Ladies Suits at prices to suit you at Fish's.

Ladies Rain Coats up to \$15 and low as \$4 at Sutton & McBees.

Dr. M. W. Phillips, of Stanford, and Miss Fannie Reid, of Crab Orchard, were married on the 10th.

Buster Brown shoes for boy for girl best school shoe in town at Sutton & McBees.

Martha Griffin, age 13 years, daughter of Geo. Griffin, of near Green Hill, died of typhoid fever.

Men, women and children's union suits or anything in the underwear line at Sutton & McBees.

Dave Jackson the retiring Grand Master, of Masons of Kentucky was elected Grand secretary at the meeting in Louisville this week.

The International convention of the Disciples of Christ held in Louisville this week was attended by delegates from nearly every country in the world.

Spectacle and nose glasses scientifically fitted while you wait at living rates by S. C. Franklin at near Main Street shop, Mt. Vernon, next door to Johns McKenzie, advz.

The Rev. J. F. Ameron, State evangelist closed a two weeks meeting at Oak Hill Sunday with 24 additions. Twenty-one of the number were by confessions and three by letter.

Gov. J. C. W. Beckham will speak upon the issues of the day in Mt. Vernon at 1 o'clock p. m. Tuesday, October 22nd, 1912. Come one, Come all, the ladies re, especially invite.

The report from all over the county show not, improvement in relation to the good road matter. Voters are telephoning, writing and coming into headquarters to offer what ever assistance possible to promote this great move.

Good Road speakers have been going day and night for the past ten days and from every section comes most flattering reports except one precinct that of Brodhead, where the sentiment is very strong against the Bond issue. A poll of the county has just been completed which shows conclusively that the bond issue is going to carry and by a good safe majority. However we want to urge upon all good road advocates to keep up the fight, don't get over confident and lose any ground that has already been won. Keep on fighting till the last and victory is just as certain as that the day follows the night.

Attempt to assassinate Ex-president Theodore Roosevelt on leaving his hotel at Milwaukee, Monday night, for the auditorium where he was to speak at 8 o'clock just after taking his seat in the automobile which was to take them safely through the anxious crowd. There rang out with loud report the shot from a would-be assassin by the name of Schrank as the ex president raised to acknowledge the many cheers from the waiting crowd. It was thought for some time by those who were in the immediate crowd with Ex. Roosevelt, that the bullet had missed him, and it was after some of his friends noticed a whole in his overcoat that Mr. Roosevelt himself knew of his wound in the right breast. It is reported by everyone that he never will be again wounded as he is surrounded by a great host of protectors, by a great host of friends. It is hoped by all that he will immediately recover.

MT. VERNON GRADED SCHOOL.

We wish to take this opportunity to thank the good women of our little town for the splendid dinner which they served at the school building Saturday also the Mrs. Brown Memorial for the interest she showed us and for the aid she gave us.

The basket ball game was interesting and exciting throughout altho, Brodhead had no showing at any stage of the game. The final score was 21 to 1 in favor of Mt. Vernon Graded School. We are very much encouraged over the first victory and expect to have a splendid year. Later we will give a schedule of the games for the year. We expect games with London, Corbin, Berea, Richmond, Stanford and Brodhead. The girls are being trained daily and will be in form soon.

Mrs. Fishback has a class in sewing on Saturday afternoon of each week. Several are taking advantage of this opportunity. Others may join. It is free to all pupils. Mothers see that your children are members. Classes will be started in Manual Training and Domestic Science soon. These will be free and will meet on Saturday.

Our present enrollment is about 200 hundred seventy. Eight new pupils came in Monday. We expect to reach three hundred twenty-five this year.

W. M. BULLOCK SPEAKS FOR GOOD ROADS.

Dear Editor:—

I feel constrained to say something to the good people of Rockcastle county and the readers of the SIGNAL in regard to the good roads movement. Now, I am for good roads and the bond issue to build them, because it is the only way to get roads. I will try to tell you in a few words why I am for good roads. I think we are as much entitled to them as we are the good paved streets above and as responsible if we fail to get them. Without the effort we are sure in both cases to fail. Now dear taxpayer before you cast your vote against this issue, think how it will cost you and what a relief it will be when the burden is lifted from the poor poll taxpayer and the man who by reason of his six days work on the road pays the largest road tax of any other class of people in the county. Nearly every man gives us his coat and if you want good roads, you are certainly not voting what you preach, if you vote against the Bond Issue.

Now my friend tax payer, if you don't vote for the bond issue, I feel like we have not voted out will for our will is for good roads and it will fall to you that way. I am almost daily view must have swung us to the left on the issue. My dear friend poll tax payer, 11 cts. to 45 cts. tax payer, who are more benefited than any body and who counts in number 2180 persons, who as a whole would only pay \$300.04 tax and to value six days work each year at \$1.00 each, makes a total of \$13,134.00 that this same class of people pay for tax. Now can you stand for that? No, I see that we are benefited and I believe that our people will see it that way on Oct. 26 Years for good roads.

W. M. BULLOCK.

ORDER ROCKCASTLE, CO. COURT Sept. Term Sept. 23, 1912

Whereas on the 6th day of Sept. 1912 a petition was filed in the office of the County Clerk of Rockcastle County signed by 20 legal voters of the voting precinct of Rockcastle County asking a submission of the question whether cattle or any specie thereof shall be permitted to run at large in said county. It is now ordered by the court that a poll be opened in the voting precinct at the general election to be held in said precinct on the 5th day of Nov. 1912 for the purpose of ascertaining the will of the voters of said precinct upon the question whether or not cattle or any specie thereof shall be permitted to run at large in said precinct.

FORTUNES IN FACES

"There's often much truth in the saying 'her face is her fortune' and it is never so open plainer than in the case of other skin eruptions. Buckley's Arctick Salve cures it. Impure blood is back of them all and it is the only way to get the skin clear. Dr. King's New Life Pills. Dr. King's Health and Beauty Pills.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by Chas. C. Davis.

Our local telephone exchange will issue a new directory next week. Notify manager if you are going to have a home installed soon, so your name may be included in the book.

Biliousness is due to a disordered condition of the stomach. Chamberlain's Tablets are essentially a stomach medicine, intended especially to act on that organ, to cleanse it, strengthen it, tone and invigorate it, to regulate the liver and to banish biliousness positively and effectually. For sale by Chas. C. Davis.

Solomon says that the borrower is servant unto the lender. If this applies to one who borrows ideas says The Commoner, Mr. Roosevelt does not recognize the obligation, for he has not only borrowed from the Democratic party as few public men have borrowed from an opposing party, but he has shown himself strangely ungrateful for the ideas taken. Of, course, it will not be contended that an idea can be patented—it is the only thing in fact that is not subject to monopoly. Even Mr. Perkins, with all his fondness for the present would not contend that a monopoly in ideas could be formed and made subject to regulation by a Bureau appointed by the president. Mr. Roosevelt, however, has won his popularity by the advocacy of the same previously advanced by the Democrats, and still he is all the while assailing the Democrats bitterly and has shown toward them a hostility that is hard to explain.

The best plaster. A piece of Daniel's plaster, a piece of Chamberlain's Liniment and bind on over the affected parts is superior to a plaster and costs only one tenth as much. For sale by Chas. C. Davis.

LEVEL GREEN.

Mrs. John Robins and little daughter, Mildred, are visiting relatives at Pineville. Mrs. N. J. Reynolds returned to her home in St. Louis, after spending the summer with her daughter, Mrs. J. F. Watson. A. M. Hiatt, W. E. Gravelle, Julian Bridges, W. H. Anderson, R. L. Smith and John Robins, are attending the Grand Lodge of Masons in Louisville this week. John Evans was at home the first of the week. Mr. and Mrs. A. M. Hiatt, John and Walter Robins spent Sunday afternoon with Mr. and Mrs. R. E. Smith in the Hiatt Section. C. C. Howell was down from Livingston the first part of week. Joe Riddle of Walnut Grove was in town Monday. A. E. Albright and daughters, Misses Lena and Nina are in Cincinnati this week. Lee Carter has returned home after visiting the relatives in Shelbyville. He returned home, by himself this time. P. A. Shelton and little son, Reece, was down from Williamsburg first of the week. Mrs. Frank Brooks, of Harlan, is with home for a few days. Mr. and Mrs. J. B. Parris spent a few days with relatives at Waynesburg last week. Misses Minnie Gentry and Clyde Watson and Prof. S. L. Likins and Tanton attended the Teachers Meeting at Crab Orchard Friday last week. Misses Mary Proctor and Mattie Owens were in Mt. Vernon with relatives Saturday and Sunday. Mr. Granville Owens attended the Teachers meeting at Mt. Vernon Saturday. Mrs. J. H. Francisco, of LaFollete, Tenn., is spending a few days with her sister, Miss Jewel Francisco. Mr. and Mrs. J. E. Sumner have returned to their home in Asheville, N. C. after spending the summer with their daughter, Mrs. J. M. Clark. The Basket Ball team of the Hiatt Section played against the team at Mt. Vernon Saturday. They returned home with a bad look. Do you know why? Misses Gertrude Martin, Clyde Watson and Minnie Gentry were in Mt. Vernon between trains Saturday. Miss Nancy Vaughan and Hoyt Ranner were married in Mt. Vernon on Friday of last week, their many friends, wish them a long life of happiness. Miss Hazel Reynolds was down from Mt. Vernon from Friday until Monday. James Pike entertained a number of young people Tuesday night in honor of his pretty and attractive cousin, Miss Roberta Pike, of Oklahoma. Misses Pearl and Captola Tyree were in Crab Orchard last week. Miss Doll Owens was in Mt. Vernon of our children the prosperity of

the farmer and the welfare of the nation, in general, depend, to a great extent, upon the condition of the roads and this being the case, we should all be interested in this great movement.

The farmer should be interested because good roads would increase the value of his land, would enable him to market his crops with less expense, would enable his children to be more punctual in attendance to their respective schools, and would enable those who live within any reasonable distance of a high school or graded school to send their children to them without being burdened with a board bill. It would, also, help both young and old ridgely by placing churches within reach of all.

Of course good roads would have a greater blessing to the farmer than to any other class of people, but I wish to say that good roads would be encouraging to the doctors and to the ministers in their great work. But roads often do them on their missions and thus cause them much sorrow and disappointment.

If we had good roads it would encourage commerce by bringing the farmer and merchant in closer contact and I am sure it would prove beneficial to both. I wish to appeal to all of my friends and visitors to support the issuing of bonds for the purpose of building good roads in our county, and in my opinion, all who do not support this cause are voting against the welfare of the people in our country in general.

Yours for better roads, C. L. RIDDLE, Cove, Ky.

A LOG ON THE TRACK of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hesselman of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at

Owens a few days this week. Lena Albright was down from Mt. Vernon, where she is attending school. Mrs. H. H. Hutcheson is spending a few days with her husband at of young people Tuesday night in honor of his pretty and attractive cousin, Miss Roberta Pike, of Oklahoma. Misses Pearl and Captola Tyree were in Crab Orchard last week. Miss Doll Owens was in Mt. Vernon of our children the prosperity of

TO CHAS. C. DAVIS:

Having read a great deal in our county paper, The Signal, in regard to good roads and, also, because I was born and reared in the good old county of Rockcastle, I have been extremely interested in this subject and feel that it is my duty to say something in regard to this matter. We all know that the education of our children the prosperity of

THE PIKE FAMILY REUNION.

The above picture shows the Pike family reunion held at Brodhead, on Sunday, September 29th, showing one hundred and one members of that large family present and there were eighty-five who were not present. It was the effort of Rev. A. J. Pike in bringing all the members of the family together and at his home in Brodhead, the reunion was held. The members here represented are descendants of the late Jacob B. Pike, who came to this county in 1802 from the State of Tennessee and who, until his death, not so many years since, was an honored citizen of the county. He was the father of a large family of children, all of whom are still living. Rev. A. J. Pike of Brodhead, Ky.; W. C. Pike, Palmetto, Ky.; B. M. Pike, Frederick, Oklahoma; Mrs. Mary Jane Brannaman, Cupp, Tenn.; Mrs. Sarah E. Relford, Pine Hill, Ky.; M. J. Pike, Livingston, Ky.; J. B. Pike, Pine Hill, Ky.; R. P. Pike, Blanton, Ky.; Rev. E. K. Pike, Taylorville, Ky.; Mrs. Margaret Cooke, Los Angeles, California; Jacob E. Pike, Livingston, Ky., and G. W. Pike, Lebanon Junction. All the above named brothers and sisters, with their wives and children, and grand children, were present, making the total of the one hundred and one shown in the group. From every part they came to attend this reunion and for several days before hand, nearly every train arriving at Brodhead brought from one to ten members of the family to enjoy that blessing and happiness which had not been experienced for many years, and which will never be again, as it was upon this occasion, as one of the number shown in this picture has always desired, to his reward. On Sunday was the reunion proper, which was held at the Brodhead fair grounds, consisting of a basket dinner, music and preaching, which was enjoyed by hundreds of people. No one was ever happier than the Rev. A. J. Pike, who caused the coming together and it is the sincere hope of his many admiring friends in this and other counties, that the life of this useful and ardent advocate of the only Nazarene may be spared for many years to come and that in his declining years he may be the recipient of many such pleasing occasions.

MEMBER OF
KENTUCKY PRESS ASSOCIATION

SPOTSVYLVANIA COUNTY Virginia was the scene of the battle of Fredericksburg in December, 1863, of the battles of Chancellorsville and Salem Church in May, 1863, and of the Wilderness in May and June, 1864. No other given amount of territory in the world over has known to a like extent the full horror and cost of war since modern warfare was instituted. If there is any county in the South that can with reason plead poverty as an excuse for lack of progress it is the county of Spotsylvania, where an impoverished people have for fifty years been struggling to wrest a living from an impoverished land. And yet Spotsylvania, to the shame of the majority of counties in Kentucky, is making no plea of poverty. Three years ago its people voted a bond issue for the building of good roads.

To day Spotsylvania county is saving nearly \$100,000 yearly in haul bills.

The testimony of Spotsylvania would seem to supply a convincing argument that there is no county in Kentucky that cannot afford to build good roads.

NATHANIEL Deaton has found a sure remedy for the tobacco habit. Nath says that for years he was a slave to tobacco, and after trying a number of so-called "cures" and getting no relief, he threw his tobacco away and quit—a remedy which never fails to effect a cure.

THINGS are getting so cramped in the Anasias Club that the unfortunate inmates are sleeping two in a bed, and even the bath tubs and pool tables are doing cut duty.

There seems to be quite a number of voters footing on the fence as respecting congressional race in the 11th. Probably the air will be changed some-what within next two weeks.

JOHNSON of California, declares he would rather be a live governor than a dead vice president, and it is among the possibilities that Hiram will have his choice fulfilled.

The registration in the Grand Old Commonwealth does not hold out a super-abundance of hope to the stoniest wing of the G. O. P.

A **MISSOURI** editor says Wilson is standing on his record; that is sitting on his, and Roosevelt calls you a liar if you mention his name.

REPUBLICANS are hoping that the physicians who are doctoring Roosevelt's throat will prescribe several years of quiet.

GRONK Ade's advice will soon be utilized: "Claim everything until the racket is in, and then shoot fraud."

If candidates were required to prove every campaign utterance there would be fewer campaign speeches.

When David said, "All men are liars," did he have the present campaign in mind?

INTERESTED PARTIES VISIT PINE HILL. (Louisville Times.)

Followed upon the honor of Rockcastle county's hills has been found a great wealth of limestone shale and coal suitable for the manufacture of a perfect grade of Portland cement, and at Pine Hill work is now under way for the erection of a modern plant with a minimum capacity of 2,000 barrels daily. While the preliminary work has so far been completed, the originality of the plan for cement in the foot hills of the Kentucky mountains was well exemplified in the

of hydrated lime, the commercial value of which is well known, as is the big demand for this product will be available by April 1 next.

A costly phase of coal mining which the hilly regions are right in greater or less quantity in the roof of entries and drifts. This cost is obviated to the Kentucky company by reason of the good value of timber with which its hills are wooded. Its mile or more of standard gauge railway connections if built upon cross ties of excellent quality at the rate of eight cents each upon the right easements against sixty cents each upon the open market. Several thousand feet of tramway, of course, a much smaller lot, have been constructed at a much less time cost than with timber, coal, shale and limestone at hand, the company is hastening its construction work in order to get into a market which is now some thousands of tons short in its supply, with no stocks on hand. Even in the Lehigh Valley district one must order from thirty to sixty days in advance in order to get measurably sure of deliveries.

ENTHUSIASM IS ROUSED.

The raw materials at hand to the Pine Hill plant must be of an unusually high order, because they aroused the enthusiasm of the Louisville visitors when Superintendent Dreisbach pointed out the British Thermal value of the local coals by certain traits discernable to the expert eye and the myriad plethoric crustaceans imbedded in the limestone—these shells being almost pure lime, and composing a high percentage of the bulk of the rock itself. Whole mussel shells are outlined in rock and coal lumbered the cat in which the party moved.

As Sept. Dreisbach's chief lieutenant is man behind the gun at the works is Miles Stieckle, electrical engineer, and one who has a big part in the erection and operation of the two latest and most modern plants on the Lehigh Valley district. Mr. Stieckle sees each step taken in the organization of the big, new plant, and keeps in close step with it. He has very little time to talk about his work, but in the Pine Hill plant, a commercial grade of limestone, the first importance, Mr. Stieckle is the man to whom Mr. D. Eisbach

ORDER FOR ELECTION

For Bond Issue To Build Turnpikes

Rockcastle County Court. August Term, August 2, 1912

It appearing that a petition, signed by more than 150 legal voters who are free holders of Rockcastle County, was filed in the office of the Clerk of the Rockcastle County Court and with the Judge thereof on the 24th day of August, 1912, asking that an election be held in said county, October 26th, 1912, for the purpose of submitting to the legal voters of said county the question of whether the Fiscal Court of said county shall issue and sell the bonds of said county in an amount not to exceed the limit allowed under the Constitution and the Laws of the State of Kentucky, and under no circumstances for an amount greater than \$100,000.00, said bonds to be sold and the proceeds arising therefrom to be used in building and constructing turnpikes throughout Rockcastle County and through territory to be hereafter designated by the said Fiscal Court, and the Court being sufficiently advised, orders that said election be held at the time and for the purposes stated in said petition, and that T. J. Nicely, Sheriff of Rockcastle County, be and he is hereby directed to cause a poll to be opened and an election to be held in the County of Rockcastle on the 26th day of October, 1912, which day is more than 60 days after the filing of said petition in said office as aforesaid, and he will cause the poll to be opened in each and all of the voting precincts in said county; and he is directed to advertise, said election and the object thereof at least 30 days next before the day thereof in some newspaper having the largest circulation in the county and also by printed hand bills posted up at not less than four public places in each voting precinct in the county after the first of said day. A legal voter of said county shall be privileged to vote at said election.

It is ordered that court adjourn.

L. W. BERRAVER, Judge Rockcastle County Court.

A true copy attest:
S. E. BOWMAN, C. R. C.

Notice is hereby given that in obedience to the above order of the County Court of Rockcastle County, I will cause an election to be held at the time and place indicated, from six o'clock a. m. until five o'clock p. m. for the purposes set out in said order; to-wit, for the purpose of submitting to the legal voters of said county the question of whether the Fiscal Court of said county shall issue and sell bonds of said county in an amount not to exceed the limit allowed under the Constitution and the Laws of the State of Kentucky, and under no circumstances for an amount greater than \$100,000.00, said bonds to be sold and the proceeds arising therefrom to be used in the building and construction of turnpikes throughout Rockcastle County and through territory to be hereafter designated by said Fiscal Court.

gives his orders, and as a consequence of this intimate association with the property and the work his judgment is of big value. He is enthusiastic over conditions which obtain.

The rock, also, is low in moisture though the plentiful supply of coal would make drying processes cheaper than with less favored places. It breaks in a cubical form, which is ideal for manufacture, according to O. S. Corneliusen, the engineer at present in charge of the field work in the construction of the plant. Mr. Corneliusen is a Norwegian, schooled in the pains taking care of the old world, admirably leavened with the eagerness for result acquired in the New and he also has enjoyed a broad experience in the construction and reconstruction of cement plants, witnessing the errors of others and devising plans by which to obviate them.

OUTLINE IS SURVEYED.

For the pleasure of the Louisville visitors, Mr. Corneliusen surveyed the entire outline of the plant on Saturday and had its outline marked in line, so that each process could be visualized. The big plant will extend a thousand feet or more along the valley mentioned and after the material started it will make no retrograde movement. It will be conveyed into storage at the completion of the process, ready to be loaded upon cars after the period of season. Storage capacity will be provided for far more of the product than ever is likely to accumulate.

The Louisville visitors went to the plant under the lead of J. A. McCarthy, who is resident director of the company with local headquarters. Mr. McCarthy is enthusiastic over the prospects for Kentucky development, and he believes that the visit to the splendid property will cause that men prominent in Louisville's commercial life to see ways and means for greater interest in Kentucky development in the near future.

A TEXAS WONDER.

The Wonder Cure for Asthma and bladder troubles, removing gravel, cures diabetes, weak and lame backs, rheumatism and all troubles of the kidneys and in both men and women. Regulates bladder troubles in children. Not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle in two months treatment, and seldom fails to perfect a cure. Testimonials from his and other States. Dr. E. W. Hall, 3236 Olive Street, St. Louis, Mo. Sold by Druggist.

ORDER FOR ELECTION

For Bond Issue To Build Turnpikes

Rockcastle County Court. August Term, August 2, 1912

It appearing that a petition, signed by more than 150 legal voters who are free holders of Rockcastle County, was filed in the office of the Clerk of the Rockcastle County Court and with the Judge thereof on the 24th day of August, 1912, asking that an election be held in said county, October 26th, 1912, for the purpose of submitting to the legal voters of said county the question of whether the Fiscal Court of said county shall issue and sell the bonds of said county in an amount not to exceed the limit allowed under the Constitution and the Laws of the State of Kentucky, and under no circumstances for an amount greater than \$100,000.00, said bonds to be sold and the proceeds arising therefrom to be used in building and constructing turnpikes throughout Rockcastle County and through territory to be hereafter designated by the said Fiscal Court, and the Court being sufficiently advised, orders that said election be held at the time and for the purposes stated in said petition, and that T. J. Nicely, Sheriff of Rockcastle County, be and he is hereby directed to cause a poll to be opened and an election to be held in the County of Rockcastle on the 26th day of October, 1912, which day is more than 60 days after the filing of said petition in said office as aforesaid, and he will cause the poll to be opened in each and all of the voting precincts in said county; and he is directed to advertise, said election and the object thereof at least 30 days next before the day thereof in some newspaper having the largest circulation in the county and also by printed hand bills posted up at not less than four public places in each voting precinct in the county after the first of said day. A legal voter of said county shall be privileged to vote at said election.

It is ordered that court adjourn.

L. W. BERRAVER, Judge Rockcastle County Court.

THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of a cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M. D., D. V. S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarters and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:

"During 1911 our country was visited by one of the worst hog plagues ever known. We had Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."—Alex. Nevada, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog Cholera:

"When we recall the conditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and caring of hogs has much to do with the prevention of the Cholera. Feeding should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way troubles of all kinds are warder off." To aid in digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sal. Sulf., Sodium Bicarbonate, Sodium Sulphate, Sodium Hypophosphate and Black Ant.

"This formula, given in proportion to the amount of food would undoubtedly be beneficial but would cost the raiser about 10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood the test of 20 years."

NUX. VOMICA, Digestive and Nerve Tonic. QUASSIA, Digestive & General Tonic. Expels Worms. SULPHATE OF IRON, Blood Builder & Expels Worms. ESOPH. SALTS, Laxative & acts upon the Liver. COMMON SALT, Appetizer. Expels Worms. NITRATE OF POTASH, Acts upon the Kidney. FENUGREEK, Tonic and Aromatic.

This preparation is compounded by Dr. Hess (M. D., D. V. S.) and sold to you on a written guarantee and only costs 5c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs

Dr. Hess Stock Tonic
to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of **Dr. Hess Dip and Disinfectant**

one of the most modern and most effective disinfectants known. Also dip your hogs with this solution when the worms are present. For particulars see Bulletin No. 182 of the Kansas State College.

Price 10c per bottle. 50c per dozen. 10c per gallon.
