Real Campaign Is Taking Place of Old Time "Clean Up"

"ANNUAL BATH" FOR TOWNS TABOORED. Five Thousand Communities Will This Year Join "Clean Up and Paint Up" Movement.

MORE than 5,000 cities and towns will this year participate in "opening weeks" in the National Clean Up and Paint Up campaign, according to Allen W. Clark, chairman of the National "Clean Up and Paint Up" Campaign Bureau, St. Louis.

Files in the bureau's offices, which indicate that the organization has in reality become a national clearing house for the dissemination of community betterment ideas, show that last year more than 2,000 cities and towns made an effort to "clean up and paint up." This year, commences Chairman Clark, "it looks as though we would co-operate in more than 5,000 communities. In each of which the city or town is trying to improve living conditions. Though the majority of these campaigns will start with an opening week, the definite program of activity, we know the bureau's success has been chiefly due to the fact that we try to get away from the old-fashioned annual clean up idea that has become odious to many city leaders and an annual job in many cities. The plan of the bureau call for continuous campaigning, bringing permanent results and better worth while civic habits."

The Work to Be Done. The work of the bureau this year is more comprehensive than ever before. Everything that will contribute to better, improve sanitation, reduce filth, and better health conditions has been carefully provided for. Another thing which local "Clean Up and Paint Up" campaigners are doing this year is cleaning up vacant lots, alleys, front yards, back yards, cellar basements, attics; the removal of rubbish; cleaning up vacant lots of rubbish and weeds; eliminating breeding places of flies and mosquitos; painting and caulking of trees, sedges and flowers; and the liberal use of paint on everything that needs it.

It is this constructive, permanent nature of the improvements effected that has won the endorsement of national leaders in every branch of civic uplift work. Among those serving this year on the National Bureau's advisory committee are: Mrs. Clarence Baxter, Kirksville, Mo., chairman of the Women's Council of the National Bureau, also vice chairman of the city department of the General Federation of Women's Clubs, and chairman of the civic and health department of the Missouri Federation of Women's Clubs; Dr. S. J. Crumbrine, Peoria, Ill., president of the American Civic Association; Clinton R. Wood, Philadelphia, secretary National League of Municipalities; and Mrs. Philip Wood, St. Louis, executive secretary of the National Municipal Review. Mrs. John W. Wood, St. Louis, executive secretary of the National Advertising Clubs of the World; F. S. Riddell, Washington, D. C., executive secretary of the Forestry Association; Richard B. Watrous, Washington, D. C., secretary American Civic Association; and Mrs. J. W. Wood, Fremont, O., chairman of the civic department, General Federation of Women's Clubs.

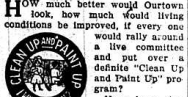

Paint and Self-Respect. The one most important factor in spreading the gospel of cleanliness, thrift and civic pride, which the bureau is trying to do, is the work of newspaper editors throughout the country. Chairman Clark says: "For instance, here is what Paul Brown, editor of the St. Louis Republic, has to say on the movement: "Thousands of American cities and towns have taken up the National Clean Up and Paint Up Campaign that originated in St. Louis three seasons ago. It has been indorsed by thousands of civic, commercial and women's organizations all over the nation. The cities that have made themselves a part of the movement are cleaner and better cities because of the initial campaign and is glad to know that the Federation of Women's Clubs is planning a general St. Louis campaign for this year. This will aid in making St. Louis the Healthiest City; for paint is the great preservative and power in the sanitation. Add to beauty and economy the fact that paint has a sanitary value, and the argument applies with added force to the big cities. Naturally the paint dealer profits by such campaigns. Not but the painter will object to this. He gives value received and more. The price that is paid to the better city and neighborhood that has cleaned up and painted up is a better one in which to live. Paint makes for self-respect and justifiable pride."

In the office of the National "Clean Up and Paint Up" Campaign Bureau hangs a room-size wall map, with every state dotted by red stars denoting cities conducting campaigns last year. And so it is true that civic leaders in thousands of towns are working to "see their towns on the map" this year.

Suggested Program of Beautification for Civic Workers

"OPENING WEEK" FOR PERMANENT EFFORT. Schedule Perfected by Denver Men Has Become Model for Hundreds of Other Cities.

HOW much better would our town look, how much more would living conditions be improved, if every one of us would rally around a live committee and put over a definite "Clean Up and Paint Up" program?

There is a suggested program which has been followed for two years in Denver. It was devised by L. T. Minehart, Denver, member of the executive committee, National "Clean Up and Paint Up" Campaign Bureau, St. Louis, and has been followed in hundreds of cities: Sunday—Civic Trinit Sermons in the churches. Monday—FIRE PREVENTION DAY. Clean up basements and attic of rubbish, greasy rags and waste paper, wherever possible. Tuesday—FRONT YARD DAY. Cut lawns, plant flower beds, clean walks and gardens. Salt cracks in sidewalks, exterminate ants. Wednesday—DANDELION DAY. This day can be very profitably used in cleaning up lawns, lawns, trimming bushes and gardens. There is no more important work than the campaign could suggest than to rid this city of the dandelion and weed pest.

Thursday—PAINT DAY. Paint up inside and out, porches, fences, woodwork and porch chairs. Business houses clean windows and replace old awnings. Friday—BACK YARD DAY. Clean up basements, porches and sheds, screen garbage cans. Put dry traps on garbage cans. Put on screens. Saturday—VACANT LOT DAY. Boy Scouts and school children clean up vacant lots, removing tin cans, paper and brush. Plow down plant garden plots wherever possible.

TRY THIS ON YOUR OWN. "Little pots of flowers." "Little pots of paint." Make attractive neighborhoods. Out of them that start!"

"Clean Up and Paint Up"

A WORD FROM THE WOMEN. Say: ain't it funny what a lot of things men overlook. They seem to feel we women never do anything. They really think they run the house and everything that is in it. But give us a chance to get along with you out for a minute. We women are the ones who keep the woodwork shining bright. Who buy enamel for the bath to make it glistening white. We women varnish tables and we buy the stoves for chairs, and we buy the proper colors to brighten up the stairs. We women are the ones who say what paint goes on the halls. Which shades for parlor and for den—to go on the mantels and for walls. We women stain and wax the floors, or else we make the man. We women are the ones who keep the whole town spot and span.

PROMINENT MEN NOW USE TANLAC

Mayors, County and Circuit Court Judges Obtain Famous Medicine

Lexington, May 7 1915. I have sold Tanlac since the beginning of its introduction in Lexington, to the mayor of a number of cities, county judges, circuit judges, and to many of the most prominent business and professional men in Kentucky, says W. E. Stage, the Lexington druggist.

"The demand for the preparation has been phenomenal. In a number of my twenty years' experience in the drug business I have never seen anything that equals it."

In addition to the Lexington demand, Tanlac has been shipped from my store to Kansas City, Mo.; Colorado Springs, Colo.; Denver, Colo.; Memphis, Tenn.; Meridian, Miss.; Bossalis, Pa.; Pittsburgh, Pa.; Jacksonville, Fla.; Louisville, Ky.; Tiffin, Ohio; Cincinnati, Ohio; Columbia, Tenn.; Palm Beach, Fla.; Phoenix, Arizona; Los Angeles, Cal.; and many other points, throughout the country that are too numerous to mention. You may rest assured that every city in Kentucky has, too, heard of Tanlac.

"I can only account for the great demand for this preparation by the fact that it is a good medicine. That is proven by the numerous statements from those who have tested the medicine in cases of catarrh, indigestion, stomach, liver and kidney complaints, and are now convinced of its excellent merits. The public has not been slow to appreciate the Tanlac merit."

"Practically \$15,000 worth of Tanlac has been sold and distributed thru my store within the past seven days. Such a demand is most certainly unprecedented. "I take pleasure in commending Mr. Cooper and his very excellent preparation."

Tanlac, the preparation referred to, is now sold in Mt. Vernon office by Chas. C. Davis and can also be obtained in connection with the Central Drug Co.'s Store, or at Dr. J. C. Davis' drugstore, Brodhead, Ky.

CHAMBERLAIN'S LINIMENT This preparation is inter-ecially popular in rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Chas. Thayer, Wabash, Ind., says of it: "I have found Chamberlain's Liniment the best thing for lame back and sprains. I've ever used. It gives me like a charm and relieves pain and soreness. It has been used by myself for my family as well as myself for my own ailments. I have used 50 cent bottles. For sale by all dealers."

Another Winner For Sparks Quarry, Ball Team Sparks Quarry defeated Livingston Base Ball Team 4 to 1 last Sunday on Pine Hill's grounds. The feature of the game was the pitching of Drew and Parker, who did excellent work in the box but Parker had poor backing which led the game for him. Drew fanned out 12 men and Parker 6.

It Always Helps says Mrs. Sylvia Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, it would kill me. I was hardly able to do any of my household work. After trying three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my household work as well as run a big water mill. I wish every suffering woman would give a trial. I still use Cardui when I feel a little bad, and it always does me good." Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of woman's trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping well, aiding women for more than fifty years.

INASMUCH as when it is known that our road bond issue is safe and taking into consideration that human nature under excitement causes almost anyone to say things that he is sorry of within a few minutes after expressing themselves. Such were the conditions existing during the campaign just begun, and after the election of March 27th, that good men both for and against the bond issue said things under the stress and heat of battle that they wish later they had not been so strenuous in the expression of their opinions. Then there were the carriers of news and tales which were often exaggerated and in some instances manufactured out of whole cloth. Things reported to have been said that were not said at all. Now that things have cooled down and we have resumed our normal avocations, we should let bygones be bygones and let our usual friendly relations resume the even tenor of their way. We are neighbors and friends and should forget any unkind or unthought remarks made when each was doing what he conscientiously thought was for the best interests of himself, family and county. We should now all stand together for the making of a better, brighter and more progressive Rockcastle county and mountain home. By doing this we will increase our chances of securing yet another grade of road from the North to the South thru domains—the Dixie Highway.

The Kentucky Dixie Highway Commission made the trip by auto over the proposed route between Louisville and Nashville, and what is known as the Western route of that already proposed National highway.

Knoxville Dixie Highway Meeting

The "Dixie Highway" is the name of a proposed highway from Chicago to Miami, Fla., to pass thru a portion of seven states, and possibly eight, Illinois, Indiana, Kentucky, Tennessee, Alabama, Georgia, Florida, and possibly Ohio. Various meetings have been held looking to the promotion of the idea. In the above notes, and one mass meeting in Chattanooga at which were present the Governors of said states at which it was agreed that each of these states should appoint two Commissioners who should locate and route Dixie Highway. These Commissioners will meet at Chattanooga

on May 2nd for that purpose. In the mean time the cities and counties in Kentucky and Tennessee, through their Commercial Bodies have held meetings and gathered data to be laid before this body at that meeting; giving reasons and showing the advantages of the different routes. There are three proposed routes thru Kentucky, or a part of the way across the state. The Western, Central and Eastern routes. The Western would be Louisville to Nashville. The Central would be from Louisville or Cincinnati via Lexington, Danville, Crab Orchard, Somerset to Albany, thence to Chattanooga. The Eastern route would be from Louisville or Cincinnati via Lexington, Richmond, Mt. Vernon and over Boone Way to Cumberland Gap, Knoxville and on to Chattanooga.

On the invitation of the Knoxville Board of Commerce, delegates from Kentucky counties embracing the cities on the proposed "Eastern" route, and some delegates from Central route, attended a meeting in Knoxville in May 4th, when the matter was gone into and data gone over carefully. The Eastern route was heartily endorsed and committees were appointed to gather further data and attend the Chattanooga meeting of the Dixie Highway Commission which will take place in the near future. The many reasons and advantages of the Eastern or mountain scenic and historical route.

S Shelbyville was represented by Eugene Combs. Among the Richmond delegates were Allen Zaring, R. E. Turley, C. H. Higgins, Joe S. Boggs, Berea sent W. J. Doolay, Prof. T. O. Clark Dr. Davis, and Lexington, Edwin L. Quarles. Crab Orchard was represented by H. L. Collier and L. L. Sanders. London by Hon. D. C. Edwards. Corbin by Dr. J. H. Parker. Middlesboro by Senator Joe F. Bosworth, who is always found where there is any road noise going on. Mt. Vernon by W. J. Spivey and James Maret. Harboursville, Judge Thomas C. Hammond, Judge J. T. Stamper and Thomas Hubble. Pineville, A. C. Carr, Wm. Harr and W. E. Cabell.

A caucus held at Hotel Imperial Tuesday morning, by the Kentucky delegation a resolution was adopted endorsing the "Eastern" route and giving a preference to have the "Dixie Highway" located South of Lexington via Richmond, Mt. Vernon and Cumberland Gap and this report was made to and adopted by the convention. There being two suggested routes from Cumberland Gap to Knoxville, the convention organized a committee and commissioners to settle the matter at some future time. Convention adjourned at 12:45 p. m.

The Kentucky delegation received courteous attention and their remarks and addresses well received in the meeting.

Prof. Clark of Berea College, brought to the meeting Prof. Robinson's report of Boone Trail historical committee (said committee was appointed at Winchester meeting April 15th and was composed of Col. R. R. Perry; Winchester, Judge McMillan; Paris, Judge W. L. Brown; London, Prof. Robinson Berea College and James Maret, Mt. Vernon).

This bit of Boone history is a remarkably fine article written by Prof. Robinson from data gathered mostly by himself although some was furnished him by other members of the committee. This splendid, fascinating and most valuable historical sketch will be featured with illustrations in the Journal and Tribune, Knoxville's splendid morning paper, on Sunday May 9th. Kentucky boys desire to read and preserve this fine article should write at once to the Knoxville Journal and Tribune.

Every indication points to the successful outcome of the fight being made for lining up Dixie Highway over the "Eastern" route. That portion of the route used jointly by the Dixie Highway and Boone Way will be called "Dixie Boone Highway" if the father of Boone Way gets his wishes.

On May 30th, at Cumberland Gap, there will be dedicated a monument to that grand old frontiersman and Indian fighter Daniel Boone. A big outpouring of the friends of Boone Way, who desire to honor the old hero, is expected.

MARETUBURG.

Mrs. E. Griffin and wife, of St. Louis, are with their mother, Mrs. J. N. Griffin. Miss Judith McCall was up from Brodhead, last Sunday. P. V. Hunt, who have been in Eastern State Hospital for the past eight months, has returned very much improved. Mr. and Mrs. W. H. Anderson was up Sunday evening. Mr. and Mrs. Dillinghams, the merchants of this place, spent Saturday and Sunday with relatives at Ottawa. There was a very nice crowd out Saturday night to the singing. There will be singing again this coming Saturday night. Hope there will be a good crowd as we will have our teachers with us. Mrs. Maude Ballard, of Brodhead, was with her mother, Mrs. Bert Owens, Saturday and Sunday. The farmers are very busy at this writing. Walker Napier was calling at Mareburg last Sunday evening.

WHOLE FAMILY DEPENDENT. Dr. E. Williams, Hamilton, O., writes: "Our whole family depend on Pine-Tar Honey. My baby, the original Dr. Bell's Pine-Tar Honey is an ever ready household remedy—it gives immediate relief. Pine-Tar Honey sometimes kills the worms and Lungs, destroys the Germs, and allows Nature to act. At our Drugists, 25c."

Back Yard Campaign

The help of every member of the Woman's Club is needed to make the work of the Clean up Committee a success. The children of our public schools are enlisted in the work this year, and we hope to have the best results we ever had.

Let us give especial attention to the back yards. Remember that many of them are either fronting on other streets or close beside our neighbor, and are very unsightly, to say the least. If each club member will make her own place attractive it will be an incentive to her neighbors to do likewise.

The Civics Department, has requested the mayor to appoint a committee from the city council to inspect the back yards after Clean-up Day. This request was granted.

May 17th the Clean-up Committee will haul away all trash put out in barrels or boxes so it can be easily handled, but club members especially should not leave this for the committee, as the expense becomes heavier every year.

Do your own part and others will follow your example. Begin at once. Clean-up now, and then help clean and Clean-up Day may not have to have annual affair in Danville.—Danville Advocate.

We would suggest that the Woman's Club of Mt. Vernon follow this splendid move. Some of the back yards in Mt. Vernon certainly need looking after.

SICK HEADACHE

Mrs. A. L. Luckie, Best osteocheater, N. Y., was a victim of sick headache and dizziness, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers.

BAKER'S EXTRA SPECIAL VALUES ALL NEXT WEEK. OUR business is built on the foundation of values—save the customer money—give him better service—go on and upward—slowly but surely. No swell-headed clerks in my store. When I find a clerk is out-growing his derby hat, I put another clerk under the derby. I don't attempt to tell people what they must buy in my store, what price they must pay, or what quality they must pick. My Motto—and the motto of my Clerks is—"See that the people get what they want," and if you are not satisfied, return the goods and you are not out a cent. Life is not very long, at best, and I'd close my store tomorrow if I couldn't make every sale, that occurs here, a pleasant and agreeable one. 25 years experience has taught me that you can't run a successful business on "Wind and hot air"—it takes big stocks of every line of Merchandise that people use. Big values and a square deal. This is just what we do our best to give you each day of our lives. I will thank you to call. U. G. BAKER MT. VERNON, KY. PRICE MAKER
