LOCAL

The Fiscal Court will convene Monday and take some active steps towards getting the building of roads in Rockcastle started. We trust how rapidly it may all be done, and the people are anxiously awaiting the start.

Bro KENNETH—the Queen & Concord Route will operate a special agricultural and live stock train through Danville on September 7th. The train will consist of nine cars and will be equipped with all kinds of farm implements, agricultural products, livestock of beef and dairy breeds, poultry, livestock of various kinds and exhibits of animals. Demonstrations will be conducted showing the proper methods of packing perishable products. Stereoscopic equipment has been provided to illustrate the lectures. One very interesting feature will be the domestic science department, under the supervision of two lady expert home science teachers. The entire successful operation of this train will be borne by the Queen & Concord Route in line with its policy of extending every aid possible towards the agricultural upbuilding of the territory served by the Danville route.

Keep Kool—see Fish's Kool

Boones Lane, at Furnie, has been surveyed and a good road will be constructed.

Everybody attends the Brodhead fair. This is everybody's fair and everybody is expected to be there.

E. J. (Bud) Anderson has bought the gallery of Luther Matus on Main St. Mr. Anderson took charge last week.

Mrs. C. E. Painter, of near Brodhead, is sitting in her chair Sunday afternoon, fainting and the floor, striking on her left arm and breaking it just above the wrist.

The Locals will carry passengers at points between Livingston and Brodhead each day of the Brodhead Fair, special coaches being provided. Reduced rates on all rail roads.

Don't forget that you must be on the grounds at the Brodhead when the drawing takes place, if you hold the lucky number and are not present another number will be selected.

STONE—Cut any size or shape, direct from the quarry at a price, less than you can build concrete. Shipped anywhere. Get my price. JOHN RAMSEY, Mt. Vernon, Ky.

The W. I. Swain will spread his large waterproof tent at Brodhead for the Fair week, this week this is the best show ever at this place and the people who like good amusement will enjoy every moment at the show.

"Lectricity" the full blood razor back sand splitter, greased light bull breed, racing hog that old Cull has had in training for past four months is a wonder. That is it Cull tells the truth. He says the porker can beat any mule or horse and he intends taking in all the fairs and most of the cash on hog-horse races this season.

Many have examined the buggy to be given away at the Brodhead Fair next week, also the ten year guarantee which accompanies it and should you be the lucky person, do not want the buggy some nice bids have been left for us the fortunate person, when you can take advantage of it. NO OFFICER, DIRECTOR, OR STOCKHOLDER WILL HAVE A CHANCE to draw it. Perfectly fair and square you stand an equal show with every one else.

All things are now ready for the BRODHEAD FAIR, eighty feet additional stable room, a nice large dining room located away from the crowded amphitheater will help to make things more pleasant for the visitors this year. "Dale Fuller" is the man to see, the meals at the popular price of twenty five cents. A new location for all the concessions, additional Floral Hall. In fact space will forbid us to describe the improvements which are now being added to the already pleasant arrangements.

The Secretary of the Brodhead Fair has had a valuable assistant this week in the person of Prof. Filkenton principal of the Brodhead graded school, who pledged to the two teachers in Rockcastle County a complimentary to the Fair and he is certainly seeing that his promise is being carried out by mailing each a ticket this week. Teachers we will look for you, sorry you won't have a chance at that nice Rubber Tire Runabout, unless you desire to know that "Comp's" and buy a ticket which will entitle you to a chance.

The Brodhead Fair has contracted with one Mr. Dennis to make Balloon ascensions each day of the fair, it will be remembered that Mr. Dennis was here some fifteen years ago, and went so high that his balloon was lost and found four miles east of Brodhead three days after the fair. To those not knowing this to be fact may doubt this statement, but it is nevertheless true. His balloon was found in the Pine Woods near Hickory Grove.

If there is a man that loves to soar above the clouds and will do it in this man, and if nothing happens you will have possibly the best chance to see him this week.

The attraction is so hot where is the day women will find that they can't get away from the fair and will be given away the last

GOOD LOCATION—The West room of the lower story of the Masonic Building in Livingston, Ky., which now belongs to the Masonic Lodge is vacant. It is a splendid room, safe from fire, a good location and in a good business town. Any one desiring to engage in business should investigate the opportunity here offered. This room is either for sale or rent. For further information call on or address the Trustees of Jackson Lodge No. 731 F. & A. M. Livingston, Ky. 616 34

John Rebus Secretary has sold more concessions this year than any Fair Secretary has ever done heretofore, and they are all high class it there is any gambling this year at the BRODHEAD FAIR it will be without the knowledge of his officers.

This however does not mean amusement of different kind, which all can take part in, but the rank kind of Spindle ball up games and other things in this class has been cut out.

Squire Abney, a brother of Deputy Sheriff Jack Abney, shot and killed his son-in-law, a man by the name of Shearer, at Langford Station, Monday morning.

Shearer had been whipping and cruelly mistreating his wife who was Abney's daughter. Mr. Abney went to see Shearer about his acts and to try to persuade him to stop his way of doing. Shearer resented what Abney said seizing an iron rod began striking Mr. Abney, who warned off the licks with his arm until he could draw his pistol and shoot. Mr. Abney is one of the county's very best citizens, and his many friends regret the unfortunate occurrence, but on the other hand public sentiment is entirely in his favor.

Mr. Vernon put Boone away on the map and made it possible for locating Dixie Highway over East run route and through Rockcastle county and being a leader in all big things will bring the first airplane for flying machine to the county. Flights will be made at Mt. Vernon Fair on Thursday and Friday Aug. 5th, and 6th. Trips will be made high in the air over and around the town and fair grounds. Rockcastle citizens, and many from surrounding counties should avail themselves of the opportunity to witness the maneuvers of this machine that imitates the birds of the air, carrying passengers high above the earth.

On account of the fair, a broken press, which happened not to be half as badly broken as we thought at first, and several other things, the greatest of all, the desire to take a day or two in rest from the print shop, the Signal for a day late and somewhat short of good live racing matter which is always our desire and greatest effort to have the best and to cover the entire county, with the latest of the local happenings from every locality. Now, that the election, the fair at Mt. Vernon are over, and Brodhead will close next week, we want to urge our correspondents to give us a letter containing the election and fair talk being over the people are ready for the local happenings and through our correspondents we want to be able to meet this demand by giving the news from every section of the county.

The Mt. Vernon fair has come and gone. From a standpoint of fine weather, an enjoyable time and a splendid exhibit was a great success, but from a standpoint of business, it was not what was expected. It was predicted that the primary election coming just after the fair would keep many away and sure enough it did. The attendance was very much smaller than ever before and due to the fact that the report got around that there would be an abundance of "boozers" and "knock-down" and "drag-out" time. A more quiet gathering was never had and there was as little drinking on the grounds.

There is nothing else to it, but that the fair was the victim of circumstances and caught a hot deal in the running. In our next issue we will give a list of the winners and the complete account.

It is a sad thing to see the Brodhead fair, which has been a success for many years, and get a smaller attendance than any other fair in the county. It will be seen that circumstances, such as the fair and will be given away the last

A Seven Months' School Term With Increased Salaries For Teachers Per Month

HAMLETT'S RECORD IN OFFICE

BARKSDALE HAMLETT WILL BE THE DEMOCRATIC NOMINEE FOR SECRETARY OF STATE.

Barksdale Hamlett, of Christian County, the leading candidate for the Democratic nomination for Secretary of State, declares for Kentucky a seven months' school term, with a per capita of \$2.25, an increase of 75c over last year.

The establishment of a seven months' school term with the increase of the teachers' salaries, and without an increase of taxation, is the greatest educational achievement in the history of Kentucky, as well as the greatest financial achievement. "A man has taken rank as the expert—a wizard of finance among the leaders of the Commonwealth.

When he went into office four years ago, there was a deficit of several hundred thousand dollars in the treasury of the school fund. He re-adjusted completely the system of school finance in such a way as to pay off the deficit; to increase the per capita from \$1.60 to \$2.25; to pay the teachers promptly every month—a thing never done before in the history of Kentucky; and to accomplish the end for which he has labored for eighteen years, that of giving to the people of Kentucky a permanently established school system with a term of seven months.

While State Superintendent of Public Instruction, he has established new precedents, serving personally as a leader in the field. He has given to the people of Kentucky a school free and accessible to every child, in every rural district in Kentucky. His personal leadership has brought about improved facilities in the office of every County Superintendent in Kentucky.

He secured a rational and effective compulsory attendance school law, by which the attendance in the public schools of Kentucky has increased more than 55 per cent, placing Kentucky in the foremost rank of the States of America for educational and industrial progress.

The Census of 1912, prepared by Mr. Hamlett as Superintendent of Public Instruction, embracing the elements of civilization, domesticity, and

EXTERIOR OF THE HEALTH EXHIBIT CAR

THIS shows a village school with a number of adult passengers who have just viewed the health exhibit sent out over the railroads of the state by the Kentucky Tuberculosis Commission. These exhibits show in simple form all the average layman needs to know about how he may catch consumption, how he may be cured of the disease and how this great plague may be driven out of the state.

READY FOR THE ROAD

THE Kentucky Tuberculosis Commission in an endeavor to reach the people of the rural districts of certain counties in the state has equipped an automobile with an entire outfit for producing moving pictures. Films regarding tuberculosis, supplemented by stereopticon slides and accompanied by a lecturer, were used last summer to reach over 21,000 people in nine different counties. Most of the demonstrations were given in the open air, besides country churches and schools, and in every case the teachers and physicians of the county have cooperated heartily in taking this message of good health to as many people as possible. The record attendance was 700 in one evening at a tiny village several miles from the railroad. The record attendance was 700 in one evening at a tiny village several miles from the railroad.

Danger Signals

NATURE has planned some signals to show danger to a person's health. The signals which may indicate tuberculosis are given below:

First—A cough that hangs on for more than a month.

Second—A gradual, steady loss of weight and often of appetite.

Third—A slight feverish condition, lasting a little while every afternoon.

Fourth—A loss of strength or energy.

Fifth—Streaks of red in the sputum.

Sixth—Sweat at night.

Any one of these things may indicate tuberculosis, and they may indicate something else. If any one of them persists more than a month without any sign of recovery, go to a doctor and ask for a careful examination. It may not be tuberculosis, but it is best to know exactly.

Do not trust to any patent medicine to relieve you of any of these symptoms. Most patent medicines do more harm than good.

This information, given by the Kentucky Tuberculosis Commission, is accurate, and a knowledge of these things applied to your own condition, if you have tuberculosis, may lead you to the physician in time to be saved.

Administration Building and Infirmary, Hazelwood Sanatorium, Louisville

THIS building, with adjacent cottages, is the only place in Kentucky for the reception of any case of tuberculosis except for the Jefferson County Institution, Waverly Hills Sanatorium and the little Jackson Hill Sanatorium at Paducah. While patients in all stages of the disease may here receive the essentials of treatment—namely, medical supervision, fresh air, rest and correct diet. The rates are \$12.50 per week. Any person interested in obtaining treatment here should address Dr. Oscar O. Miller, Resident Physician, Hazelwood Sanatorium, Rural Free Delivery No. 2, Louisville, Ky. The head nurse is Miss Catherine Hoos of Louisville.

Prominent physicians from all sections of the state comprise the medical advisory board, of which Dr. Ap Morgan Vance is chairman. F. A. Sampson is superintendent.

Home Treatment For Tuberculosis In Summer

A young man at the age of thirty-six, having served faithfully for four years in one of the most important positions of trust in the gift of the people of Kentucky, he now seeks the endorsement of his party if the people think he has served them well. If his record has been good, if his services have been worth anything in the State of Kentucky, then the people of Kentucky will certainly elect him Secretary of State.

Exhibit Car of the Kentucky Tuberculosis Commission

THE Tuberculosis Commission equipped a railroad coach with a special outfit for producing moving pictures regarding tuberculosis and how to prevent the spread of the disease. The films are shown in the exhibit car, which is sent out over the railroads of the state by the Kentucky Tuberculosis Commission. TOM RHEA HAS PROVEN FRIEND TO TAXPAYERS OF KENTUCKY

Played Important Part In Forcing Large Corporations to Pay Their Just Proportion of Taxes and is Best Qualified in Every Way for Auditorship

It is natural and proper that the Democrats of Kentucky should take a deep interest in the selection of their candidate for Governor on August 7, but they should not allow that race to overshadow all others and cause them to neglect or overlook other important races. Especially should they give their attention to the Auditor's race, for that position ranks in importance next to that of Governor.

The Auditor is the head of the fiscal affairs of the state and the head of the important Board of Franchise Assessments which fixes the franchise valuations upon which all corporate doing business in the state must pay taxes. The work of that board is of far-reaching importance to the people and above all others, the Auditor, who presides as chairman of the board, should be a man well equipped and trained for its difficult duties, and one who is incorruptible and fearless, ready to compel the corporations to pay their just part of the revenues of the state, without being unjust to any corporation or person.

Such a man is Thos. S. Rhea, who is asking the nomination from the Democratic party, and there is not a man in Kentucky better qualified for the position or more deserving of the support of the Democrats. As State Treasurer for nearly four years in the present administration, he has been a member of that board and a leading spirit in its splendid work. With his intelligent and active assistance, the franchise assessments upon corporations have been so increased that the state is now receiving several hundred thousand dollars more in revenue every year than ever before. The board has increased the franchise valuation upon all corporations from \$48,000,000 to \$132,000,000. Poor of the large railroad companies, whose assessments were raised, have carried it into the courts, and, if the courts upheld the action of the board, the increased revenue, together with the taxes on the increase of the franchise, which have not been contested, will be a great help to the treasury, and a reasonable time all matters in the way of the indebtedness of the state.

In the four years of his administration the increase of revenues from the increased assessments of those corporations which have contested the increase has amounted to a sum to the state far in excess of a million dollars, and the increase of the revenues, and the assistance he has given to the treasury, since he was named as Auditor by the Democrats, is well known to the public.

about two million dollars for the same period. Should the courts uphold the action of the board in regard to the four railroad companies, it would add about one million dollars more to the state, and about two million dollars more to the counties, cities, towns and school districts in the same four years.

No man has had more to do with this great work than Thos. Rhea, and no man now seeking a nomination for a state office is better prepared than he to render useful and valuable service to the state and to the people in the next four years. No other man seeking this office has ever had the slightest experience with its duties. Some of his enemies, at the beginning of this campaign, undertook to criticize him and his record as an official, but they had to quickly abandon their attacks, because the published facts clearly disproved their misrepresentations. In the next administration, Mr. Rhea would prove himself a tower of strength to the state in the conduct of its revenue and fiscal affairs.

As a Democrat and party worker, there is not a blot upon his record. Four years ago, when he was not a state ticket as the nominee for Treasurer, he added great strength to the ticket, as was shown by the increased majority of 1,500 given in his judicial district alone. Last fall, in the Senate, he was chosen by the Democratic State Committee as Campaign Chairman, and under his intelligent and successful management and organization, the Democratic majority in the state was increased to 21,000.

Tom Rhea has always been true to the party and its nominees. He has never held any office when he did not go his way in primaries or conventions. The Democratic party in the campaign of this fall needs him upon its ticket. No other man can give it greater strength or do more to insure its success in the November election. He is a man of pleasing and attractive personality, free from malice, kind, considerate, generous, and of a temperance man, never having taken a drink of alcoholic liquor in all his life, and all his life has been worthy in the highest degree of the confidence and support of all good citizens.

His friends have made a mistake in not naming him to nominate for any office than Tom Rhea, and if the signal is made to elect him, he will be named by the Auditor by the Democrats, and he will be the primary as well as the

THE ALPHABET FAMILY IN POLICE COURT. A STRANGE CASE.

Sometimes ago unknown parties played the "dummy" trick on a quiet citizen of this place, living on Old Mash street, freight him into fits and causing loss of sleep. He was greatly rattled over the outrage and has been lying low and playing sleuth ever since to locate the hit-runners of his repose.

Upon his information the whole Alphabet household, twenty in all, was hauled into police court and the case tried before Judge Griffin, one day last week. "A" and "K", one of the defendants, attempted to prove an alibi claiming that he was not one of the family, but the Judge ruled that he was a "go-between" and was put on trial along with the balance of the gang. The testimony given by Sam and his witnesses, indicates that eight of the accused parties are always in "mischiefs"; seven are never out of "poublic" there are bad, only three are good; four are mean, six cunning; six praise; four boast while five wield the hammer; nine are found to be dishonest; three will rob you and four are, none to the dozen; ten are indurators while four are lazy; three are old members and three are as cold as ice; there is one more in heaven than in hades; yet there are more in torment than are at rest; four are as sane as Harry Thaw; five crazy; six are bright, six meane and three dull; there are seven colored, two yellow, five white, five black and three red members among them; five are ready to fight at the drop of the hat; five carry chips on their shoulders; eight are peaceful while seven are rank cowards; eight out of the twenty six are sociable; five are crisy; four are cross; four ugly; eight are handsome; six are jovial. Only in fox chase do they all get together and have a hog killing time when "the quick brown fox jumps over the lazy dog."

The Judge reserved his decision pending his efforts to have the parties compensated on the basis of having them agree to pay

all damages occasioned by that gentleman in his wild run from the dangerous dumb bull, destroying clothes lines, wheel for rowing etc. and the clothing he had on when the race began. He had more when his friends found him in a corn field half mile from home at 3 a. m.

BROADHEAD

Misses Lucile Pilkenton and Rita Souder were in Mt. Vernon last week shopping.—R. S. Shivel and John Robins attended the Broadhead fair two days last week. Broadhead fair visitors did some fancy advertising for the home fair.—Mr. and Mrs. Walter Robins visited his sister, Mrs. W. P. Rigby, near Lancaster last week.—Mr. and Mrs. W. H. Anderson were guests of his parents in Preacher'sville section last week. Some two or three extra gangs are here making ready for the new depot building. Several car loads of material have already arrived, and things are looking good for a depot facilities that old Broadhead will be daily proud of. It is said that when the plans are completed that we will have the best depot between Stanford and Corbin.—Frank Robins sold ten 250 hogs to John Rigby last week for seven cents.—John A. Brown of Loveland section left last Saturday for Iowa.—Prof. J. L. Pilkenton rendered valuable service to the fair secretary this week. He acted each teacher that attended the Institute a complimentary to the Broadhead fair, and assisted in many ways.—Fred Candiff, County Court Clerk of Casey county, returned from Liberty last Sunday, and spent the day with Mr. and Mrs. J. B. Pike. His daughter Miss Gertrude, Mrs. Cora Bell and the Misses Cable accompanied him here. The Misses Cable had been guests of the Liberty folks for the past two weeks.—Ed Owens, who is engaged to be married in Ohio, is with his parents, Mr. and Mrs. J. M. Owens for a two weeks' visit.—Miss Gertrude Roberts' was quite ill during the week, but Dr. Gravelly reports her much improved.—Miss Ella Carson was here from Mt. Vernon from Saturday until Monday.—Mr. and Mrs. J. Thos. Cherry were here from Crab Orchard last Sunday, the guests of Mr. and Mrs. Smith and Grandville Owens and family.—John Tharp and sons, Ted and Frank, of Colgate, Oklahoma, are here for a few weeks, the guests of his mother and sister, Mrs. Bettie Tharp and Mrs. Wm. Francisco.

The writer had the pleasure of attending the first day of the Mt. Vernon fair. The fair was the attendance good and every thing was there to make one of the best fairs in this section. Sorry indeed that circumstances were such that we could not attend every day.—Dr. W. F. Carter was in Louisville the first of the week shopping.—C. C. Howell was advertising for the Broadhead fair from Crab Orchard thru Ottenheim, Woodstock and points in Pulaski the first of the week.—John Robins attended the Blue Grass Fair at Lexington during the week, booking some good concessions for the Broadhead fair.—A number from here attended the Mt. Vernon fair. Thursday and Friday were trying to get ready for greatest event of the year, the Broadhead fair. We are just waiting for the day to arrive, and we know everybody will be here. The secretary received a letter under date of August 5 as follows:

Dear Sir:

I am today in receipt of your letter of July 31st in respect of our coach on our route August 1, 12 and 14th to be made travel between Livingston and Broadhead for the Atlantic and Pacific, North and South America Fair.

I have taken this matter up with our own people, and we are glad to see the coach on local, and I am sure we will have a big turnout. Hope you will be the biggest one ever.

Yours very truly,

Wm. Francisco

NATIONS INCREASED FUNDS TO PARTICIPATE WHEN WAR WAS DECLARED IN EUROPE--SEE AMERICA FIRST IN 1915

The opening of the Panama canal appeals to all the world. The Panama-Pacific International Exposition, which opens in San Francisco on February 20, 1915, and closes December 4, 1915, will be the greatest manifestation of national achievement since the Declaration of Independence.

Within three weeks after the European war broke out the Argentine Republic, in view of the new trade agreements between the North and South American republics increased its funds for participation in the exposition from \$100,000 to \$1,700,000; Holland increased its fund from \$100,000 to \$600,000 and ordered construction rushed upon the superb Netherlands Pavilion, next to the Palace of Fine Arts. Japan, through Consul-General Nunano at San Francisco, asked for increased exhibit space in the exhibit section and promised that the superb Japanese Pavilion will be completed in every detail upon the opening of the exposition. During the Japanese-Russian war Japan made a splendid exhibit at the great Louisiana Purchase Exposition in St. Louis. France called that there had been no changes in her plans to take part in the exposition.

Thirty-two nations will be officially represented at the Panama-Pacific International Exposition. The nations have appropriated huge sums for participation. China, for example, having appropriated \$500,000 for the superb Chinese Pavilion, which is being rapidly rushed to completion.

Six months before the opening of the exposition was more than ninety per cent completed.

Thousands of Americans who have never toured the United States will make the great circuit of the country with the beautiful and colossal Panama-Pacific International Exposition at their objective point in 1915. More than 400,000,000 has been expended in Europe every year by American tourists, but next year the traveling world will see America first.

ATTRACTIVE BOOK OF THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION AND PANAMA CANAL MAILED FREE

A HANDSOME book of sixty pages, profusely illustrated in colors and giving detailed descriptions of the Panama-Pacific International Exposition to be held in San Francisco, California, February 20 to December 4, 1915, and of the Panama Canal and Canal region, will be mailed by the Exposition free of charge, on application. The booklet is intended for prospective visitors and will also contain information concerning the great engineering feat of the Panama-Pacific International Exposition. Brochures, publications, Panama-Pacific International Exposition, Erectors, Building, San Francisco, for booklet.

CROWWELL the noted political writer to Cincinnati Enquirer from Frankfort, giving the results of a post-visit campaign of the State, predicts the nomination of Stanley by more than 20,000.

TO WHOM IT MAY CONCERN: Bloomfield, Ky., May 24, 1915. I understand that one B. C. Lewis, of Barbourville, is before the people asking them for their suffrage in a race for the Republican nomination for the State Senate.

Very truly, JAMES R. PRATHER. I have served for the past fourteen months as Chairman of Barbourville Board of School Trustees, and had the pleasure to sign recently a contract for a new \$17,000 school building, now under construction at Barbourville.

I am not a teacher and thereby not practical in that line of work other than in an executive or supervisory capacity, but I have had considerable experience as a legislator and it is a pardonable pride, I trust, for me to say that I believe I am better qualified to represent the educational interests of the people in the Senate than any opponent against me in this race.

Demerits or half a truth is not and shall not be my policy against my opponents. If I have merit before the others, vote for me, and doing everything that he could for me in my race for the Senatorial nomination up to the very day of his untimely and lamentable death.

Stand by me, teachers and Republicans of Rockcastle County and you will fulfill the earnest hope of my colleague in the Legislature of 1904, W. A. B. Davis, your devoted, cordially well-wisher, as well as my warm believer and true friend.

W. O. BLACK. \$100 REWARD \$100. The readers will be pleased to learn that there is at least one man who has happened to have been able to clear in all its stages and that is Catarth. Hall's Catarth Cure is the only positive cure known to the medical fraternity. Catarth being a constitutional disease, requires a constitutional treatment.

Hall's Catarth Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the cause, and doing everything that he could for me in my race for the Senatorial nomination up to the very day of his untimely and lamentable death.

Glad She Took Friends' Advice

Mrs. Catherine Meyer Released From Debility in Tanlac

Louisville, Ky. 7-28 15—Many women suffer from sluggishness and depression without being able to find relief from a condition which they know to be unnatural. One of them who did find relief in Mrs. Catherine Meyer of 1915 High street, this city.

"I was run down and felt tired if I made the least exertion, she said. 'I was melancholy and nervous. Any unusual noise startled me. My digestion was poor and I couldn't sleep well. 'Finally I became interested in Tanlac and sent to the drug store for a bottle of it. As soon as I began taking it I got better. Now I sleep soundly, and have recovered from my nervousness and depression.'"

Mrs. Meyer's experience is not unusual. Women often suffer from a tired, sluggish feeling without knowing the why of it. They are often subject too, to depression and melancholy. Where Mrs. Meyer found relief others may. She is one of hundreds who have given voluntary testimony to the value of Tanlac.

Tanlac can now be had in Mt. Vernon at the drug store of Chas. C. Davis and can also be obtained at the Central Drug Co's store Livingston, and John Robin's drug store Brodhead, Ky.

G. S. GRIFFIN, Master Comm'r., Rockcastle Circuit Court. THE BIG W. I. SWAIN SHOW CO., AT BRODHEAD.

The tens and hundreds of thousands of enthusiastic patrons who form the client base of the W. I. Swain Show Co., throughout the length and breadth of the land have universally conceded to this well conducted organization the flattering sobriquet, "The monarch of them All". To the practical sense of those familiar with popular forms of amusement it is not a question for deep contemplation why this organization has met with success.

Quoting a criticism printed in the Alexandria, (La.) "Town-Topics" of a recent date, "The writer, after a careful review of the performance of the night before, gives, as his opinion, the following reasons why the W. I. Swain Shows are so popular: "From the time the orchestra is "rugged in", until the final drop of the curtain there is not a moment when something of interest is not transpiring. An orchestra of talented players interests the interest between the acts and short addresses are given opportunistically by Mr. W. I. Swain relative to the current bill and those to be seen during the rest of the engagement. Mr. Swain in his initial remarks last night, disclaimed any desire to class his attraction with those charging \$1.50 for a seat, but he has been told many times that his shows give his patrons equal enjoyment. The performances are thoroughly clean, free from suggestion of innuendo and appeal strongly to family patronage. The good order maintained during the Swain Shows is a striking evidence of their compelling interest."

The Big W. I. Swain Shows, with their wide railroad equipment, solo band and orchestra and repertoire of new royalty dramatic successes, will be in Brodhead for one solid week, commencing Monday August 9. The performance arranged in the largest tent ever constructed for a similar purpose, which is treated with the new discovery, "Kant Lek", thus eliminating any chance of unpleasant results from the caprice of the weather.

IS SICKNESS A SIN? If not, it's wicked to neglect illness and means of relief. It's wicked to endure Liver Bile, Headache, Indigestion, Constipation, when one dose of Do-Do-Lax gives relief. Do-Do-Lax is Podo-phyllin (May Apple), without the gripes that are caused by other laxatives. It softens the bowels, cleanses the bowels, and restores the bowels. Your Constipation and other ills disappear over night because Do-Do-Lax has helped Nature to remove the cause. Get a bottle from your Druggist today. Get rid of your Constipation overnight.

J. C. FRITH, Pres. JOHN ROBINS, Sec'y

and Secretary of Labor Wilson, is at work on a plan to relieve unemployment, under which the Federal Government would finance workers to take up farm land.

A complete programme, preliminary drafts of necessary legislation, is to be framed before Congress meets in December. It is to be proposed in connection with a rural credit bill, which the Administration is expected to pass at that time.

The committee, which includes officials of the General Land Office, the Reclamation Service and the Department of Labor, was appointed specifically to consider means of broadening the scope of the Federal Employment Bureau in the Department of Labor, and had the co-operation of officials of the Postoffice Department and the Department of Agriculture.

The plan now under consideration contemplates a system of credits, operating through the Department of Labor, which would enable workers in congested cities to take up agricultural land on government reclamation projects of public lands on easy payment loans.
