Hon. H. V. McChesney Democratic Candidate for Governor spoke here yesterday afternoon and the crowd was comfortably filled with appreciative hearers and many warm supporters, because of his position in the prohibition fight. Mr. McChesney made a splendid talk and it is said added several to his list of supporters in Rockcastle. No sane man except he belongs to the whiskey trust, will also issue with Mr. McChesney on the principles he claims to stand for, but it is hard to believe the sincerity of the movement, when it is known who Mr. McChesney's chief supporters are and who put him in the race.

Old Rockcastle To The Front For Bethurum and Jarvis

Judges Bethurum and Jarvis began a canvass of this county in the interest of their candidacy for Judge and Commonwealth's Attorney last Thursday week, and closed here last Saturday with the greatest and most enthusiastic rally that has ever been seen by the people of the county.

Their tour of the county has been one continuous ovation. At many of their appointments the crowd was so large that standing room could not be had, and many people had to be turned away, and failed to hear the speakers. It is the general opinion of the people here that no man ever got such a splendid reception by the Republicans of old Rockcastle as did Bethurum and Jarvis on their trip through the county.

The friends of these candidates arranged for them a barbecue here Saturday last, and it was a decided success. Mt. Vernon was crowded with Republicans from "early morn till dewy eve," and an embusiasm was of the highest pitch all day long.

JUDGE B. J. BETHURUM.

The speaking began promptly at 10 o'clock a. m. Dr. M. Pennington was made the Chairman, and in a brief and well-ordered speech introduced the first speaker, Hon. James H. Cook, a former Rockcastle boy, and now a prominent lawyer and Editor of Somerset. Mr. Cook made a fine speech, and it was well received by the crowd. He said that Bethurum and Jarvis had made honest and capable officials and should be re-elected; that they had enforced the law, and that the claims of the opposition, that cases had been filed away and dismissed was mere deception and bugbear to scare the people. He said that he had compared the record of Bethurum and Jarvis in the Pulaski Circuit Court with Judge Morrow and J. N. Sharp during Morrow's last term as Judge, and that Bethurum and Jarvis had not filed or dismissed one half the number of cases that were filed and dismissed by Morrow and Sharp. He paid tribute to the honesty and worth of Judge Morrow and Attorney Sharp, and said that all the people had confidence in them but that the same argument used by Kennedy and Filippin would condemn them as dishonest and incompetent officials. He said that the opposition to Judges Bethurum and Jarvis at Somerset consisted of a few notorious bolters and party wreckers and that Bethurum and Jarvis would carry Pulaski County by not less than 1000 majority.

The next speaker in the forenoon was Hon. J. C. Davis, Esq., County Attorney of Wayne County, the bona and birth place of H. C. Kennedy and Filippin, to the great delight of the crowd. He said that he and Kennedy were both born and raised in Wayne, and he knew Kennedy was a chronic bolter and party disorganizer. He charged that Kennedy bolted and helped to defeat the Republican County ticket of Wayne in 1908, and in 1910 bolted Caleb Powers and in 1912 bolted and "laid down" on the State Republican ticket headed by Judge Ed. C. O'Keefe, and openly fought and helped to defeat Dr. J. A. Sloan, Republican nominee for member of the Kentucky legislature from the Wayne-Clinton Legislative District. He said that in fact the Kennedy's were never known to support a Republican ticket which did not have a Kennedy on it. He said that Kennedy started out as a preacher of the Gospel, and that he had heard him preach, and after doing this for two years he quit the ministry and put on the white apron of the saloonist and went into the saloon and debauched the manhood of Monticello and Wayne County by leading liquor, and continued to sell until the people voted Monticello dry by a tremendous majority. He said that he was an eye witness to the fact that he did preach and quit the public and went into open saloon. "No man having put his hand to the plow, and looking back, is fit for the kingdom of God," and because of his inconsistent manner of living in this, and many other things known of him and brought to the attention of the public in this campaign, Kennedy is likewise "anti" and unworthy to hold the office of Circuit Judge of this district, and unworthy to hold the office of Commonwealth's Attorney, and composed as it is of an enlightened, God-fearing, and patriotic citizenship. He ridiculed Kennedy's claim that he would carry Wayne County by a big majority, and said that if he carried the county he would have to get it in a better shape than it is in now. Davis was given good attention, and made a great speech, and aroused the audience to a high pitch of enthusiasm. He attempted to raise his speech two or three times, but the crowd insisted that he give them more of Kennedy's record, and when he did finally close he was assured by the people that his was one of the best speeches that was ever delivered in the courthouse at Mt. Vernon.

Mr. Burgess made a fine impression and will not soon be forgotten by the Republicans of Rockcastle County.

After dinner was served, and promptly at 1 o'clock, Judge Burgess J. Bethurum, Rockcastle County's son, and our neighbor boy began his address. The courthouse was packed and standing room was at a premium hundreds of people could not get into the courtroom and were, therefore, denied a chance to hear the speaker. When he arose to speak the crowd went wild, and it was at least five minutes before he could proceed with his speech. When quiet was restored he delivered one of the best speeches ever heard in Mt. Vernon. With his characteristic eloquence he drew a picture of his career from childhood to the present. He recounted what those present already knew: That he was raised on a farm in this county, and by his own exertions, unaided, he worked his way from the farm to the office of Circuit Judge. He said that he had been a sobriety person and stood for temperance all his life, and that as a judge of the Court he had put into practical application his temperance ideas, and that as a result there were fewer liquor dealers in this Judicial District than ever before. This the audience knew. Following this statement of Judge Bethurum the applause was instantaneous and vociferous. He then discussed the improved condition in his district. He said when he assumed the duties of the Judgeship that all the dockets of the district were burdened with many murder cases, and that continuing had so improved in the district that there was practically no violation of the law in this district, and he had very few murder cases on the docket. He discussed the McBoeth case and showed plainly that Kennedy tried to "fleece" this old colored man and would have done it, and would have taken a large sum of money from \$200.00 to \$400.00 if it had not been for the honesty of the Circuit Court, and the Court of Appeals. He said that the conduct of Kennedy in this one case proved him an unsuitable person to serve as Judge of a great district like this. He said that a man who was that fond of money should not be placed in the responsible position of a Circuit Judge.

Judge Bethurum spoke for one hour and thirty minutes, and gave to the people of Rockcastle county a graphic history and description of the man who is opposing him for Circuit Judge. His speech was well received throughout, and was a masterly presentation of the issues.

There has never been an opposition so closely to Judge Bethurum in this county, and the canvass of same, which closed Saturday last, in such a "dazzle of glory" and outpouring of the Republicans of this county, attests the fact that there will be no opposition of any consequence in this county. His clean record as an officer; his spotless character as a man, his uprightness as a citizen, together with his well known loyalty to Republican principles and Republican nominees, appeal strongly to his old friends and neighbors at home, and are the strongest reasons for his popularity here, and why they are supporting him so unopposedly, and with such unwavering loyalty.

As soon as Judge Bethurum finished his speech Judge M. L. Jarvis, candidate for the Republican nomination for Commonwealth's Attorney, was introduced and spoke for one hour. He secured his opponent for his "unslinking" campaign methods, and proved to the people that Filippin is no lawyer; that he had resided in Somerset for five years and had never tried nor argued a case before a jury in the Circuit Court during that time. He said that Filippin had been holding office for years, and that if he had been given the salary that had been paid him for services poorly performed, and that he would not exist in high living, that he could now be occupying a palace. He pointed out the number of offices Filippin had held, and the amount of public money that had been paid him. He also stated that Filippin comes of an office-holding family, and that Filippin was fed and educated on the salary paid Filippin's father out of County, State and Federal Treasuries.

He pointed out that Filippin was raised in the town of Thompsonsville, in the County seat of Monroe County, by parents who were educated and had means with which to educate him, and that as a boy he was given every opportunity; but, notwithstanding all this that his business and professional life was a failure. On the other hand the Judge claimed that he was born and raised on a small farm in Clinton County, and that his parents while honest, possessed very little of the world's goods; that he was given no advantage at all, and by his own efforts had risen from obscurity to that of Circuit Judge and Commonwealth's Attorney of this district.

Judge Jarvis explained to the satisfaction of all present why more prosecutions had been filed or dismissed than tried in Rockcastle County. He said the grand jury of Rockcastle County had indicted the Adams Express Company in a number of cases for carrying liquor from foreign states and delivering same to persons in this county; that he had been dismissed on authority of an opinion of the Court of Appeals of Kentucky; that the Louisville and Nashville Railroad had also been indicted in a number of cases against them for failing to block the switch frogs, and that the proof in the case tried showed that it was the guard rail not blocked, and not the frog; the State required the Company to block the switch frog, but not broad enough to include the guard-rail; that on final trial the lower court gave peremptory instructions to the jury to find for the Company; that he, as Commonwealth's Attorney, appealed from the ruling of the lower court to this Court of Appeals; the higher court sustained the lower court, and the proof being the same in all the cases, as a matter of course, on the ruling of the Court of Appeals, they had to be dismissed. He called attention to the Sponsor's cases, all in number. He showed that Sponanore had been arrested, but later broke jail, and has ever since been absent from this county and unheard of, and is now a refugee; that his cases were called for trial; that four judgments of \$100 each and 30 days in jail were taken against him and he never filed. He stated that Kennedy and Filippin were trying to convince the people of this district that he and the Circuit Judge had done wrong in dismissing the cases, although the Court of Appeals had held that neither the Express Company nor the L. & N. E. R. Co. had violated no law. He referred to other instances in this county where prosecutions had to be dismissed, and he invited the voters to investigate for themselves and they would find that the charge of filing or dismissing the indictments or prosecutions made by Kennedy and Filippin is without foundation and is deceptive; it is merely the instruments of the demagogue. In view of Judge Jarvis' satisfactory explanation for dismissing prosecutions in this county, the voters given by him for dismissing cases in other counties of the district were accepted by the crowd as being both right and legal. He said that Filippin and Kennedy knew why these cases were dismissed, but that they would not say so, but intended to keep the reason concealed from the voters. The Judge's speech contained many appropriate quotations from him in good style, which aroused the crowd standing, and applause on a whole this speech was a great success.

It was reported that Saturday was a great day at Mt. Vernon in old Rockcastle County. The canvass of the candidates for the county ordinary was doing better than their county, and the Commonwealth's Attorney, in whom they represent, were all kept busy on old Rockcastle, and in the Bethurum and Jarvis campaign not less than 1000 majority.

ALL FOR BETHURUM AND JARVIS

HR00HEAD

I understand that the enemies of Judges Bethurum and Jarvis are circulating the report over the District that I am opposing their nomination for Judge and Commonwealth's Attorney. This is absolutely false and untrue. I am giving both of these gentlemen loyal and sincere support, and practically all of my friends in this county are doing likewise.

I have known Judge Bethurum throughout his whole life and I know that he has been a sober, moral person and has stood consistently for temperance and good government. He was raised on a farm by poor parents who were not able to give him an education, and by hard work and devotion to duty he, through his own efforts—obtained an education. I have watched his conduct as an official, and I know that he has given satisfaction, and has made an upright, impartial Judge.

Judge Jarvis has proven himself a conscientious and able prosecutor, and deserves a re-election at the hands of the Republicans of this District, and I feel safe in saying that both, Bethurum and Jarvis will carry Rockcastle county in the August primary by not less than 1000 majority.

This the 17th day of July, 1915. CAM MULLINS, Sheriff of Rockcastle Co.

I have read the above article signed by Mr. Cam Mullins, Sheriff of this county and wish to state that I am supporting, with all earnestness, the candidacy of both Bethurum and Jarvis, and will fully concur in all that Mr. Mullins has to say with reference to the character and conduct of the above named candidates; also with what he has to say with reference to their strength in this county. I am firmly convinced that they will carry the county by not less than 1,000 majority.

S. F. BOWMAN, Clerk Rockcastle County Court.

Members of Somerset Bar Appreciate Judge Bethurum's Honesty and Ability

We, the undersigned members of the Somerset Bar, holding in high esteem the character and ability of Judge B. J. Bethurum, hereby express our appreciation of the clean and honest record he has made as presiding Judge of the Pulaski Circuit Court, and of the sincere concern he has shown at all times to administer even and exact justice.

We assert that his entire conduct on the bench has been characterized by absolute fairness and justice, and by a fearless desire to enforce the law. He has shown great capacity as an executive and unshaken ability as a lawyer, and we deprecate any unjust efforts that may be made to depreciate his public services, or reflect upon his integrity. Oct. 20, 1914.

JUDGE M. L. JARVIS.

JUDGE BETHURUM

Judge Burgess J. Bethurum will be a candidate for re-election to the office of Circuit Court Judge of this Judicial District, should the Republicans nominate him? We speak as a Democratic paper. As such we do not control politics. Not for our moment, would we dictate to the Republicans. But we have "rights" as an sober citizen taxpayer and as one who is very much interested in the commercial, financial, moral and educational growth of our county. As such we are naturally interested in the selection of our officials to execute our laws and to administer justice in our courts. Judge Bethurum was born and reared among us, educated in our schools and admitted to the practice of law right here in his native town. He married into one of the best and most influential families of our county. He was a successful lawyer and made a high class Commonwealth's Attorney. He is serving his firm term as Circuit Court Judge and has made good. He stands for law and order. There is to be slain on the precipice life. His duty conducted in keeping with his high judicial position. He has conducted to show the law that he might not be correctly. Fearlessly

LAUGHTER
Defined by Great Authorities.
"Laughter," says Prof. Chas. Bell, "is a convulsive action of the diaphragm. In this state a person draws a full breath and throws it out in interrupted, short and audible exclamations. This convulsion of the diaphragm is the principal part of the physical manifestation of laughter, but there are several accessories, especially the sharp vocal utterances arising from the violent tension of the larynx and the expression of the features, this being a more in tense form of the smile. In extreme cases the eyes are moistened by the effusion from the lacrimal glands."
Lord Rosberry recently defined laughter as follows: "Laughter is a physical necessity. We live under a melancholy sky surrounded by a melancholy ocean, and it is a physical necessity. It exhilarates all social relations. The laugh of Sir Frank Lockwood was something to make a stuffed bird rejoice and those who listened to the splendor of merriment which he could impart by that laugh realize the intense value of that emotional exercise."
The celebrated showman, W. T. Swain, is in hearty accord with the great English authority. Mr. Swain says that he is in the amusement business, not solely for the accumulation of profit, but that it is his first aim to disseminate enjoyment. He would rather produce plays that call forth hearty laughter than those that cause tears and sadness of heart.
The great Swain Show will be at Mt. Vernon for a solid week, commencing Mon. Aug. 2 during which time all will have an opportunity to test for themselves the application of these principles. A strong comedy element abounds in every production offered by this famous company.
The Broadhead Fair folks will give an \$8.00 rubber tired Runabout about the last day of their fair, August 18, 1915. Every one that attends will have a chance to see this beautiful vehicle. Full particulars will appear in these columns.

Finds No Remedy Equal To Tanlac
William H. Howard Says He Tried Everything Else Without Help
Louisville, Ky.,—William H. Howard, who lives at 223 West Jefferson street, here, and is widely known as an advertising man, is one of those who declares he has been greatly benefited by Tanlac, the premier preparation "For a long time," he said recently, "I suffered from a catarrhal affection of the stomach, and I never have found anything which did me so much good as Tanlac. I had used pretty nearly everything before my friends recommended Tanlac to me. It helped me almost at once, and I am glad to offer public testimony to its value."
Chronic catarrh, which effects the mucous membrane, is one of the most prevalent and distressing maladies known. The trouble is almost universal. Offensive breath, coughing, nervousness, sneezing, headaches, poor digestion, loss of appetite, unsound sleep and susceptibility to colds are among the results from the malady.
Tanlac has proved of special value in the treatment of catarrhal troubles. Hundreds have testified to the good it has done them. It is now being sold in Mt. Vernon at Chas. O. Davis' drug store, and can also be obtained at the Central Drug Co. store, Livingston and John Robins' drug store Broadhead Ky.

HUSBAND RESCUED DESPAIRING WIFE
After Four Years of Discouraging Conditions, Mrs. Bullock Came to Rescue.
Up in Despair, Husband Came to Rescue.
I had gotten so weak I could not stand, and I gave up in despair.
At last, my husband got me a bottle of Catnip, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without stopping.
If you are all run down from womanly troubles, don't give up in despair. Try Catnip, the woman's tonic. It has helped more than a million women, in 50 years of continuous success, and should surely help you, too. Your druggist has sold Catnip for years, but the nearest I can get to it is a bottle of Catnip, the woman's tonic, which cost me only a few cents, but it has done more for me than any other medicine I have ever taken.
Catnip, Ky.—In an interesting letter from this place, Mrs. Catnip Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while and could not walk anywhere at all. I would think I was crazy, but I had heard of Catnip, the woman's tonic, and I bought a bottle of it. It cost me only a few cents, but it has done more for me than any other medicine I have ever taken. I can now walk two miles without stopping. I had gotten so weak I could not stand, and I gave up in despair. At last, my husband got me a bottle of Catnip, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without stopping. If you are all run down from womanly troubles, don't give up in despair.
