A GREAT WAY IN STANFORD, MARCH 6th.

IN THE HANDS—Every citizen of Rockcastle is invited to join Boone Way Booster Band. Give or send 50 cents, 75 cents, or 1.00, whichever you feel able or inclined to donate.
A VOTE OF THANKS—The sincere thanks of the Willing Workers are hereby cordially extended to the young ladies and young gentlemen who so ably presented "A Regular Flier".

Why not go down in Stanford Thursday night and see this great show? You can leave here on the evening train at 5 p. m. and get back same evening at 11 p. m.
COMMERCIAL CLUB—The club's meeting Tuesday night was enjoyable and profitable occasion.

The play "A Regular Flier" made its second appearance last Friday evening and was greeted by a large audience notwithstanding the many of the mountains are playing only one week before.
Chief dispatcher Lemonds was up from Livingston Monday looking over watch inspector Frank Hines' new regulator and his "electric" advertising machine.

U. G. Baker, one of the leading merchants of the mountains and president of our Commercial Club is receiving some heavy shipments of merchandise from Knoxville the live war city of East Tennessee.
It was Johnny Fair, son of J. P. Fair, instead of Johnny Payne as reported last week who was kicked by a horse. He was taken to Stanford and the eye removed by Dr. Brown and Southard. He is doing nicely.

Next Sunday evening there will be a union service at the Christian Church.

There will be preaching at the Presbyterian Church Sunday morning.

A man gets full value for his money when he buys Fish's Guaranteed Clothes.

Let your thoughts turn to Fish's Clothing Store when you have made up your mind to wear a new Spring Suit.

The Commercial Club is in correspondence with a single tree and spoke company looking to the locating of a plant in Mt. Vernon.

We understand that Brodhead is to organize a Commercial Club. We trust that we may have the pleasure of announcing the organization of such a club, together with a good live B. B. Band.

If you are a man that's hard to please when it comes to clothes step into Fish's Good Clothes Shop to-day and let them show you some of the new styles for Spring wear. You'll find exactly what you want there.

M. J. Miller moved to his new building yesterday, and Chas. C. Davis who occupies one half of the building moved in Tuesday. The Miller building is one of the very best in town, and a credit to the town and the owner.

If Will Owens, the Livingston expert penciler of news around Livingston, gets off many more compliments on our Jim we fear that we no hat large enough can be found in Mt. Vernon for our original Booster and of course he would order one from Louisville even if he has to go bareheaded.

The talk of a hotel for Mt. Vernon has been revived to be built in connection with the store front which Station & McLee are preparing to build. At present the outlook is very good but what the outcome will be, we are afraid to venture an opinion. It is a splendid location and the best opportunity Mt. Vernon will have soon to get a hotel without an enormous outlay of money.

A GREAT WAY IN STANFORD, MARCH 6th.

"The Shepherd of the Hills", Harold Bell Wright's novel which holds the record for being the largest selling American work of fiction has made into a play by its author with the assistance of Elsbury Reynolds and Lem Parker. It will be given first production in this part of the state, at the Opera House Stanford Ky., Thursday March 6th. The play is a story of the Ozark Mount and its people are all of that vicinity which promises stage characters out of the ordinary. The production which has been made by Messrs. Eastell & McVitty, is said to be one of extreme beauty, this picturesque mountain county leading itself to the best scenic artist's art.

Why not go down in Stanford Thursday night and see this great show? You can leave here on the evening train at 5 p. m. and get back same evening at 11 p. m.

For Superintendent of Schools.

After careful consideration I have decided to enter the race for Rockcastle Superintendent of Schools. I have been engaged in school work for the past six years. I elected I promise faithful service such as an officer should give.

MISS TRIMPERT WARD.
To the Republicans of Rockcastle:
After careful consideration I have decided to enter the race for Rockcastle Superintendent of Schools. I have been engaged in school work for the past six years. I elected I promise faithful service such as an officer should give.

Trusting that I may have the support of the people, regardless of their politics. I remain Yours very truly,
(Miss) TRIMPERT WARD.

Miller & Beasley are making every preparation for their big horse sale next Thursday and Friday. Every indication points that there will be one of the largest crowds ever seen in the town present.

Our Boone Way Booster Band is in possession of a fine remittance from the Livingston Commercial Club and B. B. B. No. 2, J. W. Sams, treasurer, reports nice progress in their organization and already a change for the better is being placed, the business and professional men, getting better acquainted and all working for the interests of their town and county. Mt. Vernon sends greetings of good-will to Livingston.

There are a greater number of telephones and light poles on the Mt. Vernon yard than was ever known before.

The Mt. Vernon quarry has been making some good runs of late, almost up to the summer average of output.

Chas. C. Davis can boast of having one of the most up-to-date drug stores to be found in Eastern Kentucky since he moved to his new location in the Miller building.

FOR THE WOMAN WHO THINKS AND FEELS.

Kind words complete that which the following... or diseases in the head, nervousness, pain, and hearting-down feelings should not occur to the normal healthy woman. But most every woman is subject to these pains at some time in her life, due to abnormal condition of the liver, and as correct, over-exposed to heat, air, poor or improper food, too late, sluggish liver, etc. A regulator and purgative made from absolute medicinal roots, pure glycerine, and without the use of alcohol, called

DR. PIERCE'S FAVORITE PRESCRIPTION,

has proved its value in thousands of cases, like the following:
 Mrs. Dora M. Weaver, of Ashon, Mo., writes: "I feel as though I could never be so happy as I have been since I have used your medicine. I have been afflicted with indigestion for many years. I have tried many remedies, but have not been able to get any relief. I have used your medicine for several months, and I feel as though I have been born again. I feel as though I have been born again. I feel as though I have been born again."
 Dr. Pierce's Great Eucalypti Doctor, The People's Common Sense Medical Advisor, now revised and enlarged edition—1008 pages, answers hosts of delicate questions which every woman, single or married, ought to know. Sent free in cloth binding to any address on receipt of 31 cent-cent stamp, to cover cost of wrapping and mailing only.

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

TAKE THE CARDUI Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women.

Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

Write to Ladies' Advisory Dept., Cassinette Medicine Co., Canton, Ohio, for Special Instruction, and 64-cent book, "Home Treatment for Women," sent free.

DEAFNESS CANNOT BE CURED
 by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

OLD AGE
 Old age as it comes in the orderly process of nature is a beautiful and majestic thing. It stands for experience, knowledge, wisdom, content. That in old age as it should be, but old age as it often is means poor digestion, torpid bowels, a sluggish liver, a general feeling of ill health, dependency and misery. This is almost every instance is wholly unnecessary. One of Chamberlain's Tablets taken immediately after supper will improve the digestion, tone up the liver and regulate the bowels. That feeling of dependency will give way to one of hope and good cheer. For sale by All Dealers.

"We have reached the parting of the ways. So mate it be. This portion of South Eastern Kentucky is at outs with the city of Louisville and its business and professional men and its newspapers in particular (the Herald excepted). During the month of January the Mt. Vernon Commercial Club started looking towards the rebuilding of the old Wilderness Road from Cumberland Gap over Boone's Trail to Crab Orchard, distance 250 miles, to connect with Kentucky's system of turnpikes. The U.S. government is to be asked for an appropriation to do this work. The proposition was well received and endorsed by the Kentucky delegation in Congress including Senator elect Olin James and Congressmen from other States approve it. Speaker Champ Clark is for it. The Governors of six States have signified their willingness to aid in putting the bill through Congress. Kentucky, Tennessee, and North Carolina are particularly interested on account of the interested historic features of the movement. Not now comes our state megalopolis and home city, or rather what has heretofore been considered such, steps forth through her newspapers, (with exception noted) and treats our efforts for better roads with up-turned noses, scorn and derision, giving the superfluous advice "if you want roads dig em". Louisville doesn't want the government to spend any money in the mountains but is willing for it to do so on a canal in its doorway and is now demanding that congress build a wall between a portion of the city and the river to keep high water out. All for Louisville nothing for the Mountains. When these Louisville papers ripped up our proposition so ruthlessly, and cold bloodedly they shamefully put forth silly so called reasons for obviating the construction of Boone Way and the most vital movement to South Eastern Kentucky inaugurated within the past half of a century. Our Commercial Club some weeks ago sent 250 letters to the professional and business men of Louisville including the Commercial Club asking if they endorsed the ugly and unbecoming editorials that had appeared in the city papers. To all these letters only five replies were received. Only \$1 was contributed to our club by the city of Louisville, claiming a population of 250,000, towards aiding in paying postage and stationery fees necessarily incurred in prosecuting this work for a national highway. Treating our appeals with silent contempt. Rights here let us state that Boone Way is being used by thousands we suggest that a road be erected at Mt. Vernon or Cumberland Gap, with the following inscription, in bronzed letters, placed thereon: "Erected by the citizens of Rockcastle County in Commemoration of the favorable stand taken in the cause of Boone Way by Col. Bennett H. Young, Capt. John E. Mathers, Mr. J. W. Watson and Dr. Harry Weber, the long good and true men of the city of Louisville, who would, if they could, have saved the city from the desecrated wrath of the mistreated, wronged and angered Mountaineers of South Eastern Kentucky."

Five dollars paid in postage, on these 250 letters, four dollars and ninety cents thru a way Casting pearls before swine, as it were, with a vengeance. Louisville has many swinish proclivities. Last fall through the contrariness, bull-headedness and arbitrary action of the secretary of State Fair held at Louisville Rockcastle county was deprived of a city representative at the fair in honor of the fair. Letters from Mt. Vernon, on the subject, to the Commercial Club at Louisville brought the reply that the matter would be fully investigated and that was all the satisfaction our people got out of that incident. In the first place Louisville secured the site of location of State Fair by underhand methods taking it from Lexington and it is deeply being leaping the impression that it should be located in Louisville that city could take care of it, but there has been a constant cry ever since they secured the location, from the Louisville press for more appropriations by the legislature to put up more buildings and improvements. It is give, give, give to Louisville; yet when the mountaineers have the temerity to get up a movement asking the National government's aid in building a road which the citizens along in Louisville that would never be financially able to build themselves, but its construction would be interstated and result in the enrichment of the counties and the state by hundreds of thousands of dollars and accommodations for as many people as there are in Henry, Waterson's and Dick Knott's pipes stretching out. "The principles" from their pillars which are kept stored with said "principles" for use only as hammers when this part of Kentucky is under discussion. Everything for Louisville, nothing for South Eastern or the mountains "hohoo". The Louisville papers and citizens know how the state built turnpikes for them, it never built any in the mountains. The government built for them an immense canal at their doorway, the State gave them thousands to establish a State fair (and they are asking for thousands more) still they put in objections to government aid to roads when not applicable directly in their city. Yet Louisville sent out her "booster" trains asking the trade of the mountains as well as advertising largely in her papers and by personal letters, as per those recently sent out by the Courier Journal of which the writer has one. Louisville seems to be under the impression that when they spit into one side of our face, we should continually present the other side of our face and request them to kindly splatter it with tobacco juice also. Well hardly. The Post did say some good words for our people away back in 1900 but like the cow that gave a full bucket then kicked it over, that is the Post's position today regarding this part of the moral vineyard. Knowledge without any request from our own people, proposes to send their "road boosters" through this portion of the State, this Spring going over the proposed route as far as Lexington working and talking up road interests. They propose to have a road direct from Knoxville to Cincinnati; it is already made to felloe. They also have a turnpike made to LaFollette which they propose to extend to Cumberland Gap to intersect with Boone Way. Our merchants, nearly all of whom are members of Mt. Vernon Commercial Club, owing to the dirty treatment given us by Louisville, are switching their trade to other and more fair dealing and appreciative cities.

Should it ever occur to Louisville to send applicants into this valley to have their Boone Way rights being used by thousands we suggest that a road be erected at Mt. Vernon or Cumberland Gap, with the following inscription, in bronzed letters, placed thereon: "Erected by the citizens of Rockcastle County in Commemoration of the favorable stand taken in the cause of Boone Way by Col. Bennett H. Young, Capt. John E. Mathers, Mr. J. W. Watson and Dr. Harry Weber, the long good and true men of the city of Louisville, who would, if they could, have saved the city from the desecrated wrath of the mistreated, wronged and angered Mountaineers of South Eastern Kentucky."
