There were four present at the Saturday night hotel meeting and to the shame of Mt. Vernon, we regret to have to say that it looks like the proposition is a failure, although a faithful few still have hopes.

Our write up on the Winchester Granite Brick Co., whose plant is located at Dudley, one of Rockcastles big enterprises, was gotten up hurriedly and does not near do justice to the justice that its importance deserves.

Mt Vernon Lodge I. O. O. F. observed Memorial day Tuesday. Including visiting members over one hundred Odd Fellows joined in the march to the cemetery to decorate the grave of Bro. T. D. Mullins, the only deceased member of the local lodge buried in the county. The Rebekahs numbering about twenty also joined in the procession. Returning to the court house yard, refreshments were served and Rev. T. C. Duke, and Mrs. Roy Beasley, Noble Grand of the Rebekah's made interesting talks on the two orders. All the other lodges in the county except Red Hill, were represented.

Hiram Cox, aged about 67 died at his home near tunnel No. 5 Monday at noon after a few days illness. Burial took place at Pine Hill on Tuesday.

Word reached here Monday that Burdette Houck had married one week before. His bride is a Kentucky girl who lived in California where Burdette has a good position with a big lumber company.

The following officers of the Eleventh District Christian Bible School Association were elected at Pineville, last week for the ensuing year: Dr. M. L. Scott, Jellico, President; Chas. C. Davis, of Mt. Vernon, Vice President; Miss Ida Moore, Pineville, Statistician and Willie B. Myers of Pineville, Secretary. The next convention will be held at Jellico early in June 1913.

W. C. Kirby returned from Cincinnati, Tuesday morning with his head bandaged the result of blow which Kirby says he received when assaulted and robbed in the Queen City. At Stanton Saturday night, Hatt Mink had given Kirby \$50 in currency and his gold watch worth \$15 to keep for him. The money was all gone, which Kirby claims was taken off of him when he was assaulted, and the watch which was turned over to Mink Tuesday was battered in a way to show that it had been in a pretty severe wreck of some kind. Mink got pretty nervous about his money and watch but Kirby assured him that he would make it good.

W. H. Fish, the ever bustling manager of the clothing shoe store of J. Fish at Masonic Temple and "all around the corner next to court house" returned Tuesday after a delightful trip to Pineville where he attended the Eleventh District Christian Bible School convention which convened there last Friday. He is long in his praises of the lavish hospitality of Pineville's good people which was greatly enjoyed and appreciated by all the delegates and visitors to the meeting in that enterprising city. They were shown over the town and took in the sights of the surrounding country. One of the side trips included the famous Cumberland Gap. As is usual when he makes these trips, South of us, Mr. Fish stopped over at London, supposedly to retake the measurements of the Government building with possibly an idea of bringing one on to the same plan but probably of smaller dimensions. It seems that he looks the same unromantic quiet often.

The reunion of the McFerron family June 6th to 10th at the old home on Brezy Hill, near Pine Hill was very enjoyable occasion, bringing together all the members of five families. In addition to the children and grandchildren of Mr. and Mrs. McFerron, Mrs. Clara Lucy, sister of Mrs. McFerron, and her son H. A. Lucy and family were present. Their learning of the reunion happily surprised the McFerrons and made the occasion the home coming of two families instead of one.

Brezy Hill is only a mile from the place where A. H. McFerron of Pulaski county, Ky., became acquainted with Miss Sae Thompson, who came with her parents from McFerron, N. C. in 1866. This acquaintance culminated in a happy marriage on Easter Sunday April 9, 1871. They lived in Rockcastle county ever since, except for two years which was spent in Laurel county, all of the fourteen children, (twelve of whom are still living) were born in their own home.

Seven boys and seven girls were born to them, of which six of each are living. R. L. McFerron, lumberman, Mrs. E. B. Cox and Miss Georgia McFerron, teacher in Graded School, Mt. Vernon, Mrs. W. J. Childress of Hustonville, Ky., J. D. McFerron of the class of '12 Berea College, Berea, Ky., Mrs. Rose McFerron, Principal of High School, Alderson, Okla., Mrs. J. B. Coleman, Louisville, Ky., W. H. and Fred McFerron, machinists Louisville, Ky., J. S. McFerron, Christine and Roy of Brezy Hill.

The others present were Mrs. Clara Lucy and Mrs. K. Litton and Mrs. E. B. Bernstadt, Ky., Mr. and Mrs. H. A. Lucy and family of Rockwood, Tennessee, Mr. and Mrs. Eberhart and son B. B. Mary Alcorn of Mt. Vernon, Mrs. Mary Pencil of Pine Hill.

The excitement has begun to wax warm already. If you have never attended this Fair you will want to in this season. We all know the "Air ship" five twice each day.

Cull McClure says not more than two thirds of the yarns the SIGNAL is telling on him are true and he denies having made a getaway at battle of Bull Run but claims to have been where the bullets were thickest, (hidden under an ammunition wagon.)

Coming Home, is every member of the Christian Church next Sunday morning June 15th, to answer to roll call at first service of our two weeks revival, conducted by Rev. Watson, of Maxwell Street Church, Lexington, Ky. Geo. Tinsley.

Baptist Church Sunday June 16 regular services morning and evening. Sunday School at 10 a.m. Preaching at 11 a.m. preaching at 7:45 p.m. Teacher's meeting Tuesday evenings at 7:30. Prayer meeting every Tuesday evening at 7:30. Public cordially invited to attend all services. T. C. DUKE, Pastor.

An improved calendar for the use of the whole world is being advocated in certain quarters. The year is to have thirteen months of four weeks each, and New Year's day and the extra day in leap year are to be made each a "dies non" or no day. Then prayer meeting would begin with the same day of the week, and so would every month.

One of our local geologists predicts that within the next decade Rockcastle county, will not only be on the topmost wave, of prosperity but will have an immense amount of capital invested within her borders, in the mining and manufacturing of its vast mineral resources. He says further that there is an inexhaustible supply of materials for the manufacture of cement in all the hills of central and Eastern Rockcastle, and other valuable minerals. This same geologist predicted, a quarter century ago that Rockcastle minerals especially the stone and clays when developed, would prove great wealth to the county. His statements are being borne out by facts Dr. A. G. Lovell is the man.

The construction of the cement plant, at Pine Hill, which will cover something like ten acres, requires such a vast amount of work that it will probably be sometime in the summer of 1913 before the works are completed or near enough so to start the machinery in motion.

The raising of strawberries for market could be made a paying thing in this vicinity is well illustrated by the returns of one small patch in Mt. Vernon this year. Last year Rev. Geo. S. Watson set out on the Dormitory 500 straw, berry plants, making a patch 43 by 49 ft. This year the patch yielded 104 gallons of strawberries, which, if sold for fifty cents a gallon (the prevailing price here) would have netted more than \$50.00. On this basis, an acre of strawberries would have yielded about \$300.00. Surely the strawberry is a plant that the people of Rockcastle County should get better acquainted with.

Cleaning, drying, repairing and pressing. All work guaranteed. Our new gas must be satisfied or your money back. C. H. MULLINS, Over Bakers store. Mt. Vernon, Ky.

The Winchester Granite Brick Co.

The Dudley Plant

By James Maret.

"The Winchester Granite Brick Co., one of the largest enterprises of Rockcastle county is located at Dudley, Ky., on the L. & N. R. R. in the heart of the beautiful Rastara Kentucky mountains, with principal offices at Winchester, Ky. This company was organized in 1904 and the present officers are J. Hood Smith, President; J. P. Conway, Vice President; J. Harry Allen, Secretary, Treasurer and General Manager; Kovey Mullins, Superintendent of plant at Dudley. This company owns about fifty acres of land in Rockcastle county and employs from 35 to 40 men daily. The products of this plant are Sand, Lime and Brick.

The Dudley Sands are mined from the top of the mountain, coming up as sandstone which is conveyed by aerial tramway to the plant where it is run through a machine that pulverizes it to a sand. This sand is carried to a storage bin and is then ready for the market as a concrete sand. They also screen this sand for brick work, plastering, finishing of concrete etc., at a slight cost above that of the concrete sands. The machine used for the pulverizing of the sandstone is the American Pulverizer.

The Dudley lime is hauled from rock that is quarried at Dudley, Ky., and is a very superior lime. Their lime kilns has only been in operation about three years but they have built up a good lime trade through out Central Ky. When the lime kilns was first erected it was intended to only burn lime for the use but now they are being used if for the market in Lump lime in bulk, Ground lime and Plant of Lime in bulk and barrels. They make a very beautiful brick that is known as the Sand

WITHERS BIODHEAD.

Crops are looking very good considering the cool weather. A crowd from this place attended church at Piney Branch Sunday. Mr. and Mrs. George Mullins of Paris are visiting the latter's mother, Mrs. Mary French. Mrs. E. Mullins who has been an invalid for some time shows but little improvement. W. D. Mullins Jr., of Paris, is visiting his mother, Mrs. J. C. Mullins, and other relatives of this place. C. E. Mullins the hustling salesman was calling on our merchants Saturday.

Mrs. Emmett Quin of Livingston, is attending the bed side of her sister, Mrs. Emley Mullins, who is in a serious condition. Mrs. Ann Owens who has been with her brother, W. M. Mullins, will leave soon for the home of her daughter, Mrs. Geo. Griffin, of Cincinnati. Emmett Mullins and Herbert Anderson visited White Oak Saturday and Sunday. (Some striction). Vernon, visited their cousin, Cloyd Cummins, last week. Mr. and Mrs. C. A. Mullins are the proud parents of a fine boy. This is their sixth son. Mrs. Edger Owens is visiting her sister, Mrs. Sallie Mullins, of Teon. Mr. and Mrs. G. L. Mullins visited Mr. and Mrs. T. R. Mullins Sunday. Mrs. Lucy Young, of Versailles, is visiting her sister, Mrs. C. A. Mullins.

LEBANON JUNCTION.

Plans for extending the line in Pine Hill, first of week. Miss Angy Hunt of Mareburg, is with her brother here. G. E. Wallace, an old time locomotive engineer, died suddenly, at his home, in Corbin, last Monday morning. He pulled the throttle when the Lebanon branch of the L. & N. only ran to Livingston, in fact he was among the first engineers, on the branch. Some one has his dates badly mixed, about this being the "17 year locusts or else there are several sets, or divisions of "17 year locusts, in 1890 was a locust year, also 1907. The next appearance they will make will be in 1923, this is correct. The Mammoth Cave, special was very well patronized from here. Mr. Tyres Gentry and wife chaperoned a party of twelve including, Miss Carrie Payne, Eva Arnold, Miss Corlie Vito, Miller, Ellis, Mand Magruder and Carrie Farley, Messrs Elmer Carpenter, Arthur Thompson, P. Smith, W. H. Hammon, Pat Jenkins and Cleve Kidwell. Miss Farley came down from the little village of Livingston, to be in the crowd. They all report a pleasant time and give Mr. and Mrs. Gentry much praise for the interest they took in them. Mrs. Douglas Brown and Miss Lola Hayes are visiting in Gump Sulphur, Brodhead and Mareburg, this week. The K of P's have begun the erection of a large two-story building on their corner where they recently burnt out. The upper portion will be built into a hall and the lower into business apartments. Dr. J. E. Johnson aged about 60, after a lingering illness of heart trouble and other complaints, passed away at 8:15 o'clock, last Wednesday morning. He had been a practicing physician here, for a long time, was a friend of the R. E. Co's, Surgeon, Dr. O. E. Johnson, the leaves a wife and several children, says a policeman to a street crowd and who he heard of in the "Move on now," says the big, harsh mineral pills to bowel congestion and suffering follows. Dr. King's New Life Pills don't build up the bowels. They gently persuade them to right action, and health follows. E. C. Chas. C. Davis.

LEBANON JUNCTION.

Hilton of Stanford, was with her parents Mr. and Mrs. J. R. Cass Wednesday. H. H. Hutcheson is in Stanford, this week. Chief of Police Darby of Corbin, came down the first of last week, and took charge of Frank Vaughn, who was in custody of Ex-Marshall, J. B. Pike returned with him to Corbin. Vaughn is charged with forging an order on the firm of Ballard Bros., of that city, and we are informed that he has confessed his guilt. When Pike arrested the young man he had two or three suits of clothes on. It is hard for us to understand how a man could wear so many clothes in June. Mr. and Mrs. Cecil McClary of Troy, Ky., and Mr. and Mrs. H. B. McClary of Danmore, Ky., attended the funeral of their grandchild, Mrs. J. Smith at the Oak Hill burying ground, last Friday. Duke filled his regular appointment at the Baptist Church, Sunday and Monday. Mrs. Duke was here also. E. L. Brock of the Copper-Creek section, while attempting to get on or off a freight train, at Livingston Monday, got three of his toes mashed off. It is often that a ride of this character, is very near a ticked world. He had \$4 cents from Livingston to Brodhead, the doctor bill at Livingston was about \$30.00, and he is now under \$20.00 by the local doctors, which will add to the cost, saying nothing of being minus three toes. John E. Erana, was at home from Lexington, Saturday and Sunday. Ora Cass was up from Stanford, Wednesday. Mrs. J. J. Smith died at her home last Thursday at 8 o'clock p. m., and was interred in the Oak Hill Cemetery Friday, at 3 p. m. The family has her sympathy in this sad hour of bereavement.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
