W. H. BOWMAN, CHARLIE BOWMAN,

CLEAN UP DAYS:—June 16th and 17th, designated as clean up days by the Town Board, will generally be observed. The Board offered to haul away the rubbish and trash so gathered and the bid. Not many took advantage of the offer. It is regrettable to see so little interest in this such an important matter, sanitation etc.

An applicant.—Mr. Cecil Williams, of Somerset, is an applicant for the postmastership at that place. Mr. Williams is said to be the choice of Senator James for the plum, and his many friends in Wayne county are glad to hear it. Mr. Williams for a number of years published the Somerset Times, one of the best Democratic papers published in the district, and did his party lots of real good. He is deserving of the appointment, and it is good news to the newspaper men of the district and his many friends that he will land.—Wayne County Outlook.

Mr. Hiett has already demonstrated his ability as a fair man and we can safely look forward to a successful finish for the Rockcastle County Fair for 1933.

The giving away of the floor in the Peoples Park building was a most unfortunate circumstance and what the condition was that caused the decay of the joists in so short a time is a puzzle. But we are glad to say that the danger of such a trouble in the future is entirely relieved, as the entire floor is built of concrete, which will be painted in the squares giving it the enameled effect, which is not only durable but very attractive. Contractors Parrett and Ramsey have put in the new floor without causing any interference with the business of the bank, which is a feather in their caps as up-to-date workmen.

Forty days until the Mt. Vernon Fair. Are you making preparations to be there?

The County Board of Education will meet Monday. Those having business with the board will meet them at that time.
More money is lost in preparing for calamities than in taking chances on getting business that is apparently within reach.—Ex.

It is said too much of a good thing is more than sufficient, but we don't think this should be applied to our two county fairs.

The Mt. Vernon Fair catalogue a 72 page book, filled with choice premiums and attractive ads will be off the press ready for distribution next Tuesday.

Berea Fair dates have been changed from Aug. 7-9 to July 30-31 and Aug. 1st. We are glad of the change as this relieves the conflicting of dates with Mt. Vernon.

By the way of announcement I beg to state that I was born and raised in Rockcastle County, Am 43 years of age, have voted the Republican ticket for 21 years, or since I was a voter.

When three years old I was, unfortunately crippled, losing the use of my left leg. I attended the public schools, getting what education I could, up to the time I was 16 years old. After this my time was spent on the farm, working in the woods, driving a team, hauling cross ties, saw logs or any thing I could do to earn an honest living.

While hauling saw logs on the 12th day of last December I had the misfortune to break my crippled leg, mashing it till the doctors had to amputate it. I have never before asked the voters to elect me to an office and if I had not met with this last misfortune I should not even ask it now.

I want to appeal to the Republican to nominate me for ASSESSOR OF ROCKCASTLE CO.,

I should like to meet you all face to face but I have been in a hard place, financially, since my little child has been very poor, and we have four little children to look after, so you see I have not had the opportunity to see you all, but now that my wife is in better health I hope to meet as many of the voters as I can, possibly.

The assessors office will be a great help to me I will make you a good officer and see that the tax payers get a square deal.

Regarding my character: I count the most strict investigation. I refer you to my own workbooks my, my neighbors especially when you go in the books to cast your vote think of me and I will never forget you.

A Square Deal in Clothes

ONE hundred and thirty-seven years ago everyman in America was granted a square deal and an equal opportunity.

Just seventy years afterwards—in 1846—the makers of Clothcraft began to offer the men of this country a square deal in clothes. They were the first in the field, for no other American manufacturers of men's clothing were in existence at that time.

The idea of the Clothcraft makers was—and still is—to produce men's clothing at medium prices with a guarantee of all-around and absolute satisfaction in every detail.

Sixty-seven years of honest, painstaking effort went into the working out of this

idea. During this time the Clothcraft makers developed unique scientific tailoring methods which greatly improve the quality of the clothes without increasing the cost. The neat, dressy, durable Clothcraft suit of today, literally grew out of this idea and this effort.

Wear a Clothcraft all-wool suit this summer at \$10 to \$35 and treat yourself to a square deal in clothes. If you are not fully satisfied with its style, fit and wearing quality, we stand ready to make it right with you.

Come In Tomorrow and Let's Talk It Over

Are You Blue and Worried?

Nervous? Some of the time really? Can't hold easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood, just as impure as it is for the grates of a stove to rid itself of cinders. The waste does to you exactly what the cinders do to the stove; make the fire burn low until enough cinders have accumulated and then prevent the fire from burning brightly. Your blood is sluggish and heavy—sleep does not burn it up as it should. In this condition biliousness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—gives a gastric alliance—gives an active extract made from bloodroot, folded seed and mandrake root, and queen's root, without the use of alcohol. No matter how strong the constitution, a five cent bottle of this medicine is sure to "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

DRUG STORE

Here are several reasons why I trade at C. C. Davis' Drug Store:

- BECAUSE—Quality considered, his price can't be beaten.
- BECAUSE—There are no delays; customers receive prompt attention.
- BECAUSE—Things we get at Chas. C. Davis' Store are all right.
- BECAUSE—Things that go wrong bought at "Chink's" place will be made right.
- BECAUSE—The poor man's dollar is worth just as much at Charley's place as the rich man's.
- BECAUSE—There are no leaks from his store; every deal is strictly confidential.
- BECAUSE—Chas. C. Davis is never grouchy if you don't buy.

DEAFNESS CANNOT BE CURED.

by local application, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Further more the committee wants it emphasized that there will be no admission. STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodore's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." Theodore's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Get a package today. Only a quarter.

JAMES MARET

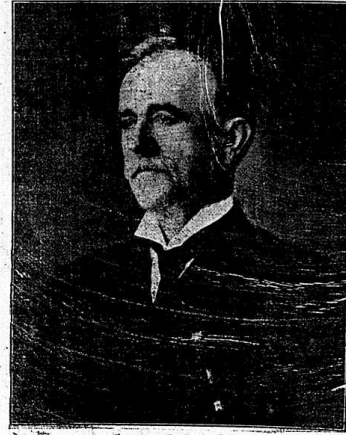

By S. C. FRANKLIN.

James Maret, the subject of this sketch, a man with whom the writer has been intimately acquainted for many years, came here from Garrard county Aug. 1st, 1877 and took charge of L. & N. depot as railroad agent and telegraph operator which position he filled until November 1895. While in that business he established the Mountain Signal, 1887, which he edited for some years before disposing of it, in addition to his other work. In 1896 he repurchased the paper ran it for three years and sold it to E. S. Albright the present owner to promote telephone interests which he had begun in 1898. In connection with other parties when they built a line from Crab Orchard to Mt. Vernon. It was through his efforts that our people secured this great convenience quite a time before had of the richer counties had it. In his 18 years, of railroad work he taught 18 country boys the telegraph business, all of them without charge and a number of them at an actual expense to himself, and sent them out in the world with a trade or profession with which they could earn a living.

No laudable undertaking cause or enterprise, has ever come before the people for which he has not stood for and worked for as well as contributing his time and means as far as possible: a friend to the struggling boys and young men who make an effort to do something. He has rendered assistance to many and said but little if anything about it. No unfortunate ever appealed to him in vain or went away empty handed if it was within his power to render relief.

At least a portion of the credit for the establishment of the big Kentucky Portland Cement & Coal Co., plant at Pine Hill should be accorded Mr. Maret, and Dr. A. G. Lovell, who began publishing in the 80's writing and publishing articles and talking of their discoveries in the line of Rockcastle's rich and almost inexhaustible supply of mineral resources in the way of coal, limestone, freestone, sandstone, sand, halgirt, fire and pottery clays, shales and cement materials and concrete stone. When developed, will make a Rockcastle one of Kentucky's richest counties. These writings, no doubt, had much to do with having the State and National governments send into our county crews of engineers, geologists, mineralogists and surveyors and other departmental employees to investigate and map the county, showing its contours, formations, streams, mineral deposits, post offices etc. Rockcastle was about the fourth Kentucky county to be quadrangled and mapped by the U. S. government. The late soil map and the descriptive pamphlet, accompanying it, is particularly interesting and valuable, especially to farmers. Copies can be secured, without cost, by addressing your congressman.

By strenuous representations, through his vigorous writings Mr. Maret has secured partial justice for our 1912 Boys' Corn Club representative who was wrongfully deprived of a trip to the State Fair at Louisville last September. The boy, John Lair, has received an invitation from the fair management to spend a week in Louisville in September, as a guest of the fair. The news-papers and business men of Louisville have also been taught to have more respect for the people of Mt. Vernon and Rockcastle than they have shown heretofore, all brought out by the writings and works of Rockcastle's advocate and defender who has ever been ready to call down transgressors and demand that justice and fair treatment be

rendered the people of the mountains. They now certainly know that Rockcastle is on the map and her people, as they always have been, are ever ready to extend the welcome hand to friends but refuse to 'stand biltched' when any attempt is made to practice imposition upon them. Mr. Maret has probably written more Rockcastle history than any other person, much of which he has preserved by filing away in scrap books his notes of 'first things' brought to Rockcastle and the names of the bringers, are quite interesting.

Mr. Maret's greatest work and one of the most important and far reaching propositions in its benefits to Rockcastle and South Eastern Kentucky is the undertaking to get a bill through Congress appropriating funds to build a National highway from Cumberland Gap to Crab Orchard Kentucky, a distance of 95 miles there to connect with Kentucky's system of turnpikes. "Boone Way" will be the name of this road, in honor of that famous old frontiersman, Daniel Boone, who came over this route in 1775 when conducting Col. Richard Henderson and his Colony from the Yadkin valley, North Carolina, to central Kentucky. This route became prominently known as "Boone's Trail" also as the "old Wilderness Road", passing through Rockcastle county on this history making expedition. The prospects of getting this bill through congress at its next session are bright. The movement has been endorsed by the Congressional delegation of Kentucky, including Senators James and Bradley and congressmen from numerous other States as well as several Governors. The Commercial Clubs, of Louisville, Knoxville, Bristol, Ashville, Danville, London, Cincinnati Chamber of Commerce and other organizations, cities and towns have taken up the cause and working for it. Speaker Clark says he looks upon the proposition "with a very favorable eye." The Daughters of the American Revolution; the Kentucky Society of Texas; the "Kentuckians" of New York and many other organizations and individuals are taking quite an interest in the work on account of the "Old Kentucky Home" feeling.

Mr. Maret's politics are Democratic and he believes in those principles, properly carried out. He is not a politician or a partisan and doesn't believe in voting for a "yellow dog" simply on account of said y. d. happening to be placed on ticket. The man before the dog.

Mr. Maret's experience in the various lines of work mentioned above, and his duties as town clerk, secretary of various clubs peculiarly his him for the proper discharge of the duties of the office to which he is appointed. Our people will make no mistake in placing the County Court Clerk's Office in charge of James Maret after November election of 1913.

ONE of Garrard County's citizens a candidate for legislature in his circular states he is for reducing taxation instead of increasing it. In speaking of the acts of last legislature he gets off this one: "Do you know that it wanted to levy an additional 5 per cent tax on the hundred dollars worth of property to build turnpikes in the mountains?"

Well, yes and why not? The blue grass got her'n a long time ago when the mountains was taxed to assist in building turnpikes in that much favored region. The State was mighty good to that portion of her population that the mountains have never yet got any of those favors and if the policy of this Garrard candidate prevails she will be in the same box when Gabriel rends the ether with vibrations from that great trumpet on the final day. This proposed 5 per cent tax for the building of turnpikes in the mountains was the one "white spot" of justice offered by some one who had

an idea of what was done on neglected portion of our State. **THE COUNTY CANDIDATE.**
 People, behold the candidate. He cometh forth like a flower in the early morning, sweet, refreshing and entertaining; he retires at the end of the campaign, tired, dusty, quiet and busted. In the early part of his campaign, his friends fill him up with water, hope and general atmosphere. Thus early in the campaign, he swells up like a toad, he walketh around in the land like he owned the earth, and as though all things were his'n. He smiles upon all men and women kind, and stoppeth over with good humor and pleasant jokes. He kisses the children and scatters microbes among the innocent babies of the country. Privately speaking he cowereth clover when he meeteth a preacher and as he converseth with him in pious tones, he stabbleth to the leeward and curbeth his breath with a strong bite, talks of the fallacy of infant baptism to one, advocates immersion to another, and approves close communion to all. He slappeth a man on the back in love and friendship, shakes the hand of the pretty woman and begs the support of both. He goeth home late at night in his weary wife and with beery breath; he sitteth forth without breakfast, saying: "One of my strong supporters is down in town and I must needs see him before he getteth away." His legs goeth but a short time, but long enough to have his jugs pulled and the dead-beat made happy. He giveth liberally to the church, he contributed to the man whose house is burned, he bestoweth alms, he signeth a note for a friend, he sendeth a small keg hither, a large keg thither, he yieldeth up his substance with apparent alacrity, he sitteth in the amen corner at the church, he grants with the brethren, and sings "Amazing Grace" as dolefully, as if he was attending a funeral in the Mississippi swamps. In one neighborhood he is a Methodist, in another a Baptist, in another a Christian, in another a Catholic, in another a signer. He walketh through the corn and tobacco fields, he sitteth on a log in the woods, and speaks of the wonderful growth of the forests and the richness of land. He tells secrets to nearly every body he meets and talks of his opponents and tells the voters of the short comings of his opponents but impresses upon the importance of keeping it a secret. This goes on from the day he announces himself a candidate until the close of the election. After the election, with a glovst countenance, he goeth back of the barn away out in the field, where nobody can see him and there he kicketh himself and tearth his hair, and throwth his hat up against the wall, and calth himself bad names, jumps and kicks and goes on until he wearies himself, offers up a prayer and asks the Lord to forgive him for the many lies he has told during the campaign, and promises never again to run for office. He then goeth back to the house, kisses his wife and children and begins life anew—Ex.

"Where did you get that knife?" asked Willie's mother.

"I traded a top to Puppy Johnson for it."

"What about Puppy Johnson with whom I saw you playing a little while ago?"

"No; that was Pligie Davis."

"Dear me! What dreadful names! Come here. How did you get that tea in your coat?"

"I caught it on a nail when me and Ratty Robinson were mixing it up this mornin'."

"Mercy! I don't want you to have nothing to do with those boys any more. Their families must be low or they wouldn't have such names. How did they get them?"

"I don't know. They call me Pimple Kenworth because one day I went to school with a pimple on my nose."

BEST LAXATIVE FOR THE AGED.

Mr. John M. Quim one of the gifted young sons of the good county of Laurel, came down Monday and on Tuesday was examined by a committee of local attorneys for law license. The young gentleman passed a very creditable examination and was admitted to the bar, and as he is a young man of splendid literary attainments, deeply learned in the law, and a natural born orator, we predict for him unlimited success in his chosen profession. Mr. Quim's home is at Livingston—Lancaster Record.

TAKE PLENTY OF TIME TO EAT.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless in the month. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by Chas. C. Davis.
