the denot Sunday night whe the depot Sunday night when eight cars went into the ditch. No one hart. The main track was blocked for two days, but be-ing able to me the siding, there was no delay of traffic.

CARD OF THANKS

We wish to express to the good people of this community our thanks for the kindness and sym-pathy shown us during the sericus illness and death of our dear son and brother, Harvey.
Mr. And Mrs. W. H. Brown

and children

Last Saturday was the regular Last Saturday was the recolut annual electron of officers and di-rectors of the Mt. Vernon Pair Association, All officers were re-elected except that of serotary. W. H. Fish, the secretary de-clined re-election and James Maret, a whoel lorse in wha-ever he undertakes, was elected. Tha same board of directors as

last year was we elected. Work will start June 1st for the putting on of a big 1915 fair.

Mrs. James Lawrence day evening about 8 o'clock after an illness of only a few days of erysipelas, followed by blood poi erysipelas, followed by blood poi-son, starting from a small pimple on her face. For three days be fore her death, her face and head was swollen almost twice the usual size and the suffering she endured must have been intense. Besides her husband she leaves at aged father and mother, five brothers and one sister, Mrs. U. G. Baker. Funeral services were

The lime plant of the Kentucky Portland Cement & Coal Co., at Pine Hill, Ky., will be put in oper-ation about January 1st. Also one or two new coal entries will be openel. The rumor is that work on the cement plant will be work on the oement plant will be begun in the early spine. We know topfe are doubting Thomases as to the future of this great industry, but if our readers will accept a prophecy from us, we will venifier the aspertion that less that two years the cimen less that two years the cimen plant and obter things connected with this company will be in full operation. We have no doubt but that everything as originally plan ned will be just into affect.

Last Surday as Misses Margare and Verna Welch were going

THE STATE AID ROAD LAW

Ones. What is meant by State aid for roads? Ans. The appropriation of money from the St the countres in road improvement.

the countes in road improvement.

Oues. When was this have enacted?

Ans. By the 1914 General Assembly.

Oues. Why?

Ans. Because public sentiment demanded that steps be taken util Kentucky our of the mud.

Ques. How was this money provided?

Ans. By levying a five-yent State tax on each one hundred doloid xaxable greath.

Ans. One countries will receive the most benefit from this Ans. The profer countries will receive the most benefit from this Ans. The profer countries will receive the most benefit from this Ans. The poorer countries.

Ans. The poorer counties.

Ques. Why?

Ans. Because about 110 counties receive more money from this mid than they pay into it.

Ques. In what limanier shall a county apply for State aid?

Ans. The fiscal court of any county may pass a resolution atting that the public interest 'demands the improvement of a public aid or section thereof, within the county, and requesting that it be mistrated or reconstructed with State aid. Such a resolution shall natian a description of such public road or section thereof.

Ques. Who will determine the kind of surfacing to be used? Ans. The Commissioner of Public Roads and Fiscal Courts by Ans. Maxadam or tellord or other stone road or roads conructed of gravel or other similar materials, or an earth road, the trace of which is properly fewomed, ditched and smoothed, so that ater will not be retained thereon, or a road constructed of asphalm, brick or other paving materials.

Ques. What is the large, I amount any one county can receive on this fund annually?

Ans. Roads of the inter-county seat system?

Ans. Roads of the inter-county seat system?

Ans. Roads connecting the county seats of adjoining counties the most direct and practical route.

Ques. What is the inter-county seat system?

Ans. Roads connecting the county seats of adjoining counties the most direct and practical route.

Ques. What per cent of the mileage of Kentucky is included in issystem?

Ans. Roads connecting the county seats of adjoining counties the most direct and practical route.

Ques. What per cent of the mileage of Kentucky is included in issystem?

Ans. Production of the succession of the success of the

the most ansate of the control of th Ques. What portion of the cost of these roads will the State in So. One-shift, or a dollar for each dollar put up by the county. Ones. How is this money to be spent?

Ans. Under supervision of engineers furnished by the Departnt of Public Roads,
Ques. Is it necessary for a county to increase its tax levy to see

State aid?

Ans. No. an amount not to exceed 26c of the 50c levy for genpurposes may be used for road purposes, and a portion of this

Ques. May private subscriptions be used in securing State aid?

Ans. Yes, if in the form of money and if it is placed to the credit
the County Road Fund.

Ques. Should the people along the road to the improved connte?

Ans. Yes, they should contribute one-fourth to one-half of the cost of the road improvement. (If State aid is used, one-fourth) of the county participates, one-half), the County participates, one-half).

Why? !! Because they are most directly financially benefited. Is it necessary to vote a bond issue to secure State

Ans. No.

Ones, Then what is the advantage of a bond issue to secure State aid?

Ones, Then what is the advantage of a bond issue for roads?

Ans. 1. They enable the community to immediately realize the enefit as sight-issues make possible the construction of a considtable mileage, whereas cash taxation would provide but a small table greatly energy that the construction of a consid
and the construction of the construc

c.cacin year, time with the second of the cost per mile is lowered, as a larger mileage can be more micelly constructed than isolated stretches built at long in

als.

3. Maintenance is cheaper for the same reasons that apply to

3. Maintenance is cneaper for the same reasons that apply to struction.

4. As posterity benefits by the development of the local rereces, posterity should help to bear the burden.

5. The increase in the value of lands, and the volume of busisis immediate and substantial and is more than sufficient to meet
increased tax rate necessary to pay the interest on, and to retire,
bonds.

What are the chief duties of the Department of Public

To furnish, FREE OF COST, to the counties applying, sifications and estimates of cost, expert engineering advice, rivision for road or bridge improvement.

Will the State pay back a part of the bond issue for road ent?

Ourse. How much?

Ans. Yes,

One-half.

Ourse. Under what conditions?

Ourse. Under what conditions?

That the money be spent on the construction or reconcition of roads, under the supervision of the Department of Pub-

Retino to 10445, super-Roads, Oues. How will this money be paid back? Ans. From year to year as the county's pro rata part of the te did money is available in the State Treasury, until it has re-color-laid the amount so spent. Ques. How can your county secure Good Roads and Bridges? Ans. By a systematic use of the engineering advice of the De-tunct of Public Roads of Kenticky, and by applying for State

Really Good Boost

for a boy's bank account would be a ten-spot. It is a good plan to start the account of the youngster and then let him build it up himself. Some boys take pleasure in savingothers in spending. It all depends how you start them off yourself. Suppose you open an account for your boy here? He will heve guaranteed security and get a liberal interest as well.

MT. VERNON, ROCKCASTLE COUNTY, KY, FRIDAY DEC. 25, 191

HOW TO GET STATE AID

Counties may obtain state aid for road building through several Counties may obtain state aid for road building through several different channels. The county may raise the money to meet th funds available from the state by two methods viz: by general taxation, and by bond issues. In either case the county's firsts and the state's funds or both may be supplemented by doubtions from corporations or private citizens, provided such donations are paid it cash to the treasurer of the county or state.

Since the state is to aid in the building of these roads and since the countries' funds is most instances are very limited, for construction or reconstruction it is only just and fair that those living along the line of a road to be improved and why receive the direct and greatest benefit accruing from said improvement shall aid in bearing the expense of each improvement in proportion to the benefits de-

greatest benefit accruing from said improvement shall aid in bearing the expense of each improvement in proportion to the benefit derived therefrom. And since the state is to pay one-half the cost, the ratio should be—state fifty per cent, county 25 per cent, and abutting property owners and the private subscriptions, the other 25 per cent. Most certainly the abutting property owners and private subscriptions should amount to not less than 15 per cent. In the latter event, the county would have to pay 35 per cent of the cost. The county in no instance should be required to pay for right of way.

t of way.-Pulaski and Rockcastle counties and several others have re-Pulsaki and Rockcastle counties and secoral others have re-quested state aid for the improvement of certain integ-county seaf-roads, stating to the abutting property owners that the county will put up \$5,000, provided said property owners and other citizens of the county will put up another \$5,000, and have requested that the work be done under plans and specifications of the State Depart-ment of Public Roads and in accordance with the State Depart-ment of Public Roads and in accordance with the State Aid Road Law. This would in general insure \$20,000 worth of road work for the count. However, this deepeds on the number of available to the However, this depends on the number of applications

the county. However, this depends on the number of applications for state hid and the amounts requested.

Fow counties are so fortunate as Jefferson, Shelby, Campbell and Kenton as to be able to ask for all the state aid fund that they will be entitled to receive, and to be able to appropriate the necessary money from their road fund to meet state aid, without impairing or totally destroying their general maintenance fund. In no instance should the maintenance be overlooked.

The roads to receive state aid are the inter-county seat roads, and after such roads have foca improved, but to build a comprehensive system such as is outlined by this law will require ten years with national aid and without it fifteen or twenty years.

A county wishing to secure the completion of this comprehensive system at nearly date can do so only by assuming the cost of

national aid and without it fifteen or twenty years.

A country wishing to secure the completion of this comprehensive system at an early date can do so only by assuming the cost of such a system through the issuance of bonds. Usually the country's road fund and therefore the state's portion to the country is so small that only a few miles can be built in one year, but by means of a bond issue a system may be completed at less expensebecause alarger amount of work may be accomplished in a comparatively short time and the roads may be used while they are being paid for by the citiz zens of the country and commonwealth. The state will reimburse in country for such work done in accordance to the state aid law, to the extent of one-half the amount of money actually spent on construction of reconstruction of roads, payment being made annually as the country's portion of the road fund is available.

Two countries have thus far availed themselves of this means of securing good-roads, viz: Lewis and Carter. The voters of Lewis county appropring the bond issue for \$15,000 on the 11th day of July by a vote of 2,100 yeas to 140 nays. The voters of Carter country, on November 3d, ratified a bond issue for \$15,000 of the thim provement of their roads by 307 more votes than the necessary two-links majority, required to carry the issue to \$15,000 of the farm for the strength of the

methods.

These standers are corroborated by the result shown from such elections between the following counties: Misson, November 3rd, 250,0000; Campbell, November 3rd, 451,0000 to built roads, 8100,000 to buy toll roads; Kenton, November 3, 250,000; Bloone, November 3, 250,000; Misson, May 2, \$100,000, and Menifice, Seatember 550,000.

3, \$75.00; runash; runash; runash; runash; run, May 19th, \$300,000; Simpson, May 2, \$100,000, and Menifee, September, \$35,000.

Unfortunately, kowever, for the promotion of road building, the Constitution requires that two-lairds of the yous east on a bond question shall be in favor of the same before it shall be declared car-

STATE AID IS NOW UP TO YOU

In the greater number of counties in Kentucky, the present method of road building is the same as that which obtained in England in the days of Queen Elizabeth. The result is that we have been spending some \$2,000,000 a year for roads in Kentucky with no roads to show for it.

"One hundred years ago, Kentucky pit into operation the plan

spending some \$2.00,000 ayear for roads in Kentucky with ho roads to show for it.

"One hundred years ago, Kentucky put into operation the plan of State and. Sections vive years ago that plan was discontinued. But, in the interval practically all of the improved highways to which the State can how lay claim were constructed. The countries that got the lobis's spire were the countries of the Blue Grass.

"Kentucky lay-10,000 miles of improved roads, but there are 89 pamper counted spide, or more than one-half, without a single mile ago are found in the left of the spire of the spire were spire of the spire were spire of the spire of the spire of the spire were spire were spire of the spire were spire of the spire were spire wer
