Insuring a Family. THE CONSUMPTIVE lived in a little house with her parents and four brothers and a sister. When the visiting nurse of the city called upon her she found the whole family in danger of contracting tuberculosis from the young woman through ignorance of the proper methods of caring for the patient. They were taught that all of the members of the family about the preparation of the girl's food and the care of her room, so as to give her every chance for life. Most important of all, the nurse showed how the disease-tuberculosis-is spread from one person to another through the spit and spray from the mouth of a consumptive. They were taught that all of the expectorations should be caught in paper boxes or napkins and burned. These instructions practically being the life of the other members of the family.

McFarland Memorial Presbyterian Church

SPECIAL NOTICE. There will be no preaching services at the Presbyterian church Sunday as the pastor, Rev. McFarland, is at the Presbyterian church of Independence, Ky., on that day. The Sabbath School and the C. E. meeting will be held as usual. Next Sunday the 29th, the pastor will preach at the morning service at 11 a. m. and will preach at Broadhead at night at the M. E. church.

THE SPONG SPRING, THAT FAMOUS OLD SPRING, WHICH HAS FURNISHED THE WATER SUPPLY FOR MT. VERNON EVER SINCE IT HAS BEEN A TOWN, HAS BEEN SEVERELY CONDEMNED OF LATE FOR ITS IMPURITIES. Almost every time a case of fever was reported some one would trace the source of the trouble back to the old spring. A more thorough investigation shows that, out of the number of cases of fever Mt. Vernon has had, that there is only one case that can possibly be traced to the spongy spring. Some of the water cases are those who have the best of clean water, some are those who live outside of town and use water from big springs which have for years been noted for their purity. Some people who give no heed to the water they drink, are freer from typhoid than those who go thirty half a mile to the water they chance on drinking typhoid.

NEAL OATS OF MONTICELLO, WAS WITH HIS GRANDPARENTS, DR. AND MRS. W. T. FRANCIS, MONDAY, 21st, AND HIS BROTHER, JAMES, WHO HAS BEEN HERE FOR WEEKS, RETURNED HOME TUESDAY MORNING. Miss Katherine Yeager, of Tulsa, Okla., after spending several days with relatives here left Monday for Corbin, to spend a few days, after which she will leave for Sharpburg, Danville and other places, returning home about Sept. 1st.

Mt. Vernon's 1916 Fair.

The question of making the 1916 Mt. Vernon Fair an exclusive county exhibition will be taken up at the next meeting of the Association. It is proposed to increase the amount of premiums in Floral Hall and to add poultry, swine and sheep departments, remove dining hall from under grand stand and extend Floral Hall therein, adding various improvements thereto. The President and Manager of concessions who have worked so faithfully for the success of the Fair for past years propose to still aid in pushing, but desire other men to be put to the front and at next election will ask that same be done. It is believed that by the proposed step that Mt. Vernon people understand that the entire list of premiums will be awarded to citizens of Rockcastle, only that a greater interest will be taken and a more successful and satisfactory outcome will be the result.

NOTICE.

I have decided to sell out and go west. One farm situated one mile north-east of Mt. Vernon on what is called the Town Branch. It contains 26 acres and is known as the George Decker farm. The other is one and one-half mile north-east of Mt. Vernon, on the same branch, and is known as the Adams Bryant Mill Place. It contains 80 acres. If sold at once will sell as a bargain. Anyone wanting to buy, write me at Livingston, Ky. Adams Bryant, 5-31-15.

David Hines charged with selling whiskey, acquitted. Virgil Mullins, Jim French, Bert French, Hubert Anderson and John Baker each fined \$30 for disturbing religious worship. Dave Adams, carrying concealed weapons \$25 and 10 days in jail. Millard Arnold, charged with stealing John Marler's horse, was tried Tuesday. The charge was reduced to trespass and a fine of \$150 and fifty days in jail was the verdict of the jury. The case against Mrs. Lizzie Filbeck, charged with murder in the killing of Lena Fields, was called Wednesday and both sides announced ready. Attorneys C. C. Williams and Bethuram & Lewis defended and County Attorney E. R. Gentry took care of the prosecution, Commonwealth's Attorney M. L. Jarvis, not being present. The following gentlemen were selected to try the case: Geo. Frederick, Jr., John Harp, W. H. Carmical, W. S. Cromer, J. S. Kinley, Hamp Bullock, D. B. Langford, G. M. Hamm, J. L. Doan, J. D. Bullock, John Clontz and L. H. Cromer. The jury after being out only a very short time returned a verdict "not guilty" which verdict met with the hearty approval of the large number anxiously awaiting the report. Carol Brandenburg plead guilty to the charge of horse stealing.

Knowing How

is just plain good business

You know that old saying "Birds of a feather flock together" — we take a certain amount of pride in offering you Clothcraft Clothes because we are following in our business the same principles that have made these clothes such a wonderful success.

It was only natural that we, in our endeavor to offer you real values, should become interested in the sale of clothes whose makers have had quality and values their watch word for 68 years.

This not only holds good in clothing, but throughout our entire store you will find proofs of careful buying for your benefit.

We want you to see the No. 5130 Blue Serge Special at \$15—the many other fabrics and patterns of Clothcraft Clothes at \$10 to \$30—the hats, shirts, ties, etc., that we have here for you.

We must know how to buy and sell if we are to give the best service to you. Our entire effort is to give the best service to you. Our entire effort is to improve in these two directions.

Opening of School

The Mt. Vernon Graded High school opens Sept. 6th. Rural pupils are invited to attend. All rural pupils who have completed the grades can attend the full term FREE. Please remember that this is the county's school. The law says so and has made it possible for you to attend without money and without price. Remember this school is a first class high school. Any one completing the course here can attend the Life Certificate course at the Eastern Normal in one year and that without paying any tuition and also can enter the State University, Transylvania University, Berea College, Cent College, or Georgetown College with sixteen full credits without examination. Bear in mind that you can finish a course in any one of the above schools as quickly by taking our course first and then going on as by going to college or university from the first. You must not forget that you can be a teacher by taking our course which saves money and at the same time be under the care of Baker and his staff of writers. Nothing did me the past year until I began reading Chamberlain's Tablets. It is the best medicine I have ever used. Chamberlain's Tablets have cured my stomach trouble. I have ever used. The readers will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is CURABLE HALL'S CATARRH CURS is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution, and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials. Address: R. F. CERRY & Co., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation. Call—'I got a nice Pain Beach sun. Now I need a mud-colored shirt.' We Offer You Agriculture, Domestic Science, Wash, Sewing, Training and Athletic besides the regular course. You should not neglect these benefits you can

In making your monthly report to the Superintendent's office please fill in all blanks. When your trustee has signed the report mail it to the office here and the chairman will sign when they meet. Don't use fractions when more than half, use next whole number and less than half, use whole number below. When finding the local percent add the percent of the boys and girls and divide by two. Thus far I have received three reports and not one correct. It is a shame. I wonder who is going to send me a correct report? One who can't make a correct report isn't fit to teach. All future reports that are not correct will be returned to the teacher for correction. Reports must "come in" at the close of each month. When a teacher is sick he should report same to his trustee, who should consult the Superintendent. The office rules that no person can substitute who does not hold a certificate of the class of the school or a first class certificate. When you use the Superintendent's name I shall send him to you at once. J. S. IRVINE Co-Supt. GASTORIA GASTORIA

HUMAN nature is pretty much alike everywhere. No community has a monopoly of grumblers, knockers and kickers. Did you ever notice that when anything in the way of a move for a betterment or advancement of a town, community or county in the way of Commercial Clubs, Chaotauqua Lecture courses, Fairs etc. etc., some half dozen or less, hustlers and workers, do most all the work usually gratis, and sometimes are pretty fairly assisted for a short period by a larger part of the community, but soon the hammer is brought forth. Something was done that was against brother George's interest or "there is a cousin like who ought to have received more consideration than was extended." "I won't have anything thing to do with it further." Is this the way to accomplish anything. If we don't pull together we are lost. Nothing great is accomplished if our people don't stand together. Drop your imagined slights and petty things. Be nice. There is a great opening for Mt. Vernon, Rockcastle right at hand. Drop and drop at once the word "hate" if you ever entertained it. Dixie Highway and Boone Way are on our threshold. Get ready for the good times coming. Let us vote our sentiments at the polls but drop it at that and go in for good roads and prosperity. Both are at our door and other good things along therewith. Jine in the chorus of the "boosters gang". Good roads and prosperity for old Rockcastle. Lets work together. Not apart.

THE honest rivalry between the Mt. Vernon and Broadhead Pairs is all right when so carried on, but unfortunately it appears to be there are some unreasonable "hot heads" in both places who have not that Christian spirit at heart, but entertain a feeling of envy and jealousy uncalled for. It would not be so bad provided they, the ones in question, would keep their tongues quiet and not vent their spleen against their neighbors. It is sometimes to be regretted that rules of old Testament days can be applied on occasions today, especially to tall headers, and those who fancy their neighbors in public places. Tell the truth without malice. Remember there is nothing gained in the long run by seeking untruths against your rival or opponent. Even telling truths in a malicious way gains nothing. Let Rockcastle people stand together; run her two fairs and put in a road system that will not only support them, but will put our county on the topmost wave of prosperity. We can do it. Drop foolish jealousy, let honest rivalry continue, it will help, but let us all pull together.

No man can live apart into himself and be a citizen of any value to himself and community. Be up and doing for the betterment of your community and county. If everything don't go to suit you, to the letter, remember there are others in same fix. Dig down and help push. Don't pull back. Take these words to heart. Let us accomplish something by building and pushing up not pulling down and destroying.

It is more than gratifying to know that both Rockcastle county fairs were financially successful. The men behind the scenes at both places are workers and what will be more than a plenty.

Chattanooga, Tenn., Aug. 17.—Tourists over the Dixie Highway when it is opened, do travel on visit points of interest, more wonderful than those located by

the European war. Within an hour or two's travel from all the luxuries and comforts offered by modern civilization as represented by good hotels, it will be possible to visit the ruins of the ruins of stirring events connected with the early settlement of America. Revolutionary days and strife between the North and the South.

A striking example of the accessibility of points of historic interest which the Dixie Highway will afford tourists, is a visit to the site of Boone's fort or, Boonesborough on the Northern edge of Madison county, Kentucky, this point can be reached by a short ride from Richmond or Lexington, over splendid highways. The site is now marked by a monument erected by the Daughters of the American Revolution. Two springs which were used by the occupants of the fort, one fresh water the other sulphur, are still there, and the ferry across the river is still in use. Boonesborough was the end of the trail and the spot selected as the capital of the Transylvania Company. A fort was built and held by settlers. Here under remarkable elm tree, was held the first Governmental assembly in Kentucky. Here was held the first religious service under the auspices of the Church of England. Here was performed the first marriage ceremony in Kentucky. (Samuel Chamberlain's Colic, Cholera and Diarrhoea Remedy.) This point was the center of attack by the Indians in 1776, 1777 and 1778. The severity of the last attack was the chief cause of the noted campaign of George Rogers Clark into the Illinois country.

THE CASE OF L. L. CANTLEOU.

The case of L. L. Cantleou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by All Dealers.

LIVINGSTON

Well the Primary is over and we hope that after one of the greatest mudslinging battles ever waged in the county; that all will get the past behind them and be good friends. In November, when the Rads will meet their Waterloo and we want them in the best of humor for that memorable day.—The fairs are over and now we look forward to the best election, hog killing time and Christmas.—The gay car passed through here Tuesday making the railroad boys happy.

On Otto Kahn - Financial Farm Loans

Every citizen who desires to become capable in business should study banking, and every farmer who wants to see the business of agriculture properly financed should study diligently the financial systems of other industries. All other lines of industry have developed financial facilities adapted to their needs. We have all sorts of financial syndicates authorized by law of custom to deal in a certain line of securities, but in none of these financial channels will farm securities travel without a bonus in the way of an excessive rate of interest or heavy discounts. The most powerful financial institutions in America are private banks and they are the most important to the financial life of industry. It is no line of business does not pay bankers, whose greatest asset is the confidence of the buying public in his business judgment and integrity. Mr. Otto Kahn of Kahn, Low & Company, when asked to state the relation of the private banker to the business of the nation, said in part: "One of the most important functions of the private banker is to be the instrument for providing the money needed for the efficient conduct and development of railroads and other industries. He does this by buying securities in bulk from those needing capital, for which purpose he usually associates himself with a large number of other financial houses, great and small, thus forming what is called a syndicate. In this way concluded the buying transaction he offers to the public the securities purchased by means of advertising, circulating and through the facilities of the retail houses included in the syndicate, many of whom employ traveling salesmen. Of course the banker and the syndicate count on a reasonable profit for their services; on the other hand they run the risk of the securities, which they have definitely bought and paid for at a fixed price, remaining on their hands wholly, or in part, if the public or another should be unable or unwilling to buy them. The selling of securities is a highly specialized trade, requiring much experience, organization, machinery and scrutiny. This is the reason why corporations do better in raising security through the judgment of bankers than if they offered them direct. The willingness of the public to buy depends on their confidence in the banker and the judgment of the banker who makes the offer, and a banker who attempts to mislead the public, or who is deficient in care or judgment, would very soon find himself without customers, and therefore, out of business. In the European countries, the functions of the private banker include the placing of large quantities of mortgage loans on farms and other real estate and deposit them as security for their own bonds, which in their turn are sold to bankers. It is to be hoped that similar institutions in course of time, be created in America, thus placing the farming industry on a par with other important industries in facilities to obtain capital."

THE TWENTY YEAR TEST.

Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me. Since then no one can sell me anything said to be "just as good." During my illness I have used and recommended it many times, and it has never disappointed anyone." For sale by All Dealers.

III—Julius Kruttschnitt On Financing Railroads

The farmers of this nation need to become better acquainted with the railroad men and their problems. It is only those who know that can give us information as to what the farmers of America should demand, insist, or what the men who manage railroads should propose to do. Remington-UMC
—The Deliberate Choice of the Great Body of American Sportsmen—
Nowhere else in the whole field of sport do you find the like of the strong public opinion in favor of Remington-UMC.
This Remington-UMC public opinion has been growing for ninety-nine years. Partly it is due to the achievements of Remington-UMC in the design or construction of Arms and Ammunition. But back of these achievements stands the fact that your American is the most practical-minded sportsman in the world and the most loyal to the arms and ammunition that give him the service he knows he ought to have. He it is who is holding up the hands of the Remington-UMC dealer—making the Red Drill Mark of Remington-UMC the Sign of Sportsmen's Headquarters in your town.
