PERSONAL

Ed Cox's baby is very sick. Chambers Oldham is in from Oklahoma. C. D. Sutton is in Louisville buying goods.

Mrs. Fanny Adams and little Travis Bethuram are visiting in Middletown. Mrs. C. S. Davis and children are visiting friends at Oxford.

O. T. Bryant rail road agent, Pine Hill has been at home for a week with Oscar his sick brother. "Squire" T. N. Noe looks natural back at his old stand at corner of West main and Williams streets.

A. H. Hamlin took his little ten year old daughter, Viola, to Dr. Pennington, at Bertha, last week, for treatment of throat trouble. Born to the wife of Alfred Owens, of Mareburg, a girl baby, but the little one only lived a few seconds. Mother doing very well.

Dr. Pennington, of Bertha, was in the Big Hill country, Sunday and Monday, to see Mrs. Radford, who has been seriously ill for some time.

Mr. S. H. Martin is very sick and has been for several days. We hope this splendid good man may soon be restored to his usual health.

Mr. Holt Richards was here this week, to see his brother cashier, W. L. Richards. He was accompanied by his daughter, who will remain over for a short time.

John W. Taylor the oldest dray in the county enjoyed the three weeks visit of his Louisville grand children, who returned to Louisville, a few days since via Wilton.

LOCAL

Clothing, Shoes, Hats and Dry Goods, the best in town, are found at Sutton & McElree.

Sanford Isaacs who was on trial at last issue of our paper, for killing James Allen was acquitted.

Sutton & McElree, the Leading clothiers, are now getting in their fall clothing.

McNew's threshing, drawn by traction engine, passed through town Wednesday afternoon from threshing Gus Staveran's wheat crop which resulted in 520 bushels.

Some enemy says Call McClure will spend a whole day whitewash on a highway pipe for a suspender button, and then get over come with laziness that he won't reach around and get the suspender.

Mr. J. E. Shoop, of Danville and his father-in-law, Mr. D. Phelps, of Barbours, were here Tuesday looking the situation over with a view of installing an electric light plant.

Circuit court will adjourn to-morrow

Many a man's best friends are those who know him best. W. A. Cox has sold out his ice business to J. G. Anderson.

A story minded woman is one who doesn't care a darn, whether her hat is on straight or not.

John E. Craig of near Quail, had 24 dozen bundles of oats threshed, and they threshed out 27 bushels.

Judge J. T. Griffin has purchased the half interest of the Adams heirs in the feed store of Adams & Griffin, on West main street.

Only nine persons have taken out hunting license in the county up to this time. The number will increase much faster when cool weather sets in.

The stockholders of the Mt. Vernon Fair Association will meet at the Court House August 31st at 7:30 p. m.

Do you know who will have to pay more than half the tax if bond issue is carried for building turnpikes? It's not Kockasack people. Make inquiries.

In the sweepstakes roadster ring at Broadhead fair, C. C. Davis' boy getting driven by Roy Beasley, took the largest premium awarded at that exhibition.

An error crept into our report of premiums, awarded at Mt. Vernon fair. For best bred, old fashioned corn pone, Sis Hiatt, colored, carried off the prize.

WANTED—Six or seven good minders. Also have two or three good horses for rent.

Mr. Sam Ward, who died at his home in Livingston, last week was buried in the churchyard at old Paintlick, Garratt country, where some of his children were born many years ago.

FOUND—During Mt. Vernon Fair, at depot, a violin and case. Owner can recover by paying for this "odd" and proving property.

For SALE—A CRUZE house on West Main Street. Terms very reasonable. I also have five shares of stock in the Bank of Mt. Vernon, which I desire to sell.

"Darl Boone" came in from Jackson county Tuesday morning disgraced. He left his coonskin cap and fence rail rifle under a brush pile by a big peach tree just beyond uncle Tink Muller's, and slipped into town before anybody got up. Guess he was under the impression "the grand jury had adjourned and thought it would be safe to make the venture."

Don't fail to read our column of "Why I am for the Bond issue for Pike." We hope to have an expression from you in the fewest words possible.

Notice—The Mt. Vernon Graded School begins Monday September 2nd. All mothers and fathers and persons, who are interested are invited. We expect to have some addresses by our good citizens of the town. The recent school law says all children between the ages of six and thirteen must attend every day.

Mrs. America S. Ward and family of Livingston, desire to express their heartfelt appreciation to kind friends and neighbors, who were so helpful and attentive to them during the illness and passing of the husband and father Samuel Ward. The family will ever cherish in their memory the sympathy and condolence extended during their affliction and sad bereavement.

A Mt. Vernon citizen claims that his potato and tomato vines are being overrun and destroyed by hordes of fleas and he dares not go into the patch for either vegetable, having been forced upon several times by attacks from sprayed insects. "I don't mention my name," he said, "but just put it on Call McClure's case and for anything and every thing." He proved his assertions on the vermin question, by displaying 30 flea hides of various dimensions.

OPPORTUNITY

The boys and girls, of our state now live in the greatest age that has ever been. We have reached the time when it can be said no more that I would educate and be a factor in the upbuilding of my county, my state, and my nation if I only had a chance.

The day has come when it is within the reach of every boy and girl, that he lives in the remotest part of his county, to receive the best education that can be had, and to receive it without money and without price. Poor boy and girl, it's for you. What better opportunity do you want? What more can you ask?

This has not been so in the past. We have often heard our parents relate the educational conditions of their childhood days—the poor school houses, poor teachers, poor books and poor methods, and when they had finished the common school there were but few, if any, higher schools, where they might attend and if there were higher schools only a few of the better children were able to enter because of high tuition.

We are glad to tell you boys and girls, that these conditions are past and we now have good school buildings, well heated and ventilated, more books and better books, better teachers, and longer terms, and when you have finished the common school the County High school is open to you. It is your school and you can attend it with our cost. When you have finished the County High school, you can attend the State normal at Richmond or the State University at Lexington, without paying a penny for tuition. So you see there is no excuse for the poorest boy or girl of Rockcastle county.

As you know, your County High school is located at Mt. Vernon. It begins September 2nd and continues for a period of nine months. It offers many advantages this year. We have a library in each department; athletics such as base ball, basket ball, tennis, track work, etc. for both boys and girls; music, vocal and instrumental; agriculture, so if you expect to farm you will be prepared to make more and better crops; some domestic science and manual training; and the academic course which prepares you to enter the Normal or University without any preparation.

All common school graduates may have these advantages without paying tuition. We hope all will take advantage of this opportunity. We urge all teachers to get into the school, and insist on the regular arrangements for pupils taking the examination for common school diploma and entering the County High school next year. Others may enter school here by paying a small tuition. We hope many of you boys and girls will make preparation to enter school here when your school is out in December.

J. S. IRVINE, Principal.

BROWN MEMORIAL SCHOOL

Fall term opens September 11th. Boarding pupils, unless otherwise notified are expected to arrive September 10th.

Kindergarten opens September 16th. In Langston Dormitory.

At the earnest request of patrons of the school, arrangements have been made to take a limited number of pupils in Primary grades.

Hours, 9 a. m. to 3 p. m. The Primary pupils will have the advantage of Kindergarten story hour and game periods, but will have regular lessons during the remainder of the day.

The policy of our school has been one of friendship for, and cooperation with the work of the Graded School. We expect to continue this policy and to move to be able to cooperate with its Board and Faculty in furthering the educational interest of the community.

Because we desire to act consistently with this policy, we do never solicited day pupils, but will welcome those who desire to enter our school.

Good roads mass meeting at court house Monday at 1 o'clock. Every body come. Ladies invited.

FALL OPENING TO-DAY. We announce our Opening Exhibit and sale of our famous FISH'S GUARANTEED CLOTHES. THE NEW PATTERNS. Are very attractive, and when you have a FISH suit on you can be sure that you'll be referred to as "a well-drest" man. FISH'S \$15 Patterns. ## Our First Year

**A**FTER our first year's business we were forced to enlarge our quarters.

The cause of this steady growth we believe is due to the policy of this store, and the quality of merchandise we carry. We have always felt that we owe a duty to our town and country as Clothiers as well as citizens. Our value to our town as a business enterprise is measured by something more than the way we give our support to the welfare and improvement of our town and country.

We have a definite and important function as Clothing Dealers; supplying our fellow citizens with a class of merchandise that's as necessary as food and shelter.

We have put your interest above ours, that every transaction would be an expression of good will. We believe our policy has made a place in the hearts of the many hundreds of satisfied customers. They realize that this store has rendered them and the community a service in handling such merchandise as

## CLOTHCRAFT CLOTHES Walk-Over Shoes and Stetson Hats

We have always kept two profits in view, a profit for you and a profit for us. No business eye really becomes great which is simply a profit-making machine for its owner.

We want your business and our policy to touch a responsive chord of understanding and appreciation in you that our future relation will be even more pleasant than in the past.

We extend to you an invitation to call and inspect the new Clothing and Shoes which are now beginning to arrive.

### Why I Am For the Bond Issue

**Dr. A. G. Lovell says:**— Every feature of our present civilization demands good roads. We can get them only by the bond issue.

**Ed Fletcher says:**— Certainly I am for the bond issue. I have had a little taste of a pike and I know what it will mean if we get them all over the county.

**Chas. Lear says:**— I am for the bond issue to get good roads. I am tired of riding over lime stone cliffs and mud holes, and never able to get any where. Give us the bond issue because it will never hurt any one and will help everybody.

**E. G. Baker says:**— I am for the bond issue and the pikes in Rockcastle county, because the corporations doing business in our county will have to pay a very large part of the cost of building of all our roads, because our farmers can pay the little increase in taxes for much less than they can afford to work the roads they can afford to work the roads they have no roads. Because the money expended to build roads will all be brought from other counties, and will be spent in our own county, thereby giving plenty of work at good wages for our farmers and their wives. Because the pikes will really make our farmhands bring double what they would sell for now. Because

our men with teams will be able to haul twice the amount on good pikes that he hauls on our poor roads at present, and not kill his team or tear up his wagon. A teamster's wages will be much larger on account of the increased size of the loads he will be able to haul.

Because I believe in being pike spirited, being a man, being for anything that will build up the county, make better citizens and promote prosperity and happiness. I could fill up your entire paper, Mr. Editor, with good reasons for being for good roads.

Let every good citizen in Rockcastle be up and doing and the victory is ours.

**Atty. E. R. Gentry says:**— I am for the bond issue, because it is the cheapest and quickest way to benefit all the people NOW.

**Marcus Sigman says:**— "I am for the bond issue, because that is the only way to get roads. We have no roads as it is and under the present system, we will never have any. Man will not do free labor on the roads, their only aim is to make the time. Give us the bond issue so we can have roads and then you will see our county begin to grow and our people prosper."

**Judge B. L. Bethuram says** of the proposed bond issue for Rockcastle:— You ask what I think of the proposition to vote a bond issue to build turn pikes in this county. I think the voters of Rockcastle will sincerely regret it if they allow this movement for real progress to fail. It is an opportunity to secure turn pikes at little cost to the individual voter, and absolute ly the only way to extend them throughout the county. Every one knows the value of pikes, hence further comment is unnecessary.

**M. C. Sowder says:**— I can make more hauling as the result of the three miles of pike and hurt my team and wagon less. I can make from 50 cents to \$1.00 per day more. Certainly I am for the bond issue to build pikes. I can't see how any body could be against it.

**Harve Chandy, Post master at Bloss says:**— The quickest and best way our county can be developed is by good pikes. I am certainly for the bond issue and will do all I can to carry it.

**G. S. Griffin says:**— I could assign several reasons why I am for the bond issue for pikes, but shall mention only one, and that is the benefit pikes will be to the farmers. Farms will almost double in value. Brother farmers, let us go to work for the bond issue it is to our own interest to do so.

**Chas. C. Davis says:**— To Pike Rockcastle would mean more to our county in the future than to any other place in the county.

**Wm. Sowder says:**— I don't flatter \$25. to be a pike, but the three miles of pike south of Mt. Vernon. In one month I have made \$25 more than I would have made had I been hauling over the old road. I am for anything that will get another mile of pike in the county. Give us good roads and then we can live like people.

**P. M. Rash says of the Bond Issue:**— "I am for the bond issue because as the result of having the few miles of pike south of town, I am able to earn 75 cents to \$1.00 per day more wagoning than if I had to haul over the old road."

## PIKE, Rockcastle THE SLOGAN

This Rockcastle county must have pikes is the slogan that is heard from the lips of every man, woman and child out of every hundred men you meet in Rockcastle. Last week, from the visitors at court, which included representative citizens from every section of the county, about the only thing that could be heard discussed was better roads and the plan for securing them. The demand was so great that a number of good roads advocates including representatives from nearly every section, met and decided to circulate a petition asking the County Judge to call an election for the purpose of voting on a bond issue of \$100,000.00 for the purpose of building pikes throughout the county. Instead of having to hunt for signers, farmers, business and professional men were hunting for the petition to sign and in less than twenty-four hours after the petition had been placed in circulation more than double the required number of signers had been secured, and to the great astonishment as well as delight, those who circulated the petitions only found out of over five hundred men approached only seven who refused to sign the petition and only three who said they would vote against the bond issue! The petition was filed Saturday and Monday being regular county court, Judge L. W. Bethuram made an order calling the election for Saturday, Oct. 12, 1912 as provided by the 101st act of the Kentucky Legislature. We need better highways and the people throughout the county are determined that we shall have them, for never in life have we seen such enthusiasm on any great question as there is for better roads in Rockcastle. A second meeting of these good road advocates was held Tuesday evening in the office of Judge L. W. Bethuram. There were present farmers, business men and professional men for the purpose of perfecting an organization for the carrying of this all important campaign into every section of the county. Judge B. J. Bethuram presided over the meeting. Chas. C. Davis was elected county chairman and Jas. Maret and E. S. Albright secretaries. Elected chairman for the several precincts were chosen as follows: East Mt. Vernon, W. M. Mathias and W. M. Sowder; W. Mt. Vernon, Gus Staveron and A. B. Farnish; Roundstone, J. H. Lambert, and Ed Sexton; Seaford Camp, J. W. Todd and W. M. L. Aville; Crooked Creek, Jones Barton and Albert Allen; Harlan, Orlando, Johnny Griffin and Louis Reams; Livingston, H. W. Bowman and Dr. W. L. T. Amx; Walnut Grove, Mill Deaton and Willis Bueche; Boston, P. H. Shotts and J. M. Craig; Brodhead, J. M. Adams and C. S. Armstrong; Johnstown, Harlan Moore and Sam Ross. The duties of these several precinct chairmen are to select any committees of as many men as they like, and more to give the use of their property to any of the

committees waging a campaign, the equal of which has never been known in Eastern Kentucky. Now, that every one may know just what is involved, we will state briefly the full facts. This election is for the purpose of taking the census of the voters of the county on the question whether or not the Fiscal court shall issue and sell bonds not to exceed \$100,000.00 for the purpose of building turnpikes. Whose shall these pikes be built is the next question. The first would be from the Laurel to the Lincoln county line and from the Madison county line to the Pulaski line with such connecting lines as found would justify. Whose are these bonds to be paid and how? These bonds will be 4 per cent bonds, payable in thirty years, and will be paid by taxation. The latter question is the great bug bear to so many, taxation. How much tax can be levied each year asks another. The statute provides that only 20 cents can be levied for this purpose and not a cent more, not even a poll can be levied for a bond issue. Therefore the man who has a farm worth \$1000 can only be taxed \$200 a year, for the pike bonds, and the man who has no property at all will never pay a cent of tax. Now what is the solution. These bonds are sold to parties out of our own county, the money brought here and paid out to our own people for work on these pikes, the county will have the pikes, a blessing which no one can estimate. Who is for the bond issue? A careful survey shows that 95 per cent of the largest taxpayers in the county are strong for the bond issue. Why? Because the benefits of good roads to pikes will be twenty times more to them than the little bit of tax they would have to pay. Those who haveless property for taxation are for it because the amount of tax they would have to pay, would be nothing compared to the benefits which they would derive from having pikes and those who have no property should be for the bond issue man to a man. It would not cost them a penny, and they would be the ones principally who would get the money to work on the new roads. Think gentlemen, look what other countries are doing. Let us get in the wagon of progress and do that which we can and which will mean so much to us and the rising generation.

MEMBER OF KENTUCKY PRESS ASSOCIATION

CHAS. H. B. CHASE, one of the most noted masons in Kentucky and for thirty years secretary of the Grand Lodge, died at his home in Louisville, Monday morning as the result of an attack of pneumonia. He became a Mason in 1867. He was 75 years old. He has written many texts and explanations of Masonic law and lore and is regarded as the highest authority in the country upon those subjects. He was one of the founders of the Masonic Widows and Orphans' Home in Louisville, and was for many years secretary of the Board of Trustees of that institution. Civic and military and Masonic distinctions have been showered upon him in proportion both at home and abroad. Dave Jackson, Grand Master of Kentucky Masons was called to Louisville, from here he telephoned one day last week, on account of the illness of the Grand secretary whose death is mentioned above. The burial took place Wednesday in Cave Hill.

John D. Archibald, chief mogul of the Standard Oil Co., corroborate by Senator Penrose, says his company contributed \$25,000 to Roosevelt's campaign fund in 1904 and because the amount was not raised, an attempt to raise a quarter of a million that the president put prosecution on foot, out of revenge, which forced the dissolution of the Standard Oil Co., Teddy comes back at 'em and calls them "liars." Is a pretty kettle of fish, a nasty mess, along with many other indignities of the party so long in power sends no stench reaching beyond the clouds. The peoples prayers for relief will be suitably answered next November when Gov. Wilson will be triumphantly elected to the presidency and proper alleviation given.

Our friend Iob Hagerty only views the pile question from one side. He says piles would increase the value of property and lands therefore taxes would be higher. He should understand the many advantages accruing at the same time. Markets are opened for the sale of surplus products. You have a way to reach the markets all the year around instead of being debarred five months out of the year by impassable roads, and hot light leads can be hauled, the other seven months owing to condition of the neglected highways. The actual money value to be gained would pay your taxes several times over and then some.

While unable to please all the members of his party in his writings or even trying such a difficult feat, it is an evident fact that Miss Henry Waterston is the greatest and bravest Democratic Editor in America. At times he says and does things that many of us do not sanction, but that doesn't appreciably mar or dim his renown as a man or writer. He is one man that can see farther into a grindstone (the future) and predict coming events (political) than any other of our illustrious writers.

Well what a mix the regulars and meeces are making of it before the congressional investigating committee. Poles fetters and pantsing at each others throats. Liar, thief, villain and scoundrel are some of the lighter epithets passed and repeated.

It is claimed that ninety percent of the republican vote of Boyle county is Bull Moosey.

Kayserberg will give Wilson and Marjorie a paralytic of \$25,000 in November, 1912.

Gov. Wilson will not make an excuse for his behavior.

NOMINATION BLANK GOOD FOR 1,000 VOTES

Name P. O.

GENERAL WILLIAM BOOTH, who died in London, England, last week, accomplished wonderful work for mankind. He was the founder of the Salvation Army. He was a Methodist preacher and failing to get the church's consent, allowing him to be an evangelist he withdrew and began preaching on the street corners of old London. There are now members of the army in every civilized country. Within one year, more than six million persons were supplied with beds, and during the same time twelve million were fed.

The Big Bull Moose is the cleverest vote-getter our country has ever known. He is infinitely resourceful and those who think that he has entered the campaign a defeated candidate will be awakened from their pleasant dream when the results have been lost. Nor will much if anything be gained by attacking Col. Roosevelt's insincerity or trying to incite the opinion that his platform is a mere bundle of bids for votes. Whether that be true or not will make very little difference if the voters believe that he will fulfill the attractive promises he now holds out.

Some of the republican brethren express the fear that if the bull moose conditional candidate is elected in the 11th district that some of the county officers may be later filled by democrats and to prevent such a calamity, then propose to head it off by attempting to show that Seavy's great grand father, once traded jack knives with a neighbor, on a Sunday away down in Tennessee.

The Danville Advocate man is meant. The old man is lonely because his wife has gone to the summer resort, he does not honorarily need to give a party in honor of his stenographer. Better have the deacons of the church up to talk over plans for the prayer meeting.

SENATOR BRADLEY has secured from the government two old cannons which will be placed in public square at Lafcoster. Probably the Senator means to use them to rid the county of mosquitoes.

In their big scrap the regala are being so badly tossed by the democrats that neither faction has much time to spare upon the democratic camp.

LIVINGSTON.

Sam Stallworth has moved his family from Highland Park to our town and will make this his future home.—Mr. and Mrs. James McGuire, of East Bernstadt, are visiting their daughter, Mrs. Myra Carter, at this place.—Miss O. R. Foley, of Paris, is visiting relatives here this week.—Master George Sambrook, of Louisville, is with relatives here.—Miss Sallie Cook, after a pleasant visit with her cousin, Miss Lydia Cook, has returned to her home at Jellico, Tenn.—Miss Nettie Rice and Miss Eslo Pike has returned home from Brodhead.—The road surveyor has called the hands together to serve six days breaking rocks in the mud holes on our division of the country road. How long, oh, how long will this piece of foolhardiness go on? D. go to the Vernon place, what a contrast.—Mr. John Provas and Miss Louisa Kirby were married at the residence of the bride's mother on Sand Hill, August 25. Rev. Jason Roberson officiating. May peace and joy abound.—Died, August 27, Mrs. W. M. French, after an illness of several months she leaves a husband and eight children, two girls and six boys, and a host of friends and relatives to mourn her loss. She was laid to rest in the family burying ground at Harrison Buttes, on Rockcastle river, to await the resurrection.—Married August 26, Miss Laura Sams and Duran Overbay, at the residence of the bride's parents near Sand Hill. May a long and happy life be theirs.—Our town marshal is working on the streets again but they can never be what they once were.

Geo. Pope.—Mr. L. H. Davis was in Mt. Vernon, Monday, on business.—Well, the World's Fair, at London, begins to-day (the 27th) and a great time is expected.—R. B. Sams was in Paris, Monday.—D. C. Ponder is attending court at Mt. Vernon this week.—On August 22nd, Mrs. L. G. Fahn presented her husband with a fine ten and a half pound boy. Mother and babe both being well.—Mrs. C. H. Rip and daughter left for Paris, Ky., Wednesday, for a few days' visit with relatives.

INTERNATIALLY GREAT TENTED ENTERPRISE It takes a regiment of laboring men to set up the Great Sun Brother's White City, commonly called tents, in less than three hours, which is pronounced remarkable by those who have watched them. The building and tearing down of a tented city like this is one of the most interesting sights in the world.

America is the great show country, because nowhere else on the globe are the people supplied with so much money. The seal of approval has been placed upon this big tented enterprise in all of the leading towns and cities, and those who have never witnessed the performances of the Sun Brother of Post Graduate High School Elephants will be astonished. They are now appearing for the first time this season, and with the assurance that nowhere can their equals be duplicated. They are a study for the naturalist, a theme of thought for the philosopher, a source of pleasure for the children, in fact, a source of surprise for every body.

The other "Big Top" feature are all huge bits, especially the Electric De Komus, High Air or Butterfly Equitation Artists from the Coliseum, London; the Cevenne Trompe, from Paris, France; a quintette of sensational high tight wire acrobats; Herman Griggs and Miss Blanche Reed, in a new equestrian departure; twenty first class classes, among the best in the arena profession appear at stated intervals; the Royal Court Japanese Company, direct from the land of the Mikado, present many new and diversified Oriental specialties; Comical Charley, barnet, champion burlesque rider in new ideas fifty other men, women and children performers take part, the pick of the show world.

The menagerie and wild beast department is augmented this year with many and diversified Oriental specialties; Comical Charley, barnet, champion burlesque rider in new ideas fifty other men, women and children performers take part, the pick of the show world.

James K. Polk spent the early part of his life helping to dig a living out of a new farm in North Carolina. He was afterwards a clerk in a country store.

Miford Fulmore was the son of a farmer and his home was a humble one. He learned the business of a clothier.

James Buchanan was born in a small town in the Allegheny mountains. His father cut logs and built the house in what was then a wilderness.

Abraham Lincoln was the son of a wretchedly poor farmer in Kentucky, and lived in a log cabin until he was twenty one years old.
