KILLED BY TRAINS—J. G. Anderson one of Mt. Vernon's good citizens was killed by a train at Hazel Patch Monday evening. Mr. Anderson was working for the railroad company with an extra gang. It was just after the heavy rains of Monday that Mr. Anderson and Dr. Parker had stepped down to the railroad track and were watching the rapid rise of the creek. While in conversation a South Bound train appeared and Mr. Anderson and Dr. Parker stepped off of the Southbound track over on the North bound, not thinking that there was a train coming from the other direction. Mr. Anderson was knocked about thirty feet and only lived about thirty minutes, yet he never did speak. Dr. Parker barely escaped the same fate. The remains were taken to Maple Grove for burial Tuesday. The accident heartened a good citizen and had many friends. His wife besides a number of relatives mourn his untimely death.

### TEACHERS INSTITUTE—The

Rockcastle County Teachers Institute began Monday and will close today. We have never known an institute held in the county where there was more interest manifested and a better feeling displayed among the teachers than the one which will close in Mt. Vernon today. We attribute this splendid condition due to the fitness of the man, for the place, who conducts the institute. The instructor is Prof. J. W. Ireland, a former teacher in the schools of Mt. Vernon and now the head of the city school of Bellevue, Ky., a better man than he not to be had within the State. Just before the death of Supt. W. A. B. Davis, he expressed his intention of employing Prof. Ireland for this institute and his choice was very wisely adhered to by his successor, Prof. Irvine. But few men can claim more admirers and warmer friends than "Pat" Ireland, who is always more than a welcome visitor to Mt. Vernon, no matter in what capacity he comes. The unanimous choice of the teachers for instructor, for 1916 as expressed in the resolutions adopted is Prof. J. W. Ireland.

The teachers responded to every call and the discussions were interesting and as has often been remarked by outside educators who have come in contact with Rockcastle teachers, we stand second to no other county in the state. We doubt if there is an institute held this year, where the entire teacher body presents a more creditable or better appearance, that Rockcastle's corps of teachers. Wednesday was held memorial service, in honor of the deceased Superintendent W. A. B. Davis. The speakers, Judge B. J. Behrman Atty. J. W. Brown and Judge L. W. Behrman, made addresses paying high but appropriate tributes to his

life long friend and educator. Mr. Brown spoke of Mr. Davis as a friend and associate, while the Judges Behrman told of their school by days when students of Mr. Davis and later in life as friends and business and political associates. Short talks were made by Prof. Ireland and others. We have never witnessed a more solemn occasion or where deeper feeling was shown. Yesterday was trustee day and to the discredit of the trustees of Rockcastle we regret to have to say that only a very few felt the interest of the schools sufficiently to attend this important meeting. Rolt P. Boone farm demonstrator and county agent gave a splendid talk on the importance of agriculture in the county schools. The address of Mrs. H. Putrovsk of Richmond, on "The Moonlight Schools" received special attention from the teachers, a large majority of the teachers pledged their support in this noble cause, of eliminating illiteracy from Rockcastle and the state of Kentucky. To day Atty. J. W. Brown will explain for the benefit of the teachers the Cigarette law and the effect of the use of cigarettes.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair, Husband Came to Rescue.

Patron, Ky.—In an old letter from this place, Mrs. Bullock writes as follows: "After four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere all the time, I would have severe pains in my side. The doctor was called in, and his treatment cured me for a while, but I was

I had gotten so weak I could not stand, and I gave up in despair.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years, doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo Ohio is the only Constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful. It acts directly on the blood and neutralizes the influence of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

BEST DIARRHOEA REMEDY

If you have ever used Chamberlain's Colic, Cholera and Diarrhoea Remedy you know that it is a success. Sam F. Gain, Whitley, Ky., writes: "I had a case and got caught out in the rain and settled in my stomach and bowels. ## Prominent Man Praises Tanlac

State Superintendent of Printing Voluntarily Pays Tribute to New Remedy

Frankfort, Ky.,.....A high State official is one of those who have come forward voluntarily to add his voice to the chorus of praise for Tanlac, the peerless preparation. This is Moses R. Glenn, State Superintendent of Printing, whose office is in Frankfort.

"I think I had tried every remedy there has been before I learned about Tanlac," he said recently. "I had a catarrhal affection, and could sleep very little because I swallowed the secretions from my throat. Of a morning I woke with a troubled slumber with a choking sensation, and would cough and spit nearly all day. "As soon as I began taking Tanlac I experienced an improvement. I had little faith at first that any medicine would help me, and so I am the more ready and ever eager to say a word about this preparation. As a rule I am conservative and unwilling to give my indorsement to anybody or anything, but this is an exceptional case. The itching in my ears is gone. I sleep soundly, and the accumulation in my nose and throat has disappeared. I want others to know how much good Tanlac has done me."

Tanlac is now being introduced in Mt. Vernon, at Chas. C. Davis' drug store and can also be obtained at the Central Drug Co.'s store at Livingston or John J. Olin's drug store Broadhead Ky.

ball game between Stanford and the Bloomer Girls, and were also hoisting Broadhead Fair.—The management of the Broadhead fair have decided to make some much needed improvements, one being to build a new dining hall. This hall will be located about 100 feet back of the amphitheatre, away from the dust and dirt that is always to be found where the dining hall is under or adjacent to the amphitheatre. Many more stalls will be built this year, and these stalls will be built 8 by 10 feet, and it is the intention to erect a building for the purpose of storing feed of all kinds on the grounds, which will be sold at reasonable prices. It was found last year that the Floral Hall was not large enough to properly display all articles coming under this department therefore the farm products will be displayed this year to them selves, and this present Floral hall devoted to the ladies department. ### Chattanooga, Tenn.

July 15th 1915

A bridge 250 feet above the Kentucky river will be built on the eastern division of the Dixie Highway between Knoxville and Cincinnati, according to the present plans of the county officials of Fayette and Madison counties Kentucky. The bridge which has been proposed by Judge Bullock of the Fayette county court will be constructed at or near Clay's Ferry between Lexington and Richmond and will cost in the neighborhood of \$150,000. The plan of constructing the bridge, which will be used for the public road and an interurban electric road was evolved at a conference between Judge Bullock, Col. Harry B. Hanger, of Richmond, vice president for Kentucky of the Dixie Highway Association, W. J. Sparks, of Mt. Vernon, president of the East Tennessee-Kentucky

Dixie Highway Association and R. E. Turley, of Richmond, Edwin L. Quarles, secretary of the Lexington Chamber of Commerce, and the Richmond Commercial Club are actively backing the Bullock plan for the Dixie Highway bridge over the Kentucky river.

The new bridge will be free of toll, in accordance with the requirements of the Dixie Highway law. Issues on the part of the Dixie Highway bridges over the Ohio at Louisville and Cincinnati are to be allowed to charge toll. The advocates of their new bridge believe that it would be better to build a new bridge than to buy the old one, the suggested plan being to build a high bridge, which would reach from cliff to cliff and thus avoid descending and climbing the hills on each side.

The plan by which it is proposed to construct the bridge is very simple. It is on the part of both Madison and Fayette counties, which would jointly bear the greater part of the expense, and the additional money required for the bridge's completion, it is suggested, might be borne by the business interests.

HON. CLAUDE B. TERRELL. As the primary election is drawing near the democratic voters of Graves county are beginning to cast about for the most suitable man to nominate for the office of State Treasurer.

Very little attention so far has been paid to this office although an important one, but in the past week or so the name of Hon. Claude B. Terrell, of Trimble county, is beginning to become very popular among the democratic voters of Graves county for this important place on the state ticket.

Although Mr. Terrell lives probably 300 miles from here in Trimble county, yet there are hundreds of people in this county who know Mr. Terrell and many more who are familiar with him as an able Democrat, and a friend of the great common people.

They know that he has been a member of the legislature perhaps three times and has been elected speaker of the lower house twice without opposition; they know that he has been educated in Kentucky, that he is a self-made man and his always been a tireless worker for the good of the people and the Democratic party; they know he is a man of fairness, broadminded and is liberal in his views not only to Democrats, but to Republicans, they know that he is a public spirited man and that while in the legislature he supported all the measures that had a tendency to benefit the majority of the people; they know that he is a great friend to education and a constant fighter for good roads, good morals and a general uplift in the entire state; they know that besides his legislative duties he is fitted for other important places; they know that for a number of years he has been a member of the board of trustees of the State University at Lexington and that he has taken an active part in the conduct of that great educational institution; they know that if he is nominated and elected to the office of State Treasurer that they can be assured

that the affairs of that office will be conducted honestly and according to law.

Since these people have become familiar enough with him and his life, they now believe that it is right and proper that his public services should be continued by nominating and electing him to the administration office.

All of these things being true, his friends should not be surprised that he will carry Graves county by a handsome majority—Mayfield Messenger.

J. C. Davis, Attorney of Monticello, Ky., and Ex-County Attorney of Wayne County; J. A. Brown, Attorney of Monticello, Ky., and Ex-County Attorney of Wayne County, and James R. Abbott will also speak on the same day at the court house. It is his purpose to explain the manner in which his signature was procured to a campaign document, which was published and used by H. C. Kennedy in his interests; and he will explain fully why he repudiated the article and refused to stand sponsor for its contents and misrepresentations. It is to be hoped that the Republicans of this county will hear this explanation. They will also explain why they are opposing H. C. Kennedy and W. N. Flippin, although the first named two are from the same county. After hearing these explanations the people will be enabled to understand why and how a certain paper can teem with abuse, slander, misrepresentations and charges against the present Circuit Judge of this district—a man you all know. Come out and hear the issues of this campaign discussed fully, impartially and truthfully.
