. Can rack or trot a three-minute clip. Will be prepared for the fair after the season closes.

Sired by Tom Peavine, he by Infact 275, by Electioneer 226, the sire of 166 colts, with record below 2:30.

Tom Peavine, first dam was by Peavine and was the dam of the great Ilex Peavine. Rocket Peavine's dam was Mollie 1217, by Pat Denmark, he by Rattler, he by Vernon Black Hawk.

Second Dam by Walker's Grey Eagle.

Third Dam by Stonewall Jackson Fought by Copperbottom, J. S. LANGFORD, Mt. Vernon, Ky.

THE DEMONDS OF THE SWAMP.

are mosquitos. As they sting they put deadly malaria germs in the blood stream and cause fever, chills and the filer of fever. The appetite flag and the strength fails, also malaria often pays the way for deadly typhoid. But Electric Bites kill and cast out the malaria germs from the blood. Give you a fine appetite and renew your strength. After you suffer, write Wm. Pretwell, of Lynchburg, N. C. "three bottles drove the malaria from my system, and I've had good health ever since." Best for all stomach liver and kidney ills. 50 cts at Chas. C. Davis.

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE THE CARDUI Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today."

The Big Cement Plant a Certainty.

Our old stand by "J. M." is a few days since making arrangements for telephone connection with the new enterprise now starting up there. Upon our request for information relative to the big undertaking at that point he gives us the following which he gleaned from President E. M. Newton, B. K. Hatcher and other sources:

The Kentucky Portland Cement & Coal Company's property at Pine Hill consists of about 2000 acres. The limestone ledge, being over one hundred feet in thickness and extending to a great depth below, covers six hundred acres. The limestone is pronounced by experts to be suitable for the manufacture of the highest grade of Portland cement. The clay deposits are of great thickness and extend nearly all over the property. This material is high in alumina and silica and low in magnesia and iron. The raw materials being in such great quantities afford a wide scope in arranging the mixture of these materials for cement manufacture, and make it possible to attain here "the point of perfection in cement making."

It is difficult to express in tons the estimated quantity of these vast deposits. A large daily output of the manufactured product cannot exhaust the supply of materials in hundreds of years. Both the limestone and shale will go to the mill by gravity, as the mill site is in the valley.

The company owns 1200 acres of highest grade of bituminous coal adjoining the limestone and shale. The entrance to the mine

gravity. Facilities for transportation and accessibility to markets are first class and can readily be seen by reference to maps of Louisville & Nashville railroad. There is not another large railroad in the United States today but has from one to ten Portland cement plants on its lines. This will be the first cement industry established on the vast L. & N. system. The cost of the proposed installation is placed at one million dollars. The company will naturally take advantage of all modern machinery that means economy in manufacture, and instead of paying \$2.65 per ton for coal, it is said it will cost much less than one fourth of this amount per ton. These advantages, plus the expert management, will make it possible to produce the highest grade of Portland cement at less cost than any other mill in the United States. Engineers and leading cement experts of the country agree that the highest grade cement should be produced at Pine Hill and at a cost far below that of any other plant anywhere.

The company has on its property three veins of coal, drift mining containing several million tons of bituminous coal, which mines in large blocks, is very hard, and makes an ideal fuel for steam and domestic purposes. This coal was very popular when the mines were in operation years ago under Col. W. J. Sprigg, and later by Col. J. A. August and others, and the company is assured of a ready market for the block and lump coal which will be a by-product of the mine. Since the mines were operated years ago two new veins of coal have been found at lower level on the ground which costs little by transportation to the mill by vein nearer top of hill.

The company's headquarters and its officers are at Baltimore, Md. The directors are also there in addition to those at Wilmington Del., Albertown Pa., and Washington, D. C. Chas. J. A. August latter city. The superintendent, manager etc., will be located at Pine Hill and Mt. Vernon.

E. R. Hutchcraft, engineer Ira S. Barth and assistants are at work surveying, mapping and platting the grounds for the buildings. Track laying is going on under the old coal road route from Pine Hill depot to a point near old tip house where the plant will be located. Tools implements and material are arriving for use in the preliminary work. The men are pleasantly located at V. P. Freeman's, the man in charge of the company's farms for past four years. It will require a train of 25 cars to transport the machinery to be used in the installation of the plant. Employment will be given to 600 or 700 men and the value of the output of cement and coal is placed at more than \$100,000 per annum.

If the undertaking is carried out, and we see no reason why it shouldn't be, it will behoove Mt. Vernon to get a move on and put up a first class turnpike between here and Pine Hill.

It is confidently believed that this great undertaking, in connection with the big works of the W. J. Sprigg Co., in the stone crushing and sand industry, that greater facilities are being added to and ever-increasing in output will within next three years increase the county's assessment list and volunarily double that of what they are today. It now looks as though Rockcastle's immense mineral resources will be developed.

\$1,100.00 Attraction for the rodhead Fair

April 24th, 1912.

A. M. HIATT, Secretary
Rockcastle County Fair Association,
Brookhead, Ky.

My dear sir:

I am glad to know that our contract has proven satisfactory, and take pleasure in notifying you that, Mr. C. N. Lockwood, Aviator, driving the "Dixie Flyer," a Prowse Bi-plane, will be with you August 14, 15 and 16, 1912, giving two exhibitions daily at your fair, and under your supervision. The flights to take place in the afternoon of each day, at such hours as you may suggest. Each flight will consist of the usual evolutions of a heavier-than-air flying machine. He will be in the air several minutes each flight.

In case of business engagement or other reasons keeping me away from your fair, my representative will be present and see that everything will be as represented.

Trusting I may have the pleasure of meeting you in person, and wishing you and your associates, who have made it possible for your people to see "the latest invention of man" in the air, a merited success I beg to remain,

Very truly yours,

L. V. Prowse.

THE EMPORIUM

Dear Sir—
In reply to your valued favor of the 3rd instant will say that I am very much pleased to know that Mt. Vernon has such a wide awake citizen. Kindly spread any paper which makes mention of our business to send us a copy. You can also tell them that later on we will carry on an advertising campaign in their state that will re-imburse them for any space they may give us at this time.

Will further say that we have erected five Portland cement plants in the United States, and are more enthusiastic over the prospect in your county than we have ever been in any former proposition for the reason that nature has provided all the materials including the fuel, for the manufacture of the highest grade of Portland cement, which, by the way, does not exist at any other plant in the United States. To verify this belief, we expect to invest a million dollars at Pine Hill. I give you this information so that you may appreciate what you have in your own county. Usually "A prophet is not without his brother, Ramey, of near Mt. Vernon—C. L. Riddle and sister, Miss Minnie, of East Bernstadt, are visiting relatives at this place. ESCAPES AN AWFUL FATE.
A thousand tongues could not express the gratitude of Mrs. J. E. Cox of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough, she writes. 'Sometimes I had such awful coughing spells I thought would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now.' Quick and safe, it's the most reliable of all throat and lung medicines. Every bottle guaranteed. 50c and \$1.00. Trial bottle free at Chas. C. Davis'.
