Hello Climax.
Easter Post Cards at Fish's.
Co-operative and assist—not criticise and find fault.

Industrialism, as it changes and better human environments, is the true civilizing agent.
"Opportunity is the law of life and growth (Math. of Mt. Vernon Commercial Club).

No good, sensible, working bee listens to advice of a bad bug on the subject of business. How are you classified?
Men are under the domination of the woman. Men are needed only by working with women.

To avoid unkind criticism: Say nothing, be nothing, do nothing.

Low-Cuts, Clothing, Dry Goods, everything new to wear, arriving daily now at

Sutton & McBees.
W. T. Tonn cordially invites you to inspect his up-to-date quality barber shop under Masonic building next Fish's corner.

The Commercial Club has brought out some good ideas which will be put in effect next week. Every citizen of Rockcastle will be interested therein.

When in town Saturday, drop in and have Cox & Wheeler give you a shave or hair cut and you will be a regular patron of that shop hereafter. Next door to postoffice.

Every one is invited to the Conference for Education next week. There are no fees, no membership dues,—only a move by a philanthropic body of men to uplift the conditions of human life.

W. H. Poston has been named as Postmaster at Livingston and Dannie Owens received the appointment at Brodhead. The appointments were made upon the recommendation of Senator James.

A. H. Hamlin has received his commission as Forest Commissioner for the county. The preservation of the forests is an important matter and the office held by Hamlin is one of more importance than the general public will at first consider.

A point to consider, when you patronize the barber shop. What condition will the barber leave my face if I have Cox & Wheeler do your work, there is never any trouble about a sore face. Next door to postoffice.

All are welcome to the Conference in Louisville and any county that fails to send representatives to this meeting both men and women is losing one of the greatest opportunities that has ever come to the State of Kentucky.

Let Rockcastle be well represented by a large delegation.
We are short our Brodhead correspondence this week, for the reason that our splendid reporter Mr. John Robins had to go to Stanford to have his little daughter, Mildred, operated upon. Dr. W. F. Carter took, his little son Charles Hicks, along and he was operated upon at the same time.

Let Rockcastle be well represented by the largest delegation.
We wish to announce that we will have our Spring Opening of Millinery goods Saturday April 4th. Every body invited to attend. You will find this department complete in every detail; the seasons newest creations, also a big assortment from the baby cap up, and a wide range of prices, prices to suit every body, something you do not find in the ordinary hat shop. Do not forget the date Saturday April 4th. Sutton & McBees.

Commonwealth's Attorney Richard O. Williams, of Covington, is securing assent to the discussion of Democratic possibilities, says the Cincinnati Enquirer. His friends are saying that he would make a strong candidate for Attorney-General and also that he would make a good man for Lieutenant-Governor. He is now President of the Association of Commonwealth's Attorneys and is serving his second term as Commonwealth's Attorney for Kenton county. He is widely known and is popular in Kentucky. Last year he was elected Judge of Rockcastle county, which has a republican majority of approximately 800, and was elected by about 500 majority over the republican opponent.

Mrs. Whitaker, aged 71 years, died Saturday after an illness of about twenty four hours. The deceased was the mother of Mrs. A. C. Lovell and a sister of Mrs. Kate Moore. E. S. ALPHERT, Agent.
Mt. Vernon, Ky.
To the many friends and relatives who were so kind to us in our bereavement, we extend our most sincere thanks. We can never forget who showed us the light when we were so dark and so badly. May we be able to return all in some measure some time. Praying God's blessings rest heavily on each of us, while we can never be as we once were, we fear, but we shall never forget the many who were so kind and good to us.

MR. AND MRS. J. T. MEADOWS.
One of the saddest deaths that has occurred in our town in many years, was that of little Ruby Meadows, which came at a—o'clock last Saturday morning. In following two weeks intense suffering, from inflammation, rheumatism and other complications. On account of the serious illness of Mrs. Meadows, short services were held at the grave, instead of the home Sunday afternoon, conducted by Rev. Albin of this Baptist church. Many good relatives and friends of the bereaved family were present, and as they looked upon the sweet placid little body in its white casket and surrounded by beautiful and fragrant flowers, yet so more beautiful or pure than the little one within—their hearts were melted in sympathy for the bereaved family. But let us not think of little Ruby as dead, but as living in heaven. A wonderful withered, but as one that is transplanted and touched by a Divine hand, is blossoming in Heber color and sweeter fragrance than those which we see here.

The County Board of Education will meet next Tuesday.
Are you going to Louisville for the Southern Educational Conference, you can't afford to miss it.
If you wish to be shown how to do things in the very best way, attend the Southern Educational Conference to be held in Louisville, April 27th.

The Courier Journal of March 31st has an account of the Southern Educational Conference to be held in Louisville, April 27th to 30th. Read it and go, if possible.
The most disgusting creatures on earth are these know-it-alls who never do anything but spend their time criticising the fellow who is trying to do something in the world.

OPENING!
On Saturday, April 4th, 1914, I will have my spring opening of Millinery. Notions, etc., and would be glad to have you come in and see my stock of goods which you will find complete in every detail. Very respectfully yours, Miss G. S. HATT.

The Charleston (S. C.) Evening Post of March 25th states that young George Payne of their town, who is picking for the Charleston Club of the S. A. League, held Connie Meeks, Philadelphia Athletics, down to a score of 5 to 0, in favor of the Athletics on that date. The Athletics are the world's champion team and it looks as if our George is some pitcher.

The writer was shown thru the work on Wednesday and he enjoyed it immensely. There are no initiation fees for the first one hundred joining the club. There are now 79 members who live in various parts of the county. We meant to give the names of the officers but are enjoying to secrecy. There is a chief Lineman, a Woodman, Coalman; Shovelers; Piker; Custodian (of barrels) Slackman, Driller and Packman. Meetings ever now and then. Are you a "Lime" if not, get busy and get the past word and counterpane.

To the Women of Rockcastle County:

The Conference for Education in the South will meet this year in Louisville, April 27th to 30th. This Conference dates a new era in Kentucky history, and the future work will be largely among women. On the Conference program Woman's problems and the affairs of the home are dominant themes. Homekeeping is the most important of all occupations. Those in charge want at least two women from each educational division. Will you not go and get the benefit of exhibits and demonstrations, and discussions. Sincerely yours, ROSE McCORD, Member of Women's Committee for Statewide attendance.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting ad- vices from this place, Mr. A. J. Hughes writes as follows: "I was a man with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodor's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me— haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." Theodor's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Get a package today. Only a quarter.

The Ideal and Successful Way

No class of business men can be found the world over, who does not investigate a proposition before forming an opinion, no matter what the question or proposition may be, and we American people naturally stand against all kinds of business propositions until we are thoroughly convinced, but 92 per cent of the business and professional men of to-day are convinced that it is strictly against good business policies to ever attempt to go through life unprotected and have shown forth their opinion by their quick action they have taken. Now, just a word to you parents, you should advise the young men to take out Insurance on their life early. Sweethearts should demand it of the young man who seeks her heart and hand in marriage. THE COMMONWEALTH LIFE INSURANCE CO. of Louisville, Ky., will be pleased to show you the most advantageous policies through their local agent.

Speaker Clark and majority leader Underwood have made a mess of it in opposing Wilson's policy in Canal tolls repeal bill. Both will be relegated to back seats.

Calbe Powers says he feels his mind changing and may yet decide to make the race for Congress. The majority of the voters say they felt theirs change when they voted for him the last time, two years ago.

"Millionaire" Police Make Broadway Raid

DETECTIVE DISGUISED AS SPENDER

Broker Held On Bribery Charge As Sequel of Arrest

Under red ink box are letters running across entire top of page of the New York Journal of March 18th publishes a column in connection with arrest made in that city by detective William O. Jones. Mr. Jones is a son of Mrs. Mahala Jones of this place and had experienced in the U. S. Navy before he joined the police force of the big city some years back in which position he rapidly rose to a responsible place in the mounted police arm of the service where he gave eminent satisfaction.

Carlton, twenty three, a pretty blonde, in the Albany, a festive apartment house on fifty fifth street and Broadway. Miss Carlton was taken to sixty eighth street police station, charged with selling liquor without license. Miss Carlton's suite, the police say, has been under surveillance for some time. The police were unable to gain an entrance until Jones, posing as a millionaire, secured an introduction to Miss Carlton. He made several visits to the place, but was unable to secure evidence until today. According to Detective Jones and Dolan, McQuade offered each of them \$5. on the steps of the police station if they would suppress certain evidence against Miss Carlton. McQuade was placed under arrest charged with attempted bribery.

Country Life Conference.

A Country Life Conference is to be held in Louisville, April 7th to 10, to be participated in by farmers, business men and others who are interested in rural uplift. In the coming conference at Louisville the farmers will be told something about the benefits of co-operation in the handling of farm products, such as poultry, eggs, vegetables, fruits, in the breeding and selling of livestock; in the operation of creameries and in other ways. Some of the leaders in such movements will attend the conference and will recite their experiences for the benefit of those who are seeking information. There will be discussions of various matters affecting rural life, such as roads, churches, schools, sanitary improvements and social conditions.

This conference is merely a continuation of the annual meetings which have been held for many years under the title "The Conference for Education in the South." This fact stamps the gathering at Louisville as a meeting of nation-wide importance and one of such scope and value as Kentuckians not often are privileged to attend.

We hope that as many as possible of the public spirited citizens of Rockcastle will attend this convention. Leaves to Louisville will be on for the occasion. The people will not only be told how to do things—they will be shown how.

President Wilson was invited to be present at this conference, but has declined the invitation on account of pressing duties at Washington. He said that the temptation to accept was great inasmuch as he considered the meeting one of the greatest importance and interest. You cannot afford to miss this opportunity of learning about up-to-date and successful business methods.

GOVERNOR THATCHER'S LECTURE.

Governor M. H. Thatcher will deliver his famous lecture on the Panama Canal, under the auspices of the Woman's Club of Mt. Vernon, April 10th, 1914, at 7:30 p.m. at Chapel Hall, Graced School Building. Governor Thatcher's service in the Canal Zone was of great length, and he is perfectly familiar with the history of the promotion and construction of the canal the greatest engineering feat known to the world, the work of American Engineers and the realization of the dream of centuries. As all know the Governor enjoys the distinction of being an eloquent speaker of the entertaining type and an orator of wide reputation. We are fortunate in securing him as one of the speakers of this, our first year of the lecture course for Mt. Vernon, and it is to be hoped that the citizens of Rockcastle County will find abundant reason for being informed on a subject of so much interest to all Americans and by a man so well equipped.
