BROADHEAD

Little has been said in our letters on the subject of good roads, and to some of the Signal readers it might appear that Broadhead people are not interested along this line, but those who know us better know that Broadhead has always been ready to grasp every good opportunity that has been presented. Thereby we saw better off condition and those around us. True many of us were opposed to the issuing of bonds to build these roads, and only from the fact that we would not see for example in the good future to know what we were doing, but now under the present existing road, it is easy for any one to see that to say as this law is valid that we should regard ourselves of this grand opportunity, and build a road at least that

the county in two directions. We enjoy. We endorse, but Fiscal Court in the steps already taken, and assume them of our heavy support. The much talked of light plant for Broadhead has taken on new life again, and we hope to soon see steps taken to bring this much needed improvement into existence. There is no reason why that it can not be made a paying proposition here as well as elsewhere, and with only a small outlay for machinery. We have the power torn a plant and why not use it. Mr. and Mrs. J. Carter are visiting relatives in Owen and Shelby counties. Mr. J. Owen will probably spend the holiday there. Mrs. John Carter, Rockcastle mother of Mrs. B. Shivers and Mrs. J. Carter of this place, that is to say, the mother of Mrs. Shivers and Mrs. J. Carter, and a number of other relatives, are all in the county.

the same disease. Mr. and Mrs. Shovel and Mrs. Leese left Tuesday night for Brook, where the funeral was held Wednesday afternoon. Dr. and Mrs. W. Carter were visiting relatives in Shelbyville du lag the week. Lewis Mc Adams sold a small farm to Arthur Robinson for three hundred dollars. H. C. Wolf, the cross-breed man from Berea, was calling on Judge Haggard Wednesday and Thursday. On Christmas evening a play will be given by the members of the Hamiltonian Society, entitled "The Ice Man". This is a good selection and is sure to please. Remember the date. Mr. and Mrs. John Robins were in Crab Orchard Wednesday. Mr. and Mrs. Chas. Pike, of Corbin, were the guests of his parents, Rev. and Mrs. A. J. Pike during the week. H. Christie has moved his family to the A. J. Pike home, and Mr. and Mrs. Chas. Middle now occupy the residence vacated by Mr. Christie. Miss Miranda Tate returned the first of the week from a visit to friends in Danville.

LIVINGSTON.

Mr. and Mrs. I. W. Catlin visited Mr. Catlin's parents at Lebanon Sunday. The Livingston Lumber Co. started their saw mill Monday. They broke some pieces of machinery and have been working for it. The new blocking system thru Livingston will be put in operation this week. This will be a great improvement in railroading. Wh Hicks informed us that advertising was the thing and that at last he thought he was sure of a partner now for the last week the mill had been flooded with letters from all over the state on a matrimonial subject and also several applicants had come in person. He said they run in age from 26 to 30 years, some were old maids and some widows' some had families ranging from 3 to 12 children. He said one came with 11 children and her mother but Hicks said he always had a distaste against a mother-in-law and they could not make the deal. He said when one came that filled the bill he intended to make a grand feast and invite in all the widows and widowers. The latest thing out is the Livingston Brass band, composed of the following members: Messrs W. A. Ripe, John Lee, Robert Griffin, Fred Baker, C. J. Rice and Maurice Cottogin. The boys have all been practicing a few days and we want to say they make splendid music. We think in just a little while it will be second to none but will be in the lead. Say Mt. Vernon, shine on with your trumpets. We have you now. Our old friend S. C. Franklin, L. & N. watch inspector of Mt. Vernon was down Tuesday but was very quiet while here, knowing the threats that had been made and being on the enemies territory. We were sure Mr. F. would give us the name of our hidden enemy but he claims that he is on neutral ground and he remains silent.

There are some real estate men here and they in connection with Mr. J. W. Sams are surveying and laying off lots on the tract of land that Mr. Sams purchased some time ago. Now is the chance for a man that wants to come to one of the best little towns in Eastern Kentucky where better people never lived, where the advantage of a graded school is to be had, where there is a church to suit almost any one viz Baptist, Christian and Presbyterian. Where the climate is ideal, the winter warm to suit and to enjoy the cooling breeze off the banks of the placid waters of the beautiful picturesque Rockcastle river in whose waters thousands of game fish dwell the fishermen whose boats will be in the sea before you are out of your seat. There are some who say that they have seen some children and schools where some of the best of the country is to be found. Mr. and Mrs. J. Carter are visiting relatives in Owen and Shelby counties. Mr. J. Owen will probably spend the holiday there. Mrs. John Carter, Rockcastle mother of Mrs. B. Shivers and Mrs. J. Carter of this place, that is to say, the mother of Mrs. Shivers and Mrs. J. Carter, and a number of other relatives, are all in the county.

MEMBER OF KENTUCKY PRESS ASSOCIATION

Cumberland Gap, Tenn. Dec. 7th, 1914.

Mt. Vernon Signal, Mt. Vernon, Ky.

Dear Sirs:

I thank you for recent copy of the Signal containing the interesting article "Over The Trail".

Over this way we are immensely interested in the north in our adjoining counties in Kentucky. My county (Clatsburg) has already appropriated \$850,000 for building roads; and had not the bond market gone to pieces, last fall, we would have been at work.

The Boone Way will become the real great National Highway when built. Before the building of numerous railroads between the north and the south, it was the most important highway, probably in this country, and when the plans now on hand are matured, it will again reach its original importance and upon a much grander scale.

Next May the D. A. R. association will unveil, right in Cumberland Gap and right beside the old Boone Way, a splendid monument to this great path-finder. The funds are already available; but if, by that time, three thousand men are at labor along the line through Rockcastle, Laurel, Knox, Bell and Chalmers counties, constructing this great highway, we shall then indeed be building a monument—one of the greatest movements ever built in memory of man.

We can assure our neighbors in Kentucky that when they do their part, our's will already have

been done, and the Boone Way will have been completed, all the way.

Speed the good work in every county.

Sincerely yours,
J. H. S. MORRISON.

PROMPT ACTION WILL STOP YOUR COUGH

When you first catch a cold (often indicated by a sneeze or cough), break it up at once. The idea that "It does not matter" soon leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better—at once. "It seemed to reach the very spot of my Cough" is one many honest testimonials, year by year. Drug-gist.

SUGGESTIONS FOR SHIPPERS OF CHRISTMAS PACKAGES

No. 1. Ship your packages early to give you time.

No. 2. Whenever possible use strong wooden boxes for packing. It may cost a few cents more but the danger of loss and damage is very much reduced. True, if the shipment is not or damaged, the Express Company will pay for it, but that will give your friend no pleasure.

No. 3. Write the address plainly, in full; town, county, and state, also street and number, on box or wrapper with ink or green ink. Use tags only when absolutely necessary as they are easily torn off and lost in handling shipments.

No. 4. If you desire to prepay the charges, write the word, "PAID" in large plain letters in red ink on the package.

No. 5. Insist upon a receipt and if charges are paid, see that the amount shown on receipt, also declare value of shipment and have such value embodied in the receipt.

No. 6. Write your own name and address plainly on package. Do not allow the shipper and also a card bearing your full name and address so that in case outside mark becomes mutilated or defaced and consignee's name is lost, you can be promptly notified.

No. 7. If not convenient to ship in a box use strong wrapping

paper and tie with a strong cord. Do not use newspaper or other paper that has any writing on it as it may mislead the employe handling same and result in loss or delay.

No. 8. If package contains anything of a perishable nature write the word "PERISHABLE," in large plain letters on box or package to insure special attention enroute and at time of delivery.

SICK HEADACHE

Sick headache is nearly always caused by disorders of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mrs. John Bishop of Roselle, Ohio, writes: "About a year ago I was troubled with indigestion and had sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time." For sale by all dealers.
