Yours very truly,

It is said that a Pineville citizen suggested the idea some time ago of the government construction of a highway from Cumberland Gap to Gray Orchard. This is true but members of Mt. Vernon Commercial Club were the first to adopt a systematic plan for putting a bill through Congress on the subject and are now actively pushing those plans.

Under the leadership of Mr. Chas. Evans, General Secretary of the Kentucky Christian Endeavor Union, an enthusiastic Christian endeavor rally was held at the Presbyterian Church Wednesday night. Mr. Evans made a very interesting and practical address along the lines of Endeavor efficiency and we will be glad to welcome him here again.

COMMERCIAL CLUB—Wednesdays night's meeting was one of much interest and profit by the members. Four new members were enrolled: C. C. Williams, Neel Parent, George Owens and P. L. Durham. The program was laid out at last meeting was carried out. Letters and literature bearing on the Blythe Way question was read and discussed. Considerable enthusiasm was manifested over progress being made having a favorable hearing on this great movement. Among the many valuable suggestions made was presented by G. D. Sutton, who advocated the establishment of a produce house Mt. Vernon. The proposed house to handle all produce brought to town and the discontinuance of handling it by the merchants. The produce house to pay cash for all stuff handled. It is proposed to create a botcher market in Mt. Vernon for things the farmer has to sell. Program for Wednesday night Feb. 5th.

Housework Drudgery!

Housework is drudgery for the weak women. Sin brushes, dusts and scrubs, or on her feet all day attending to the many details of the household, her best advice, her best thinking, her best energy, her best strength, her best brain, possibly dizzy feelings. Sometimes rest is not refreshing, because the poor tired nerves do not have time to rest. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription, and as Mrs. Briggs and others testify:

It Makes Weak Women Strong and Sick Women Well.

This "Prescription" is superior to any other medicine for the relief of the nervous, female infirmities and debility. It regulates the nerves, corrects the appetite and facilitates the bowels.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle wrapper. Do not let any druggist persuade you that his unknown composition is "just as good" as one that he may make a higher profit.

Mrs. BEAZLEY, DIXON, of 323 N. Washington St., Delphos, Ohio, writes: "Having taken your 'Favorite Prescription' for a bad case of rheumatism, colds and constipation, my woman's life, for which I was almost unable to do anything, I think I can say that there are no remedies in the world like Dr. Pierce's 'Favorite Prescription' and 'Purifying Liniment.' I am now enjoying the best health, and thank Dr. Pierce for his wonderful medicine which has done so much for me."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

Mrs. Briggs.

Brodhead, Ky.

Editor Mt. Vernon SIGNAL.

In a spirit of kindness I wish you to give me space in your column to make an announcement pertaining to a religious debate that we anticipate, having at the Baptist church in the town of Brodhead beginning at ten o'clock a. m. on the 28th day of January between Eld. H. H. Wallace, Baptist minister, of Daquoin, Ill., and M. G. Roberts, of Kemp, of the same state who represents the denomination who call themselves the Church of Christ.

Both of these gentlemen are professional debaters. I know that some will say that no good can come from religious discussions but I cannot see why it should not result in good to all unbiased minds for we have no book that the great masses of the people know so little about as the Bible and yet it is the book of all books that trampled the world of God under her feet. France discarded the Bible, and took reason as her guide. What was the result? All the foul passions of depraved humanity, like so many tigers were let loose. The streets of her cities were slopping with the blood of the slain. Her coast, without a light house represented her moral condition. And that single experiment is enough for ten thousand worlds through all the ages.

The nations that have embraced the Bible have been made wiser, better, and happier. That was a wonderful answer which Eben Victoria gave to the African Prince who sent an embassy, with costly presents, and asked her to tell him the secret of England's greatness and England's glory.

The Queen sent him, not the number of her fleet, not the number of her army, not the account of her boundless possessions, nor the details of her inexhaustible wealth, but taking a beautiful bound copy of the Bible, she said, "Tell the Prince that this is the secret of England's greatness and England's glory."

Then the individuals who embrace and follow the teachings of the Bible are the happiest people on the face of the earth. If the Bible was destroyed the happiness of the world would be destroyed. All that is done, therefore, to weaken faith in the Bible, or in any part of it, is done at the expense of human happiness. The tendency of the teachings of the infidels of the past, and the higher critics of the present, is to rob the world of all that is due to the human race. The noblest heroes and the ones that ever graced our world have been inspired by an implicit faith in the Bible. Out of the bible have come all pure moralities. It has been the motive power of regeneration and reformation to millions. It has comforted the sorrowing, counseled the mourning, sustained the suffering, and given trust and triumph to the dying.

Then let us cling to the Bible and all people are invited to come and give an impartial hearing to this discussion of the Bible. Let all come without prejudice, and listen to men who claim to be students of this wonderful book. So we cordially invite all who are sincerely seeking a better understanding of the truth in God's word to come and attend this debate and if we will thus act the writer feels assured that good may and will come out of this discussion.

Respt. submitted.

E. Albright, Vice-President; J. W. Kinser, Secretary; A. M. Hiatt, Treasurer; R. H. Hamlin, A. J. Haggard and John Robins, directors.—At the last regular meeting of Robins Chapter No. 166 Order Eastern Star, the following officers were installed: Mrs. Lillo Hiatt, Worthy Matron; John Robins, Worthy Patron; Miss Clyde Watson, Associate Matron; Walter Robins, Secretary; A. Proctor and son, Lewis, are with the doctor's office, Mrs. Allen Hiatt, this week, and attending the debate.—The debate between Elders Wallace and Roberts will be over by the time this is in print, and as the matter is left wholly to the listeners to decide, in our opinion the matter will stand just as it was before the debate began. Those whose opinion as to who the victor is, is of the same opinion now that he was before we heard of it, and all the good, or at least all the visible good, that has been done is that the people are more biased than ever.—A number of ministers are here this week, some of whom we have been unable to learn their names, those here, that we have learned are: Rev. Barnes, Hubbard, Faragry, Pike, Cummins, Cook, Gentry, Roberts, Wallace, Brock, Severance and Thomas.—We understand that in the coming primary that Miss Tempest Ward is likely to become a candidate for Superintendent of Public Schools for the county of Rockcastle. Has taught in the public schools for the past six years and now holds the certificate. She also attended the State Normal at Richmond, Ky. She will enter the race on the republican ticket, being a firm believer in its principles. She has served on the board of examiners in Hardin county for the past two years. Her announcement will probably appear in these columns in the near future.

"BOONE'S TRAIL."

Many years ago, when Daniel Boone was blazing the way through the mountains of Kentucky, little did he think that he was performing feats that would place his name so prominently before the eyes of this grand old commonwealth. The name Boone is imbedded deep in the hearts of every loyal Kentuckian. When they let their minds run back to the hardships and sufferings he underwent for us and by his so doing we to day are made happy, as we sit before the gleaming light of the old wood fire, we can picture many things, that would not have been had we never had a Boone. Why not we as loyal citizens of this grand old State and beneficiaries of his pay that respect to so grand and good a man, as he deserves. From Crab Orchard Ky. to Cumberland Gap is a trail that Daniel Boone made with his own hand, and if we as people of the various towns along the trail, would bring enough pressure to bear our own Congressmen, when they are dishing out the money for the public good, we might be able to get some of them to introduce a bill that would build a government road on this old trail in honor of this grand old pioneer and patriot.

Why Clothcraft Insured Clothes Cost No More Than Take-a-Chance Clothes

CLOTHCRAFT Clothes would be high priced if the makers had to use ordinary clothes-making methods.

But the Clothcraft organization through its 66 years' experience in good clothes-making, has developed a system of scientific tailoring that, by simplifying operations and cutting out waste of effort and material, has greatly reduced the cost of making without sacrificing quality.

This improved science of clothes-making makes it possible to use expensive all-wool cloth and produce clothes that in style, fit and service would ordinarily lead you to believe were high priced. Yet Clothcraft Clothes cost you only \$10 to \$25.

On top of this, the results of Clothcraft Scientific Tailoring are so sure and efficient that the makers absolutely guarantee them to be disappointment-proof—which means that they are insured for all wool, good tailoring, lasting shape, satisfactory wear and service.

Clothcraft Clothes wouldn't be a bad investment.

The Courier Journal of Louisville, as everyone knows is Kentucky's greatest newspaper but with all its power and greatness is not greater than the people as it some times seems to assume.

Our Commercial Club, lately organized, have started a movement for putting a bill through Congress appropriating funds to build a highway from Cumberland Gap to Crab Orchard.

The Nigral published two editorials in its issue of Jan 17th stating the facts relative to the Commercial Club's action on one of the most important and far reaching questions to our town and county as well as to the larger portion of three states.

The secretary of our Commercial Club clipped these articles and with a personal letter enclosed with copies mailed to the managing editors of the Louisville papers.

Amzi Dodd, a New Jersey lawyer and life insurance man, who aided in forming the Republican party is dead. Let us hope he atoned for his sin in time!

It is good to practice what you preach, but be careful what you preach and make your sermons short.

THE SCOURGE OF HOG CHOLERA Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of a cure. Prevention, however, is the logical solution of the question. Dr. Hess (M.D., D.V.S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarters and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.
