MAGGINS HOME FOR WIDOW

Handsome Residence and Adjoining Property Willed to Mrs. Maggin.

Lexington, Ky.—Green Hills, the country home here owned by Mrs. Maggin, copper king and millionaire, died last September in Newport, R. I., with 970 acres of surrounding blue grass land, became the property of his widow, Mrs. Pearl Voris Maggin, who accepts it as her part portion of the mammoth estate, divided by agreement in New York. Appraisers from New York recently and this agreed division, it is pronounced, will be following their report. It is known to be the most desirable of the kind of the master of Elmsford that his widow, at his death, should retain the property.

It Always Helps

says Mrs. Sylvania Woods, of Clinton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

SWINDLES OF A BIG CITY

By W. O. Jones, of Mt. Vernon

MEMBER OF NEW YORK DETECTIVE FORCE

"SIGNAL readers will possibly be interested in some of the many swindles perpetrated on strangers and immigrants who come to this City and with which I come in contact in my position as Detective in the Police Department of the City of New York. The following are some of them:

"HOPPING THE LEARNER"

This is a very simple swindle. The operator or his confederate walks in front of the victim and drops a pocket book which is immediately picked up in front of the victim, and the operator opens the pocketbook and usually finds two or three one dollar bills which are good money and a one hundred dollar which is counterfeit. There is usually a quarrel between the victim and the operator and finally the operator agrees to divide with the victim suggesting that they not go immediately and a change such a large bill but that they wait until the next day to avoid all suspicion. The operator allows the victim to keep the money but as they are unknown to each other he asks the victim if he has not got enough money or valuables with him to come to half of the amount of what they have found; that he give him what he has, and that he will meet him at a designated place the following day. Of course he does not meet the victim who soon finds out that his supposed treasure is a fake.

"BOGUS AUCTIONS"

Bogus auctions are carried on the same as legitimate auctions, with the exception, that several "SCAFFERS" or fake bidders are used to "BOOST" the prices. We have several stores here, mostly jewelry and trinket stores, which have large posters announcing that they must sell at once, by auction, all their goods as the owners have gone into bankruptcy. These places have been selling out for the past eight years to my knowledge and the things they have look good but are not worth much.

"GREEN GOODS"

The victim is communicated with by letter in which he is enclosed a genuine one dollar bill, purporting to show the result of a perfect "QUEER". He is invited to come to the city (The victim generally selected being a man out of town). When contacted with he is met at the station by one of the operators and brought to the place where the scheme is to be operated and which is known as the "Turning Joint". Here the victim is shown a bag containing real money; the deal is then made during the interval the bag is changed for a similar one, which is filled with green paper cut in the size and shape of real bills. On top of each fake bundle is placed a good bill, which acts as a "Steer" to the green paper.

"LEMON GAMER"

This is operated in a Pool or Billiard Parlor, where the victim is invited to play and is matched against some "Shark" (Professional player). The victim is allowed to win the first game, but when the stakes are high enough he is swindled out of all he has.

"PICKPOCKETERS"

Pickpocketing is done in gangs of three or four. One of the "Mobs" as thieves call a gang, is known as the "Tool" who makes the "Drop" or does the actual stealing, the others of the "Mob" are "shills" who crowd the victim, obstructing and pushing him or obstructing his way, making it easy for the "Tool" to pick his pockets. Pickpockets are so abundant that

From the 5c Extra State Tax now levied for the building of Good Roads in Kentucky, Rockcastle County will pay approximately \$1,500.00 and will receive in return \$12,000.00 annually, provided the Bond Issue for Good Roads carries on Saturday, March 27th. If the Bond Issue fails, we will still have to pay the 5c Pike Tax for the benefit of other counties and will lose our part of the State Aid. Will you vote to throw this enormous amount away every year, or will you vote to keep it for the building of good roads in Rockcastle County?

COLDS AND CROUP IN CHILDREN

Many people rely upon Chamberlain's Cough Remedy implicitly in cases of colds and croup, and it never disappoints them. Mrs. R. H. Thomas, Logansport, Ind., writes: "I have found Chamberlain's Cough Remedy to be the best medicine for colds and croup. I have ever used, and after three of recommending it to my neighbors and friends, I have always returned it to my children when suffering from cold, and it has never failed to give them prompt relief." We Are Authorized to Announce T. I. NICOLEY As a candidate for Circuit Court Clerk of Rockcastle County, subject to the action of the Republican party, August 7, 1915.

TELL THE TRUTH.

Don't misrepresent.

Know what you are talking about.

Lift Rockcastle out of the mud.

If you want better times vote for bond issue.

There will NOT be a poll tax in connection with the bond issue.

Understand your subject before trying to instruct others.

The road subject is something too important to pass by. Study it.

Two Turnpikes across Rockcastle, Lincoln to Laurel, Madison to Peasick.

How do you like our picture of turnpikes and mud, in this issue? "It going some."

We will never have the better times which we ought to have until we get better roads.

Read and post yourself on the road and bond subject. When you understand it you will vote for it.

Read the letter of R. C. Terrell, the State Road Commissioner in this issue. He says something in it.

Bell county voted 12 to 1 in favor of good roads. Rockcastle should do as well and then some. We believe she will do it.

Billy Sunday is some preacher. He says a man who is agin good roads is sliding in the wrong direction, and that direction is not upward.

Nearly every voter who listens to reason and the explanation of road bond issue says he will vote yes on the question. There is no doubt it will carry, with many votes to spare!

It has been suggested that one leading citizen in each district in the county be selected as advisers in connection with the Fiscal Court and State Engineer in locating the proposed turnpikes. The idea is a good one and no doubt will be acted upon.

"I DON'T want to leave a debt for my children to pay," is what some voters remark when approached on the bond issue question. Just think of it, only \$20,000 for all farmers and land owners of the county to pay and with from 10 to 18 years to pay it and getting \$100,000 worth of turnpikes right away, by the use of which any man can earn the small amount of all his bond taxes a hundred times over the first year after the roads are built.

TELL IT STRAIGHT

The following letters explain themselves:

MT. VERNON, Ky. Feb. 15, 1915.

Mr. R. C. Terrell, Commissioner Public Roads, Frankfort, Ky. Dear Sir:

Some of the opponents to the bond issue in this county are taking every unfair means possible in their fight against progress. Several of them are claiming that parties hold letters from you in which peculiar statements are made. Some of these alleged statements are as follows:

"That there is no State road fund."

"That a poll tax can be levied for paying off road bonds."

"That no State aid can be secured except for roads leading across the State from state line to state line."

"That Rockcastle county would get no State aid," and many other misstatements along this line which are being accredited to your letters.

Now we know, of course, that you have made no such statements and desire you to write us a letter, for publication, on the subject.

Very truly yours, JAMES MARET, Secretary.

Commissioner Terrell's Reply:

COMMONWEALTH OF KENTUCKY

DEPARTMENT OF PUBLIC ROADS

FRANKFORT

February 17, 1915.

Mr. James Maret, Mt. Vernon, Ky. Dear Sir:

I am in receipt of your letter stating that certain men in your county have letters from me alleging that I have made the following statements in these letters:

"That there is no State Road Fund."

"That a poll tax can be levied for paying off road bonds."

"That no State aid can be secured except for roads leading across the State from State line to State line."

"That Rockcastle county would get no State aid."

I have made no such statements to anyone in your county, although I have written letters I think to each one of the men mentioned to you in your letter.

The maximum poll tax that can be levied for all purposes is \$1.50 and its application is wholly within the discretion of the Fiscal Court. The poll tax in Rockcastle is already \$1.50 and cannot be made any higher. The constitution FORBIDS it. The State Road Fund amounts to between \$600,000 and \$700,000 for the year 1915 and every year thereafter, as long as the law remains on Statute books.

State aid will be granted to all intercounty seat roads, and after their completion, such other roads as may be agreed upon between the Fiscal Court and the State Department of Public Roads suitable to be improved will also be granted State aid.

Rockcastle County will receive its pro rata part of the State Road Fund each year, so long as applications for same is made, and case bonds are voted until she has received one half of the amount of money spent in the construction or reconstruction of roads, in accordance with the provisions of Chapter 87 of the Acts of 1914.

I am glad that the bulletins are doing good and shall be glad to assist you and send you more of these bulletins if they will be of service.

The people of Rockcastle County should be as wide-awake and progressive as those in Bell, and I am sure that they should return a larger majority in favor of the bond issue than was returned by Bell County.

Yours truly,

ROBERT C. TERRELL,

Commissioner of Public Roads.

Rewarded Efforts.

Ever since we have been a citizen of Bell county we have been agitating better roads, and we had heard of "Good Roads Joe" long before we were a citizen of Bell county and of the bills he was getting thru the Legislature. We have been told by some people that "Good Roads Joe" was a fake and that he had no more interest in roads in Bell county than a Mexican dog, but that was just a hobby to ride into office. The road building seemed so slow, and more talk than action, we had kindly begun to believe this ourselves, but we have kept a close tab on the doings of the Legislature, and seeing a bill down there is no fun or child's play, and after observing the opposition confronting "Good Roads Joe" it is just to get the devil his due; there is in our opinion very few if any that could have done what he has done.

We have talked and agitated good roads for several years, and one observing would think we had about as much interest as perpetual motion or Dr. Looke's discovery of the North Pole—a subject to be talked about, not realized. But there is a different phase to this subject now. The hot air has about all blown over. By constant and persistent legislation as well as agitating, the long talk of road and discussed and cussed good roads, and we have a reality within twelve months from to-day.

We are truly glad to feel this message assured of them. We give ourselves and everybody credit for them and take our own part to State Senator Joe Bonner and proceed to call anyone a liar, but says he is a faker about good roads. And of Judge Asher, we will say, the people have been waiting for a man like him to do this work. MISDEADERS bore Three States.

A REWARD OF \$500.

will be paid to anyone who will show any section of law declaring a poll tax will be levied to pay off the proposed road bonds on which a vote will be taken next month in this county. Now, come forward or forever hold your peace on this poll tax question.

By a slip of the pen or error in the reading a letter of Commissioner of Public Roads to one of our county citizens some understood that only roads from state line were entitled to state aid when the meaning that was meant to convey was in regard to building on border or state line that said counties are to build their roads to border or state line. The law is plain and explicit on this subject. Get bulletin No. 3 from R. C. Terrell, Commissioner Frankfort, Ky. or James Maret, Mt. Vernon.

RECOGNIZED ADVANTAGES. You will find that Chamberlain's Cough Remedy has recognized advantages over most medicines in use for coughs and colds. It does not suppress a cough but loosens and relieves it. It aids expectoration and opens the secretions, which enables the system to throw off a cold. It counteracts any tendency of a cold to result in pneumonia. It contains no opium or other narcotic, and may be given to a child as confidently as to an adult. For sale by all dealers.
