THESE are the names of the relatives of Daniel Boone living in this county. William R. Boone at Cadaville, in Southern part of Rockcastle and his cousin Mrs. T. B. Chandler, of Bromo, South Western portion of the county. Mr. Boone's grand father Thos. Boone was a brother of the great pioneer. William came to Rockcastle from Weatherford county North Carolina in 1802. Daniel was a great great uncle of Mrs. T. B. Chandler, who is also a native of the tar heel state and has been living in this county some twenty odd years.

LOUISVILLE, claiming to be a city is up against the craze for side walks and streets, and there is a howl going up demanding ordinances prohibiting the use of side walks and streets for skating purposes. This is more evidence of the slow poke easy pace that Louisville is known to pursue. Our little town past such an ordinance as soon as pavements were put down. Push carts, wheel-barrows and horses were told are not allowed to monopolize the side walks though skaters and billy goats may "scoot" and roam thereon at will.

SINCE Mt. Vernon started the movement looking to the construction of Boone Way many of our state papers are publishing matters of interest in connection with the old pioneer. The latest is by the Louisville Times of last Saturday, April 19th, in which is pictured a beech tree located in Irons park of which appears the inscription "D. Boone 1803," supposed to have been made by the deer hunter while back on a trip from Missouri. The Boone tree is a giant beech.

The Lincoln County National Bank, of Stanford, in its splendid calendars in addition to a map of the county shows the old and new court houses and two views of their bank building, have traced out the route of the "Old Wilderness Road" from Oak Orchard through Stanford on the Danville pike, to North West border of the county.

MAT B. SHREVE will be the next candidate to be elected to the Kentucky Legislature to Represent the seventeenth district.

Fish & Son and C. Baker, Main and Second streets, Mt. Vernon. J. L. Joplin, now of Harrodsburg, was a witness in the case. The execution took place just West of town at a point about where the house of Emmett Swoyer stands. In a speech made by the doomed man, just before the fatal blow, he uttered a curse against Moore and his language was so profane that he had to be carried into the grave and stoned further. You caused this killing by your dirty work before the murder and afterward prosecuting and persecuting me. You nor any of your family will ever be a success at anything. You have brought me to this state and you and yours shall suffer and before many years disappear from the face of the earth". It is said the prophecy was fulfilled. THE REPUBLICAN VOTERS OF ROCKCASTLE COUNTY.

London, Ky., Apr. 22nd, 1913. Elsewhere in the columns of the Signal will appear my announcement as a candidate for the Republican nomination for Representative from the Seventieth Legislative District, composed of the counties of Laurel and Rockcastle. Under the agreement now existing between the two counties, it is Laurel's time to send a man to the General Assembly however, the new Primary law will allow the voters of Rockcastle to assist in selecting the nominee in the Primary as well as, to vote in the final election, and I shall appreciate your support.

I was born in Rockcastle county and raised in Laurel; am a Repub-

lican in choice; have contributed my time and means toward the success of the Grand old Party in every election since I became a voter and have been unwavering in my loyalty to party principles and nominees.

I desire to say to my friends and to the good people of Rockcastle that I shall endeavor, if nominated and elected, to serve the best interests of the entire people of my district; in matters political, standing for Republican measures and Republican principles; not opposed, for any method of advancements for my District and its people.

I hope to have an opportunity to meet and talk with most of you before the Primary, but, whether I do or not, I shall be glad to have your support and promise, if elected, to put forth my best as your Representative; in an effort to reflect credit upon my District, my people and myself-as a member of the great Kentucky General Assembly.

"Pittsburgh Perfect" Fence Why the Electric Weld is the Most Effective Fence-Joint made Electrically welding joints eliminates innumerable exposed wire ends, and does away with sharply and tightly bending one wire against another, which cracks the galvanizing. The Electric Weld makes every ounce of wire count for strength and durability—no wasted wire, no useless weight dragging down the fence. Electricity is the only medium which truly amalgamates metals—makes two wires one. As we use it, the galvanizing is piled around the joints, producing a one-piece fabric with absolutely dependable joints. Electrically Welded fence-joints (patented) are used only in "Pittsburgh Perfect." Every Rod Guaranteed Ask your dealer for "Pittsburgh Perfect" and insist on his furnishing it. Do not allow him to persuade you that some other fence is just as good. If he doesn't sell it, write us direct.

W. J. SPARKS CO. In Tennessee.

The tribune, published at Lewisburg, Marshall county Tennessee, about 70 miles South of Nashville has the following write up of another big crusher plant to be established by that enterprising and hustling firm, W. J. Sparks Co., whose headquarters are at Mt. Vernon, Ky.

The valuable industry is the mammoth rock crushing plant to be installed by the W. J. Sparks Co., one and one half miles north of Lewisburg on the Lewisburg & Northern railroad a brief sketch of which appeared in the Tribune a few weeks ago.

Mr. R. A. Sparks, note familiarly known as "Abby" Spark who is a brother of Mr. W. J. Sparks and who is frequently here in connection with the business of their company, stated a few facts concerning the new enterprise which will be of great interest to the people of Lewisburg.

Mr. Sparks says that preliminary preparations are now being made to establish the plant and in the near future the rails will be laid from Lewisburg to the quarry to transport the heavy machinery to the site and to ready for work.

There is no use of our "beating the bush." We might as well cut with the first ax last. We want you to try "Lambertine's Cough Remedy" the next time you have a cough, cold, there is no sea so far as we can see why you should not try it with preparation by its remarkable cures.

You need not be afraid of the test of wear either. When you buy Clothcraft Clothes at \$10 to \$25, you can be satisfied that they will keep their fresh-bought dressiness, style and shape from the first to the last day you wear them.

The Clothcraft guarantee makes it unnecessary for you to depend on your own judgment alone in buying clothes. The things you can't see or foresee are all covered by this broad liberal guarantee which insures pure wool, lasting shape, satisfactory wear and service.

These insured clothes at \$10 to \$25 make it unnecessary to take a chance. They make the difference in your favor of performance over promise in the matter of getting clothes quality and service.

It's a difference worth considering. Ask as more about it before you buy your next suit.

We can fit you in No. 5130, The Clothcraft Blue Serge Special, \$15.

MR. T. S. BRANNAMON

To the voters of Rockcastle:—

I take this means of announcing that I am candidate for sheriff of Rockcastle county subject to the action of the Republican party, August primary 1913.

I elected Mr. R. H. Long

by my deputy. I will have two opponents, Mr. Tip Langford and Mr. Cam Mullins, both splendid good men, but as Mr. Langford has already been honored by the voters and Mr. Mullins has a splendid position with the L. & N. Railroad and does not need the office as I do, and having never held an office, I trust the voters will give me claim the consideration I feel that is due me in your decision as to whom you will support in the coming contest. One term of office is all I shall ask. I elected, I will go into the office sober and come out of it the same way. I am a farmer and live four miles North of Mt. Vernon, and Mr. Long who is also a farmer, lives about an equal distance on the South side. I believe I know the duties and character of service that a faithful and efficient officer, is required to render and I elected for me assure one and all, that there will never be any cause for regret, upon the part of those who voted for me, because of the neglect or failure upon my part, to perform any obligation coming within the scope of the duties of the high sheriff of the county.

Yours very truly,
T. S. BRANNAMON.

HON. E. B. THOMPSON

After being solicited by many voters from different sections of the county, I have decided to present my name before the Republicans of Rockcastle county as a candidate for County Attorney, to be voted for by the Republicans at the Republican Primary to be held on the First Saturday in August, 1913.

I have no fixed code of principles, (or platform), to set forth as the grounds upon which I propose to make the race, more than to say that if nominated and elected I will use all my time and energy to discharge the duties of the Office in a fair and faithful manner. I consider a Public Officer the servant of the people who elect him, and that it is his duty to give his entire time and attention to the service of the people in transacting their business. His office doors should be open, at all reasonable hours to them.

I am a firm believer in a Square Deal. Is it fair and square to allow one man "Life Tenure" in Office? To do so means to violate the very letter and spirit of our form of government, valuable public service is not the exclusive power of one individual. In the beginning, I pledge myself to the people, if nominated, I will be true to the principles of our great Government. In this manner alone can a "Square Deal" be assured.

I am not asking for this office because I think I would make the best County Attorney the County has had, but am asking for it because I feel that I am qualified to hold the office, and know that I will do my best, and I promise the people to discharge the duties in a proper manner.

I propose to make a clean, but vigorous fight for the nomination, and I shall make every effort possible to see every voter in the county and discuss the matters pertaining to my campaign face to face with them. In case I have opposition, I will gladly campaign the county with my opponents, and discuss the questions together before the People, and give them a chance to see them in action.

I am a Republican and believe in the principles of the great party. A Party founded by such men as Lincoln, Grant, Blain and Sherman is good enough for me and the principles as enunciated by them can never die; they are Eternal. I can truthfully say that I have never dodged nor chickened when called upon to do service for My Party. Now in conclusion, I will say to the voters: Inquire concerning me, and if I measure up to the standard of what a County Attorney should be, I will appreciate your support.

Yours respectfully,
E. B. THOMPSON.
