Halloween—just a week from tomorrow night. Miss Amy Proctor was home during the week.

Root for Boone Way. Beckham, Monday night. New Fall Neckwear at Fish's.

There is a Big Pumpkin Show on at Fish's. Monday 26th, Beckham day at Mt. Vernon. De here.

Get into a striped Jersey sweater at Fish's to day.

You can nearly always tell one of Fish's \$15 special suits by the style.

High Top Lace Boots in Black and Tan for men and boys at Fish's.

The cheapest crop from Rockcastle to North Carolina is great this season.

Only fema e operators will be used by Mt. Vernon Telephone Co., in future.

The late freshest carried away fodder and fencing on Renfro's and other creeks.

The big sale of lots at Anville, the new town in Jackson County, on 21st was a success.

Coopers Kenosha-Klosed-Krotch Union Suits—the comfortable kind—your size at Fish's.

Corn display at Fish's store. Bring in your best ears and have them placed in the window.

The post office, at Robinet, in eastern part of the county will be discontinued after Oct. 31st.

Come in Monday next to hear Gov. Beckham tell it to the boys. Bring a hand or two with you.

A train of eight wagons came in Saturday from Steggs Creek loaded with "Kentucky's best" coal.

Late crops of Irish potatoes have lowered the price of that valued product to 68 to 80 cents per bush in the cities.

The Mt. Vernon Fair, Association cleared about \$3000 one year which will cut down the indebtedness considerably.

CORN DISPLAY. L. T. Stewart has displayed some ears of white Dent seed corn of highest grade, to the show window of J. Fish & Son.

When you men change your underwear try Coopers Kenosha-Klosed-Krotch Union Suits at Fish's. They feel better and wear better.

BIG TURNIPS. Armp Lair tells us he raised something like fifty bushels of turnips this season and quite a number of them weigh four pounds each.

The music for the Mt. Vernon Fair next year will be furnished by one of the best bands in the South and the arrangements have already been made.

Old Cull is arranging to run a signboard beer distillery in Dark Hollow if the possoms dont eat up all the fruit. He is staying up nights fighting the grinnners off.

The first concrete road to be built in Kentucky was dedicated Tuesday afternoon. This road leads out of the city of Louisville and is what is known as the Bardonia turnpike.

Jim Winstead and Squire Kinby have sold their stock of groceries to Jack Burke who will continue the business at the same stand. Mr. Kinley has not yet decided what he will do.

Democrats, Republicans, Progressives, Prohibitionists and members of all other parties and various beliefs are invited to hear an address by Rev. Bero Monday. Come and hear Beckham.

FIRE ALARM. Continued short blasts of Power Plant whistle is a fire alarm. When you hear it, take down your telephone receiver and listen to learn of location of fire. Three short blasts, later indicates that the fire has been subdued or will spread no farther.

TAOK-JENNETT. Col. Jim Richardson's Glasgow Times has made the discovery that Andrew Jack and Adelle Jennett were married in Memphis last week, and that "the usual head line was omitted in the marriage notice." Some Memphis copy reader should have been fired for overlooking such a glorious opportunity.

THE STANDARD BEARER IN THE STATE

J. C. W. BECKHAM, Democratic Nominee for United States Senator.

will address Rockcastle citizens at Mt. Vernon, Monday afternoon, October 26, at 10 o'clock.

Jas. Maret, Mt. Vernon Man; Vice-Pres.

James Maret, of Mt. Vernon, Ky., and one of the first men to boom Boonway, was elected vice-president of the Southern Appalachian Good Roads' Association.

No place demonstrates more clearly the stand together policy than our town, especially when an alarm of five is given. Our place is without fire protection and everyone here seems to appreciate the situation and at the first call all rush to the scene of trouble with buckets, ladders etc.

FIRE ALARMS. When a fire is discovered, at any point in town, get to nearest telephone quickly and notify "central". Central will then telephone the alarm throughout the town.

When the chest feels on fire and the throat burns, you need HERBINE to get rid of the disagreeable feeling. It drives out badly digested food, strengthens the stomach and purifies the bowels.

LINER GOES DOWN

ROYAL MAIL STEAMER CRASHES
 ON THE DREADED GARD
 MANAN LEDGES.

Wireless Says 120 Stars at Death—Many Women and Children Are Aboard the Liner Cobecoid.

Western Newspaper Union News Service, Halifax, N. S.—A wireless cry for help from the Royal Mail steamer Cobecoid, fast on the dreaded ledges of Grand Manan, followed later by a fatal shriek of her radio saying that the ship was falling rapidly, has caused grave concern for the 120 persons on board. There are women and children aboard. The Cobecoid was bound for St. John, N. B., from the British West Indies, in command of Capt. Lawson, completing her first round trip over the route. She had a crew of 125, a number of mail-carrying passengers and five first-class.

Approaching the Bay of Fundy, famous for its swift tides and mountainous sea swells, a blizzard descended upon the steamer with appalling fury and suddenness. The Cobecoid formerly was the steamer Gob, and had been pressed into the winter service from maritime provinces to the tropics. She sailed from Halifax on December 5 for West Indian ports, and started north again on December 10. She was seen at St. John's, and cleared for St. John.

OUTLAWS CAUGHT

TO BE PUBLICLY EXECUTED IN
 JUAREZ—AMERICANS INVITED
 TO WITNESS KILLING.

Bandit Castillo and His Gang Captured
 at a Ranch—Accused of Causing
 Train Horror.

Western Newspaper Union News Service, El Paso, Tex.—Mariano Castillo and his band of outlaws were captured at Oahuillo ranch by a detachment of the United States Cavalry. The band was led by Castillo, who came up from El Valle, according to a report from the United States Cavalry. He was brought to Casas Grandes, it is stated. Gen. Castillo was previously reported to be hiding in the vicinity of the ranch and constitutional soldiers from Madera, Pearson, Casas Grandes and El Valle have been pursuing him. When Gen. Villa heard of the capture he said: "I hope it is true. If it is the entire band will be brought to Juarez and publicly executed. Every American and every citizen of Mexico will be invited to attend the execution."

MOB ATTACKS JAPANESE HOUSE

Tokyo.—A riotous mob attacked the Japanese house of parliament. It was broken back by the police only after the entrance gates had been broken down and scores of persons injured. The rioting followed the signing of a law at which resolutions were adopted to impeach the cabinet for its attitude toward the mob. The mob charged against Japanese naval officers, several of whom are accused of having received commissions for influencing the awarding of administrative contracts in favor of a German firm.

DESTROYER BREAKS RECORD

Washington.—A new record for long distance steaming has been established by the new torpedo boat destroyer destroyer, which reported to the navy port of the completion of the 1,400 mile voyage from Newport, R. I., to Guantanamo, Cuba, in 49 hours. The destroyer is commanded by Lieutenant Commander Palmer, until recently sent to the Secretary of the Navy.

FIVE REPORTED DROWNED.

New Orleans, La.—It is reported that five persons were drowned when the river steamer burned in the Mississippi river at Hahnville, 40 miles up the river. A long-distance telephone message from Frederick Ketchum, who said he was a mate on it, said the identity of exact number of those drowned could not be determined.

OREGON GOVERNOR ARRESTED.

Portland, Ore.—Gov. Oswald West, secretary of State Ben Olcott and Attorney General Thomas B. Kay were jointly arrested on warrants issued at the instance of Labor Commissioner H. Hoff, to test the eight-hour day as affecting all employees of the state institutions over which the three state officers, as a state board, have control. The governor is exempt from arrest under the constitution but in a controversy the labor commissioner held warrants in contempt in order to have a final test of the law.

GREAT HUMAN WASTE.

Sofia, Bulgaria.—A striking illustration of the terrible human waste in Europe is furnished by the census statistics of the new Bulgarian territories acquired by conquest. The male population of Bulgaria was reduced during hostilities from 17,000,000 to 12,800,000. Bulgarians there only 225,000 in 1914. The rest of the population of 49,000, while in the district of Macedonia, where fighting raged, was lost. Only 1,000 males are left out of 12,800.

**Fourth American
 Road Congress**

Governor McCreary has named delegates to represent the state at the Fourth American Road Congress which will be held at Atlanta, Ga., during the week of November 9th. According to delegations have been named for most of the states and preparations are being made for an unprecedented attendance.

The problems of city street construction and maintenance will this year receive exceptional attention. The construction of high class roads now approximates the methods adopted for street paving. Among the prominent city engineers who will discuss their views are Charles E. Bolling, City Engineer of Richmond, Va.; F. L. Ford, City Engineer of New Haven; Conn.; L. D. Smoot, City Engineer of Jacksonville, Fla.; John Weatherly, Street Commissioner of Birmingham, Ala.; and G. S. Brown, City Engineer of Charleston, W. Va.

Many difficulties have arisen in connection with contract work in the construction of bridges and highways and it is expected that the Congress will devote much attention to ways and means of improving the methods and conditions under which contract work is being done. The opening paper at the special session will be presented by John J. Ryan, Secretary of the New York State Road Builders Association.

Colleges and universities will take an active part in a session to be devoted to ways and means of teaching and in improving the courses of instruction in highways engineering at educational institutions. Dr. Hector J. Hughes, Professor of Civil Engineering at Harvard University; Prof. E. J. McCausland, Dean of Engineering at the University of Missouri; Prof. C. M. Strahan, Dean of Engineering at the University of Georgia; and Dr. E. P. Slichter, President of the Georgia School of Technology, will be prominent figures in the technical discussion.

**HUSBAND RESCUED
 DESPAIRING WIFE**

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.
 Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could not sit up for a little while, and could not walk anywhere at all. Thus, I would have several pains in my side. The doctor was called in, and he treated me for a week, but it did not help me. I had gotten so weak I could not stand, and I gave up in despair. At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without the least pain, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist should have Cardui for you. He knows what it will do. Ask him. He will recommend it. Each bottle costs twenty cents.

"Here Goes for Another Clothcraft Suit"

I am like a good many young fellows you know. I like to dress in neat stylish clothes. I also like to get the best quality I can without paying a stiff price. That's why I am going to stop in and see Sutton & McBee about my fall togs.

For one thing, I've made up my mind to keep on buying Clothcraft Clothes. Ever been told about 'em? They're right in line with everything Sutton & McBee sells. You can buy a Clothcraft suit or overcoat for \$10 to \$75 and it fits, looks and wears as well as many that cost a great deal more. The shape is cut and sewed right into the clothes, and it stays even after you're through wearing them.

I never saw as good suits as Clothcraft for \$15, \$18 and \$20.

You get wool, wear and comfort in Clothcraft, because they are guaranteed absolutely.

Rural Credit For Kentucky

Kentucky, in many ways a pioneer state, is again to the forefront; this time in the movement to provide American farmers with cheaper money for the operation of their farms.

The Kentucky Rural Credit Association, with Governor James B. McCreary as its president, has just opened offices in the Fayette National Bank Building at Lexington, and invitations to farmers to become members are now being mailed to all sections of the state.

The Kentucky Rural Credit Association is the first organization of its kind in the United States, though the plan upon which it is founded has been in successful operation in Europe for 147 years.

The Kentucky Rural Credit Association is the outgrowth of agitation of the subject by three Presidents—Roosevelt, Taft and Wilson, and of the investigations made by United States Commissioners who were sent to Europe to study the question, and by the magazines and newspapers of this country.

This agitation has illuminated the need of cheap money on long terms to the farmers of the United States; and the farmers are aroused to the importance of financing their operations on a just basis, in competition with commerce and industry.

The plan of the Kentucky Rural Credit Association is co-operative and, under its money borrowed on land becomes a permanent investment. Its plan is the amortization plan, which lessens the burden of the debtor and increases the security of the loan.

Amortization is simply a method of paying off the loan by returning a little of the capital each year. These payments are called annuities and are composed of the interest and contributions to the sinking fund and cost of conducting the business.

For instance, if a farmer borrows from the Kentucky Rural Credit Association (of which he must be a member before he can borrow) say a sum of \$1,000 for a period of 20 years, he will pay annually \$65, and at the end of the 20 years he will owe nothing. He has, however, the privilege of discharging his entire obligation at any time after five years, if he should so desire.

Under the present system of farms loans the farmer often pays far in excess of 8 1/2 per cent; in some instances as high as 25 per cent, interest, commissions, recording fees, etc., and in the end he still owes the principal.

The plan of the Kentucky Rural Credit Association, which cheapening the cost of loans to the farmer and lightening his burden, will, at the same time, have a tendency to the general improvement of farm lands, farm dwellings and farm equipment in Kentucky, in as much as money for operations on a profit producing scale will at all times be accessible and obtainable.

That Governor McCreary is the first officer of the first organization in the United States to adopt the suggestion of three presidents of the United States for rural credit, is an achievement of which the Governor may well be proud and upon which Kentuckians generally are to be congratulated.

WHAT WOULD YOU DO? There are many times when one must question another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. E. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.
