SUTTON & McBEE

S. C. Franklin, watch inspector, jeweler and inventor of the Big Ben watch, was in our town Tuesday. Little Miss Elizabeth Lemonds has returned to school at London. John Fields, after a few days' visit with relatives and friends here, has returned to his home at Stanford. S. E. Pondington, of London, was here Saturday. Elder James Barnes, of the Seage, Creek section, was here between 11 and Monday. Capt. Bill Dillon, of London, was here Monday and Tuesday. Our friend James Mares did not think of the trouble that he made for us in describing the watch that he claims we purchased from Jeweler S. C. Franklin. He should have known that curiosity-seekers would give us lots of trouble in exhibiting this wonderful time-piece, for you may search the patent office at Washington, and from Cape Sable to Lake Winni-peg, and you can't duplicate this watch. We are taught that Cyrus Fields laid the Atlantic cable, Robert Fulton invented the first steam boat, Eli Whitney the first cotton gin, Elias Howe the sewing machine, Benjamin Franklin the lightning rod, and when gravitation shall have ceased to exist some will perfect perpetual motion, and Thomas Jefferson invent the democratic party, but the Big Ben watch was invented by Jeweler S. C. Franklin. Now, if our friend, Mr. Mares, will call of the dogs and agree to quit even, we will say amen, but if not we are camping on his trail and will try to uphold our side of the question, and if needs be, will make another trip to Mt. Vernon for the purpose of gathering information. This week's paper will determine what the result will be. If he comes back again, we will rally all our forces and bring all our artillery to bear and tell in detail all we have heard while listening to him at the watch stand. We were asked the other day by a man from Garrard county how will Governor McCreary run in this town. Our answer was, if he will get one vote here we don't know it. All the Demes here whom we have talked to are for J. C. W. Bookman and we think if all the towns are like this one, Bookman will have a walkover. We believe if the democrats wish to do the thing that is right, they will put J. C. W. Bookman in the Senate for justice demands it. Gov. McCreary is a good man and we like him, but he has had enough, let's elect Bookman. Editor E. S. Albright was in our city, Monday. While our town has a population of about 400, yet we believe there are more goods sold here than any other town double its size in a radius of fifty miles. The railroad trade is a large item and the cross-ties trade is immense. There are seven stores, two drug stores, one restaurant, one butcher shop and all are having a good trade. One hotel and several boarding houses. We have two lawyers and four doctors, and at present there is a tooth carpenter in town. A. M. Payne is opening up a coal mine in Ford Holston. Bill Napier, who amalgamated (which means in English, left town between two days) has not been located yet. Mrs. John Graves, of Mt. Vernon, is visiting her daughter, Mrs. Robert McClure - R. J. Lemonds has returned from Louisville. Gabe Marchal has moved his family to H. M. Mink's mill, near Big Hill. G. W. Mattie has been very sick for a few days but is better at this writing. Sheriff C. M. Mullins was in our town Monday. Mrs. Emma Jones is visiting her Aunt, Mrs. F. E. Dill, at Maywood, Ky. We understand the night school conducted by Prof. W. R. Dickerson is progressing nicely. Little Charles and Jack Sams' sons of Mt. and Mrs. J. W. Sams, have been very sick for a few days.

day School, delivered two lectures at the Christian church, Saturday and Sunday nights. We understand that Deputy Sheriff Deo Cummins arrested Bill Reese at Sluiks, Tuesday, for selling whiskey and took him to Mt. Vernon. Well, the way of the transgressor is hard but this is only just. It has been said for some time that there were men who carried whiskey into Livingston and sold it. The sooner they are caught the better for all concerned. There are lots of able-bodied men who will stoop to anything to get out of work, and just such men, if they will not work for their families, it is a good thing to cut their liberties off. If Uncle Sam has any use for them, let him take them and send them to the county of their presence. John Mink has returned from Corbin and will move his family to that town. J. F. Neighbors has returned from Paris, Ky. He went there to look over the situation at that place but decided to stay here as a fire-trick dispatcher, and we think he made a wise choice. Edgar Cottingham, son of Mr. and Mrs. W. H. Coltingham, has typhoid fever. W. B. Rice has returned home to Paris, Ky., after a few days' visit with his parents. The grand H. Rice - L. H. Davis has his new house almost completed. Mrs. C. A. Blanford and daughter, Miss Ella Mae, have returned from Parksville, where they have been visiting relatives for a few days.

BROADHEAD

Acco'ring to a recent report, the fourth money in the male race at the Broadhead Fair, Aug. 1912 was \$750, and that did not include the cost either. Some nice races for a little "Jim Tate" picnic was held. At a meeting of the citizens of this place, the vicinity of the Bank Hall the first of this week, it was decided to purchase new grounds for holding the fair and a beautiful location was decided on near town. The grounds are situated so that a half mile track can easily be had, and the boundary will contain about 26 acres. It had been the intention of the management to secure a more spacious territory for several years, and the ambition of those present at this meeting having reached a fever heat, it was decided to buy new grounds, and put on a fair second to none. The capital stock will be between \$2500 and \$4000 according to the report of a committee appointed to make an estimate of the cost. The grounds will be put in shape, and the buildings and other improvements made in time for a 4th of July celebration, which will be free for every body, in order that they may have an opportunity to see and inspect the new home of the "New Broadhead Fair". If any reader of this paper thinks this is "hot air" come to Broadhead and we will show you the largest list of stock subscribers ever secured at any mountain fair. Keep in mind the dates, August 12-13, 14, 1914. The remark has been recently made that one fair is thinking that because of the judgment, that Broadhead Fair was out of business, why was it that this party did not think of this before there were two fairs organized. We will have the biggest fair this year, we ever had. Watch us. Mr. and Mrs. Jas. Hayes, of Crab Orchard, were calling relatives here during the week. Owen Case and the writer had occasion to visit Mr. John Cherry, who has been sick so long, and were surprised to see him in so weakened condition. We hope however that he will soon regain his health and get on his feet again. Mr. E. S. Chandler was selling friends at Lexington first of the week. Miss Belle Barnes returned home from a visit to relatives at Stanford the first of the week. Col. J. P. Chandler, who Crab Orchard's soft drink man, was in town a few days.

DETACHMENTS OF MARINES LAND TO GUN-BATTLE IN THE DISTURBED CITY.

The President of Haiti, Michel Orste, Took Refuge Aboard German Cruiser Vineta.

Western Newspaper Union News Service. Port au Prince, Haiti.—The president of Haiti, Michel Orste, fled from the capital and took refuge aboard the German cruiser Vineta. He was accompanied by his wife, fighting his way in the city. Soon afterward the president left the palace under escort and was covered in a launch to the warship lying in the harbor. Almost immediately detachments of bluejackets were landed from the United States armored cruiser Contona and the Vineta. Fring continued, and it was evident that the revolutionary movement which began in the north and spread to some of the southern towns had gained sufficient strength in the capital to threaten not only the power but the life of President Orste. It was the intention of Orste to abdicate several days ago, but after he declined to do so, hoping with the aid of congress to prevent the overthrow of his administration. Congress has failed to do anything. The arrival of the Contona and Vineta has brought the situation here so far as foreign residents are concerned. The legations at Port au Prince have been notified. The Haitian rebels repudiated an attempt by government troops under the command of Gen. Leman to march into the interior, to land at St. Marc, 44 miles to the northwest of the capital. The government troops, headed by Orste, are on board the dispatch boat Nord Alexis, at once returned to this city.

INHUMAN YOUTH

Who Confesses He Planted Bombs in Tenements For "Black Handers."

New York.—Alfred Lehman, an unemployed youth scarcely out of his teens, confessed to having participated in a bomb outrage, revealed knowledge of the conspiracy, and furnished information concerning a number of lesser crimes, in a sensational confession to the grand jury of the Southern District of New York. He was called as a witness in the trial of Angelo Sylvester, accused of one of the bomb outrages. Lehman told the court of the burning of two Brooklyn houses for the insurance, and many other lesser crimes. He said the bomb outrages usually brought the men doing the work \$50.
