**DEMOCRATS APPRECIATE WORK  
 OF CAMPAIGN CHAIRMAN RHEA**

**HON. THOMAS S. RHEA**

In the placing of credit for the splendid Democratic victory in Kentucky on Tuesday, the major portion is being handed to Thomas S. Rhea, of Logan county, State Treasurer who led the fight for Beckham and Camden as Chairman of the Democratic State Campaign Committee. It was an old time Democratic victory, probably the greatest in Kentucky in thirty years, the majority going above anything given the party in that long time, and Mr. Rhea was the recipient of hundreds of telegrams complimenting him on his leadership and campaign management for the party.

It is conceded that the overwhelming result was largely due to organization, in getting the people aroused and to the polls to vote. Chairman Rhea has long been known down in the Third Congressional district as a campaigner, but this was his first experience covering so much territory. He brought the methods of organization which made him so successful in county and district politics into the state fight. He devoted every energy to the work, selecting his own campaign committee and all of his assistants and personally directing every move that was made. Not content with running one special train through Kentucky bearing a national standard, Mr. Rhea, as the star speaker, he conducted another on a more extensive scale, which carried only Kentucky as speakers and campaigners. This proved more successful than the first and did much to turn the vote to the democracy for County and precinct campaign committees were everywhere named early and they were kept in touch with the State organization and its speakers' bureau to the end that every section of Kentucky had its

Democratic speakers urging upon the people the necessity for going to the polls and voting to uphold President Wilson and his peace policies for the American people.

The one feature of Chairman Rhea's campaign which particularly stands out in the political battle just won was his handling of the political situation in the city of Louisville and the Fifth Congressional district. Confronted when he undertook to make the party campaign with the fact that the heat of the ticket had lost Louisville to the primary last August, and coming out of that city in the election on Tuesday with over twelve thousand majority for that county, Democrats here are off to their chairman. Further, he had to deal with the fact that Louisville had had the habit for several years past of only weakly supporting Democratic candidates and very often giving a majority again then at the polls. Out of all of this he brought a result that far surpassed the expectations of those who were associated with him in the Fifth district has given in over a quarter of a century.

The same clever methods that brought this about to Louisville served as well in pretty nearly every section of the state in the election of Tuesday. Every congressional district worked harmoniously with the State Chairman, and in every one of them the vote was nearly such as it would have been with local races on in the counties.

That the victory just achieved paves the way for Democratic success in the State election of next year is the opinion of the party leaders and they are conversant with political affairs in Kentucky. It demonstrates, they say, that the party is harmonious and united.

**THE TRIUMPHS OF PEACE**

While Europe is being torn and ravished with sword and cannon, the States of our Union are being drawn into closer fellowship. The very knowledge of the awful carnage abroad awakens a feeling of mutual sympathy and dependence among our own people.

The 'Buy a Bale' movement is the expression of this feeling in a practical effort to relieve our brothers in the cotton States from a distressing condition brought about by a foreign war. One of the agencies that has contributed in a large measure to the success of this movement is the Chamberlain Medicine Company, Des Moines, Iowa. This company is accepting cotton, at ten cents paid from the dealers of the Southern States, in payment

"For years my digestion was so poor that I could only eat the lightest foods. I soon began to improve, and since taking a few bottles of them my digestion is fine. For sale by all dealers."

## Fashion Hints from the Bisecho Style Show

### Delightfully becoming colors—effective weaves

are descriptive of the new Fall styles. The colors are soft and subdued, and most often the dark tones of blue, brown, grey and green. And because the dark tones lead, black is especially good.

The materials include many beautiful and unique textures, some smooth in finish, some rough—cheeks and plaids, zibelines, wool ratine and wool crepe, soft broadcloths and velvets, daintyweaves, wonderful plush and fur fabrics. Many of the smartest models are finished with cord and tassel ornaments. Fur bands and edgings form a much-to-be-desired trimming for many a coat and suit.

All these materials and colors are well represented in our Bisecho line of coats and suits. Come in and examine the new materials—see how delightfully soft and yet how warm they are, what practical winter garments they make. If you have heretofore found it difficult to secure a becoming color, let us prove to you that this season's colors are exceptionally easy to wear.

Don't put off getting your new winter clothes until the styles begin to get old. Read the style instead of following it.

### BROADHEAD

An betrothal will be given by the graded school pupils on Friday evening November 20th at the Graded School building. This entertainment will consist of a play by the high school pupils, entitled Jumbo Jim, drills, dialogues, essays and speeches by the smaller pupils. We hope the citizens and especially patrons of the school will make it a point to be present and we guarantee that no one will be disappointed. Mrs. Pilkenton has the management of this entertainment and nothing but success is sure to be the result—Beginning on Saturday evening Nov. 21 the Rev. W. J. Rigby spent last week here with relatives and friends. Mr. Rigby came up Saturday and accompanied her home.—On Thursday of last week Monroe Francis, oldest son of Mr. and Mrs. T. K. Francis, suddenly discharged a fever, the ball taking effect in his breast, raising toward his right hip. Dr. Grayley and Dr. Carter were immediately called and did all that medical skill could

do, but the young man died the following day about four o'clock in the afternoon. This was indeed a very sad affair, and we hope the boys and young men of our town will learn a valuable lesson from it, and if any one is guilty of violating the law by carrying such weapons they will destroy them and taking the chances of losing his own or some other life. After services were conducted by the Rev. A. I. Pike at the Methodist church, the remains were laid to rest in the cemetery near the church. The parents, brothers, sisters, and relatives have the sympathy of the entire community.—Miss Anna Cass, and Mrs. Katie Roberts returned from a visit to their sister, Mrs. L. B. Hilton, at Stanford last Friday.—Mr. and Mrs. Claud Griffin, Mrs. George Griffin, and Mr. and Mrs. Ernest Thompson, of Mt. Tyree is not only proving himself an officer equal to the occasion, but is the best street construction man the town has had for several years. The Quail boys came over Tuesday and took another walloping at a score of 22 to 12. Our boys admit that with a little special training the Quail boys would be hard to handle.—The High School Basket Ball team begins next Saturday with our boys at Livingston, then on Thanksgiving day a double header will be pulled off here between Broadhead and Livingston, and Broadhead and Mt. Vernon. The League series will consist of eight games, and will prove to be an interesting affair.—The Rev. J. W. Carter, of Wilmore, will visit his parents, Mr. and Mrs. J. F. Carter, and brother, Dr. W. F. Carter, at this place to-day, and will preach at the Methodist church Sunday. Rev. Carter is an able minister, and we hope to see many out to hear him.—Misses Minnie Getzmy, Oma Brown and a number of young ladies were over Tuesday from Quail to witness the basket ball game.—Dr. Wilson, of Washington, D. C., was here last Friday to examine the eyes of the Graded School pupils, and found three pupils, affected with Trachoma. These children are of very poor parentage, two in one family, and one in another, and we hope that the treatment of their eyes will not be neglected because of this fact. Dr. Wilson is sent out by the Government with the hope that this disease will be entirely eradicated, which can be done with proper treatment.—The Farmers Institute

held here Monday and Tuesday proved to be very interesting. Prof. and Mrs. Osgood of Green Castle, Ind., Prof. C. L. Clayton of Louisville, and Prof. J. B. Brantley of Nashville, Tenn., were in attendance. While the attendance was not large as it usually is, the entertainment was excellent, and we feel that much good will result. The notes given by Prof. and Mrs. Osgood at the grand school building Monday evening were fine, and we hope that they will be of some benefit to our farmers. Our farmers were so busy that many were kept away on account of harvesting their crops while this fine weather lasts.—Miss Tempest Ward was at home from Friday until Sunday with her parents, Mr. and Mrs. J. Will the election be over and just as we had said Old Kentucky was Democratic by a handsome majority. J. C. W. Beckham was elected and we are satisfied. Now lets lay down politics and get down to business but all we can bear now is the war. Well as to that we are not in it, and let's let the other party do the worrying.—Mr. J. W. They do not object to taking it." writes Mrs. Lafayette Tuck, Homer City, Pa. This remedy contains no opium or other narcotic and may be given to a child as readily as to an adult. Mr. Jas. Maret, Sec. Treas. Mt. Vernon Commercial Club, Mt. Vernon, Ky.

Dear Sir: I thank you for your favor of October 18th. I have not had time to write the gentlemen suggested by you, but have had some correspondence with the Louisville Automobile Club, and enclose a copy of a letter I am writing them today. I believe they can help you considerably, and they can help you to get your State Highway Commission actively interested in this project, and I believe that it will be well for you to encourage their efforts to help you. If they cannot get the automobiles to make the trip, I suggest that you have a rally all along the route some time early this winter and educate your people as to the importance of taking advantage of the state's offer to help build the road. I believe if you could get 100 or more of our maps out in every county along the route it would be a good idea, and if you make the trip let me know and I will supply your needs on this line.

In conclusion, I desire to thank you for the kind things you have said about me, and with best wishes I remain, Yours very truly, HENRY ROBERTS, Chairman, Highway Committee, Bristol Board of Trade.

Bristol, Va. Tenn 11 6-14 Mr. Eugene Stuart, Asst. Sec., Louisville Automobile Club, Louisville, Ky.

Dear Sir: Pursuant to yours of October 30th, I mailed copies of the map to the gentlemen suggested.

You asked for suggestions as to the best course to pursue. It might be well to run an automobile scout party from Louisville to Cumberland Gap, during the latter part of this month. The road is rough but the trip can be made because I know of two separate automobiles having made the trip this year. You could take along some good speakers, and have the trip well advertised in advance, conducting an educational campaign, and put it up to the respective counties to take advantage of the state aid and construct the respective links next year so far as possible. We have aroused a great deal of interest in this section, in this way.

If you contemplate doing this, I suggest that you write Mr. Jas. Maret of Mt. Vernon, Ky., who will be glad to help you with the plans and publicity campaign, and who can give you a list of names all along the route.

If you decide to do this let me know and I will supply you with a number of the maps to distribute along the route, and will be glad to make further suggestions regarding the trip. I am sending a copy of this letter to Mr. James Maret, Secretary of the Boone Way Band, and of the Mt. Vernon Commercial Club, and Vice President for Kentucky of the Bristol-Lexington Highway Association.

Yours very truly, HENRY ROBERTS, Chairman, Highway Committee

BRISTOL BOARD OF TRADE Bristol Va. Tenn.

November 7, 1914 Mr. J. H. Bartlett, Pres., American Association Inc., Middleborough, Ky.

Dear Sir: I thank you for your favor of the 5th.

I sent you 50 copies of the Highway Map yesterday afternoon by Parcel Post, and if you find you can use any more let me

know and I shall be glad to let you have all you can use.

The prospects are good for having the Bristol-Lexington Highway and Boone Way graded all the way from Bristol to Cumberland Gap next year, and a portion of it macadamized.

I understand that Bell County is arranging to build a macadam road from Middleborough to Pineville, by using the state aid funds recently provided for. I hope this is a fact, and would like to hear from you about it.

I am also informed that arrangements are being made to grade and macadamize the road from Crab Orchard to Mt. Vernon next year, and that the following year the road will be completed from Mt. Vernon to the Laurel County line.

I had a letter from Mr. Eugene Stuart, Secretary of the Louisville Automobile Club the other day, asking for suggestions as to how their Organization might help the movement along, and I suggested that they might run an automobile scout party from Louisville to Cumberland Gap during the latter part of this month. I told him the road was rough, but an automobile could go over it, and I referred him to Mr. James Maret of Mt. Vernon.

I hope you will keep this before the people of your section, thru the newspapers and in every other way, until the Highway is completed. I believe this great Highway will do more to develop the resources of the country thru which it passes, than almost any other agency.

Thanking you for your cooperation, and with best wishes, I remain

Yours very truly, HENRY ROBERTS, Chairman, Highway Committee.

The Rockcastle County Bar

ENDORSES B. J. BETHURUM

Judge B. J. Bethurum was born and reared in this, Rockcastle County, Kentucky. His childhood disposition was amiable and he was popular with his associates. He was an apt student and acquired a good education. In young manhood he turned to the study of the Law and in the year 1895, he associated himself with his brother, Judge L. W. Bethurum, for the practice of that profession at Mt. Vernon, Kentucky, and which was most successful and was continued till the year 1906, when he removed to Somerset, Kentucky, and soon thereafter became Commonwealth's Attorney for this Judicial District, which office he held till he entered upon the discharge of his duties as Circuit Judge, to which office he had been called by the people at the November election 1909 and which office he is most ably and satisfactorily discharging to day.

As a man and citizen Judge Bethurum is esteemed by all; as a practitioner he was courteous, honorable and successful; as a prosecutor he was able and fearless; but always just and fair; as a lawyer he was able to administer justice and fairness to all. The rich and poor, the high and low all receive at his hands that fair and impartial hearing and just reward to which their causes entitle; and as such citizen, lawyer and official, we, his lifelong acquaintances, and associates at the bar most gladly commend him.
