

Ex-Governor Beckham Makes An Address The Last Day of the Brodhead Fair

AUGUST 15, 1913

Friday, August 15th to be

"Beckham Day"

AT THE
Rockcastle County
FAIR

BRODHEAD KENTUCKY

The people of this and adjoining counties will be given the opportunity of hearing an address by Ex-Gov. J. C. W. Beckham, one of the best orators and no doubt the most popular man in Kentucky to-day.

Very few of the people in this section of the state have ever had the privilege of seeing and hearing him.

His consenting to visit The Rockcastle County Fair will, no doubt, prove a great drawing card for the occasion and the people will no doubt appreciate this privilege of hearing the Ex-Governor speak and at the same time enjoy the day at the FAIR.

Gov. Beckham's Letter of Acceptance

Frankfort, Ky.,
July 12, 1913.

Mr. A. M. Hiatt,
Brodhead, Ky.

Dear Sir:--

I must ask your pardon for this delay in not answering your very kind letter of several days ago; but absence from my office has prevented my doing so.

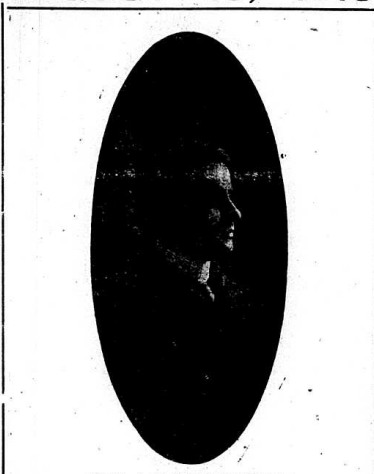

Even if I wished to do so, I could not resist your most cordial invitation to visit your County Fair on Aug. 15, and I shall therefore gladly try to be with you on that day.

I deeply appreciate your kind interest and friendship for me.

With kindest regards, I am,

Very sincerely yours,

(Signed) J. C. W. BECKHAM.

GOV. J. C. W. BECKHAM

In finishing up an article on the slang phrase "I should worry" a writer says, the prosperity of the city depends on the amount of "worry" that some of the leading citizens are willing to undergo to procure industries, to advertise its resources, to secure new transportation facilities and to open new channels of trade. The installation of playgrounds and parks, the fortification of a city, the introduction of good highways, are all the work of men who "worry". The people who "worry" that is to devote part of their thought and their energies to the public welfare, are the salt of the earth. It is not a good sign when "don't worry" is the most popular phrase. There are many things worse than worrying, and one of them is a selfish individualism that will not budge an inch for the public good.

The Cadiz Record says it is strange that some people can go out most any old time and spend several dollars in a most fruitless way and which does not benefit anyone, but when you ask them for a dollar for their preacher or to help the church in some way they "haven't got it to spare". There is but little certainty in predictions as to who will be the winners in tomorrow's primary. The fight is a warm one and from all indications a number of the races will prove very close.

The Russian government is now looking around for a place where the only son of the Czar can get a mud bath. Send the kid down here and put him in Kentucky politics.

Fifty thousand dollars having been raised by citizens to build a highway from Mt. Sterling to Maysville, the U. S. Government will provide the same amount.

Our 1912 Fair was a hummer this year it will be a double hummer and then some.

LANGDON MEMORIAL SCHOOL.

Miss Ella Carson who has so faithfully performed the duties of house matron during the past year will not be with us the coming year as she expects to enter college for some special training in her chosen line. It is expected the position of house matron will be filled by a young woman, who has had special training in Domestic Science and Domestic Art and that she will have charge of some of the work in sewing, basketry, weaving, etc. Further announcement will be made later.

Of our three graduates, of 1913 two, Miss Bertha Litton and Martha Huff, are teachers and the other Miss Rae Hunt, will return to the school to assist in the Kindergarten.

Three of last years students expect to enter a hospital in Louisville, for training as nurses. With these exceptions a majority of the students of last year will return in September.

All applications should be in by August 15th as no places will be reserved after that date.

For catalogs and application blanks, address Mrs. A. B. Furnish Mt. Vernon, Kentucky.

Blanks when filled, and further inquiries should be addressed to Miss McCord, Mt. Vernon, Ky., and will be forwarded to her.

Miss McCord who is spending her vacation at her brothers, in Cold Springs Harbor, Long Island, expects to be in Mt. Vernon by August 25th and will be glad to see any who desire a personal interview.

J. J. Lawrence will exhibit a bunch of Mammoth timothy that grew on a portion of his town lot. The stems are more than four feet long and the heads two from 5 to 6 inches in length.

If energy and perseverance have anything to do with success we believe one of our local boys will some day be a great singer. He sings both with and without anyone listening to him and when accompanied by other voices he sings fast and gets through, then comes back and helps the others over the rough places.

An abundance of cold water, fine music, good shade, splendid stock shows and rings, including trot and races, unsurpassed floral hall, Devolo the sensational bicyclist, Hurricane, the harness trotting ostrich, merry-go-round, amusements, a comedy troupe and many forms of entertainment will be at Mt. Vernon Fair. Better come and enjoy it.

A. H. Bastin was over from Lancaster looking over the telephone with a view of making some improvements.

Per Capita \$4.00.—The school per capita for the coming year has been fixed at \$4.00 according to announcement made by Supt. Barksdale Hamlett.

Fine string.—Mr. Mack Hughes who is training a fine string of horses at Harrodsburg, was in the city the first of the week and stated that he certainly has a fine lot of blue ribbon winners this time.—Danville Advocate.

Someone has suggested that the various candidates practice the "Swan Song" in order that they may be able to render it in a presentable manner after the primary.

The post office authorities say it facilitates the dispatch of mail matter to add the county to the address of letters etc. Not necessary for mail that is going to the prominent cities however.

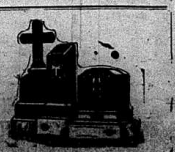

There are four applicants for the Somerset Postoffice, namely: Messrs. Samuel W. Heels, George W. Waddle, Joseph Claunch and Cecil Williams. They are all of the opinion that a Democrat should be appointed in time to open up the new Government building in the Gem City, which will be ready for occupancy in about three months. The office is now held by a nephew of Senator William O. Bradley, Mr. Thomas Scott.

A WOMAN'S WORK sometimes reduces her strength to the depths of weakness—her devotion to household cares prevents sufficient rest and recreation. Thousands of women in this condition find Scott's Emulsion exactly what they need; it is predigeste body food so medically perfected that every drop yields direct returns in strengthening the organs and tissues and in making healthy, life-sustaining blood. Scott's Emulsion is devoid of alcohol or any harmful drugs, and overcomes tiredness and nervousness in a marvelous way.

No. 23, the South bound passenger due here at 11:38, turned over near Sinks yesterday. The engine, tender, baggage, express and smoker all turned. The ladies coach left the track but did not turn over. The engineer and fireman were caught under the wreck and killed instantly. The express messenger was seriously injured. The passengers all escaped without any serious injury more than a severe shake up. There were several from Mt. Vernon and Livingston aboard the ill fated train.

Lloyd Chesnut, is teaching on Crooked creek, Miss Myrtle Bryant and Byron Owens have charge of the Pine Hill school. Judge John W. Brown taught in this building 38 years ago and we are led to believe that he had considerable faith in the old adage of "spare the rod and spoil the child". In company of the Judge at the masonic funeral of W. N. Roberts at Pine Hill, first of week, the writer met some of the pupils of that period who related some of their experiences with the birch wielded by their instructor. Mrs. Sarah Wallin is teaching at the Cummins school house on Somerset road.

A son of Squire George Robin son of near Livingston, was killed by lightning yesterday, another son of Mr. Robinson was seriously injured and Major Bullock was knocked down, the fall causing a fracture of his hip.

WOMEN TAKE NOTICE!

A man cannot understand the torture and suffering many women endure uncomplainingly. If the majority of men suffered as much pain and endured with patience the weakening sickness that most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Pile Remedy—a remedy which is safe to take because contained no narcotics, alcohol or injurious ingredients. It is an alternative extract of roots, made with pure glycerin, and first given to the public by that famous specialist in the diseases of women—Dr. H. V. Pierce, of the "Lectical" Hotel and Surgical Institute of Buffalo, N. Y.

DR. H. V. PIERCE

Miss Lizzie M. HESSINKEN, of Lincoln, Neb., 509 1/2 St., writes: "I found a book entitled 'Much to be Gained' which I read and it told me of a remedy which I tried and which cured me of the disease which I suffered from for several years. I found a great relief from the trouble and had after taking one bottle of Dr. Pierce's Favorite Pile Remedy which I had bought from the book. I found myself very much better. After taking three more bottles, and using two more of Dr. Pierce's Lotion Tablets, I found myself in the same condition as I was in from health for five years but now I am cured. I found all women suffering from female weakness will give Dr. Pierce's Favorite Pile Remedy a fair trial."

Doctor Pierce's Pleasant Pile Remedy restores and invigorates stomach, liver and bowels. Sugar-coated, tiny granules.

- BECAUSE—Things that go wrong bought at "Chink's" place will be made right.
- BECAUSE—The poor man's dollar is worth just as much at Charley's place as the rich man's.
- BECAUSE—There are no leaks from his store; every deal is strictly confidential.
- BECAUSE—Chas. C. Davis is never grumpy if you don't buy.

GOOD REASON FOR HIS ENTHUSIASM

When a man has suffered for several days with colic, diarrhoea or other form of howl, camp, and then that card sound and himself by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as I often the case is, it is natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when it is threatened. This is when in need of such a remedy. It never fails. Sold by Chas. C. Davis.

Jackson Lodge, No. 731. F. & A. M., Livingston, Kentucky. Whereas, Our former Secretary and Brother, Harry W. Bowman, was stricken down on the 16th day of June by the hands of another, and on the morning of the 18th after all that could be done by skill and friends at 4:00 a. m. he received the summons, and passed into that great beyond.

Harry, during his short time as a Mason, did more for Jackson Lodge than any man that ever belonged to it. Through his leadership, brains, and skill he erected a Masonic Temple for our lodge that will stand as a monument to him for future generations to admire.

His entire life was one of hard work for himself and the community that he loved so dearly, although his voice is forever stilled, and his presence among us forever gone, yet not even time can sever from our gatherings his former wise counsel; nothing can blot him from our memories while life endures. Great as his loss is to us as a friend and associate, greater still is it to those nearer and dearer to him, the surviving Mother, Brothers and sisters. Nothing that we might

say can heal their afflictions, but it seems only fitting to pause for a moment, and say to the afflicted ones, that we wish to share in their grief and pay our tribute to the memory of him who was dear to us all, and whom we shall ever miss though never forget.

In this spirit we tender the hearty sympathy of the officers and members of Jackson Lodge, No. 731, F. & A. M.

Resolved: That a page in our record be set apart in his memory; that a copy of these resolutions be sent to his Mother, Masonic Home Journal and SIGNAL for publication.

The Courier-Journal is running daily an impressive list of county fairs in Leavenworth. The length of the list supplies convincing evidence that the county fairs are increasing in number. There is reason to believe that they are increasing also in usefulness.

LANGDON MEMORIAL SOCIAL.

Full term opens Wednesday Sept. 10th. A full attendance is expected.

As the plan of Co-operation in the County High School involves us of teaching those branches we expect to strengthen in every way possible the work in the grades and the industrial teaching making it as practical and up to date as possible.

As Miss Rowlee has been engaged to teach in the County High School the girls in that department will have the same teachers as last year. Miss Rowlee needs no introduction to the patrons of the school and the people of Mt. Vernon. While she will not be one of our teachers, she will be a member of the dormitory family and have special care of the High School girls who live in the dormitory while attending the County High School.

Miss Kruger Cathey has been selected as grade teacher for the coming year. She was offered a position here last January but as the patrons of the public school where she was teaching had twice by private subscription, raised her salary in order to keep her, she felt she could not honorably resign at that time. Miss Cathey is a Normal graduate and a teacher of several years successful experience in both public and private schools. She is well known to Miss McCord and is considered by her one of the strongest, most thoroughgoing grade teachers she has ever had.

The place of Domestic Science teacher will be filled by Miss Adeline C. Ream, who, though not personally known by Miss McCord, is recommended by those who do know her, in the highest terms as to her personality, ability and devotion to her work.

Misses Clarkson, Abernathy and Robertson who are spending the vacation with homefolks, expect to return to Mt. Vernon for work in September.

No. 88, the package local will carry a coach from Corbin to Mt. Vernon during the three days of the Mt. Vernon Fair Aug. 6, 7 and 8. No. 89 the evening local takes the coach and carries passengers the same as morning train.

FOR SALE—Modern moving picture show, three and dance hall in new western city fully equipped, ready for running any kind of show or dance. Good money maker. Price \$2500. Will trade for good property or sell part, down balance on easy terms. For further particulars, address, O. C. EVANS, Richmond, Ky.

Old Cull will put his razor-back hawg on exhibition at the fairs and has bought two loads of corn for it to eat while getting ready to appear before the public. If his hog don't come away wearing the gold medal the judges had better hide out.

A FEW WORDS FROM C. R. LUKER.

I have just ended my campaign in Laurel and am now in Rockcastle until the election. I feel that I have a safe majority in Laurel and from the information that I gain from various parts of Rockcastle, I judge that I have a safe majority in 'cockeaste.

I have no need to sling and during my campaign I have only asked for earnest consideration which I have found to be good policy.

You will have no trouble in finding my name on the ballot because my name will head the list.

By casting a vote for me you will encourage our country boys to strive for an education even though their parents are poor and their chances seem to be few.

Thanking you in advance for your support, I remain Yours truly,

It Always Helps

says Mrs. Sylvia Woods, of Clifton Mills, Ky., in writing of her experience with Gardui, the woman's tonic. She says further: "Before I began to use Gardui, my back and head would hurt so bad, I thought the pain would kill me. It was hardly able to do any of my housework. After taking three bottles of Gardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give a trial. I still use Gardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Gardui, the woman's tonic. You cannot make a mistake in trying Gardui for your trouble. It has been helping Cardui, all women for more than fifty years.

A. Citizen Speaks for Cleaner Politics.

As a citizen of Rockcastle County, I am deeply interested in the welfare and prosperity of her people. I want her people to enjoy all possible advantages that should come to us in this day of progress and culture. We want our children to take the positions in life and have an equal chance with the children of other portions of the country. When our children go out in the world, we do and should like for them to be able to say proudly, I am from the county of Rockcastle, Kentucky, and have the facts with them to justify their pride. We must have good schools and churches, well kept farms and up to date farmers, sound banks and reliable and honest merchants, all pulling together for our common welfare. I know that all will agree with me in the above statement, and every good citizen feels on this subject just as I do. We may have some differences as to how all this is to be accomplished, but can agree on the main needs of the hour.

On next Saturday, August 2nd, there will be a county primary to select candidates to be voted for in the election of county officers next November. Now it is up to you Mr. Good Citizen of Rockcastle County to see to it that proper men are selected to fill the offices of the county. No doubt that some of these men who are to be voted for in the primary, will fill the offices. So it is important to see that only qualified men of good character and clean reputations are selected. What are you going to do about it? Are you going to look into the record of these men and find out if you may have a right to expect satisfactory service from them if elected to office? It is your duty as a good citizen and a debt you owe your county and state to see that we put in

men of good character with ability and disposition to fill faithfully the offices to which they aspire. Several of the candidates offered to us are men who have held office, and some of them now holding offices. Have they faithfully performed their duties and filling with honor to themselves and this county the trust imposed upon them? Are they sober and upright men and fit to take care of your interest and mine? If they are not living up to the oath of office which they took when elected and put into office, they are not to be trusted as men. Did you ever read the oaths which are required of these officers before they assume the duties required?

Read this oath over. Notice what they have sworn to do. Notice also what they will have to do and what they may not do to secure the annomination and election to these county offices. Are you going to help see to it that these laws governing elections and primaries are not violated. It is your duty to do so. Are you willing to elect men to office whom you know have violated the laws of this state while in office notwithstanding the oath which they took when they entered into office? Will you stand idly by and allow them to violate the laws of this state to secure an office and then to go into office swearing to uphold the laws and that they have not violated the statutes of the Commonwealth to get into office?

Go to the voting place of this county on the day of the primary and keep a close watch for the vote seller and buyer and see that all such are brought to justice when the next Circuit Court meets. Let's get together and put all violators of law in these primaries in jail and out of business. If the good citizens of this county will stand by the voting places and keep a close watch on what is going on in vote selling and whiskey drinking around the polls on election day, you can stop

this way of getting into office and you will succeed in putting honest and competent men into office rather than the men who will take an oath to perform the duties of the office and then go openly and violate their oath.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Sold by all Druggists. 75c. Particulars not learned.—Only a few more days and ten candidates for the office of jailer, will meet defeat, but at present about every tenth man met is a candidate for the same office. Of course this is most our fight, but it is amusing to see our friends, the enemy (The Republicans) engaged in a regular mud slinging, while we have friends in this contest, and while we are going to have some republicans to fill some of the offices yet in choosing between two evils, we should always take the lesser bit we have one candidate in the field, we will bet dollars to dough nuts, on his election, and that is Jas. Maret for Clerk.—Marshal Hellard has a force working on the streets.—Two men, whose names we will not mention, got tanked up on bug juice, the other day, and got too noisy and Marshal Hellard arrested them and took them before Judge Witt, who inflicted the penalty, and it is to be hoped the boys will not indulge again. Judge Witt promised the people if they would elect him he would give them a quiet town and we think he has redeemed his promise. Dear Mr. Baker:—We enclose check for \$10.00 which please accept as a slight contribution from this bank to the fund for the "Star and Wand". We have noticed considerable correspondence of late regarding this enterprise.

REMARKABLE CURE OF DYSENTERY.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, they getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief." writes B. W. Hill of Snow Hill, N. G. For sale by Chas. C. Davis.

If someone came to this town he could organize the Great Eastern Mountain Life, Cyclone, Lightning and Ancient Insurance Society and sell all the stock right here, yet somebody who was born and raised among us, who spends every cent he makes here can't sell a sassafras root to one of us without an investigation as to where it came from and if above it he wouldn't be able to sell it even then if it stranger came along with one—
