It has been truly said that misery and we never come except in the dual form and it had certainly proven true to this home. For nearly a month Mr. John Baker, father of Mrs. Finckler has been seriously ill with pneumonia and is not yet out of danger. On Sat. Saturday Mr. Finckler while walking papers on the home property the Signal office fell and sprained his ankle, almost breaking the bone and unable to go freely by the use of crutches. All in all, the situation in this home is a very sad one.

Short services were conducted at the home by Rev. Allen Anderson. Rev. Young, who officiated at the funeral, will officiate at the funeral at 2 p. m. in Glasgow cemetery Wednesday afternoon.

COMMONWEALTH OF KENTUCKY

EXECUTIVE DEPARTMENT
FRANKFORT

JAS. B. MCCREARY
GOVERNOR

March 9, 1915.

Mr. James Maret,
Secretary and Treasurer,
Boone-Way Booster-Band,
Mt. Vernon, Ky.
My dear Friend—

Your letter of March 8th, 1915, was received this morning. I am glad that the voters of Rockcastle County will vote on a bond issue for road purposes on March 27th, 1915. As Governor, I approved the bill passed by the Legislature imposing a tax of five cents on the one hundred dollars of property for public roads. Many of our neighboring States are taking steps to build good roads, and I desire to see Kentucky as progressive as any of her sister States. I hope my friends in Rockcastle County will vote for the bond issue for good roads.

Good roads will increase the value of land in your county and will furnish an easy opportunity for the people to attend church, for the children to go to school, and for the farmers to haul their products to market.

I shall watch with much interest the result of the election on March 27th.

Very sincerely yours,
JAMES B. MCCREARY.

How We Get The News

Day before yesterday a perfectly nice lady called us up and with tears in her voice reproved us for not mentioning the fact that she had a friend visiting her last week. We told her that she had not let us know anything about it and that therefore, we did not know that she had a visitor.

Then she said, "Well you should have known. I thought you were running a newspaper." Wouldn't that settle you sleek? Some people think that an editor ought to be a cross of Argus and Anna-Eva-Fry. They seem to think that our five senses are argumented by a sixth that lets us know everything that happens, even if we see, hear, feel, taste or smell it not. Dear lady reader, editors are only human. You have a friend visiting you, if you are going away, have returned from a visit out of town, if Johnnie falls and breaks his arm, if your husband chops his foot instead of a sick of wood, if anything happens that makes you glad, sad, happy, or mad, call us up. Tell us about it. That's the way to get it in the paper. Telephone No. 28 gets the Signal office.

Dear Signal:

The election in regard to the Bond Issue is near at hand and I feel very anxious about the matter. I feel like it will, and ought to carry, for I am satisfied it is for the best interest of all Rockcastle county. It is my old native county, and I think if I have any friends anywhere, I have some in my old county, and I love there about 68 years and I lived with old neighbors and I certainly would not vote for a thing that I thought would be to their disadvantage. I have always voted for what I thought was for the best interest of my county. And if was a voter, I would vote for the bonds to build roads for the county.

With the aid we got from the State we could build them and it never would be any great burden to the people generally. The difference in traveling and hauling over the country will more than pay the difference in road. And for these reasons and many others, I would urge my friends to consider this thing seriously before casting their vote on the 27 of this month. Vote for what is best for the country. When you have done this you can fairly have done your duty and that is what every patriotic citizen ought to do. Wishing the bond issue, and Signal a prosperous future and all the people of old Rockcastle good luck I remain

Your respectfully,

The Reign Of Peace

By KATH WILSON

May our country be kept safe from the perils of war.

By the hand of our Father thus guided after.

(Its banner be floating sweetly, "Liberty" strains.

All and part of the peaceful reign.

May the turning point of the century's great war.

Never more be heard on our now peaceful shore.

Nor the vigilant watchman give their alarm.

For the sons of our country to obey—

To be called again the stern orders to call—

To march on the field and face the dreaded fray;

To fall in battle by the enemy's hand.

Just, and then be intern'd in the silent dust.

Never more may our glorious ensign.

Sink next the billows of foaming brine.

Nor witness on the fields the bloody fight.

Or foreign nations invading our rights.

Oh! May forever our country be free.

Her sons of the land, her sons of the sea.

And forever let all hostilities cease.

And all nations be loyal to that great King—Jesus.

requires intercounty seat roads to be made first, your time next. Lay aside all selfishness and go with progressive people and push for improvement and better times. One half of teamster's time is gained when using good roads.

Farmers will get safe for all their products.

Cast your vote YES. The commercial value of the proposed pikes cannot be overstated.

Saves excessive wear and tear on harness and wagons as well as teams.

Our people will be more brotherly; friendly and neighborly when good roads are made and opportunities presented for them to meet often at homes and public gatherings.

Transform the mud holes into pikes.

Our people will become united after becoming acquainted thru the medium of good roads.

Let Rockcastle vote the bonds, build two roads across the county, thereby filling the gap between the North and the South.

ARE YOU RHEUMATIC—TRY SLOAN'S

If you want quick and real relief from Rheumatism, do what so many thousand other people are doing—whenever an attack comes on, bathe the sore muscle or joint with Sloan's Lintiment. No need to rub it in—just apply the Lintiment to the surface. It is wonderfully penetrating. It goes right to the seat of trouble and draws the pain almost immediately. Get a bottle of Sloan's Lintiment for 25c of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica, and like ailments. Your money back if not satisfied, but it does give almost instant relief.

Covington, Ky., March 15, 1915.
Editor Mt. Vernon Signal—

I have been nothing, with much interest in the progress of the Good Roads movement in Rockcastle county as published each week in the Signal, and I am quite enthusiastic over the interest the people are taking in this, the greatest and best undertaking good old Rockcastle has ever tried.

Every man who is able to go to the polls on election day should vote "Yes" with a capital "Y" for the bond issue and not let it be said of one, "You are a stumbling block in the road to progress."

Better roads mean better churches, better schools, better homes, better neighbors, and is better for everything that goes on, making life a pleasure and brings happiness to the old folks, and education and knowledge to the children. The young men and women are leaving the mountains at present. Why? I left Rockcastle ten years ago, and I have a good home there. Why did I leave? Because opportunities were better elsewhere at that time. But if I were in Rockcastle now, I would work every day until the election is over for the bond issue.

You don't know what you have missed until you get good roads in Rockcastle, which will connect the county with the north and give tourists from all over the United States an inlet to Rockcastle as an up-to-date place to live and invest money. It will bring moneyed people to the County seeking homes and farms, for people of today want modern conveniences and they are going to get them.

Much to my regret, I have had to direct hundreds of automobile tourists, who were going south, to take roads leading west of Rockcastle County when I would have been proud to have sent them thru Rockcastle, but road conditions will not permit it, making it necessary to send them in the southwest direction from Richmond, Ky., usually by way of Somerset. It was no use, as you know, to send them into Rockcastle at present as it is almost impossible to get thru.

Rockcastle County voted "Yes" 12 to 1 in 1910 to build a road from the north end of the county to the south end.

There is absolutely no poll tax to be paid on bond issue.

At end of ten years the bond issue will have been paid off, leaving a surplus of \$20,000 in county treasury. This is calculated from present valuation of property in Rockcastle.

In case our county fails to vote bond issue we will have paid off in ten years \$7,700 into State road fund from the 5 cent road tax, which would go to other counties to build roads. Vote bonds. Keep this money here.
