

MT. VERNON SIGNAL

MT VERNON, KY June 19, 1914

79 "Up No. 79" word with C. C. Gentry, Jr. 79

TIME TABLE

Table with 2 columns: Direction and Time. Rows include 22 North (4:50 p.m.), 24 North (3:53 a.m.), 21 South (11:43 a.m.), 21 South (12:19 a.m.)

JAS. LANDRUM, Agent, Phone No. 8.

Entered at the Mt. Vernon, Ky. Postoffice as second-class mail matter.

PERSONAL

Jesse Livesay is on sick list. Mrs. Georgia Kice is in Louisville for a few days. John Hysinger was in town yesterday and we are glad to report him much improved.

Miss Myrtle Shumake was the guest of Miss Roberta Purcell for a few days last week. Atty. and Mrs. J. W. Brown were with Mr. and Mrs. T. S. Cherry at Crab Orchard today.

Dr. F. J. Cheek stopped off yesterday and spent the night with Rev. and Mrs. Macmillan. Louis Farmer, of Indianapolis, is with his sister, Mrs. S. P. Bowman for a few days.

Louis Miller has resigned his position with the W. J. Sparks Co. to take a place in Chas. C. Davis drug store.

Mrs. Water Miller, O. L. Monday for her home at Alton, Va. Her mother, Mr. Tate, is very much better.

Mrs. C. I. Ogg, of Berea, is seriously ill. She was formerly Miss Nora Maret of this place, a daughter of Granville Maret.

Mrs. Linda Benton and Mrs. Shirley Tate are at Broadhead for a few days and will go from there to Millersburg to spend a short time.

Mrs. A. B. Furnish and son, Ben Wanzer, arrived Friday night. Mrs. Wanzer, Mrs. Furnish's mother accompanied them and will remain over a few days.

Chas. C. Davis, who has been troubled with a cough on his face for sometime, had same removed Wednesday. Drs. Owens and Laswell performed the operation.

Edward Jones arrived from Canada Monday. He went to Lexington Wednesday to see his sister Mrs. Mamie Oldham, who is a patient in Eastern hospital there.

Miss Marie Brock spent Tuesday night with her sister, Mrs. E. S. Albright, on her way to Denver, Colo., where she will spend the summer with her brothers, Atty. C. R. and Elmer Brock.

Mr. Louis Sandlin, of Kingsport, Master of the G. A. R. Post at Berea, stopped last week on his return from the Encampment at Middleboro for a short visit with his grand daughter, Mrs. S. F. Bowman.

Robert Harry and Floyd Miller have bought a drug store at Miami, Oklahoma. Robert Harry who went to look the situation over two weeks ago is there and Floyd and wife and Mrs. Robert Harry Miller will leave next Monday for their western home. We regret very much to lose these splendid young people from our number, but in their new home and new field of labor we are certain wish them the greatest success and happiness.

LOCAL

Bone Way Opera House is putting on some fine films and is receiving a good patronage. FOR SALE—Second hand Boggy belt cheap for cash or trade for stock. P. L. Thompson, (639-33)

THE BOY SCOUTS OF AMERICA

Triangle park is being kept in nice shape by much use of lawn mower.

Don't fail to see the Electrical demonstration to be given at an early date.

Middleboro has no Sunday post office hours. Have to wait till Monday for mail.

Mr. Pulliam of the James Clark Jr., Electric Co., will be in town next week with a full line of Electric fixtures and will give daily demonstrations of the various appliances, such as broilers, toasters, fans, irons, etc.

Another curious thing about a girl is the way she will be scared to death for fear someone will see her. Her name is Edna. She is six inches stepping down the street in a costume that shows more girl than any well regulated kidna ever dreamed of showing.

The Cleveland police are looking for two Cleveland women, supposed to be accomplices of auto thieves. The police say the women are dressed in the height of fashion. What is the height of fashion—the knee or the shoulder blade?

Elder A. C. Griffith will preach the text of Crab Orchard, at Berea, at Raspberry on the Fourth Sunday in July. On the Fourth Sunday in August he will begin a series of meetings at Pine Hill. He has just closed a meeting at Raspberry with two aditions.

Mr. and Mrs. S. A. Bowman are with their son, L. F. Bowman, for a few days.

Miss Willie Francis is assisting in the post office during Mrs. Brown's absence.

Roy Bessley has moved to house recently vacated by Louis Cooper in Asher addition.

John Hysinger was in town yesterday and we are glad to report him much improved.

Miss Myrtle Shumake was the guest of Miss Roberta Purcell for a few days last week.

Atty. and Mrs. J. W. Brown were with Mr. and Mrs. T. S. Cherry at Crab Orchard today.

Dr. F. J. Cheek stopped off yesterday and spent the night with Rev. and Mrs. Macmillan.

Louis Farmer, of Indianapolis, is with his sister, Mrs. S. P. Bowman for a few days.

Louis Miller has resigned his position with the W. J. Sparks Co. to take a place in Chas. C. Davis drug store.

Mrs. Water Miller, O. L. Monday for her home at Alton, Va. Her mother, Mr. Tate, is very much better.

Mrs. C. I. Ogg, of Berea, is seriously ill. She was formerly Miss Nora Maret of this place, a daughter of Granville Maret.

Mrs. Linda Benton and Mrs. Shirley Tate are at Broadhead for a few days and will go from there to Millersburg to spend a short time.

Mrs. A. B. Furnish and son, Ben Wanzer, arrived Friday night. Mrs. Wanzer, Mrs. Furnish's mother accompanied them and will remain over a few days.

Chas. C. Davis, who has been troubled with a cough on his face for sometime, had same removed Wednesday. Drs. Owens and Laswell performed the operation.

Edward Jones arrived from Canada Monday. He went to Lexington Wednesday to see his sister Mrs. Mamie Oldham, who is a patient in Eastern hospital there.

Miss Marie Brock spent Tuesday night with her sister, Mrs. E. S. Albright, on her way to Denver, Colo., where she will spend the summer with her brothers, Atty. C. R. and Elmer Brock.

Mr. Louis Sandlin, of Kingsport, Master of the G. A. R. Post at Berea, stopped last week on his return from the Encampment at Middleboro for a short visit with his grand daughter, Mrs. S. F. Bowman.

Robert Harry and Floyd Miller have bought a drug store at Miami, Oklahoma. Robert Harry who went to look the situation over two weeks ago is there and Floyd and wife and Mrs. Robert Harry Miller will leave next Monday for their western home. We regret very much to lose these splendid young people from our number, but in their new home and new field of labor we are certain wish them the greatest success and happiness.

THE BOY SCOUTS OF AMERICA

We promised to tell our boy friends something more about the Boy Scouts of America. Those who would like to know more of this fine organization, which teaches woodcraft and lots of other interesting things about athletics and animals and camping, or who want to join the Scouts, will write a letter or call on Scoutmaster, S. F. Bowman, Mt. Vernon.

Or you can get a book telling all about it and what it is for, with lots of interesting information about how to become a Scout, and about woodcraft, scoutcraft, campcraft, life saving, health, games and a little patriotism, cheer 'y and other things every boy wants to know about. It costs twenty-five cents, and you can order it from New York or the Mountain Home Journal, Louisville, Ky.

The National Council of the Boy Scouts has just held its fourth annual meeting in Washington, and some of the biggest men in the country had words of praise for it.

Secretary of the Navy Daniels said that this nation would have a better type of men in the future as a result of the Scouts training.

Senator Nelson and Clipp of Minnesota, Johnson of Maine, and others also spoke for it.

This summer Dan Reed will have charge of the United Baltimore and Washington summer camp. He is one of the greatest experts in camp life in the world.

President Woodrow Wilson is honorary president of the Scouts, and Vice Presidents Taft and Roosevelt are vice presidents.

Mr. Jacob A. H. is a great good man, a few months before his death in New York on the 20th of last month, published an article about the Scouts in one of the magazines called "The Outlook," in which he said:

"I have quoted from the Scout law that the Scout is to be clean in body, and thought, clean habits, and travel with a clean crowd."

Clean sport puts up the bars against gambling, which goes hand in hand with all the mischief of the street and opens the door to every crime on the calendar.

The very spirit of the Scout movement breathes loyalty to authority, to law, a lesson our boys need to learn. East and West, North and South. It is by the quality of its service to our day, what greater could and any wonder?"

Robert Harry and Floyd Miller have purchased a drug-store in Miami, Oklahoma. R. H. is here now and will be joined by Floyd next week. The business is located in a flourishing town and the boys both being good business hustlers, it is predicted they will make a success in their undertaking.

Broodhead The free day work on the new fair grounds Wednesday was a decided success in every particular. A fifty foot son of the Amphitheater was raised, the stumps and brush from over the entire grounds were hauled off and burned, and four teams did splendid work on the track. A well fitted outfit was set to work, and considerable progress was made in this direction. On account of the extreme dry weather, work on the track was greatly hampered, and it was proposed by J. W. Moore, Chint Lear, W. H. Anderson and R. L. Smith that another day be had, and that they would bring their teams, and direct their attention to the completion of the track. The day will be announced later. The rain that fell Wednesday night made it possible to do good work with a roller Thursday afternoon, and the track is now ready for the free day proposed by the four gentlemen. Much interesting material from start to finish was every one worked like he was working for himself at home. Ladies in the afternoon a number of people drove out to the grounds, and served cake and lemonade and it required no proof that it was greatly enjoyed. John Cross, the Preacherville stock trader, was present and after to donate the best sheep from a drove of three hundred sheep on the grounds toward a dinner for the next occasion, and no doubt the next occasion will be made more enjoyable if possible. Misses Kate and Lucille Foyner and Mrs. A. S. Brandenburg, of London, were the guests of Miss Kize Strout during the

week—Mrs. B. R. Wilcott was visiting her parents, Mr. and Mrs. J. J. McCall at Marengo, in Ford hill until Sunday.—Mrs. L. R. Still and Mrs. Adams are visitors relative in Cincinnati, Ohio, and Dr. Ridge, Ky. this week.—Mrs. W. E. Gravelly and children are visiting her sister, Mrs. H. H. Butcher, in Middleboro this week.—Ward Hilton, of Stanford, and J. Thos. Chisley, of Crab Orchard, were in town Sunday afternoon.—S. T. Proctor, of Mt. Vernon, was with his parents, Mr. and Mrs. J. W. Proctor, last Sunday.—Mrs. L. M. Brown was visiting relatives in Stanford and Louisville during the week. Mr. Brown accompanied her home.—Miss Lizze Strout, who has been teaching in Dunedin, Fla. for several months, is at home now.—J. W. Owens had a good horse to do last Saturday.—Miss Judith McCall was in town with her sisters, Mrs. B. R. Wilcott and Mrs. J. J. Albright during the week.—Miss Lulu Jones, of Crab Orchard, was the guest of Miss Lizze Strout, last Sunday.—Mr. and Mrs. F. L. Durbin and Miss Hazel Reynolds, of Mt. Vernon, were the guests of Mr. and Mrs. F. F. Watson, Saturday and Sunday.—Services were conducted at the Baptist church last Saturday and Sunday by the Pastor, Rev. D. B. Arley, of Mt. Vernon.—Levi Erickson, son of Mr. and Mrs. Z. Erick, of Marengo, was drowned near Hazard, Ky. Thursday last week and his remains were brought to Marengo and the following night and buried in the cemetery there Saturday afternoon. Young Erickson was bathing with a number of his companions in water about fifteen feet deep, and it is thought that heart failure was the cause, as he sank to the bottom the first time, and was not seen any more until fished out about two hours later. He was employed by the L. & N. R. Co. and was "making good." We understand that he had just taken an accident policy for a \$1000.00 made payable to his mother. The parents have the sympathy of the entire community to their sad bereavement. Will W. E. Elisha, Madison, U. C. Cass, A. J. John Payne, who worked in the same crew with young Erickson accompanied the remains home.—A. J. Vangon died at his home here last Thursday and his remains were buried at the Christian church cemetery Friday noon. He had been complaining for some time but few thought his condition to be serious until a few weeks ago he was forced to take his bed. He died with tuberculosis.

He was the father of nineteen children, twenty of whom and their mother survive him.—R. H. Hamm and U. C. Howell have just received new harness and harness and are ready for the fancy turn out at the coming fair.

TO THE PUBLIC Two laws passed by the last Legislature and which have gone into effect this week, deserve special mention and I feel it my duty to call the attention of the public, and especially young men and boys to these laws.

One is known as the pistol law which imposes a penalty of fifty to one Hundred Dollars, imprisonment from ten to forty days and disfranchisement for two years, for the first offense of carrying a deadly weapon concealed on or about the person and from one to five years in the Penitentiary for the second offense. I expect to enforce this law to the letter, if possible, and if I can do so for the four years I am County Attorney, I feel that it will save some one's life and maybe more.

The other is the cigarette law, which imposes a fine of not exceeding five dollars for each offense, for a boy under eighteen years of age to have in his possession a cigarette or cigarette paper. It also imposes a fine from one to Five Dollars on any person smoking or using a cigarette in any building used for school purposes, or upon school ground. The same law provides for a fine from Ten to Three Hundred Dollars for any person selling or furnishing such a boy cigarettes or cigarette papers, and that if the boy will tell who furnished him the prosecution against the boy may be dismissed. It makes it the duty of any Peace Officer to immediately arrest any boy caught with cigarettes or papers, and take him before the court to be dealt with, and any officer failing to do this is subject to a fine of five Dollars for each offense. I want to call special attention to the Constables and Town Marshals to this law and ask them to cooperate with me in the enforcement of same, and they will render the rising generation a service of inestimable value.

Very truly, E. R. GENTRY.

HEALTHY AND ORCHARD GRASS are both given at 80 per cent and have not suffered as much from the drought as young clover and timothy, which show a condition of 75 per cent. Potatoes have suffered materially dropping to a condition of 75 per cent. Garden conditions are given at 80 per cent. The prospects for a large fruit crop remain good, but the strawberry crop is not so good as last year. A crop of the result of the dry condition at maturity. Indications are for a large blackberry crop, this being given at 90 per cent; grapes at 87; apples 76; peaches 84; pears 72 and plums 75 per cent.

All live stock is in good condition comparatively speaking, with lambs beginning to show the effects of short pastures. Condition of horses is given at 95 per cent; cattle 94; hogs 91, and sheep and lambs at 90. Young turkeys have suffered much from the heat, their condition being given at 82 per cent; ducks at 90, and chickens at 95.

What about that past slave, bait cut, shampoo, massage you got at Cox & Wheelock's barber shop? Did it please you? It told others about it, if not tell us. Cox & Wheelock, next door to post office.

Use electric lights! It is but a trifling expense, cleaner and not any more expensive than the old coal oil lamps.

He May Mean Just What He Says "I have had a car of hogs all ready to ship. How about you for the other half?" Advertisement on a gate post by Old Cull.

COUGHS AND COLDS WEAKEN THE SYSTEM Continued Coughs, Colds and Bronchitis, when depressing and weaken the system, reduce weight and appetite generally. Get a 50c. bottle of Dr. King's New Discovery. It will stop your cough. The first dose helps. The best medicine for Suburban Coughs, Colds and Bronchitis is Dr. King's New Discovery. Mr. O. H. Brown, Massillon, Ala., writes: "My wife was sick during the hot summer months and I knew not what to do. Dr. King's New Discovery saved her life. Good for children, too, and \$1.00 at your Druggist."

Just received a carload of American Vey Fencing. We also have hammers, posthole diggers and staples with which to put it up, all of a standard make and the best in their line. When in need of FENCING give us a call. C. C. COMBS, Opposite Court House, Mt. Vernon, Ky.

Crop Report As Of June 1, 1914 The month of May was an unusually dry one in Kentucky. The crop reports come to this date as of June 1st show that there was practically no rain fall in Kentucky from May 1st to June 1st. Almost every report speaks of the drought, but the damage up to June 1st, has not been serious. Since this time copious rains

have fallen in many sections of the State. The best rains have occurred in the central and eastern sections of the state, and showers or limited areas have occurred in the western sections.

Wheat cutting has begun in the southern portion of the state, and the indications are that we will have a record breaking crop in Kentucky. Condition is given at 90 per cent at the beginning of the harvest and it is now to late for weather conditions to prevent the maturing of a large yield of wheat of splendid quality. The crop has but one danger to run fall while in sheaf. It is shown at 93 per cent. This crop is practically made. Another crop that is made and ready for harvest is the Bluegrass seed crop, which will be large and of good quality. Condition of Bluegrass is given at 90 per cent.

The corn acreage is given at 86 per cent, while the condition is stated at 87 per cent. The drought to a certain extent has effected both the planting of the corn and the condition of that planted. The damage to corn, however, is probably not very great, as the rains that have fallen since the first of June will remedy much of the trouble inflicted by the reports. Oats, however, with an acreage of 85 per cent, has suffered materially in condition the latter dropping to 74 per cent. A rain would help the oats crop some, but this crop is possibly be a heavy crop this year.

Tobacco beds have suffered in a measure from the drought. Lack of moisture has prevented the transplanting of plants at the proper time and there are complaints of the plants getting too large for transplanting. This damage, however, can not be considered as very serious. Conditions of Burley tobacco is given at 80 per cent, and that of dark tobacco at 81 per cent.

Alfalfa and orchard grass are both given at 80 per cent and have not suffered as much from the drought as young clover and timothy, which show a condition of 75 per cent. Potatoes have suffered materially dropping to a condition of 75 per cent. Garden conditions are given at 80 per cent. The prospects for a large fruit crop remain good, but the strawberry crop is not so good as last year. A crop of the result of the dry condition at maturity. IN THE DISTRICT COURT OF
THE UNITED STATES

FOR THE EASTERN DISTRICT OF
KENTUCKY

In the matter of In Bankruptcy
of Mrs. J. H. M. Nieceley

On this 9th day of June A. D. 1914, on considering the petition of the aforesaid bankrupt for discharge, filed on the 2nd day of June A. D. 1914 it is ordered by the court that a hearing be had upon the same on the 14th day of July A. D. 1914 before said court at Covington, Louisiana, at 10 o'clock in the forenoon, at which time the estate assets and liabilities shall be published in the court file and the names of all persons interested may appear at said time and place and show cause why they have any claim or prayer of said petition should not be granted.

WITNESS the Honorable A. M. J. Cochran, Judge of said Court, and the seal thereof, at London in said district, on the 9th day of June A. D. 1914.

HOPEWELL

Wm. Nieceley had a car in his possession last Wednesday. Mrs. J. H. M. Kinney spent Monday with her father, Wm. Sowler. John Child of Lilly, was in this part Saturday. The farmers of this part are very busy harvesting their wheat and the wheat crop is good. Homer and Shiles Carmichael spent from Friday until Tuesday with their sister, Mrs. Steve Carpenter at Mt. Vernon. The life of the farmer of this part fell ill Saturday night, was glad to be helped by the farmers, and had a great deal of good to the old-fashioned bean patch. Miss Isabelle Ping will teach the school at this place this year. It is the third term. Miss Ping is a good girl and seems to give great satisfaction. With all the history of the part it is so far from the center of the world as to be so dangerous to work in the heat of the day for fear of a heat stroke. Rev. Charles Carmichael filled his regular appointment at Olive Saturday and Sunday. Well by some means we hardly can tell why, but this has been the best year our farmers that have been that we have seen for years as the least a few every and done, so well, it seems that each year's bumper could have several stands of bees as they are but little trouble. There is a certain fellow in this neighborhood that is candidate for matrimony, but because that there have been very few weddings of late, but must be in the fall of the girls. Little William Carmichael spent Sunday evening with Master Hattie Nieceley who is still confined to his room, but is slowly improving from a spell of fever and other diseases, which have held him down for three months. Mr. Jesso Mansfield June 10th after an illness of several months. He leaves a wife and five children to mourn his loss. Mrs. Nancy Proctor of Pine Hill spent Thursday and Friday with her sister Mrs. J. Murray at the place. Wm. Nieceley is the oldest. Mrs. James Nieceley and children at Mt. Vernon spent Monday and Tuesday with Mrs. Anna Nieceley at this place.

LIQUID GOLD

Oklahoma Oil Opportunity

Oil is the greatest money-maker and Oklahoma is the great oil in the United States in the value of her oil production, totaling over \$1,000,000,000 annually. Greenfield and other Oklahoma fields in the millions rapidly which are selling at thirty-five cents per barrel. Now the price is more than double. Partitions are a complicated matter between the oil and the land. The oil is the great Mid-Central field of Oklahoma.

When one considers the fact that produces more than \$1,000,000,000 a year, that wells can be drilled in from six to twenty days and the wells will pay for the cost, a certain amount of drilling that the owner of a single five or eight acres of land (required) as an income of \$200.00 a day that stock bought in Company at \$1.00 or \$10.00 shares many times worth \$100.00 to \$200.00 shares within a year or more than that. The thought is that this is the history of many of the oil fields in the state of Oklahoma or Texas. Live some of the best of the oil fields of California in the palmist days are left in the rear. The great gold mining in Alaska is forgotten; the diamond field of Kimberley in South Africa pale into insignificance. Nothing in the history of civilized man had as added gain in accumulating fortunes so rapidly as the oil and gas interest of the great Mid-Central field in the State of Oklahoma.

Here even children of the white and negro races who have a small piece of land, but when the information has frequently an income of \$100.00 to \$200.00 per day from a corner with the Oil Company that is doing well, making 100 per cent a month. Language fails to express the reality and even eye witnesses can hardly believe the marvelous success of production of oil.

A number of stock companies have been organized and are operating. Among these is the Great Western Petroleum Company of Tulsa, Oklahoma, incorporated under the laws of Oklahoma for \$1,000,000 with a strong directorate of business men, three of whom are experienced and practical men, which is now offering 100,000 shares of stock at the par value of \$1.00, stock to be sold in blocks of five shares and upward.

Those who desire to know something more of the great opportunities are invited to address B. J. Wang, the Stock Sales Manager of the Great Western Petroleum Company, Tulsa, Oklahoma, and make inquiries or get the published literature of this company giving its holdings and other facts as figures as to the real condition of the oil interests in the State of Oklahoma.

THE DORFORD'S BLACK-DRAUGHT
Saved Girl's Life
"I want to tell you what wonderful benefit I have received from the use of Theodor's Black-Draught," writes Mrs. Sylvia Woods, of Clifton Mills, Ky.
"It certainly has no equal for its grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Theodor's Black-Draught made them break out, and she has had no more trouble. I shall never be without
THE DORFORD'S BLACK-DRAUGHT
in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Theodor's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.
If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success prove its value. Good for young and old. For sale everywhere. Price 25 cents.

Be a Money Maker
You Can Earn Big Money With the "MIDGET" MARVEL
Best Money Maker in the World for Farmers, Grain Men, Engineers, etc.
Make money so fast that there'll be no more idle days after you've put in this great "Midget" mill ever built. Makes high as 50 lbs. finest flour a day. Do your own milling—mill for everybody around they all use flour. And with this wonderful little "Midget" Marvel
SELF-CONTAINED ROLLER FLOUR MILL
You can quickly build up a big paying flour trade right in your own country. It's the greatest money-maker of the West. And this is the best business. A complete roller flour mill in one small case, recutting, grinding, sifting, and packing.
"A Barrel of Better Flour Cheaper"
much cheaper than the largest mill. Grinds rye and buckwheat, too. Any one can operate it.
No Profits Being, Thousands Necessary
Get a "Midget" on a trial—try it for a week. You'll be sure to like it. You'll be sure to like it. You'll be sure to like it.

A Daily Glance At The Periodicals

"NATIONAL AID TO GOOD ROADS"

An Article in North American Review Magazine, Reviewed By JONATHAN HARRIS.

MUCH is being written at present about the building and maintenance of roads, and within the past week Louisville has been flooded with large, flaming circulars that urge the cooperation of all citizens with the builders of The Lincoln Highway—a project to connect New York with San Francisco by a continuous boulevard of exceptional beauty and construction. On the subject of Federal aid to road building, however, less has been said, and in the North American Review for September may be found an interesting treatment of this by Jonathan Harris, Jr.

It would appear that the idea of national aid for road purposes is new. In 1802

INTEREST when Ohio was admitted to the Union, Congress included in this act a provision that 3 per cent of the net proceeds of the sale of public lands in the State should be applied to the laying out and construction of public roads connecting the Ohio River with navigable waters emptying into the Atlantic. This was Federal money thus expended and the road to be constructed was an interlunar road. The obligation was assumed by the United States Government chiefly for the State of Ohio, yet also for the benefit of other States. When Illinois, Indiana, and Missouri came in, similar provisions were embodied in the acts governing their admissions, and the Western terminus of this proposed road was to be Jefferson City, Mo. Then the Legislatures of Mary-

land, Virginia and Pennsylvania, recognizing the benefits of this act, enacted laws to permit the Federal Government to extend their jurisdiction, and they appropriated the sum. In consequence for forty years the Federal Government built roads where it pleased. The appropriation for the Cumberland Road, some was \$10,000,000. Later, it was taken over by the States, thru which it passed.

The foregoing little bit of history the author gives to prepare for a bill he has suggested along the same idea, and which is about as follows:

He suggests that a State be permitted to deposit its fifty year 4 per cent bonds in the United States Treasury and receive the face value thereof from funds raised by the sale of Government 3 per cent non-taxable bonds, the per cent tax to be levied on the State bonds to be retired through the payment of a principal other than by crediting the States with the difference between 3 per cent and 4 per cent, together with 3 per cent compound interest on this difference. In other words, the States would pay the same rate of interest usually paid on State bonds, and the difference between that rate and the lower rate at which Government bonds will sell would be credited to a sinking fund which would, with interest thereon, amount to the principal in a little less than fifty years.

In principle, the author says, this is the system of financing adopted by England many years ago in connection with the purchase of landed estates in Ireland, and the method of their resale to the tenants. The Irish Land Purchase Act of 1903 contains the latest application of this plan in Great Britain. Under that act, British securities are issued, bearing 2 1/2 per cent interest, while the Irish tenants pay the face of

31 per cent, but the principal of the loan is deemed to have been paid whenever the sinking fund, with accumulation of compound interest thereon at 2 1/2 per cent, equals the amount of the loan.

The financing feature of Mr. Bourne's plan is the same, with the addition of some features that are obvious necessary to produce desired results. For instance, it provides for Federal loans to the total amount of \$400,000,000 for construction and appointment of it is aid among States upon a basis of area, population, assessed valuation and road mileage, each factor being given equal weight. Thus each state will receive aid in accordance with its needs.

This plan also provides, says the author, for aid in maintenance, each State to receive annually from the Federal Treasury an amount equal to 1 per cent of the amount of State bonds on deposit, provided the State expends a similar amount for maintenance. Mr. Bourne sees in this idea, and it is a matter of the utmost importance—

OF THE following re-PORK BARRIS felt that each State should be left free to determine what amount of aid it is to receive, thus eliminating absolutely the possibility of the pork barrel.

Further advantages may be derived in the provision that no State shall receive Federal aid until it has established a State Highway Commission, with general supervision over the expending of funds received from the Government, and also that the bond of the State shall not be acceptable if its total bonded indebtedness—including those bonds issued for national highway purposes—shall exceed 10 per cent of work on hand inuring obligent supervision over the road expenditures, and prevent such an excessive indebtedness as might impair the credit bearing 2 1/2 per cent interest, while the State or cast doubt upon the soundness of its bonds.

LIVINGSTON

Miss S. E. Bellard, who has been very sick for some time is slowly improving. With Mr. Vernon has the electric lights and we imagine the citizens of that town are delighted. This is something that every town should have. We may never be so fortunate as to see them but we know what we are missing by doing without them.

Mr. and Mrs. R. Gregory have returned from Illinois after a two week's visit with relatives. Miss Eugene Fishback of Mt. Vernon is with relatives here. John Neburn has moved to his property on the river in the lower part of town. Crops in this corn are suffering for rain and unless we get rain in a few days corn crops and gardens will be greatly damaged. Elmer Jones has moved into the McClure property in Ford Hollow. We were asked the other day what had become of our friend Hicks. We had purchased a saw mill and was cutting lumber on Percy Branch. We are camping on Mart's trail and will inform our readers if he makes a move. We know his intentions are to get married the first opportunity but he is hard to suit. Atty. E. R. Gentry of Mt. Vernon was in town Monday—C. H. Rice is in Mt. Vernon today leading cross ties.—J. E. Woodall, the London salesman, was with our merchant Tuesday.—J. H. Walton is able to come to town. We hope he will soon be himself again.—Atty. J. W. Brown of Mt. Vernon, was here Tuesday on business.—Hon. Joseph B. Worth, of Middleboro, spoke here Saturday in the interest of his candidacy for Congress.—Caleb Powers spoke here Wednesday night. In choosing between two evils we should always take the lesser, and if we have to take a republican we prefer B. Worth.—T. J. Nicely, of Mt. Vernon, was here Tuesday.—Mr. and Mrs. L. M. Westfield of Paris, Ky., were here between train Monday, en route to Parkville, Ky.—Mrs. Ed. Quinn and child-

ren, of Paris, who have been visiting her parents, Mr. and Mrs. J. B. Hays, have returned home.—I. W. Catlin was with some folks Saturday and Sunday at Lebanon, Ky.—Miss Mabel Nicoley, who has been visiting relatives at Berea has returned home.—Capt. W. H. Dillon, of London was here Saturday night to hear Bosworth's speech. There were 117 attended Sunday School at the Christian Church last Sunday. This speaks well for Mr. G. D. Cook and Dr. Joyner, who are putting forth every effort to have one of the best Sunday Schools in the county, and we are happy to know that their efforts are crowned with success. We are glad we have people in our town and community who take such interest in the rising generation.—Grant Lewis living about four miles from town was stricken with paralysis Sunday and died Monday. His wife died about a year ago. He leaves a child, but we learn that it is one of some of them old enough to see after the rest.—S. G. Mullins was here Monday. Town Marshal Bellard is doing some very necessary work on the streets.—Mrs. W. H. Cottingham was at Pine Hill, Saturday, visiting relatives.—V. C. Tate and F. L. Thompson, Jr., two of Mt. Vernon's prominent young businessmen, were in town Wednesday.—The young ladies will give an ice cream supper tonight, Wednesday, the proceeds to be used for the benefit of the Christian church.—Mr. and Mrs. Slicer of Paris, are visiting Mrs. Slicer's sister, Mrs. Carico, of this place.—Rev. Macmillan will preach at the Presbyterian church at 11 a. m.

DEAFNESS CANNOT BE CURED

A local application, as they can at reach the diseased portion of the ear, is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a pounding sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless this inflammation can be taken out, the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is not only a normal condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by H. H. Catarrh Cure. Send for circulars, free.

F. J. CHEENEY & CO., Toledo Ohio, Solely Proprietors, 336 Lake Hall's Family Pills for Constipation.

Telephone Suggestions

To Toll Stations and County Fones

ALSO TO EXCHANGE FONES

Where there are more than two fones on a line "dicker in" before you ring. Line may be busy.

It is unfair to yourself and the telephone people to send or allow "dead head" messages sent from your tone.

Toll stations or other fones in placing a pay call with "central" should say "pay call," and give name of caller and party wanted. This "pay call, George Thompson Pine Hill wants Joe Adams, Brodhead."

Subscribers on county lines in passing personal calls thru "exchange" or "central" should use this form:

"Will Warren, Brodhead Roberts Pine Hill was" Will Warren Brodhead."

Always give name of place or fone you are calling from. This is very necessary, so operator will know where to call back to when called party is reached.

Stations and subscribers who make their remittances to Mt. Vernon office should do so not later than 7th of following month. Conversations over wire are limited to five minutes. Extra charge for overtime. Everyone should remember this and give up the line if requested to do so. Don't monopolize the line. There are others.
