GERMANS DEFEAT RUSSIAN ARMIES IN EAST PRUSSIA

Teuton Commander Wires Kaiser of Rout of Army of 175,000 Men.

RUSS CASUALTIES ARE HEAVY

Another Body of the Czar's Troops 60,000 Strong, Are Whipped at Lyck. Many Prisoners Are Taken—Many Still On.

By FRANK WERNER.

Lyck, Sept. 16.—(By wireless via Szavits, N. P.)—General Hindenburg (the German commander in East Prussia) has telegraphed Emperor William that the Vistula (Russian) army, consisting of the Second, Third, Fourth and Twentieth corps, two reserve divisions and five cavalry divisions, has been completely defeated. The Russian casualties are heavy. The number of prisoners is increasing and the destruction of the army continues. Numerous spoils of war have been captured.

The Grodno army has been defeated at Lyck. It comprised in addition the Twentieth corps and a regiment of the Sixth corps and part of the Third Siberian corps.

(An army corps consists of 40,000 men.) It is probable that in the Vistula river, there were at least 175,000 soldiers, and in the Grodno army about 50,000 men.)

Headquarters announces that the heavy fighting in Prussia is still undecided, although the French assault has been repulsed.

By FRANCIS LAVELLE MURRAY.

Russians Claim German Defeat.

Petrograd, Sept. 16.—It was officially announced that General Pennekamp had defeated the Germans in a ten-hour battle in East Prussia and driven them back toward Koeningberg with heavy losses.

The battle took place near Goldapp (80 miles east southeast of Koeningberg) and was fiercely contested.

The official statement follows: "After a steady withdrawal for several days, before superior forces of the Germans, the Russians, receding heavy re-encampment and drove the enemy back to Koeningberg. They then took the offensive and, attacking our positions at Goldapp, they secured their positions with heavy charges in the face of a withering fire, but were repeatedly repulsed.

"Finally after a bloody conflict that lasted ten hours, the enemy fled. Our troops are in hot pursuit. The enemy has lost the silver-striated ensign of the General Pennekamp, who drew the enemy's troops out until they were too weak to overcome us."

Austrians across the Vistula river and striking at the rear of the Russian army struggling to save itself from annihilation, Russian troops have destroyed a large part of the communication lines of the enemy, according to an official announcement made here today.

The Russians are threatening the entire line of communication of the Austrians and may succeed in preventing them from rejoining. By their sudden stroke directed from Russian Poland over the Vistula, the Russians have compelled the Austrians who had fortified positions to fall back, being outflanked. The Russians are now cutting a sharp line force, capturing many guns and prisoners.

The destruction of the Austrian supply line was one of the most heroic exploits yet accomplished by the Russian troops near the Vistula under the cover of darkness and succeeded in making their way along its banks to the neighborhood of the general head quarters.

Scouts had learned the location of the Austrian supplies, which had been brought from Cracow by boat. The coasts were able to move quickly to the scene. The crates stashed at the boats were quickly dispatched and the destruction began.

Supplies Are Destroyed.

The coasts took up or set fire to 2 steamboats, 11 pontoons, 18 barges and a large number of other boats and rafts. The greater part of the supplies had not yet been unloaded, but the coasts accomplished their task by burning all the military equipment that they could find ashore.

Having accomplished their task, the coasts again swam the river and rejoined the Russian army. They lost only five men in the raid.

The blow struck at the Austrians by the coasts is expected to have tremendous effect.

Among the supplies destroyed was a great quantity of ammunition as well as food.

As fast as the Russian army advances into Galicia it repairs the railroads and uses them for military purposes. In railroad construction work alone 40,000 Russians are employed. As fast as the lines are put into operation the guns captured from the Austrians are taken into the new battle front and there turned against the former possessors.

General Ruski has reported to the war office that among the troops retir-

ing upon Prussia are about 55,000 Germans who were sent to help the Austrians. He declares that they will be unable to take active part in the fighting after entering Prussia, as he will completely invest that strong hold and prevent any such aid.

Austrians Claim Lemberg Victory.

New York, Sept. 16.—Dr. Fritz Fichtelberg, Austrian consul, received the following wireless message from Count Berchtold, the Austrian minister of foreign affairs:

"The battle at Lemberg was successful. Our forces, which were placed along the south of the Grodno road, beat back the enemy after five days' fighting and captured 10,000 Russian soldiers and numerous guns, but it was impossible to make full use of the success because our northern fighting near Rawa, was endangered by over-riding Russian forces. Not to speak of new Russian forces marching against General Dank's army and into the interval between this army and the Lemberg war theater.

"On account of the strength of the enemy it was not necessary to collect our armies, now fighting with little rest heroically for three days, into a favorable position and prepared them for new action."

Trains 21 and 22 Extended

Announcement is made by the Queen & Crescent Route that Trains 21 and 22, now operated between Oneida, Tenn., and Somerset, Ky., will be extended, effective Sunday, September 30, 1914, and operated daily between Oneida, Tenn., and Lexington, Ky. The performance of this new service will add seventy-nine train miles each way, or one hundred and fifty-eight additional miles for the round trip. At the present time when the expense of commodities required in the operation and maintenance of railroads is at its highest and most carriers are curtailing rather than extending their facilities, this new service afforded by the Queen & Crescent Route is worthy of the greatest attention and patronage on the part of the traveling public.

By using Train 22 passengers can arrive Danville before 9 a. m. and Lexington before 10:30 a. m. to transact their business and return on No. 21 in the afternoon, arriving home before bed time.

Local travel between Somerset and Danville and to and from intermediate points will be particularly benefited by this new arrangement, as there will now be two local trains, each way daily between those points, making all stops, instead of the train as heretofore.

BROADHEAD
You no doubt have been wondering, as well as the readers of your paper, what became of your correspondent from this place, therefore I have this explanation to offer. In the first place I wish to say that I was, to some extent, connected with the fair that was pulled off here some four or five weeks ago, and since that time I have been assisting the secretary and other officers endeavor to find out exactly how many people attended the fair. After working day and night for several weeks we at last came to the conclusion that it was useless, to further the investigation as it was found that the ticket seller ran out of tickets the second day, that the people were so anxious to get thru the gate that he had no time to secure the used tickets from the gatekeepers, and had given orders to admit all with or without the pass word, so all we know is the people were here. The seventeen acres we had provided, thinking this was ample space for Kentucky day at the State Fair, was filled so full that there was not room for a cross-eyed man to "bat his eye." The investigation shows conclusively that the fair with all she had to undergo, being the first attempt under the new name, facing all kinds of opposition, false reports and numerous setbacks, made good and has some to spare. It will be remembered that the first and third days were anything but "fair" days, but we all now realize that had these days been as favorable as the second we would have been busy until this good year counting our money. After concluding the investigation I wanted a few days to see if you were going to say anything, except repeat what I had said, about having a big fair at Broadhead, and now I am ready to report the latest happenings.

Dr. and Mrs. W. F. Carter were visitors at the State Fair, Thursday. J. W. Tate was in Louisville the first of the week to witness Colonel Deaf the Bear cats. Mrs. C. F. Watson and nephew, Frank Reynolds, are visiting relatives near Lancaster this week. W. H. Sowder recently purchased the property where his store is located from Mrs. Linda Benton for \$500. He has taken off the second story and is extending the building some twenty feet and when completed will add much to the convenience of the building as a store room. A severe storm several years ago moved this building nearly off the foundation, and left the wall a badly out of line, and for this reason Mr. Sowder found it necessary to remove the second story. Born to the wife of Odir Feith, a fine baby, a few days ago. Mrs. John E. Evans and children, of Lexington, are with her parents, Rev. and Mrs. A. J. Pike. Mrs. R. E. Albright has been with her parents, Mr. and Mrs. H. L. Tharp, at Junction City, recently. Mr. and Mrs. James Hasty, of Maryville, Mo., and Mrs. George Prewitt, of Liberty, Ky., are with relatives here this week. Mrs. Hasty and Mrs. Prewitt are sisters of Mrs. J. A. Harris and C. C. DeBord. It has been some

twenty five years since Mrs. Hasty visited Kentucky. Mrs. H. L. Tharp and little son, Master George Farris, were visiting relatives here last week. Mr. and Mrs. Lester H. H. Stanford, were with her parents, Mr. and Mrs. J. R. Cass, the first of the week. J. H. Jarrett left Monday for Durango, Colo., where he will likely make his home. Mrs. Jarrett has been in Durango with her daughter for the past several months. Mrs. J. W. Proctor is quite sick, and her recovery is considered very doubtful. Allen Hiatt, of Quail, was in town Wednesday. The Rockcastle Milling Co. is about ready to start their new plant. The buildings are complete and most of the machinery is said to be in its proper place, and only a few connections are to be made, and everything will be in readiness. What is coming in daily, and it seems that there will be no scarcity of it. We predict a successful future for this great flour mill. The Rev. A. J. Pike is holding a series of meetings at the Oak Hill Baptist Church, assisted by the Rev. D. Edgar Allen. Miss Gertrude Roberts, who has been sick so long is reported gradually improving. Uncle Alex Tyree, John H. Williams and A. J. Sutton are among the distinguished carpenters that are working for the Rockcastle Milling Co. John Riddle, the mill man from Walnut Grove, was in town during the week. Mr. and Mrs. C. C. Howell were the guests of Mr. and Mrs. Robert Paragin, of near Crab Orchard, Sunday. Mrs. J. L. Pilkenton was in Louisville during the week, and attended the State Fair. W. L. King, one of Rockcastle's best farmers, living near Gum Sulphur, was in town Wednesday. R. S. Shivel and B. A. Yaden, who recently formed a partnership in the well drilling business, finished a sixty-seven foot well for Doug. Brown on what used to be Uncle Bill Roberts' farm, near Gum Sulphur, and left him with forty feet of good cold water, and they claim to know only the best water in all wells drilled, and are attempting to prove that by one J. R. Cass, who had a well drilled by them a few days ago. If you want that kind of water, see them.

LIVINGSTON.
Now Mr. Edd we are greatly bothered about this war, not that we are going to litas we are not mad and don't want to fight but they claim that the war is the cause of the necessities of life going up. Sugar has gone to ten cents a pound, but just wait until old sorghum molasses comes in and we will put a quietness on sugar. Now they are talking of putting more tax on our green-ville tobacco and now the ten cent plugs are so thin that you can read the Constitution thru them and steak, beef steak, never was so high since the cow jumped over the moon. L. H. Rice, of Paris, is visiting home folks this week. Wonder what makes our old friend James Sims visit Livingston so much? Just wait and we will investigate. Quite a number from this place are visiting the State fair. Well we don't want to go. Mt. Vernon's fair is good enough for us. W. H. Krueger is treating his property to a new coat of paint. J. A. Childress was in Crab Orchard Tuesday. Clyde Glady has moved his family here from Paris. Wonder what has become of Broadhead correspondent? Has he been to Cincinnati to? And Old Level Green, the garden spot of the world in our estimation is silent that place that is ever sweet to our memory where we spent our boyhood days, the place where we took our first lesson in old blue back, the place where we spent the better part of our lives' master and several of our play mates, but things are changed and not what they once were. No wonder we repeat the solemn words, backward, turn backward, oh time in your flight make me a child again, just for to-night. For the last few weeks in town like Livingston was about to get back in the old rut that she was once in and it grieves us to think that we had such a quiet little town, just only a few weeks ago but in the last few weeks, the depot has been broken into, two one dwelling houses been robbed. There is some one or some parties guilty of all this and they should be caught and dealt with according to the law. We were thinking that we had the best little town in the mountains but we will take it back now and hope that in the near future that Livingston can again

take her place as the model town of the mountains, where the most generous people are to be found, where the weary travelers can find rest, where the tramp that begs from door to door is never turned away hungry, where the sick and the unfortunate are always cared for. Those that are acquainted with our little town will vouch for every word of this. Mrs. Celia Turpin, after a few days visit with her relatives at Broadhead, and other towns has returned home. High Jenkins has moved his family back to Livingston from Lebanon, Ky. Fred Baker, excellent clerk in the Baker & Griffin store is in Mt. Vernon this week. Luther Maus will move his family back to Mt. Vernon and T. I. Pennington will move into the property vacated by Mr. Maus and Sam Graves will move into the property vacated by Mr. Pennington. Mrs. L. H. Davis is visiting relatives at Berea this week. News reached here Monday that Tom Mullins had been shot by his nephew, another Mullins, but later we learned that Mullins was not seriously hurt. Road working is the order of the day in this locality. Miss Ethel Hayes left for Paris Tuesday, to visit her sister, Mrs. Annie Quinn. Mrs. Egbert Hayes and son, Arvey, of Cincinnati, were here Saturday and Sunday visiting the family of Mr. J. B. Hayes. Mrs. Geo. Pope has purchased the property near the Masonic building, of John Mullins. Price paid \$50. Misses Grace and Lena Owens have returned from a few days visit to their cousin, Miss Docia Wells of Cincinnati. Are the Christmas bells still ringing. We believe there will be four weddings in our little town, but we don't think it advisable to give names so early, yet we will tell you all wise later.

The 44th annual session of the Rockcastle Missionary, Baptist Association which met last Tuesday, Wednesday and Thursday was an enjoyable affair. The first day was devoted entirely to Sunday school work. Talks, relative to the work, were given by Revs. Wick, Carmical, Allen, Couch, Fish and Price. The latter is Field Secretary of the Sunday School department of the General Association of Baptists in Kentucky. He gave some fine talks on the "Grad of Sunday School", together with the talks, singings by Freedom Union and Brodhead schools, and the big dinner on the ground, the day was a pleasant one. Although the weather was a little unamiable and gloomy.

The Sunday School convention, which is a part of the association's work, has for more than 20 years been held on the first day of the association, thus causing the association to consume three days. This always has made it hard on the ladies in cooking and entertaining and it was unanimously decided that this convention be held on a day by itself and May, 20th, 1915 selected as the day. Place not yet named, but there will henceforth only be two days of the association, the first which will be Tuesday and Wednesday after the first Sunday in Sept. next. The old officers of the association were re-elected viz. A. J. Pike, Moderator; J. J. Painter, Clerk; J. W. Helton, R. L. Smith and Wm. Hurst, Executive Board. R. W. Gosh, Pres. of S. S. Convention. J. J. Painter Secretary. Also a Sunday School committee of three was appointed viz. I. P. E. Drummond of Livingston, J. T. Meadows of Mt. Vernon and Byron Owens of Brodhead. It will be their duty to look after a organizing of Sunday Schools in churches where there are none.

H. C. Gentry was the only member of the association present who was in its organization in 1890. The next meeting will be held with Mt. Zion (Oak Hill) church in 1915.

A good many from this place attended the Association last week at Freedom. All report a pleasant time. Miss Cathie Hook, who has been visiting friends and relatives at Lebanon Junction, has returned home. We are glad to report Mrs. Barbara Hook, who has been very sick with typhoid fever convalescent. Mrs. Chas. Bethune visited friends and relatives at Stanford from Wednesday until Sunday. Miss Myrtle Shue made was the pleasant guest of Miss Sibyl Bethune from Wednesday until Friday, and attended the Association.

The Louisville Herald of 15th in its State Fair items says: The Girls' Canning Club exhibit under the direction of Mrs. Helen Wolcott, is particularly novel and interesting. Owing to the fact that the girls composing for prizes had they freight paid on their entries they have sent only the most perfect samples. Jars of peaches, beautifully packed, beans, corn, clovers, etc. all manner of vegetables and fruits are displayed on the shelves, causing the eyes of bystanders to open and their mouths to water.

The packing of these jars has been done by hand with only the aid of the long spatula made by the boys of the settlement school at Hindman. The regularity, however, with which the fruit has been put in suggests the mechanical in almost every case. Mrs. Wolcott states that the girls who are doing the packing in this manner are able to pack one jar and one-half times as much fruit in a jar as when it is put in the ordinary manner.

Members of the canning clubs who have won prizes in their own counties have been sent to Louisville and are now being entertained by the State Fair Committee. These young girls are: Miss Rose Payne, of Davis County; Miss Mary Lovelace, of Laurel; Miss Madge Maldon, of Whiteley; Miss Estelle Vandemeyer, of Mercer; Miss Ruth Landrum, of Rockcastle; Miss Eva Robinson, of Christian; Miss Mary Tribble of Madison; Miss Prony Conaway of Henderson; Miss Madge Maurer, of Jefferson; Miss Maggie May of Magoffin; Miss Bertha Bailey, of Harlan; and Miss Kidding, of Muhlenberg.
