Extend Fight on Trachoma

Efforts of the United States
public health service to eradicate
trachoma, a dangerous and con-
tagious eye disease, in the mountain
sections of Kentucky, are to be more
extensive during 1916 than at any time
in the past, it is said here. The area
where this disease is prevalent is
about one-third of the state, nearly all
of it mountainous.

The latter months of 1914 found the
disease spreading in many places,
among these being the public schools
at Lexington. A total of nearly 2,000
patients were treated last year at the
three main hospitals at Jackson, Har-
den and Highland. Every effort will
be made to have the government ex-
amine more of these hospitals.

The state has a vital interest in that
the persons who have been treated in
these hospitals are in a great many
instances without means to pay for
medical treatment, and if not given
refuge stand to become public charges on
the counties or the state. Many per-
sons who have been almost blind for
months or years have cured and are
able self-sustaining through the mis-
trates of these hospitals.

The state legislature will be urged
to give attention to the matter this
winter. The extension of the disease
to the mountains of Tennessee, Vir-
ginia, North Carolina, Virginia and
West Virginia make it probable that
legislative action will be taken in
these states also.

Henry T. Rainey

Congressman, whose suggestion that
the Federal statute providing for
whisky "outlets" be repealed has
raised a storm of protest among dis-
tillers in Kentucky.

Set Limit on Bonds.

Sheriffs must make bond for the col-
lection of the state revenues with the
state auditor by March 1. Blanks for
this purpose are being mailed the sher-
iffs by Assistant Auditor O. B. Likens.

On or before March 1 all of the sher-
iffs must make final settlement with
the state auditor and receive a quitus
from him and the fiscal court of their
respective counties for the collection
of taxes for the previous year. It is
necessary for a sheriff to make three
bonds. First he must make his official
bond annually by the first of January.
Then he must make bond for the col-
lection of the state revenue and a
separate bond for the collection of the
county's revenue. The state bond
must be in his name, and the county
bond must be in the name of the sheriff,
which is filed in the county clerk's
office and the other copy filed with
the state auditor. A. T. Beard, sheriff
of Breckinridge county, in the nine-
teenth sheriff to make final settlement
with the auditor and receive his
quitus for the collection of taxes this
year. On the same date last year only
twelve sheriffs had received their
quitus.

War Orders in Kentucky

MILLIONS OF DOLLARS SPENT IN
STATE FOR MATERIALS
FOR SOLDIERS.

BUY 8,000 WAGON KITCHENS

Portable Cooking Vehicles Are Built
On Special Designs For Use of
French Army.

(Special Frankfort Correspondence.)

Frankfort—"War" orders for mil-
lions of dollars of materials for Euro-
pean countries are being placed with
Kentucky factories and industrial
plants. Tobacco factories for some
time have been shipping wagon
kitchens intended for consumption by
the soldiers in the field in Europe.

The latest "war" order is for 8,000
wagon kitchens to be built by the
Kentucky Wagon Manufacturing Co., which is
to build 8,000 of these vehicles for use
in the French army. The wagon
kitchens are to be built along special-
ly designed chassis, which are lighter
and more serviceable than the vehi-
cles of this character which were one
of the principal reasons for the Ger-
man soldiers marching for such long
distances in a single day at the outset
of the war.

Only the frame work of the wagons
will be made in Kentucky. To other
countries is given the contract of
supplying the steel and the utensils
for the wagons. The completion
of the chassis is to be completed in
a few days. Killing mills and canning fac-
tories in the state have been doing a
heavy business lately in filling special
orders. It is estimated that the orders
already placed will run into the
millions of dollars.

Contract "Dry" Victory.

Attorneys for the "wets" have filed
a supersedeas bond for an appeal
against the decision of the contest
board in the recent prohibition elec-
tion. Their grounds of appeal are that
the status of territory in which a
prohibition election is held remains the
same pending the judgment of the con-
test board. Their grounds of appeal are

Subjects to "Greasy" Postoffice.

Postoffice, even though located in
mountain "runs," caves and hollows,
should have sufficient means in the
office of Postmaster Birtcher. That
is the reason why Kentucky no longer
has a postoffice called "Lower Greasy."
Postmaster General Birtcher just
wouldn't stand for it. It was not the
"Lower" that he objected to. It might
have been "Upper" or "Middle" or
"Much" Greasy and it would not
have made any difference to the
postoffice. He objected to the name
of Lower Greasy, Ky. A member
of congress to whom the postmas-
ter general talked quotes him as say-
ing: "The name Lower Greasy as ap-
plied to a postoffice in Kentucky is apt
to detract from the business of that
office."

Cattle Epidemic Under Control.

The State Veterinarian, Dr. Com-
missioner of Agriculture Newman and
the federal authorities at work in this
state are confident that the foot and
mouth disease is under control. It has
now been ten days since fresh out-
breaks have been reported. It is believed
the state will soon be free from the
disease, as only a small area now is
included in the quarantine territory.

Kentucky at the National Conference
on Child Labor at Washington, Jan-
uary 5 and 6.

Merge Insurance Companies.

Directors of the Interstate Life In-
surance Co. and of the Citizens
National Life Insurance Co. at re-
cently held meetings have unanimously
voted for the consolidation of the two
companies by adopting resolutions which
authorize the terms of the proposed
merger. According to the terms ap-
proved by the directors, the Inter-
state Southern Life Insurance Co., which
will have capital stock of \$400,000,
assets of about \$4,000,000 and insur-
ance in force of approximately \$10,000,000.
The terms will aggregate \$10,000,000.

COUGH MEDICINE FOR CHILDREN

Never give a child a cough medi-
cine that contains opium in any
form. When opium is given
then and more serious diseases
may follow. Long experience has
demonstrated that there is no bet-
ter or safer medicine for coughs
and croup in children than
C. M. BAIN'S COUGH REMEDY.
It is equally valuable for adults
to try it. It contains no opium or
other harmful drug, nor sale by
retail dealers.

DANGERS OF A COLD

Do you know that of all the mil-
lion ailments colds are by far the
most dangerous? It is not the
colds themselves that you need to
fear, but the serious diseases that
they so often lead to. For that
reason every cold should be got-
ten rid of with the least possible
delay. To accomplish this, there is
nothing so good as Chamberlain's Cough
Remedy of great help to you. It
loosens a cold, relieves the lungs,
and keeps you from catching a
second cold. It is a safe and
effective way to throw off the cold. For
sale by all dealers.

says Mrs. Sylvia Woods, of Clinton Hills, Ky., in
writing of her experience with Cardui, the woman
tonic. She says further: "Before I began to use
Cardui, my back and head would hurt so bad, I
thought the pain would kill me. It was hardly able
to do any of my housework. After taking three bottles
of Cardui, I began to feel like a new woman. I soon
gained 30 pounds, and now, I do all my housework,
as well as run a big water man." I wish every suffering woman would give
a trial. I still use Cardui when I feel a little bad,
and it always does me good."

LET US BUY YOU A SPOOL OF THREAD

We want you to make a quality test of Bowstring Six Cord Spool Cotton and compare it with the thread you are now using. We know that if you will once use Bowstring thread, you will say that no other thread equals it in strength, smoothness and freedom from defects. The Sea Island cotton used in Bowstring thread has a fibre longer and finer than any other cotton in the world. Dressmakers say that Bowstring is free from defects, that with it they can run their machines all day long without a skip or a break. The price is as usual—5c a spool.

This Coupon is Worth 5c

This coupon will buy at our store a 5c. spool of Bowstring thread. But the coupon must be presented in order to get the spool as we must send to the manufacturer a coupon for every spool put out in this way. We want you to know by actual experience the high quality of Bowstring thread. This coupon is good for one week only beginning to-day.

What Rockcastle Could Do

BY \$100,000 BOND ISSUE

Mr. Editor, what our people are wanting to know I believe, is, if we should issue bonds, how we could ever pay for them, without bankrupting ourselves. Well I will endeavor to answer this question satisfactorily. At a stated meeting of our last Legislature they very wisely enacted a law placing a 5c tax on all personal and real property in the state of Kentucky. By simply creating a yearly fund, if something over \$600,000 of the automobile license tax added, making it something near \$700,000 and the Legislature further stated that each and every county that will put itself in an attitude to receive it may draw from that out of this sum the amount which would provide Rockcastle county with \$100,000 each year. Now then, if we will issue \$100,000 bonds at a par you can readily see that the State alone will pay \$600,000 for the interest on the bonds and provide

meet the payments of the bonds in the end. Then say that Rockcastle county just has \$3,000,000 taxable property but you all know she has more. What would a 25c levy bring into the coffers of the county, \$7500 each, year, suppose add it on but the State would give us after paying the interest, for us on our same bonds which would be \$6000-\$7500 would be \$13,500 we would pay the first year and it would be less next year and next, as you can readily see, until the bonds would pay for themselves in less than 2 years. Now with the State paying 30% of every dollar we spend on our roads less who would pay the balance of the other 70%. Rockcastle county is very fortunate indeed to have the L. & N. Rail Road Co. in its bounds, running thru our county two ways, who pay something like 43 per cent of all the tax in the county, then we have three incorporated towns namely, Livingston, Brodhead and Mt. Vernon, who would pay 32 per cent of all the taxes paid in the county, making 75 per cent of the taxes of Rockcastle county paid by the L. & N. R. Co. and the three incorporated towns within. The L. & N. Co. a single one of the incorporated towns would receive one penny of the road money as you know the L. & N. don't use dirt roads or pipes and the incorporated towns have to build their own streets. Now that the L. & N. R. Co. and the three incorporated towns would pay 75 per cent of the 5c tax to be paid by the county as a whole, what would be left for the farmer to pay? It is plain to see that 75 per cent of the 5c tax, leaving 12 1/2 per cent of the 5c tax expended on the roads to be paid by the farmer and 12 1/2 per cent paid by the state and incorporated towns and the farmer so gets the roads. The State has the charge of the building of the roads, every pipe and every wheel used on the roads is thereby covered and the State alone will pay \$600,000 for the interest on the bonds and provide

their hands and get together and be up and doing and give to our county good pipes which every one would feel proud of.

SENATOR OWENS, of Oklahoma, has introduced a bill asking Congress to appropriate funds for giving work to the unemployed...

Washington, D. C. 1915 Mt Vernon Commercial Club, Mt. Vernon, Ky. Gentlemen: I am in receipt of a communication of recent date from you relative to Senator Owens' Bill...

The Knoxville Sentinel published a good map of Boone Way in last Saturday's issue along with descriptive reading matter...

Good roads are a business asset and we believe that no stone should remain until we secure the best highways possible.

Mr. VERNON, The North Gate to the Cumberlands.

"JONES PAYS THE FREIGHT"

Under the heading we propose to discuss a condition which tends to prevail at the present time, to an extent unprecedented in the days of yeomanry.

A rank stranger, in those days would ride to the yard fence or front door of a lonely log-cabin and cry out "hello!"

The wife, or husband or any member of the family would respond "get down." "Hitch your horse and come in."

The stranger, if he is one, tells his name and business, if he has any. Meanwhile the house wife adds something to the regular meal, and the stranger, neighbor or traveler is ready to dinner.

If it is late in the day, he is urgently invited to "stay all night," his animal is cared for and fed as much as the guest desires, and a night of fellowship is spent enjoyed by host, guest and guest.

Not so today. Commercialism, avarice, covetousness and ambition to grow rich has throttled the simple hospitality, and desire to accommodate or help a stranger, neighbor or brother.

The attempt to speculate as an illustration would have an effect similar to striking a live hornet's nest in July.

organization designed to raise and distribute public funds. Without a specific case or any particular board in mind, we proceed to analyze, and dissect our State School system.

First, Our State Bonds, which form the nucleus of our endowment fund was originally bequeathed to the State for the educational purposes. It was Kentucky's share of proceeds of public lands, amounting to nearly million and a half dollars.

Only seven hundred fifty thousand dollars was covered into the treasury and State Bonds secured for it.

It has been increased latterly, by government paying to the state a sum, about \$50,000 excess of debt collected in each year.

This with other resources has increased our State Bonds for public schools to a very respectable endowment fund. The bonds is our investment in perpetuity. No time limit for their redemption, with interest at 6 per cent per annum.

This interest is part, the sum for which "Jones pays the freight."

"Who is Jones? Who ask?" "Jones pays what?" Well you and I are part of Jones, and the Jones we are talking about is the taxing public.

Over one-half of our laboring tax, paid annually, by Jones goes into the state treasury, solely for the payment of teachers.

Add to this the county taxation for school purposes, and we have an aggregate of a sum considerably over one-half of the entire sum collected to defray expenses of State administration.

Space, common courtesy and time forbids going into details, regarding efficiency or inefficiency in the State department, or county boards of education.

When we stop to consider the length of time, that elapsed since we began to prepare, to get ready to begin, to formulate a school system, when we will do the long tedious way over which the process has been dragged, we do not wonder at our blot of illiteracy, that confronts us on every side.

The greatest wonder is that our system has not more signally failed than it has.

If our ancestors, and the time of honorable descendants had put that estimate on our educational growth and development, that we then and may place on our material and commercial interests we should to-day stand as the peer of the most advanced State, in all that goes to make a great people.

If the energy and effort that has been expended to build up a registered, strain of fine stock, to produce the champion blooded animal of the state or nation, or to produce the finest brand of Bourbon whiskey or Barley to boot. I say, if one-half the energy and enterprise that has been bestowed on these, had been expended on books, on buildings, schools and colleges, and the same pains taken to train high class, cleared eyes, sharp witted, clean bodied, boys and girls, the year 1915 would not have found us, situated as we are, with so few schools and school buildings worthy of the name.

More than this, our system of internal improvement has not kept pace with our other interest as they should.

minister the trust imposed in them? Any simpleton can ask questions that tax the thought of wise men to answer.

The writer only suggests by these questions, a condition only hinted at that requires the best thought of sober intelligent citizens of the Commonwealth. Who will accept the challenge?

BRODHEAD

The directors of The Brodhead Fair Association met last Monday evening for the purpose of electing officers for this year. The election resulted in re-appointing J. G. Frick, President; R. H. Hamm, Vice Pres.; John Robbins, Secretary; A. M. Hiatt, Treasurer, the only change being the election of Superintendent, R. S. Shivers, succeeding B. A. Yaden. The dates set for holding the coming fair are August 11-12-13, and the management will lose no time in laying the foundation for the biggest fair ever pulled off here, and that is saying something too. It is the purpose of the directors to enlarge the grounds in order to accommodate such crowds as we had on the second day last year, for they realize that had the weather man not been against us, the people or a part of them, would have been forced to climb trees to get breathing room. All we ask is three first class days, and we will do the rest without doubting the results. — R. H. Owens, of Saleen, Ind. and George Owens, of Mt. Vernon, Ky. were guests of their brother, J. M. Owens of this place during the week. — Mr. and Mrs. C. R. Pike of Corbin, were with his parents Rev. and Mrs. A. J. Pike, last week. — Walter Robins was in Lexington on business Tuesday. — The Rev. D. G. Combs of Morehead, Ky., has accepted the Pastorate of the Christiana church this year, the Rev. R. B. Baker, former pastor, resigning. — J. C. Dittman, of Boston, was a pleasant visitor in our town last Sunday. — Rev. A. J. Pike has this date received calls, to preach for Gilead church, Madison county; North Rolling Fork, Boyle county; Scafold Cane, Mt. Zion, Freedom and Brodhead, this county. He is the firsts that he has accepted the first four named churches. It seems that older bro. Pike gets the more popular he is, and we are sorry that he is not able to fill all the calls he has. — Uncle Tom Frith is sick this week. — Mrs. Laura B. Cable died at her late residence Tuesday at 10 p.m. She had been in bad health for several years, and those acquainted with her condition hardly dreamed that she would have lived so long. For the past few weeks she had been decidedly worse and yet her death came as a surprise to all. She was a daughter of Mr. and Mrs. J. D. Hamm, a sister of our R. H. Pama, and the widow of W. C. Cable, who was killed by a falling rail road bridge several years ago. The following child, a girl survive her: Mrs. J. B. Pike, Misses Rita and Sue Cable, of this place; and C. C. Cable, a prominent business man of Danville. Her life was an open book, and after the limitation of a will, a few short services at the Christian church by J. G. McClary, the officiating undertaker, her remains were laid to rest in the Christian church cemetery. We extend to the bereaved ones our sympathy. — Town Marshall W. A. Tyree returned a few days ago from St. Francisville, Ill. where he was the guest of his daughter, Mrs. Walter Roberts, who was quite sick. — D. B. Albright has been very sick this week, but is reported better at this writing. — Mr. and Mrs. D. M. Preston, of Cincinnati, are the guests of relatives in Quail section this week. — Miss Irene and Master Charlie Flynn of Corbin, returned to their home after spending several weeks at the home of W. A. Tyree. — State Prison is at home from Tellico Plains, Tenn. for several weeks. — ATTY.

Mrs. E. R. Gouly, attended the funeral of Mrs. Laura B. Cable here Wednesday. — On the 3rd inst. stand Babe Leese shot. A. M. Hiatt, Sen. near his home on Cooper-Creek, first knocking the old gentleness down, then shooting him with a double barrel gun, the shot being fired in a right foot. Mr. Hiatt, who is now past 85 years old, is suffering a good deal from his wound, and hardly is expected to recover. Drs. James and Phillips, of Crab Orchard, are attending him. — Master Clarence Howell was quite sick last week. — Mrs. Chas. McKenzie and Sadie Street, of Morehead, are the guests of the family of their uncle R. S. Martin, this week. — Dr. W. E. Gravelly was in Mt. Vernon during the week.

ILLIUMNESS AND CONSTIPATION CURED

If you are ever troubled with biliousness or constipation you will be interested in the statement of Mr. E. K. Brown, Evans, Ind. NOTICE TO THE Tax Payers Of Rockcastle County

Whq owe Taxes for 1914: I am bound to make my settlement with the county and I have to balance to meet the settlement. Now I don't want to levy on your property, but I must have this money, so I will have to levy on you if you don't pay at once. I cannot pay your tax for you, so you cannot blame me as you have had plenty of time to pay them. Your household goods will not be excepted for I mean this.

Yours, CAM MULLINS, Sheriff Rockcastle County.

TRY THIS FOR NEURALGIA Thousands of people keep on suffering with Neuralgia because they do not know what to do for it. Neuralgia is a pain in the nerves. What you want to do is to soothe the nerve itself. Apply Sloan's Liniment to the surface over the painful part—do not rub in. Sloan's Liniment penetrates very quickly to the sore, irritates nerve and allays the inflammation. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, lumbago, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

NOTICE

I have moved my office from Cox Bros' store and am now located over the Mt. Vernon store, same building as drug store.

Very respectfully, Jan 9-15, L. E. CHRISTMAN.

The revival at the Baptist church will close tonight. There have been between thirty and forty auditions. Rev. Smith is a strong and able speaker and at the evening services the house has not been sufficient to accommodate the crowd.

Miss Arlie Dotson, daughter of Mr. and Mrs. John R. Dotson and Mrs. J. N. Dotson, son of Mr. Chilton Butler, all of the Wildcat section and some of the county's very best people, were married at the home of the bride Wednesday. The Signal joins in wishing them well.

Henry Borge, aged 28, of Junction City wrote a letter to the Signal's night after beginning night school. A photograph copy of it appeared in Danville Advocate.

Mr. Borge is a section hand and last fall declined a \$2000 farm's position on account of his inability to read and write. He will not have to decline a second opening.

Detective W. O. Jones, a son of Mrs. Mahala Jones of this place, continues in the successful role of detective in connection with the New York police force. Miss York was riding behind Miss Clyde Sigman and the horse threw them both, kicking Miss York in the side of the head.

CIRCUIT COURT

Short work was made of landing Hoop Hoogan, the peg leg negro, in the pen. Indicted, tried and sentenced to the pen in one hour was the record of last Monday morning. Harry Brock into the George S. Griffin Co store at Livingston last Saturday night.

A number of railroad cases on the docket were compromised, which will lessen very considerably the work of this term.

Robert Owens was given judgment for \$5000 against the Knobs Essential Oil Co. Owens got his leg broke while pulling stumps for this company. The case will be appealed.

A number of civil cases of minor importance have been tried.

Citizens Bank of Brodhead Makes Good Record under Present Management

The regular annual stockholders meeting at the Citizens Bank of Brodhead, Ky. re-elected the old board of Directors and adds one new member, Mr. Larkin Hicks who has recently purchased a good block of its stock. Mr. Hicks is realized by those who know him as a good business man, and the directors will no doubt be strengthened by his presence.

A net earning of over ten per cent was reported by Cashier Eliatt and after declaring a liberal dividend and reducing their furniture and fixture account the lawful amount was carried to surplus and the balance to undivided profits.

The Directors realizing the efficient service rendered by Cashier Eliatt granted him a nice increase in salary. We are glad to see this bank making such a good record.

WHY FOR THE BOND ISSUE

Below will be found expressions from citizens from nearly all parts of the county giving their reasons why they think the issue of \$100,000 in bonds for constructing two highways thru the county, is the correct and proper thing to do.

Wm. Bullock, Hansford—Because its to everybody's interest, rich and poor, especially the poor.

J. N. Mashok, Mansburg—It will build up the county, bring in more capital and produce better results than any other undertaking.

Gus Staverson, Crab Orchard road—More moneyed men would be induced to come to our county and make investments. We can go somewhere and get back farm values would increase and times be better every way.

Willis Sigman—It will make far better educational opportunities for the rising generation.

D. G. Clark, Orlando—We cannot afford to give away \$15000 (the 5 cent state road tax) each year, why not save it by bond issue and get sixty times more added to it as a gift to us?

W. H. Jones, Wildcat—It will open up our county to travel and afford highways on which we can get over all months in the year.

John Hunt, Mareburg—For many reasons our laborers will get employment and markets will be reached.

Willis Johnson, Cove—Should the American Wire and Steel Co. offer me wire sufficient to fence my farm and to make me a price of half its cost and then give me a chance to work out the other half, would I foolishly not accept the offer?

This bond issue and State aid is genuine proposition. K. J. McKimney, Valley Cove—It will lift us out of the mud and give us an opportunity to attend church regularly, improve our schools and give our people great opportunities for making a living and securing many benefits from it.

John D. B. Block, Level Green—You drove over the road I came in on this morning you wouldn't have to ask why I am for bond issue. We want to get out of the mud.

H. W. Wolf, Wildcat—Because the railroad, and other corporations will pay more than 75 per cent of the tax for paying off the bonds.

John Shuts, Ottawa—With the corporations paying 75 per cent of the tax and the State putting in as much as the county we can't afford to have the bond issue defeated.

Sam Purcell, Ottawa—We don't want to refuse to accept such a gigantic present as is now offered us by the corporations and the State.

E. B. Brown, Quail—Because it will provide roads for farmers to market their produce.

Noah Tipton, Hatt—The best money ever made by county is that for better roads and the bond issue is the logical way of meeting the State aid proposition.

John Hurst, Quail—Rockcastle would come to the front with the proposed good roads.

Victor Price, Level Green—It would very materially raise our standard in social, educational and religious matters, because we would be enabled to reach the markets, visit our neighbors and friends in the various counties.

Big John Nicely, Pongo—It's a great thing. There is nothing better.

John V. Parsons, Bond Creek—It is a great thing to have the bond issue for the former election. Conditions are radically different now and I heartily favor the movement. It will add a million dollars valuation to our county within three years.

G. C. Fish, Buckeye—Will get the use of a larger portion of the money in the county and give labor to the people and we will get the use of the roads with a long time in which to pay off our portion of the cost.

John Graves, Hansford—I am for \$100,000 bond issue to build two roads thru the county, one from Laurel to Lincoln (Boone Way) and the other from Madison to Pulaski.

I was against the bond issue before, but this is a different proposition now and I am strictly for it.

Grover Johnson, Pine Hill—

fought the bond issue before, but I am strictly for it this time and will do all I can to help carry the issue.

Billy Baker, Richmond Road—Because it costs the taxpayer nothing and gives him work.

M. J. F. Bethurum, Skaggs Creek—Because the burden, if it is a burden, will be borne by the corporation and the farmer will scarcely know he is in it except getting big benefits from improved roads and getting some of the pleasure out of it.

J. W. Hiltun, Pine Hill—Because its the best and putkest way to get the roads and we cannot afford to lose the State aid offered us.

Owen Allen, Cooksburg—It will be of more value than two more railroads.

Is. C. Mullins, Burr—Its value to my neighbors and myself would be beyond computation. Transportation by wagon would be facilitated five hundred per cent or more.

For its tendency toward the general uplift and general improvement in all good things in our county.

J. F. Craig, Quail—We need the roads. (Continued Next Week)

Mrs. Fishback is better and will soon be back. It's very pleasing to know that our sick pupils are better and to see them returning.

Prof. Martin of the Eastern Normal visited our school last week and spoke to the whole school in the afternoon.

New pupils are finding their way to us daily. We have twenty or more new ones and they are still coming. The rural people are beginning to find out that they can get what they want here and are sending their children.

THE STAR roll is as follows:—Ella Mae McKeanie, Sydney Crawford, Nora Onton, Lillian Griffin, Henry Payne.

Soe Underwear for 50c spots each at Fish's.

For a hundred years Mt. Vernon has had an unbroken chain of blacksmiths from one family. Tom Ramsey had a blacksmith shop on the lot which is now the northeast corner of M. J. Miller's yard about the year 1814.

A short time since while digging at this point, miners from the old forge, were dug up. Mat Ramsey was next in line. Then Bob Newcomb, Tom Taylor, a grand son of Mat Ramsey, was the village blacksmith for many years before John's brother, in 1894.

It was against the bond issue before, but this is a different proposition now and I am strictly for it.

Grover Johnson, Pine Hill—

Announces For State Senator

Prof. B. C. Lewis of Harbourville, candidate for the Republican nomination for the State Senate in this, the 17th Senatorial District is a native of Laurel County. His ancestors were natives of Laurel, Knox and Bell Counties. When he was seven months old his father died leaving his mother with two children and in straitened circumstances. He was reared on a farm, most of the time as a renter.

When he was ten years of age the family moved to Bell County, the home of his maternal grandfather, and resided there a few years, later moving to Knox and back to Laurel.

Prof. Lewis began his career as teacher in public schools of Laurel county, where he taught for three years. After this he located permanently in Knox county, where he has been engaged in school work most of the time since. He has had all kinds of experience in school work—in the three months, four months, five months, and six months schools; in the rural schools, village schools, mining town schools, and City schools; in the public schools, and the private schools. After coming to

Harbourville he has served as Principal of City Schools, and as Principal of the Baptist Institute, as County Examiner, and has been for the last ten years head of the Normal Department of Union College.

Besides his experience in school work and on the farm, he has also worked in the log woods, at the saw mill, in the store, in the mines and in the Civil Service.

During his work with Union College he has part of the time traveled as field agent for the school in every county in the district except one. This, together with his traveling while in the Civil Service and in other respects has given him an extensive acquaintance throughout the district.

While Mr. Lewis has not been a politician nor office-seeker, yet he has all the while been a loyal Republican, believing that history has proven that Republican principles are necessary for the development and progress of this country, and especially for the section included by this Senatorial District. Being a school man and a Church and Sunday School man he would naturally be a temperance or prohibition man; and it was this issue which brought him into this race. Coming to this section on with the Prohibition forces he believes with many others that this district should be represented in the General Assembly by a Prohibition man, and is willing to hazard a race to help in this fight.

Coming as he does from the rural districts, and having traveled so extensively over the Mountain Counties at all seasons of the year, he knows the condition of the roads and their needs and would be glad to do all he could to secure legislation for their improvement.

Being acquainted with conditions throughout the district as a result of his work in the schools, among the farmers, etc., he would be qualified to secure legislation for the improvement of the district in the General Assembly, and will be

M. Carmical will conduct the prayer meeting at Hopewell Wednesday night.—Rev. James Barnes will preach at Mt. Pleasant Sunday Jan. 17th.—Well we are having extra pretty weather at present, for the time of year.—We will agree with the Withers correspondent in saying the Signal would be much more profitable if every correspondent would send in a long letter each week, but it seems that news in this part is scarce and we make no promise to write each week about the year, but will crop the best we can.—Miss Flora Pittman has entered Langdon Dormitory at Mt. Vernon.—The 4th Sunday meeting is to be held with the Baptist, at Poplar Grove, from the reading of the program we think it will surely be a meeting of great interest to all that attend.

Rev. Pike Allen and Carmical will be present and will lecture on several interesting subjects and there will be dinner on the ground.—Rev. J. Clifford preached at Hopewell Saturday morning and evening and also Sunday morning. He was elected pastor of this church for the year 1915. Rev. Clifford is a young minister, and the church should do its duty and do its best to enable him to preach for them. Meeting will be on Sunday in each month and Saturday was.
