LOCAL

Indications are, there will be a big turnout at the Boone Way Association meeting Monday night.

Our farmers are certainly making hay while the sun shines. More plowing has been done than ever before at this season.

Mr. Vernon, Brodhead and Livingston, a d. all other villages, will take on a growth within the next few years that will be a surprise to the nation.

Did you ever stop to think that our town is a mighty good place? and that it is growing bigger, better and greater as the days pass by.

Charles F. Higgins and A. H. Zaring of the Richmond Commercial Club were here yesterday in consultation with Judge Ballard and the good roads people, relative to the road from Mt. Vernon to Madison county line.

Mr. Alfred Walden of Danville was here yesterday to attend the burial of his brother-in-law, W. A. B. Davis.

County Judge Bailly J. S. Hester of First National Bank and Shelton Sandley, Editor of Inter-Viv Journal will be among the Stanford delegates at Boone Way Association meeting here Monday next.

The many friends of Mrs. Mary Williams, who has been confined to her room since the early fall and most of the time seriously ill, will be glad to learn that she was able to be driven to her son's, Atty. C. C. Williams on last Sunday for a few days stay.

Last Friday morning had on display a frost and a rainbow something unusual and hardly ever occurs.

Make Fish's Cash Store your headquarters when you come to town. Make yourself at home whether you want to buy or not.

Stanford proposes to send a delegation of 40 to Monday's meeting at Mt. Vernon to shake the hand of our Jim Maret the father of Boone Way.

Everyone is requested to remove all paper etc. from streets and make the old place look as respectable as possible while our visitors are here next week.

The writer (J.M.) is under obligations to Mrs. S. D. Lewis for a big bow job, now if we could find the greens we would be right up to the right with the vinegar and other proper seasoning.

Mr. W. A. B. Davis and all the children.

A Binghamton, N. Y. paper in commenting on the pitchers of the Binghamton Base Ball Club states that "Speedy Boy" (Geo.) Payne is displaying the form that implements the idea that he is, right now, in fine shape to lead the pennant for them. It says he is handing out some fast ones and showing excellent control.

PUBLIC SPEAKING

A. R. Dyche of London, Ky., candidate for the Republican nomination for State Senator will address the people of Rockcastle county in the interest of his candidacy at the Court House, Mt. Vernon, Ky., at 1 o'clock p.m. next Monday, April 26th.

HUNT-ANDERSON

London, Kentucky was the scene of a gorgeous and beautiful wedding on Thursday April 7th when Miss Hazle Raq Hunt of Mareburg, was united in marriage to Mr. William Henry Anderson of Brodhead.

The friends were assembled in the drawing room where one corner had been improvised into an altar. From windows to windows stretched a rope of yellow jonquills from which suspended baskets filled with the same sunny flower.

Promptly at 3:30 the wedding party entered to the strains of the Lohengrin music, played by Miss Elsie Rhea, a classmate of the bride. The bridesmaids, the Misses Bertha V. Lytton and M. Elizabeth Gentry, led the procession. They were clad in white, wore jonquills in their hair, and carried shower bouquets of the same flower.

After the ceremony an informal reception followed and light refreshments were served. The bride is the daughter of P. Y. Hunt of Mareburg, and is a popular and charming young woman. The groom is son of B. C. Anderson of Spainey, Ky., and has many friends throughout this section of the country.

Supt. W. A. B. Davis Passes Away

A shock to our people occurred Wednesday morning when it was learned that Superintendent of Schools, W. A. B. Davis had dropped dead at the railroad station here where he had purchased a ticket to Louisville to attend the K. E. A. meeting in that city.

Jesse Doty, a negro, was the first man in Jessamine county to shoot one of the newly imported ring-necked pheasants. The shot cost him \$75. Doty was arrested on a warrant sworn out by County game Warden William Ferguson.

So far no one has attempted to molest the flock which was turned loose on Mr. G. C. Fish's farm, but for the benefit of any one who might be inclined to do so, we would say that the man or boy who kills one of the bunch or even shoots into them, will get the same dose that Doty got.

Little wonder that first-class maple sugar and syrup are scarce.

Only tree is tapped for every five people in our population. Counting both sugar and syrup, New York is the leading State for the value of its maple products. Ohio is second and Vermont third.

# COOPER TO HAVE BIG BREAD LINE

Proceeds From Sale of Celebrated Tanlac to Feed Poor

Louisville, April 23-15. L. T. Cooper, the noted "Tanalac Man," will establish and maintain, at his own personal expense a "bread line" in Louisville this winter. Mr. Cooper conceived and began executing this idea as quietly as he performed his remarkable relief work along the Dayton food sufferers in 1913.

Louisville will, therefore, be unique in its relation with the rest of the country, because this city will have the only "bread line" outside of New York and may be a few other larger cities of the world where the plan has been established and is now maintained by the charitable organizations.

Mr. Cooper spent the afternoon looking over several available locations for the "bread line" and he will probably be prepared to start definitely by today, just where the work will be carried on. He has also been in communication with local bakeries, and an agreement with reference to the bread and coffee supply has been practically reached.

Mr. Cooper, who is one of the most magnanimous of men, has always been in sympathy with the poor and unfortunate. The "bread line" will therefore be only another exemplification of his nature. A large percentage of the profits from the sale of his celebrated preparation, Tanlac, the medicine that is accomplishing such remarkable results in cases of catarrh, stomach, liver and kidney troubles, will be devoted to charity and her children in this city.

In commenting upon this great undertaking, Mr. Cooper said:

"Since a mere boy, I have always been inclined to help those who were less fortunate than myself, and in each city I visit I have invariably shown my sympathy for the poor by performing some service at my own personal expense that would bring a bit of genuine charity directly to them. I can, therefore, imagine nothing, among the several charitable plans I now have in mind, that will prove of as much benefit as a 'bread line.' The necessary details connected with the plan will be perfected by me this week."

Tanalac, the celebrated medicine now being introduced by Mr. Cooper, can be bought in Mt. Vernon at Chas. C. Deery's drug store and can also be obtained in Livingston at the Central Drug Co's. store, or at John Robins' drug store in Brodhead, Ky.

I thank you so much for the letter of congratulation over the outcome of the bond issue in the four counties of South-eastern Kentucky, and agree with you as to the greatness of the benefit to the mountains. Our imagination can hardly be equal to the picture of what this road movement means to our people of the mountains of Kentucky and to Kentucky, and while my good road measures played their part in this great completed task, yet it is to you and

your untiring overhauling energies and determination, which has done so much towards turning the seemingly impossible into actual reality.

Here's hoping to a long and peaceful life to you and yours.

Sincerely your friend,

## A Little Story with a "Clothes" Moral

As the farmer philosopher says—"You only make off the other fellow accordin' to what you let him make off you." True enough, we realize that we can only be successful in selling you by giving you values that mean a saving to you.

For example: When you buy a Clothcraft Suit you really do get a big extra value, because the makers have saved enough by scientific methods to put it back into the clothes in better tailoring, better materials and better designing.

We could in fact, sell Clothcraft at higher prices but we prefer to give you that extra profit and have your good will to build up our business.

The variety of patterns is almost unlimited—the prices \$10 to \$20—the best time to look is TODAY.

Dr. Gravelly attended him.—A. M. Hiatt spent a day or two the first of the week fishing, but had no trouble in bringing his catchings home with him.—Miss Leva Cherry of this place, and C. H. His mother, Mrs. F. E. Shivel, is very weak and her recovery is considered doubtful.

Robert, the seven-year-old son of Mr. and Mrs. John Boyd, of Hiatt, had his thumb and two fingers torn from his left hand, and his fingers cut in a number of places, by an explosion, Wednesday afternoon, while upon examination by Dr. W. E. Gravelly it was learned that it was a dynamite cap. The family really thought that the boy had been shot by some one concealed near the house, and the boy himself did not seem to know what hurt him.—He, with his little sister, was playing in the back yard of his home, and while near the cellar door, the explosion took place. It would have been hard to have convinced the father and mother that some one had not shot him, had it not been for the fact that Dr. Gravelly removed a part of the dynamite cap from his face.—The accident reached us at 5 o'clock, Wednesday morning, that "Supt. W. A. B. Davis died suddenly about an hour previously from heart failure. Mr. Davis had many warm friends here, and his untimely death was a great shock to all. His daughter, Mrs. Walter Robins, left on the first train for Mt. Vernon. We extend our sympathy.—The revival services at the Baptist Church, conducted by the Rev. Jesse Beagle, of Lancaster, and assisted by the Pastor, the Rev. A. J. Pike, began last Monday and will continue over Sunday. The audiences are large, and much interest is manifested. Rev. Mrs. Watson (formerly the music teacher at Langdon Memorial) had charge of the instrumental part of programme. Her ability as a pianist, has often been demonstrated before the people of Mt. ## TO FIX ROUTE

Meeting of Boone Way Promoters Will be Held in Mt. Vernon Next Monday Evening.  
[From Danville Advocate, 4-19th]  
Now that Laurel county has voted a bond issue to secure funds with which to construct Boone Way thru that county, provision has been made for the building of the entire route from Cumberland Gap to Crab Orchard. The only feature unsettled is the establishment of the route this side of Crab Orchard. All the original promoters favor the proposed route from Stanford to Danville, thence to Harrodsburg and to Lexington. Col. James March, who is the original founder of Boone Way, has called a meeting to be held in Mt. Vernon next Monday evening at 7:30 o'clock for the purpose of establishing the route between Crab Orchard and Lexington. Winchester and Richmond are making vigorous efforts to have the route pass thru those towns. That would be a joke, however, as the Boone Way should, by all means pass thru Harrodsburg, the oldest town in the state, and Danville,

the seat of the first capital. Col. Maret especially requests that Danville send one or more representatives to the meeting. Unless the people here get busy and do something, Boone Way may be lost to Danville, although the fiscal court of Boyle county was the first in the state to provide for the reconstruction of that portion of the route which passes through this community.

## READ BELOW AND YOU WILL UNDERSTAND

### MONEY FOR FARMERS

At 5 per cent While They Live.

THE KENTUCKY RURAL CREDIT ASSOCIATION lends money to farmers on 20, 30 and 50 years' time at 5 per cent interest. These loans are uncallable and reducible, a small amount in addition to the interest being required each year. Whatever amount is paid annually in addition to the 5 per cent interest will be compounded at 2 1/2 per cent interest and deducted from the loan whenever paid, the borrower having the privilege of paying all or any part of the loan at any time by giving 60 days notice.

The strong points in favor of borrowing from the Association are that one can borrow one-half the value of lands; the net rate of interest is actually 5 per cent and the borrower knows that he can not be called upon to pay the principal except in annual payments, as provided in the contract. He may, however, pay any or all of the loan whenever it suits him to do so. For illustration: a farmer borrows \$1000.00 on 49 years' time, and keeps the money for that period of years, and all that is required of him is to make a payment of \$88.00 on each \$1000.00 every year. \$80.00 of said payment being interest, and \$8.00 of it is applied to the principal and compounded at 3 1/2 per cent interest which will pay the principal in full in 49 years, the borrower has the right to pay off the loan at any time, however.

Another plan is the 29 year loan. Under this plan the farmer is required to make an annual payment of \$85.00 on each \$1000.00—\$80.00 of which is interest and \$5.00 is credited on the principal and pays the loan in full in 29 years. If the loan is paid on the 18th year, for illustration, there will be a credit on the principal of \$25.98, leaving a balance of \$74.02.

Compare this plan with the ordinary practice of borrowing money. If a farmer borrows \$1000.00 from local institutions or banks at 8 per cent interest, he will pay in 29 years \$1800.00 with interest and still owe the \$1000.00 making a total of \$2800.00, while under the

Kentucky Rural Credit Association plan he borrows \$1000.00 and makes 29 payments of \$85.00 each or a total of \$2465.00, which pays both principal and interest. This is a saving of exactly \$300.00. There can be no argument as to which is best for the farmer.

Every farmer who owns a farm and wishes to improve it, or who wishes to buy or sell a farm, or who already has a mortgage on his farm at a high rate of interest should be a member of the Kentucky Rural Credit Association and transfer his loan to it and get the benefit of 5 per cent money.

This is not a new idea in the financial world at all. It has been proven out in Europe and has been in operation there for nearly one hundred and fifty years. The farmers of Germany, France, Denmark and other countries are enjoying Rural Credits, and through this means securing long-time loans at low rates of interest. It has reached this country, and has been approved by the President and other men of brains, and the farmers of this State will soon be enjoying benefits and privileges of same through the Kentucky Rural Credit Association.

There appears to be little sympathy in the mountain section with the movement recently launched in Winchester to have the Boone Way diverted by Richmond and Winchester to Cincinnati.

It is recalled in the mountains that when the three-years' fight was on to establish the Boone Way, it was Louisville and not Cincinnati and Kentucky territory that gave financial aid in the campaign. Considerable money was needed

or the dissemination of Boone Way propaganda and it was Louisville that furnished it. The Times and the Courier-Journal also gave much assistance in the way of publicity and advocacy.

Secretary Jas. Maret, and others of the Boone Way Booster, Band are making known their opposition to any plan that favors Cincinnati at the expense of Louisville. They point out that as between Cincinnati and Louisville, the Boone Way obligation is only to Louisville.

One of the new roads that will be constructed in the mountains as a result of the wonderful revival of highway operations will run directly north from Mt. Vernon to the Madison county line. There it will connect with a road to be built from Richmond. This road will give direct connection to Booneboro, Winchester and other towns. It has been suggested by the Boone Way Boosters that this highway be given the name of Boone's Trail. They let their opposition be known to its being called the Boone Way. Richmond acquiesces in this opinion.

As a consequence of the good roads attachment, this section, in which Louisville helped so readily, four counties alone, Mount

castle, Laurel, Knox and Bell, have pledged a bond issue for \$650,000.00 to build roads. Boone Way, of course, will be one of the big beneficiaries of this action.

In connection with the movement started by certain interests friendly to Cincinnati to give that city the Boone Highway, an effort was made at the Winchester meeting to arouse sentiment in favor of having the Dixie Highway come through Cincinnati, Winchester, Richmond and Cumberland Gap.

**For Secretary of State**

When I announced my candidacy for Secretary of State in December last, I stated that I did not intend the race at the urgent solicitation of friends, but of my own volition. The fact was, nobody had asked me to run but the profers of support that I immediately received and am still receiving, seems to indicate that a large body of voters are getting ready to urge me to run.

My reasons for becoming a candidate were that I feel fully capable of filling the office with credit and ability, and a desire to be called on by the State and party that I have so long and so cheerfully

given my best support, without previous to this time seeking or desiring reward. I now ask the democrats to gratify my ambition, promising if they do, to discharge the duties of the office in a manner that will reflect credit on it and on them.

My Democracy is unquestioned. I have never faltered in my support of its men and measures; I have tried to live a life above reproach and to be of service to my day and generation. It has never held or sought office, but do want to be Secretary of State, and trust my brother Democrats will give me that support which will insure my nomination, to be the forerunner of a triumphant election.
