Dr. E. B. Dishman, of Barlowville, a prominent young dentist and Electro-district doctor was here last week looking after some lostness matters and incidentally putting in a few words in behalf of his candidacy for the clerkship of this district. The demonstrators of this end of the district from every mountain are going to line up for the Doctor for the appointment. The other Eleventh district aspirant is Judge Ben Smith, of Somerset, who is asking the support of the Democrats because of what he has done for the party. The Judge made a splendid record while in the recent contest he presided in running for Congress, preyed for a selfish and personal gain, to the detriment of the party and district, when he knew there was no possible chance for his election, on the protest of at least half the demonstrators of the district and when he knew as well as any man in the district that if he continued in the race it only insured the return of Cal'eb Powers to Congress, to dishonor and disgrace the district for another two years. That record was quite new to the ears of others for just once but he certainly is not entitled to any of the fat of the land himself.

**GOOD ROADS AND EDUCATION.**  
What shall be done by the people of dear old Kentucky in the near future? Let me mention a few of the advancements on educational lines that have developed in the last eighteen years. Mt. Vernon had one school room which provided seating capacity for about one hundred and twenty five pupils all in one room, located in the northeast part of the district and looked after by one teacher and sometimes the teacher would have the assistance of some of the older pupils. Now my dear reader, let me push back the piston. "Go to sleep; and let you look at Mt. Vernon from an educational standpoint at present, and you will find you nestled in the confines of our little city. First you will see a Graded School well equipped with all modern conveniences, that furnishes an education to the poorest child in the district. Next you will see a central school to the parent in many instances. Second, I want to call your attention, to the Brown Memorial Behool which is certainly a great source of education for the girls of our town and county, and third, The Welsh-Morrow School conducted by Miss Ida Mae Adams, which school I must say has done no little part in raising the standard of our teachers throughout the county. With these great strides toward advancement so plain for us to see we are compelled to say that we have a spirit of enterprise and progress within us. Now as I have alluded to you, we perfectly plain to all of us that we have made great advancements, educators, why, not less turn our minds and hearts to roads and see what can be accomplished in any particular way picture to you a fine Graded School with all the equipments pertaining thereto, where all the different grades are taught by some 5 or 6 teachers in reach of every child in the county some will say it can't be done but I take the position that it can be done, by laying good roads, we can consolidate the district and have school wagons, thus placing every child on an equal. Colorado, Indiana and several other states have done this and they find that every time they spend one dollar to better education it brings back to them several. The better

our people are educated the less crimes we have, and education means progress, and liberal views, you can't make me believe that we have the best thing God has in us lets be loyal to Him and see if there isn't some way by which we may improve our talents He has given us and see if you don't see great changes in our dear old county in the next few years.

**NEW K & L BRIDGE.**  
While waiting for my train in South street station, I had the good fortune to meet with Tidman Gilpin, who was just starting out with a special across the K & L bridge. He invited me to go with him. This bridge spanning the Ohio river near the foot of Thirty-first street was dedicated November twenty-second. This being the first train to cross the bridge. We left the seventh street station shortly after ten o'clock. When the train started across it was greeted by shrieking locomotive whistles on both shores of the river and a number of steamboats on the river while the dozens of people that filled the streets and lined the banks cheered heartily.

Thomas Shannon, oldest engineer in the service was at the throttle. On the north side we started awhile, and then returned to the Kentucky side. Near Thirtieth and High Streets we left the train to hear speeches by Lieut Gov. E. J. McDermott, Mayor W. O. Head, General B. H. Young and other prominent men. At the close of the speeches of the K & L System presented a gold watch, set with a large diamond to the retiring superintendent who is recognized as the man who got the bridge over Louisville.

This bridge is what has been needed for some time. General Young was president of the old Kentucky and Indiana Bridge and Railroad Company which built the first bridge. The cost of this bridge was two millions of dollars.

J. W. MENZIES, Clerk  
By Geo. C. Moore, D. C.

You are charged with stealing nine of Fritz Krueger's hats, at night. Have you any witnesses? asked the judge sternly.

"Nussal" said Brother James humbly. "I sneaks 'em sawin' her'n'th'at day, but I ain't been no reason to take witness' when I goes out 'n' see 'em stealin' 'em."

Manly was home from college. "Will you," she said to her mother, "pass me my dimittive; argentine's truncated cone, cone vex on its summit, and semi-perforated with symmetrical in dentures."

She was asking for her thimble. He is a low down, overy hound. The meanest cuss that ever was. Who thinks its smart to go around and tells the kids to go around no South Clause.

"How would you classify a telephone?" asked the old lady. "Is hers a business or a profession?"

"Neither," replied his friend. "It is a calling."

**THE SCOURGE OF HOG CHOLERA**

Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M. D., D. V. S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarters and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:  
"During 1911 our country was visited by one of the worst hog plagues ever known. We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."—Alex. Nervus, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog cholera:  
"When we recall the conditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and curing of hogs has much to do with the prevention of the disease. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way troubles of all kinds are warded off. To aid digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium Hypophosphate and Salt Arsenic.

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about 10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has about the cost of 20 cents.

**NUX. POMICA**, Digestive and Nerve Tonic.  
**SULPHATE OF IRON**, Blood Purifier and Expels Worms.  
**COMMON SALT**, Appetizer, Expels Worms.  
**NITRATE OF POTASH**, Acts upon the Kidneys.  
**FERRUGINEOUS**, Tonic and Astringent.

This preparation is compounded by Dr. Hess, (M. D., D. V. S.) and sold to you on a written guarantee and only costs 3c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs

**Dr. Hess Stock Tonic**  
to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of  
**Dr. Hess Dip and Disinfectant**  
one of the foremost costal, cresote disinfectants known. Also dip your hogs with this solution when the weather will permit, and you will have no loss from disease.

Fred Baker, son of Mr. and Mrs. U. G. Baker, has been numbered among the sick the past week. Dr. M. Pennington was here this week and expects to be permanently located here by Jan. 1.

Thomas Rider was called to Texas on account of the illness of his son. He expects to return as soon as possible. Elmer Rector has finished four years service in the U. S. Navy and is visiting his brother-in-law Leo Proctor near Buckeye.

John and W. M. Hysinger were in town yesterday returning from a trip over the county looking for stock. They say they have never known such a scarcity of stock in the county as at present.

Franklin's new shop can furnish you a watch of any make, and a small child of William Patten died last week of whooping cough. You can find lots of Xmas presents at Sutton & McBoe's such as ties, scarfs, jewelry etc.

Remember the musical at the Graded School building this evening.

Sutton & McBoe are head quarters for men and Boys furnishings goods. Northbound passenger train is now due at Mt. Vernon at 4:35 p. m. instead of 4:46.

We are offering some bargains in Ladies cloaks. SUTTON & McBOE. The Young Peoples Missionary Society will not meet tonight.

A meeting will probably be held early next week. Five years from today Rockcastle county will be the greatest cement center in the United States. Remember the prediction.

A small child of William Hysinger was badly burned about the arm and hand. Dr. Clouston reports the little fellow doing nicely. Mrs. J. Lee Bloomer is one of the oldest women living in the county did last week at her home at Wadd, of Paralysis. She was 81 years old and was sick one week.

CARD OF THANKS.—We wish to extend our sincere thanks and appreciation to our friends and neighbors who stood by us in the recent illness in which our husband and father, J. N. Griffin, WIFE AND CHILDREN, WIFE AND CHILDREN.

FOR SALE.—As administrator of the estate of the late John M. Smith, I desire to sell three shares of stock of the Bank of Mt. Vernon. Address: JACOB SAMBROOK, 433 South 20th St., Louisville, Ky. Dec 13, 1912.

In this issue appears the statements of our three banks, which are splendid showing for each of the institutions. Twelve years ago not a bank in the county, now three good ones, and this tells you a small part of the story of what a dozen years. The story that the next twelve will tell, every indication points, will be tenfold greater in the past.

Mr. Nelson Griffin, one of our oldest and most respected citizens died at his home at Mareburg Saturday after an illness of only a few weeks. Mr. Griffin went South a few weeks ago to spend a short time with his son, and was taken seriously ill. He was brought to his home and given every attention possible, but his age and the seriousness of the attack was too great a strain upon him and gradually he grew worse until the end came.

Mr. Griffin was the father of a large family, being one of the largest if not the largest in the county. The burial took place in the Mareburg cemetery.

WOMAN BEGS TO SPEND FUND IN TRUST TO DEFEND WARD. Lizzie LaFollette, guardian of Warren R. Sanders, 20, filed a petition in Circuit Court yesterday asking that she be allowed to spend a portion, or all, of his estate in defending him in a criminal prosecution now pending against Sanders.

The regular meeting of the Woman's Club will be held this afternoon (Friday, Dec. 13) at three o'clock at the home of Mrs. J. W. Brown. The Home Economics Department will have charge and all members of the Club are invited to be present.

The first Open Meeting of the Woman's Club was held last Friday evening at the Masonic Hall with Mrs. W. J. Sparks, Mrs. Clio Brown and Miss Mat Williams as hostesses. The room was made most attractive with rattled plants and a short program added to the pleasure of the evening. Miss Daisy Fish read Mrs. E. B. Browning's "Cry of the Children" as an introduction to the subject of the Child Welfare Exhibit, which was described by Miss McCord and Mr. J. W. Brown. A story by Miss Robertson and reading by Miss Watson and Miss Ida May Adams completed the program. During the Social hours which followed, a delicious supper was served.

This is the same young gentleman who, by false representations, secured a horse from L. T. Stewart. He rode him to Jackson County, and was trying to sell the horse when he was stopped by Mr. Stewart. When Mr. Stewart, who is one of the most reputable citizens in the county, tells his story to a Rockcastle county juror, we doubt if Sanders finds it so easy to prove his innocence.
