NOTICE TO SUNDAY SCHOOLS.

The Rockcastle county Sunday School Association will meet early in July in Mt. Vernon. We are planning for a great convention, and want every Sunday School in the county represented. Please do not neglect this. Each school, at least, should attend, and bring all the teachers. It is going to be a help to every one interested in our girls and boys? And above all, let each school bring a good offering. It was resolved, at the convention last year, that each school be asked to contribute \$1.00 in order that our county appropriation which has been decreased, to only \$15 might be raised. Dear friends and fellow-workers, will it not be a great joy, to do our part in this glorious work? Watch for the program later.

HELPS A JUDGE IN BAD FIX

Justice Eli Cherry, of Willis Mills Tenn., was plainly worried a bad sore on his leg had baffled several doctors and long resisted all remedies. "I thought it was cancer," he wrote. "At last I used Bucklen's Arnica Salve, and was completely cured." Cures burns, boils, ulcers, cuts, bruises and piles. 25 cents at Chas. C. Davis.

"I simple can't stand the foot of an automobile horn!"

"How's that?"

"A fellow colleague with my wife in an automobile, and every time I hear a horn too I fear he's bringing her back."

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment affords relief in cases of rheumatism. Sold by Chas. C. Davis.

"If people get at heart of the telephone operator's real life. The telephone operator helps along the world's work. Each call may have its individuality, its surprises its share of tragedy or comedy."

One of the most tragic of French plays is entitled "At the Telephone." A man being called of his city office from his country home at night leaves his wife and children unprotected. The telephone rings. He takes down the receiver. The trembling voice tells him that burglars are in the hall. A scream follows. Fastened with horror, he hangs the receiver. The burglar enters the room and kills the woman.

Is there anything in all this world that is so important to you that you should not have it? You can't be sure of anything unless you have it. You can't be sure of anything unless you have it. You can't be sure of anything unless you have it.

THE BROWN MEMORIAL SCHOOL

closed Tuesday night, the most successful year's work, the school has ever had. In attendance, the number of boarding pupils reached the limit and the day pupils increased the number. The capacity of the school. The character of work done, was of the very highest, and those who have witnessed the closing exercises and have examined the display of work done in the several departments as offered for inspection at the Langston house on last Friday evening, are convinced of the thoroughness and excellence of the work which the students of Brown Memorial are doing. Not only in a literary sense, but in other lines, as well, including sewing, and that very important art, of which so few young ladies of this day know anything about, the art of the culinary department. The school has been all that the Principal, Miss McCord, could hope or wish for, this year, by reason of the fact that up until Christmas, the need of room made it a little difficult to handle the large number of students successfully, but now that the new class rooms, and rooming apartments are in readiness for the opening of school next September, those in charge expect greater and better results for Brown Memorial than ever before. With the exception of Miss Oskamp, the Domestic science teacher and probably Miss Dodson, the music teacher, the faculty for next year will be the same as for the year just closed. The closing exercises embraced the musical recital on Thursday evening, the undergraduate exercises Friday evening, High grade graduation exercises, Monday evening and Commencement, paper on Tuesday evening. The only graduate this year was Miss Bertha Laadrum. The class address by Pres. John C. Acheson, was an able and masterly presentation of the Life Triumphant, while the principal by Miss Dodson, and Miss Shaver and the vocal solo by Mrs. Smith of Danville were musical treats. Most all the members of the faculty and students, who have not already gone, will leave today or to-morrow for their respective homes. Miss McCord will leave on Monday morning of June for her summer vacation.

Frank Francis and Miss Virginia Brodhead were married last week at Mt. Vernon. The bride was Miss Mary Francis and the groom was Frank Francis.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of meadow roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are kept.

Mrs. Leta B. Haverly, of Zions, Va., writes: "I had been falling in health for two years—most of the time was not able to attend to my household duties. PINE HILL.

G. H. Reynolds' died on the 17, of May and was laid to rest on the 18th, in the Pine Hill cemetery. He leaves a wife and several children and a host of friends to mourn his death.

Mr. Editor it looks like that Pine Hill, will soon come to the front after being dead so long. The work has begun in earnest. There are quite a number of men at work opening the coal mines and making cross ties for the company, and there are 8 or 10 carpenters here to go to work on houses for the laborers and we understand that the company wants 40 or 50 men at once to work on the railroad track and other work.

Mr. Hutchcraft is here and several other gentlemen who belong to the company or represent the company. We learn when they get the plant in operation it will give work for 500 to 800 men. That will give us a town of from 4000 to 6000 population. Land is going up every day. Uncle George Doan sold A. J. Pike a site for the erection of a store house a few days ago. Have not learned the price he paid. Sam Reynolds has some lots in front of the Baptist church and has been offered a fancy price for them by several parties. Wm. Hansel has been offered a nice price for his property. Sam Reynolds is building a nice 3 room cottage on the hill next to Wm. Hansel's store. W. R. Thomas and Wm. Merdis are doing the carpenter work. We understand that A. J. Pike will commence his store house in a few days. He has the lumber

already sawed at Tom Paynes' mill. Tom Payne will move his mill on the company's land at once to cut lumber for them. It is to be hoped that in a short time we can hear several whistles around Pine Hill. As Mr. Sparks writes in last weeks paper, we hope to see a hotel in Pine Hill as well as Mt. Vernon. We have four stores now in Pine Hill and will soon have another one and we expect the company will build a large commissary soon. Then we will expect to keep all the business in Pine Hill that we can get. Then we can compete with our sister town, Mt. Vernon. Whoop up Pine Hill and help to push the good work on. It will prove a blessing to the county. Mrs. John Sears has come from Corbin to spend the summer with her sister, Mrs. Mary Hansel in Pine Hill.

Charley Baker and wife and baby are visiting his parents in Pine Hill this week. Buck Sower is here from Lebanon Jct. to see his father-in-law. His wife is with him. The Holy Rollers had one more time at the school house Saturday night and Sunday. Preachers Davis, Blackburn and Charley Scott preached and all hands shouted and danced the Holy dance. It was a jubilee with them.

ESCAPES AN AWFUL FATE. A thousand tongues could not express the gratitude of Mrs. J. E. Cox of Joliet, Ill., for her wonderful deliverance from an awful fatality. Typhoid pneumonia had left me with a dreadful cough, she writes. "Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for scarcely cough at all now." Quiet and safe. The most reliable cure for all throat and lung troubles. Every bottle guaranteed. 50c and \$1.00. Trial bottle free at Chas. C. Davis.

Foure is building a new residence on Main St. and is aiming his house himself. This may seem strange that a blind man could paint but he is doing a splendid job. —W. M. Preston has returned from Louisville. —J. A. Oliver was in Mt. Vernon Tuesday. We see in the columns of the SIGNAL a letter from Mr. W. J. Sparks and we note that he asked that a pike be built from Mt. Vernon to Pine Hill. This is all right but he stopped five miles too soon and we had a talk with Judge Lewis and he said it was certain that a pike would be built to Pine Hill in the near future and eventually to Livingston. We are not so much interested in the pike as we are in a bridge. Give us a bridge across the river and we will not name the pike. So you will find us camping on your trail until this is done. —Miss Nettie Rice has returned from Stanford.

One of the directors of the exposition is not in Japan. It is said that his majesty the Emperor Meiji will be in the city to the exposition. The board of lady managers, of which Mrs. Phoebe Hearst is honorary president, is independently taking up those phases of the exposition that belong particularly to women. The setting is being prepared. With impressive exposition structures rising from San Francisco bays, with sky and wooded slopes as a background and in the foreground a vast field of battalions of the world, the sight will be one of the magnificent spectacles of history.
