

PROF. V. O. GILBERT WOULD HEAD SCHOOL SYSTEM

Announces His Candidacy for Democratic Nomination for Superintendent of Public Instruction

His Life Has Been Devoted to the Work

Professor V. O. Gilbert of Franklin, assistant state superintendent, has announced himself a candidate for the Democratic nomination for state superintendent of public instruction in the August primary election.

Born and reared on a farm, experienced in the hard school of poverty, he early chose teaching for a profession and for over thirty years has faithfully and continuously worked in the public school system. Teaching in country schools, serving as county superintendent, city superintendent, being for more than six years a member of the faculty of the Western Kentucky State Normal and having been assistant state superintendent for nearly three years and a half, has given him special training for the office he seeks.

During all these years Professor Gilbert has made a thorough study of the conditions and needs of the public schools of Kentucky. His announcement follows:

"To the People of Kentucky:
"I am a candidate for the office of superintendent of public instruction, career at the age of sixteen in a country school, I have served as best I could as teacher in the rural schools, as county superintendent of schools, as city superintendent of schools, as instructor in one of our state normal schools and as assistant for over three years to the state superintendent of public instruction during the present administration.

"During this long career as a school man, I have never wavered in my devotion to the schools of my native state. It has been my aim to be familiar with the entire field from actual experience.

"If I am nominated and elected, I pledge myself unreservedly to the following policies:

"First—To administer the office of state superintendent as economically as it can be done, consistent with efficiency.

"Second—To co-operate with the county superintendents of the state, and to aid them in every possible way

subject to the action of the Democratic primary, August 1915.

"This office is one of the greatest importance to the state, and every man who offers himself as a candidate for it should be able to give satisfactory evidence of fitness for the high position.

"The best evidence of fitness for any office is devotion to the cause of education and professional training. No man is worthy of the great office of state superintendent whose life has not shown a singleness of purpose in the work of education; and no man can be capable unless he has had a rich experience in the kinds of duties that prepare one for the state superintendent. These duties are of three kinds: Actual teaching in the public schools, and supervision of public schools, and administration of public schools.

"By these standards I am willing to be judged, recognizing that it is the right and the duty of the people to select the candidate best qualified by nature and training for the position.

"In the first place, I want the position and want it intensely, because it is a high honor, because it is a promotion, because it offers a field for faithful service, because I feel that I am competent to perform the duties of the office, and because I will do my very best to merit the confidence reposed in me.

"For more than twenty-two years I have given my life to school work in this my native state. Beginning my

He leaves a wife and one child to bear the grief which seems to be almost unbearable.

H. H. COLYER, RICHMOND, KY.

I AM A CANDIDATE for the responsible office of Auditor of Public Accounts of the State of Kentucky. Recognizing the important consideration given in choosing an official that will measure up to the ability and fitness for this high office, I submit the testimonials of those informed of my private life. To be Auditor of the great Commonwealth of Kentucky is not a new ambition—it is honor as supreme and worth fighting for. I am not entering this contest upon the advice of a few local friends. A careful scrutiny by my friends from every section of the state of all the usual political conditions have demonstrated that my representation in this primary is not likely to be a final second. I am a farmer and live stock dealer—I am interested in systemizing of agricultural interests for greater results and less hardships.

My political aspirations have been focused on this office for quite a while. Realizing now that the election experience of the Democratic voters of Kentucky in the past has put them "wise" to the dangers and undemocratic system of swapping state offices, inspires me with the belief that the time is ripe and the voters are ready to give to Kentucky's administration that they want in the form of a square deal. I believe in fighting for justice and meriting the honors given. I believe that officials should be required to go as the tolling farmer—earn the emoluments of his office by the sweat of his brow. I believe that when every official of Kentucky has labored hard for an economical administration that the taxpayers will be greatly relieved. I am not for creating new offices, but for dispensing with every one that is superfluous. I began voting temperance, and will continue to do so as long as I have the sovereign right. I am for the election of every Democrat that is worthy enough to win his nomination, and for the defeat of every Republican, whether he won or stole his nomination, as in either case he would be wrong and never right.

If I am elected—which I believe from the public expression I will be—I promise now that the Commonwealth of Kentucky will never have a cause for suspicion of irregular management in my office; and that every employe will be of the highest type of fitness for the duties assigned. I expect to conduct my campaign on purely honorable and democratic principles—I am as much opposed to violating our election laws as I am of every other law enacted by a righteous tribunal. I hope to have the pleasure of meeting with every Democrat of Kentucky between now and the 7th day of next August. When the final results will have been declared I will cherish the memory of my supporters and will fight for Democratic supremacy.

Testimonial From Madison County Democratic Committee.

"In behalf of the Democrats of Madison county, and through many other representative Democrats from other sections of the state, I take pleasure in presenting H. H. Colyer to the Democrats of Kentucky, as a man capable and worthy for the high office of Auditor of Public Accounts, which he is now seeking. He is now and has always been loyal and aggressive for the success of Democratic supremacy. His morals and integrity are above reproach. If nominated, we predict that he will lead our Democratic ticket in November.

Respectfully,
"W. L. LANGFORD,
"Chairman Madison County Democratic Committee."

The "Kentucky Register" and "Climax-Madisonian" of Richmond, Ky., say, regarding Mr. Colyer:

"It is a pleasure to endorse a man of Mr. Colyer's worth for any office that he may seek. We have known him long and intimately, and can testify to the high quality of his democracy, and to the value of his services to the party. Especially does it give us pleasure to say something of his value to the newspapers of this section. He has been one of the strongest friends the craft has ever had. He has been a constant friend of the local publishers, has supported them morally and financially, and has always taken an active interest in the uplift and advancement of the journalistic profession."

Thousands keep on suffering Coughs and Colds thru neglect and delay. Why make yourself an easy prey to serious ailments and epidemics as the result of a neglected cold? COOPER ENDORSES Y. M. C. A. WORK

Lexington, March 26, 1915.

L. T. Cooper, the philanthropist who elected Lexington by far the best city in the state, has given his name to the Y. M. C. A. building, the cost of which is \$100,000. Mr. Cooper, a native Kentuckian, not only accepted the invitation to become a member, but he endorses the work of one of Lexington's most deserving and commendable institutions.

The demand for Tonic, the remarkable medicine that is now being introduced by Mr. Cooper to prove his theories on health, is now the biggest thing of the kind ever seen in this section. The preparation is accomplishing a powerful amount of good among the thousands who suffer from catarrh, stomach, liver and kidney complaints as well as rheumatism.

Hundreds of those who have actually used Tonic talk enthusiastically about the astonishing results they obtained from the medicine.

Peter Gelsor, living at 412 Clinton avenue, Lexington, said: "While I have used an entire bottle of Tonic so far, yet I consider it the most wonderful medicine I have ever seen. I suffered for years with stomach and kidney trouble. I also had headaches, indigestion, and attacks of rheumatism.

"My trouble has now disappeared, and I can trace my remarkable improvement to no other cause than Tonic. It is fine."

Tonic can now be obtained in Mt. Vernon from Chas. C. Davis, and can also be obtained in Lexington at the Central Drug Co. Store.

FOR THE STOMACH AND LIVER

I. M. Smart, West Webster, N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver for the past five years, and I can testify from personal experience that I have found them to be just as satisfactory. They are a most reliable and the results have been satisfactory. I value them highly."

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

TRUTH ABOUT BOND ISSUE

To the Voters of Rockcastle County:

We are now coming near to the day on which we shall settle the question of whether or not we shall build roads of some permanent value in this county by issuing bonds for that purpose...

Our county has altogether a little more than \$3,000,000.00 of taxable property and we are now hoping to issue \$100,000.00 in bonds at 5 per cent interest...

If we make a bond issue of \$100,000.00, the L. & N. R. R. Co will pay the \$100,000.00 for us at the rate of 5 per cent...

We have that some property in this county have great reason to be thankful that we are at peace and have good credit since so many nations of the earth are at war and engaged in the wholesale destruction of life and property...

In looking over the tax book for last year, we find that we have very few citizens whose property amount to as much as \$10,000.00 for taxation...

The argument has been made that the people who would spend this money would squander it. I am sure that this is not the case as the men who handle this money will be placed under heavy and safe obligations to protect it...

It has been stated that I would be greatly benefited by this bond issue. I think so too, and every man who lives in this county will also be benefited...

lies here who are positively in need for necessities of life. It would be extremely selfish for us to refuse to help these people when we can do so at our own advantage...

I understand that it has been told, that I would not give employment to anyone opposing the bond issue. This is not true and I guess all the men who have worked for me heretofore are posted about this matter...

Yours For Two Pikes across county and for pikes in other portions of county at earliest date possible.

It ought not to be the duty of
one man to remind another of the
duty to which he owes society,
nor the injury to it which will be
brought about by his partici-
pation from a niggardly or
selfish phase. But the machinery
which is known as the brain of
man is filled with complete
strangeness, inasmuch that some-
times of us, perforce, must reason with
the rest of us, at times about
the simplest propositions for the
benefit of all of us. Just so is
the state of affairs now in just a
few localities; and it is so provoking
that if we did not know so
well those who are of the dis-
temper, we would first suggest
court of inquiry into their mental
condition. Truly the facts seem
to justify it, for the reason, in
many instances, the aberrations
are noticeable among the usually
most level headed citizens as
well as those less well informed.
But what's the use to worry.
The bond issue will carry over-
whelmingly.

TO-MORROW March 27th, 1915
Rockcastle county will begin a
new era. If the people vote the
bond issue we will take our place
among the enlightened, the pro-
gressive, the inventive and the
ambitious. All are commendable
words in our English and those
of us who do not feel fit to honor
them we hope will retire to the
rear and preserve their self
respect by looking after the
culinary duties of the household.
Certainly they have no place on
the field of action and are a
handicap to the common weal.

But, perhaps there are no such
people among us now, claiming
suffrage, who are of this class
We are inclined to think the bond
issue will carry practically
unanimously.

TO-MORROW the voters of Rock-
castle will pull the wagon of hope
from the mire and mud and place
it upon the highway of progress,
success and usefulness.

A VOTE against the bond issue
Saturday, is a vote to retain the
militia system of working roads in
county which has proved almost
worthless.

will be asked to sign. The Ken-

Belgium; To His Excellency,
The President of the French Re-
public; To His Majesty, the
King of Great Britain and Em-
peror of India; To His Majesty
The Emperor of Germany and
King of Prussia; To His Majesty,
The Mikado of Japan; To His
Majesty, The King of Montenegro;
To His Majesty, The Czar of all
the Russias:
We, the undersigned, Children
of America, plead with you, the
rulers of these nations, to call
for immediate armistice, and to
let the difference of warring na-
tions be submitted to the Hague
Tribunal for amicable and just
settlement, and to promise to
adjust all future differences
peacefully in the same way. We
are the children and grandchildren
of your former subjects; many of
us are tied by blood and affec-
tion to the soldiers now contend-
ing in their death struggle on
different sides of this combat; we
implore you to stop the frightful
slaughter, for to us it seems like
savagery fighting against civiliza-
tion. We beg this on behalf of
the helpless children of Europe
and Asia, who are being irrepar-
ably degraded by the hideous
conditions created by war.

Whatever effort has been made
so far, toward peace has been
undertaken by men and women,
and should this appeal of the
children have no effect upon the
engaged in this cruel war, their
net will surely have an influence
upon their lives, and serve a
noble purpose; for the children of
today are potentially the citizens
of the next generation and the
injunction to us is to "Train up
a child in the way he should go."
It is unmistakable the duty
of every lover of peace to exert
all the influence possible for the
attainment of this end, and as
every effort has seemingly failed,
we can try this; trusting for its
fulfillment, in the promise of the
old Prophet who has said: "The
wolf also shall dwell with the
lamb, and the leopard shall lie
down with the kid; and the calf
and the young lion and the fatted
together; and a little child shall
lead them".

HEALTH PROMOTES HAPPINESS

Without health, genuine joy is
impossible; without good diges-
tion and regular and firm bow-
el movement you cannot have health.
Why neglect healthy bowels open
and risk being sick and ailing?
You don't have to take the
small Dr. King's New Life Pill at
night; in the morning you will
have a full, free bowel movement
and feel much better. Have your
appetite and digestion. Try one
to night.

BROODHEAD

Broodhead. Mrs. Granville Owens died at her home here Thursday morning at 2 o'clock after a lingering illness of three months. No one was ever more patient in their suffering, more cheerful during affliction than was Mrs. Owens. Her health failed her during the fall of 1913 while visiting her father and mother, and was forced to leave their bedside and return home, where she had been confined most of the time until death relieved her of her sufferings. She was born in Pendleton county, Kentucky in the year 1847, being past 67 years old. Her father, John T. Cherry, died March 8, 1913, and her mother, Mrs. Sarah Cherry, died Oct. 3, 1913. She married Granville Owens, present Postmaster here, several years ago and to this union were born three children, Mrs. Virgil Martin, Byron Owens, a teacher in our graded school and little Delmas, a boy of some 10 years of age, all of whom were present when the death angel called their mother to that realm beyond the skies. Beside the heart-broken husband and children she is survived by one brother, J. Thos. Cherry, prominent merchant of Crab Orchard, and a sister, Miss Feda Cherry, of this place. Funeral services will be held at the Baptist church to-day at 1 o'clock by the Rev. Jesse Beagle, of Lancaster, Kentucky, a relative of the family, and one of the most forceful speakers in that part of the state. We extend to the family and relatives much sympathy. Henry Picketton, a nephew of Prof. J. L. Picketton, who has been here in school for several months, returned to his home in Harrodsburg last Friday. Henry made lots of friends while here, and will be greatly missed - Mrs. J. W. Tate was in Louisville during the week buying her Easter line of millinery. - Mrs. W. F. Carter is visiting relatives in Moreland, and is expected to return home tomorrow. - Mrs. J. G. Frederick, who has been quite sick for several weeks, is reported improving. - A Mr. Edwards, of Boston, Kentucky, was with his sister, Mrs. P. A. Shelton, here this week. - Our boys organized a Base Ball league at a meeting held one night this week and claim that they will be ready by April the first, to cross bats with any team in these woods, and authorized me to say anything I should want to say in relation to wanting a good umpire. - I should correspond with Arthur Anderson or J. L. Picketton. Tomorrow will settle the question whether the people want to be taxed to build two bridges across to county, and build them now, and use them now, or be taxed to the same extent and build a mile of pike in four directions from Mt. Vernon, each year. It is very strange that our people can never awake to a real sense of duty. It is his prejudice that man will let his prejudice get the best of him, and he will be the best interest, and help the very people to get what they want by his voting against the bond issue. After the election is over, and the shouting all done, the man who allowed his prejudice to do his voting, and awakes to the fact that his prejudice has materialized, helped the people that he thought he was helping defeat, he will then go down in some deep valley, and pray the good Lord to relieve him of such a sore affliction. Vote for what you know to be the best interest, no matter if it does help your enemy. - Are you still looking thru your glass darkly, or do you see your way more plainly to favor the bond issue? I believe that should I carry it you will be a great building to our country. I believe we all should look forward to what the people of this county have done, and you may have thought you didn't want to tax the residents of Harrodsburg, but I believe it would help to Harrodsburg, and the county, for which the rising generation would be proud of.

TAX SALE FOR TOWN TAXES

On the 14th day of April 1915 between the hours of 9 o'clock a. m. and 5 o'clock p. m. I will sell in front of the Courthouse here in Broodhead Ky., the following property for town taxes due town of Broodhead for year 1914. Linda A. Benton farm land tax and cost \$5.55 George Pagle two lots on Albright St., tax and cost 1.80 Lillie Miller one house and lot on Main St., tax and cost 2.25 James Burk one lot on Albright St., tax and cost 1.64 George Frith two lots in Henry addition tax and cost 1.80 W. A. TVERRE, Marshal. The attention of the farmers of Rockcastle County is called to an advertisement elsewhere in this issue of the Kentucky Rural Credit Association, of which Gov. James B. McCreary is President. We have examined the plans and purposes of this Association and are of the opinion that it is about the best thing that has ever been organized in the State of Kentucky for the benefit of the farmers, being a corporate organization for securing money at 3 per cent on long time. The association accepts your mortgages for a loan not to exceed one-half the value of your farm and makes you an uncollectible reducible loan for either 23, 30 or 50 years time. The very great advantages of this plan is that the farmers get money on their farms as cheap as other business men can find if they borrow it for a long period. They have the satisfaction of knowing they will not be called upon at the end of 6 or 12 months to pay off the whole amount, and be forced to go out and hunt up the money and have to pay a high rate of interest and also a commission. To secure the loan for them. Under this plan a farmer need not be afraid to borrow money to make needed improvements upon his farm because he will have time to make the farm earn the money to repay the loan. As a matter of fact the plan of the Association is to collect a small payment each year in addition to the interest rate of 3 per cent. This sum collected in addition to the interest plus 3/4 per cent compound interest is deducted from the loan when paid off at any time, and is sufficient to pay off the loan at the end of the period for which the loan is made. Farmers will do well to write Mr. Young or call on him at Rockcastle Hotel Mt. Vernon this week.
