P. Q. Griffin is here this week having a number of improvements made on his West Main street property.

NOTICE—Those holding claims of the estate of Dr. S. C. L... deceased will present same to me on or before April 15th 1915 if not proven. Also if indebted to said estate will please make arrangements to settle at once.

W. T. DAVIS, Executor.

Oscar McIntyre and William Tyree who were charged with the murder of Abner Kock at Berns... about in Laurel county seven or eight years ago were caught in Pine Bluff, Arkansas by Deputy Sheriff Herman Scoville, of Laurel County last week. Tyree is also facing a charge of murdering William Muret Barnes, in Laurel County, near Yuba, in 1910.

D. L. Carter, Supt. of the Kentucky Free Stone Co., at Langford, was arrested and taken to Knoxville, Monday to answer a charge of killing a negro in that county some twenty years ago. Judge Acher, of Bell, released Mr. Carter on his own recognizance to appear for trial in event the grand jury returned an indictment. Mr. Carter and Andy Mason, who is now very sick at his home at Knoxville, are charged with killing two negroes in Bell county during the wild and woolly days of Eastern Kentucky.

Joe Martin, aged about 45 years, a resident in the Brush Creek section of Orange, died about a week ago, of Miller's bacillary dysentery, a severe case of Tenosus. Six weeks ago Mr. Martin struck a splinter in his jaw. He thought nothing about it, as it gave him no pain at the time. For several days the little wound was passed unnoticed, but about a week ago, his trouble began in earnest and for four days it has been a struggle between life and death. At times it seems that his suffering is unbearable and notwithstanding the attending physician, Dr. Chesnut, has repeated the same toxicine as often as deemed advisable, yet the patient shows no sign of improvement. If any thing the severe muscular spasms which he has endured for a week, are more often and more severe.

PHRASANTS—The following gentlemen have gone together and secured from the State Game and Fish Warden a dozen English Ring Neck Phrasants, which were turned loose on Mr. G. C. Fish's farm Wednesday afternoon. The following is the list:

Jack Laswell, Wm. McNew, W. L. Langford, John L. Coffee, Jas. G. G. G. Griffin, G. W. Whitehead, G. C. Fish, J. M. McNew, J. W. Riddle, Bingham Shepherd, Willis Johnson, Gar Clark, Josh Horing, D. B. Langford, Sam Bryant, W. H. Proctor, Ed Bullock, ichard Halcomb, Wallace Laswell.

Game Warden at Rockcastle. The object is to stock the county with this famous bird and in order to do so there must be absolute protection against hunters for a period of four or five years: In order to get this protection, these gentlemen whose names appear above, whose lands are adjoining or contiguous, will spare neither time nor money to prevent any one from interference. An imaginary line has been drawn from the Big Point to Oldado, thence up Houndstone Creek to Langford Station, thence to Richmond road, where same crosses Renfro's Creek and thence a straight line to beginning. This land contained within this boundary will be regarded as a State Reserve and will be protected as such. Anyone found will be prohibited and hunting upon any of this land with a gun will be prosecuted for trespass. As evidence that these gentlemen mean just what they say we are authorized that a reward of \$25 will be paid for the arrest and conviction of anyone found hunting upon the lands mentioned or for trespassing, which means if they even have a gun on the land contained within this boundary. Everyone is held liable to the State and we can have it if they are left unmolested for a few years. It is the duty of every one to help protect them.

THE HANDB is the newest Arrow Collar to-day, at Fish's

June 1st. will see the good work of building roads in Rockcastle begin.

There is some talk of a contest of the bond issue election, but effect on no contest, it will not effect the building of the two roads across Rockcasts.

Willard Arnold who has terrorized the citizens of the Southern part of the county and who made his escape from the officers when arrested some three weeks ago on numerous charges was located at Franklin, Ind., last week and is now safely lodged in the Mt. Vernon jail. Sheriff Mullins being unable to go to Ind., to get Arnold, Circuit Court Clerk, T. J. Niecey went Monday, returning yesterday morning. Arnold was yesterday feared by the citizens of the Southern part, and since his escape, Sheriff Mullins being the faithful and conscientious officer that he is, has spared neither time nor money to bring Arnold to justice.

Detective J. E. Wallen, of the Q & C. shot and killed a man by the name of Smith at High Bridge last week. Smith was robbing a box car when Detective Wallen demanded him to throw up his hands. Instead Smith fired on Wallen, the bullet grazing his head. Detective Wallen, immediately returned the shot, the ball taking effect in the head producing instant death. Mr. Wallen is a fearless officer and a high class gentleman and on this occasion had been ordered to High Bridge to investigate the numerous robbing of cars left on the siding at that point. Smith was supposed to have belonged to an organized band of robbers about that point.

WHOOPIING COUGH.

Well everyone knows the effect of Pleo Forcels on Coughs. Dr. Starke's Pleo Therapy is a remedy which brings quick relief for Whooping Cough, hoarseness, the mucous, which the thing of the throat and the lungs. The coughing spells less severe. A family with growing children should not be without it. Keep it handy for Dr. E. J. Lyg and Cold as at your Druggist.

THE FORD

There is nothing cheap about the Ford, but the price is low. A \$4000 car contains no higher grade material than \$390 Ford's. There is no car in existence that will climb a hill easier and quicker than a Ford.

One third of the cars in America are Fords.

The Ford has more power in proportion to its weight than ANY car.

Ford cars are electric lighted. The Ford motor is perfection itself.

When you think of buying a car think of the Ford. BUYARD BROS., Agents.

There is a fine flavor of ancient bigotry in Representative Moon's limitations against the influence in Congress which frustrated his raid on the allowances made to the railroads for carrying the mails.

He induced the House of Representatives to approve his project for reducing the pay of the railroads, although the latter have recently been added with the task of transporting, without additional compensation, a vastly increased volume of parcel post matter.

The carriers are now underpaid about \$2,000,000 for their service. Yet Mr. Moon feels that they ought to face that loss cheerfully, besides accepting a cut in the rates for other mail.

Fortunately the Senate disagreed with him and killed the Post Office appropriation bill. He now threatens to renew his war on the carriers by multiplying on every side a disposition to treat the railroads fairly, even the most rooted of the starvation standard-patters may relent.

At the next session Judge Moon may find himself about the only old-fashioned railroad scaplet left on the Congressional reservation.

SPEAKING CAMPAIGN TO BE STARTED NEXT JULY

HUNDRED ORATORS TO TOUR STATE IN FIGHT AGAINST ILLITERACY

The speaking campaign of a hundred orators in behalf of the plan of the Kentucky Illiteracy Commission to eradicate illiteracy from the State will start probably in July about the time the rural school opens and continue throughout the school year. It is the consensus of opinion among trustees, to which the commission is at work at the time the campaign starts so that none of the initial impulse will be lost in the movement. In many counties a preliminary local campaign to arouse interest will precede the big speaking date.

Mrs. Cora Wilson Stewart, chairman of the commission, is working out the details as fast as she can. Congressman W. J. Fields has consented to do a month's work, speaking, and only one date is in his own district Attorney General James Garnett will deliver four speeches at least; R. H. Wilson state superintendent of education, will make several addresses, and nearly every prominent orator in Kentucky will be enlisted in the cause.

BROADHEAD

Douglas Martin was in Danville Monday making a tour from Internal Revenue so that he could operate the tobacco manufacturing business that his father had so successfully managed here for a number of years. Douglas, who has been closely associated with the business for the past five years will soon take the business over and endeavor to run it a long the same business line as conducted by his father, and expects to improve it along several lines, and judging from his business abilities we expect him to make quite a success.

Grant Allen, the sixteen year old son of Mr. and Mrs. John Allen, of near Gen. Sulphur, stabbed Richard Robins, the 14 year old son of Mr. and Mrs. P. H. Robins, just below the heart last Sunday. We have been unable to learn the particulars of the trouble, but suppose that it grew out of an ordinary boyish scrawl. The Robins boy is badly wounded, and very little hope is held out for his recovery. The Allen boy was unable to make bond, and was taken to Mt. Vernon last Monday by Marshal Tyree, and placed in jail.—Mr. and Mrs. Fred Durban, Master Justice, and Miss Clyde Watson, were down from Mt. Vernon Saturday and Sunday.—Born to the wife of Mr. and Mrs. Robert Chappell, first of the week a ten pound baby boy.—Mrs. Oscar Wallin and children, of Mt. Vernon, were visiting the family of J. E. Wallin here during the week.

Mr. and Mrs. Lester H. Hilton of Stanford are rejoicing over the arrival of their first born, an eight pound boy. The reports is that Hilton is being guarded carefully to keep him from doing something desperate until he comes to himself, some deny this but admit that he is so elated that he has given up his position as agent for the E. & W. at Bowling Green, and expects to do nothing except look after the youngster, and at that Red may need help but the funny part of it is that Pompey Cass' Grand-dad was more time. Mildred Robins was the guest of the Durham family at Sparks Quarry Sunday between trains.—E. J. Hamon, of New Hope, and John Hamon, of Ellisburg, are with their mother, Mrs. J. D. Hamon, who is very sick.—Mrs. Walter Miller, of Lebanon Junction, was here during the week looking after her Main St. property.—Mrs. Joe Mink, of Richmond, is here on account of the serious illness of her brother, Richard Robins, who was stabbed.—Mr. and Mrs. Tyler Furnish were in Mt. Vernon Wednesday between trains.—Since the bond issue carried Yi Gil Martin sold a two year old heifer to W. H. Brown and A. M. Craig for \$44.00 and Dick Allen sold them a heifer the same age for \$33.40.

A male for Government use for \$106.00. Now why is this? Because they could have had a better light on the new Bond issue. This was the best moving week here. F. E. Francisco moving his family from J. G. Smith's property on a half block to the Main street property owned by Mrs. Volie Keyholts.

Mrs. Louisa Edwards, corner of Main and Water street, purchased the property she recently purchased from Dr. W. P. Carter. Prof. Pilemont will move to the property vacated by Mrs. Roberts, and W. A. Carson to the property vacated by Mrs. Pilemont. Mr. Carson having recently purchased the property.

McClure, of Bloss, was visiting here Saturday night and Sunday.—Mrs. H. C. Kirby was the guest of Mrs. Mary Bullock Sunday.—Miss Bertha Kinser visited her grand-mother, Mrs. McClure near Mt. Vernon Saturday and Sunday.—Walter Nicely, of Pongo, and Everett Chaney, of Bloss, were here Sunday. There must be some attraction.—Marion Pitman is making preparations to move to Springfield, Mo., in the near future.—William Mink is very sick at this writing.—Well the bond issue has carried by a vast majority to the honor and upbuilding of our county and now a brighter day is in the near future for us.

While some few wavered from the gospel and was carried off by false words and doctrines which we hope will be a lesson to them that they will be led from when they see the results of the true gospel and what has gone with the false one. The true gospel will bring peace and happiness to the poor, broken hearted and clothes to the hundreds and hundreds of women and children that they never would have gotten if the bond issue had not carried, by giving you labor at good wages, putting money in their pocket and putting their feet out of the mud. While the false doctrine, led thousands away to destruction, misery and pain. Let all take warning by this and forged the past and go on with propriety and stand by the true gospel, that is preached from a solid foundation.

Little Miss Joe Kinser of this place, has returned home after a long absence. This week Mrs. Wm. M. CONGRATULATORY telegrams and letters have been coming in, in droves, since Saturday last to our Secretary and the workers for good roads. The following persons sent telegrams or letters expressing their pleasure over the result of the bond election:

E. B. Robertson, of Southern National Bank. Capt. John H. Leathers, Louisville National Banking Co.; R. J. Lemonds, dispatcher Union Station; James Clark, Jr.; Col. Bennett H. Young; F. R. Lord, Cumberland Telephone Co.; Robert E. Woods, and others of Louisville. Hon. Joe F. Bosworth, Middletown; C. W. McCall, Pineville; Wm. Tye, Robt. W. Cole, Dr. G. H. Albright, Barbourville; Dr. J. H. Parker, J. J. Price, Corbin; W. H. Poynter, Earnest Pollard, London; Jarve J. Cook, Blanche; Dr. Joseph Hyde Pratt, Ashville; N. C. Cash Buckner, Black Mountain; N. C. R. L. Pennington, Jonesville; Va.; N. B. Sewell, Topeka, Kansas; J. H. Miller, Postal Telegraph Company, Louisville. Congressman Sherley; Senator James and many others who are interested in good roads, generally and especially in the proposed highway thru to Cumberland Gap.

AFTER almost three years of constant agitation and work on the road proposition our county, by its vote last Saturday, has placed itself in the line of progress and prosperity. It means more to our people than any other movement put forth within the last forty years. The benefits to be derived within next decade are almost beyond computation. Let us continue to boost for bigger, brighter, better, broad mindedness at all times and all along the line preach push, progressiveness and proper patience and all will be well.

A railroad publicity agency in New York is sending out a circular which presents a statement that should be either confirmed or denied by authoritative officials. It asserts that the government of the United States is paying \$2.77 for each ton of mail carried one mile by the Panama Railroad, while it pays only ten cents for each ton of mail that the railroads of this country carry one mile.

If this allegation is true, it has an important bearing on a subject of current discussion. The Panama Railroad is owned by the Government, and its claimed success has been freely used as an argument in favor of Government ownership generally.

It now is a fact that this Government-owned road is receiving twenty eight times as much for the same service as

privately owned railroads are receiving, the value of the Isthmian exhibit in the case is sadly discounted.

If it is true that the Panama Railroad is getting \$2.77 per ton mile for its mail transportation, while the other railroads are getting only ten cents per ton mile for the same service, it would further appear that either the American Government is exceedingly generous to itself or is exceedingly unfair to its citizens. —(Detroit, Mich., Free Press, February 18, 1915)

ILLITERACY GENUS.

The school Trustees of Kentucky will be given an opportunity to play an important part in the illiteracy campaign. They are being asked by the County Superintendents, the State Superintendent and the Kentucky Illiteracy Commission to take a census in April, at the time when they are taking a census of the pupil children, of all who cannot read or write. Their names will be reported to the Kentucky Illiteracy Commission, at Frankfort. This is a move in the right direction. No doubt, the trustees will count it a high privilege to serve the State in this way. It will require very little extra exertion, and will help to show Kentucky's real standing. Also, it will enable the Kentucky Illiteracy Commission to determine where it may be sending out the life-line to many a deprived man or woman. School authorities are leading hearty co-operation, and the public will await the results with interest. Above all things, this census should be accurate. There is nothing to be gained by either concealing or overestimating the illiteracy of a county.
