

MT. VERNON SIGNAL

MT. VERNON, KY. May 22, 1914

79 GO TO THE NEWS STAND FOR THE WEEKLY SIGNAL

LOUISVILLE & NASHVILLE R. CO.

TIME TABLE table with columns for route and time

As served at the Mt. Vernon, Ky. Postoffice as second-class mail matter.

PERSONAL

H. J. Mullins was in London Sunday. Col. John Brown was in Stanford Monday. H. Clay Gearty is here from St. Louis for a few days.

I. A. Bowman has bought J. J. Noe's residence in the Asher addition and we are glad to know it soon to be a citizen of our town again.

Look for the barber shop, next door to Postoffice and you will find Cox & Wheeloid always ready and anxious to do your work just to suit you.

F. L. Durham will move from Joon McKenzie's property to G. T. Johnson's house on Newcomer Ave. This is the same house Mr. Durham used to occupy.

Commencement week at Graded School: Wednesday May 27th, Eighth Grade, Tuesday May 28th, High School play and Friday, May 29th, High School Commencement.

Any one holding claims against the estate of John Cherry will present same to me at once, properly proven. J. INOS CHERRY, Executor, May 22-23. Crab Orchard, Ky.

NOTICE—There will be a meeting of the Directors of the Mt. Vernon Fair Association, Saturday, May 23d, promptly at 1 p. m. in the office of Atty. E. R. Gearty, W. H. Fish, Sec.

S. F. Bowman will soon have another residence on Main street completed. Pity but want more people would build a house or two and then there would not be such a clamor for houses all the time.

The County Board of Education of Rockcastle County will on June 15, 1914 receive bids for the building of school houses in districts 27 and 28. Plans and specifications may be seen at County Superintendent's office. Board reserves the right to reject any or all bids.

W. A. B. DAVIS, Chairman, J. M. CRAIG Secretary.

Commencement Exercises of Langdon Memorial

May 22, 2:00-3:00 p. m.—Exhibit. Sample of work of the year. 2:30 p. m.—Demonstration by class in cooking. 3:00 p. m.—Demonstration by classes in Domestic Art.

7:00 p. m.—Operetta, "Festival of the Seasons" by Intermediate grades. May 25, 8:00 p. m.—Recital by pupils of music department. May 26, 8:00 p. m.—Chorus and Play, "Little Women" by Eighth grade.

Fire which started about 8:30 p. m. last Saturday evening destroyed the residence of W. I. Richards on West Main street. The fire started from a defective fuse or a spark on the roof. When discovered the whole roof was ablaze. Most all the contents on the first floor were saved, but nearly everything on the second floor, including the clothing, went up in the flames. Insurance, \$5,000 on building and \$200 on contents. We understand that Mr. Richards will rebuild, which will be a brick in event he does build.

The play "Better Than Gold" presented at the Graded School chapel last evening by the Froebel Graded school faculty and students was all that was claimed for it and the visit it were given a most cordial welcome in Mt. Vernon. Three and a half weeks of diligent rehearsal, more than 1000 visitors were satisfied with Mt. Vernon and Mt. Vernon was satisfied with her visitors. The play was one of the very best ever staged in the town by amateurs. The gross receipts was something over \$30.

LOVELL MILLER—It is a somewhat of a surprise when the announcement was made last Monday that Mr. Robert Barry Miller, eldest son of Mr. and Mrs. M. J. Miller, and Miss Margaret Lovell, youngest daughter of Dr. and Mrs. A. G. Lovell were married the evening before. The wedding took place at the home of the bride, with Rev. Geo. Thayer as officiating clergyman. Only six members of Mr. and Mrs. Miller's family were present. They were all dressed in white and the bride wore a white dress with a long veil. The ceremony was a simple one.

CARD OF THANKS

To the good people of Mt. Vernon. The coming of the fall harvest, the drought of the beautiful flowers, Bro. Van Winkle for the kind and consoling remarks at the funeral services. Our friends in general who so sincerely came in the hours of sickness and death of our dear baby Lucille, with kind and sincere offers of sympathy and assistance. To all we tender our sincere thanks.

MR. AND MRS. T. J. NICELRY and family.

On Friday May 15 at 2 o'clock a. m. the sweet spirit of Lucille Nicelry took its flight to the God who gave it.

She had been suffering for several months with her head which resulted with an abscess on the brain. Lucille was a year 9 months and 13 days old at the time of her death and a lovely sweetener, far more than that of Lucille's never graced an earthly home. She was too bright and sweet to live in this sinful world. The great wise God who knows all things, and who can look out into the future, farther than our mortal eyes can see, saw best to take her home. Yet while you bereaved parents will miss the patter of those little feet, and the songs and prattle of those precious baby lips; just feels that God does all things well and don't think of Lucille as being dead. She has just begun to live, just look up and view her at that happy golden shore, where there is no more death, neither sickness nor trouble, safe in the arms of Jesus and see those pretty eyes, even brighter than they were when looking this way and see those little white arms stretched this way and hear those sweet lips saying "come pip, come mamma come on sisters and little brothers. I have just come on to have Jesus prepare a place for you." Lets just say that, on that shining golden shore, by the Grace of God we will meet her leave the dust world of sorrow and live with sweet Lucille.

MRS SARAH WALLIN

FOUND DEAD—An unidentified body was found Wednesday afternoon by George Summers on the Miller farm a mile East of town. Death was caused by another, who had a piece of a fence rail to beat the dead man's head, until the whole back of the head was a perfect jelly. The face was on the ground and by the heavy strokes of the rail the face was buried in the ground and so bruised, that it was beyond recognition. So far nothing has been learned, leading to the identification of the body or any clue as to who the murderer might be. The deceased appeared to be a man 30 or 35 years old, 5 ft 8 in. tall, and looked to weigh about 150 pounds, biped face, the face was so discolored and bruised that nothing that would aid identification could be seen. The only marks were found on the left side near the arm which looked to be swags from a gun. Years ago he wore a black coat, brown hat, tan trousers and a pair of tan boots No. 6 1/2, extra good quality. In his pockets was an L & N switch key No. D27665, but the key was not used on this division and up to the time of going to press, nothing had been learned as to whom or from what office the key was issued. Because of the mutilated condition the authorities are relying upon clothing principally as the means of identification, which clothing are now in the custody of W. A. Cox. The body was buried in the spot where found which is the highest point of the hill on the Cox place just South of the Big Hill and East of Lewis Lane. The key was issued by E. Wells, section foreman at Paris, Ky.

Poultry Keepers

Read This

We publish below a communication from Mr. Bishop, State Agent in Poultry Club Work.

Sell, Kill or Confine the Rooster Beginning May 13, 1914.

Because roosters are allowed to run with laying hens during warm weather \$15,000,000 worth of eggs are lost the farmers throughout the United States each year, and most of this loss occurs during June, July and August. For this reason taxes of poultry are earnestly asked and urged to kill or sell all matured males or confine them in pens away from the laying hens during the summer. Eggs that are laid by hens, not mated are sterile or infertile and do not decay. The fertilized eggs spoil very quickly when subjected to the influence of heat and if they are left to long in the nests or under broody hens or are left in any very warm place the germ cells begin to develop, the chicks begin to grow. These growing cells may die at any stage of development due to unfavorable conditions.

Whether the embryo dies or not, egg is useless as food and is unfit for market. If the wives of the farmers would once realize how much money they practically lose by allowing the roosters to run with the layers, they would immediately stop the practice. Not one egg more is produced with a male running with a flock of hens than without one, and unless the roosters are valuable as brooders, it is far better to dispose of them at the end of the breeding season, and replace them with this younger stock the following spring. If we follow this plan, we can always have good, strong, vigorous cockpicks (young roosters) for breeders, and at the same time get rid of the care of non-productors. Let us at least make the most of what we possess.

In order to have concerted action in this matter the Poultry Department of the United States Government has designated the 22nd day of May to be known as ROOSTER DAY. Then Kill, Sell or Confine the Rooster. NOTE: The whole nation poultry buyers who are members of the Southern Poultry and Egg Shippers Association have agreed to pay a higher price for roosters on that day.

# CLEAN SWEEP SALE

A Clean Sweep Sale in itself means a great deal but when you visit the busiest spot in Crab Orchard, which is L. L. Sanders' Store, where you get the largest package for the least money any day in the week, sale or no sale, is good enough. But the CLEAN SWEEP SALE outclasses all other needs in the way of summer goods, almost given away. Bring a little money and carry away a wagon load of goods. Be at Sanders, Saturday, May 23d, at 8:30 a. m.

**Money Thrown Away SATURDAY morning, 8:30 a.m. Sharp**

200 Pieces of Money will be thrown away on the street in front of our store. The person recovering the most pieces will receive a 50c Broom Free.

KENTUCKY

Crop Report As Of May First

"After a drought, a good crop year" is an old saying that is believed by most farmers...

The wheat acreage of last fall is given at 85 and practically none of this was plowed up this Spring...

The amount of barley originally sown 77 and the condition of both rye and barley is given at 85...

While the dark tobacco crop planned is only at 74, the condition of plant buds is given at 86...

The pastures are in unusually good condition. The condition of blue grass is given at 93 with every promise of a large crop...

Fruits of all kinds have escaped destruction by freezing and the apple, cherry and plum crop is unusually promising...

Live stock of all kinds came through the winter in good condition. It is estimated that 4 per cent of the horses died in the last 12 months...

It is estimated that 11 per cent of the cattle, 10 per cent of the sheep, 10 per cent of the hogs and 10 per cent of the chickens died in the last 12 months...
