Sutton & Mc Bee

LIVINGSTON.

Well, cupid has been getting along splendid in this part of the moral vineyard for the past week, as there have been two weddings. Mr. J. L. Hughes and Miss Carrie Farley went to Jellico, Tenn., and were made man and wife. Mr. Sam Hellard and Miss Adina Hanel were married the following day at the same place, and Mr. T. J. Singleton and Miss Hart Bandberg were also married at the same time and same place. This is headquarters for matrimony, and if we hear the truth another couple will get married at Knoxville this week. All the couples that have been married are among Livingston's best people and we wish them a happy future. There have been in the last six months sixteen weddings in Livingston, but we believe in obeying the injunction in the bible where it says, marry and replenish the earth.—Mrs. J. R. Mink was in London, Saturday, having a social work done.—Ben Griffin has returned home from the farm at Buckeye and now is handling goods over the counter of G. S. Griffin & Co.'s store.—Will Odell and Walter Owens, who are working with a bridge gang near Paris were with home folks Friday.—Mr. Baker, of London, is preparing an interesting sermon at the Christian church, Sunday.—Mr. and Mrs. Sam Hellard were visiting relatives in Mt. Vernon, Saturday and Sunday.—Mr. and Mrs. J. T. Omary and children, were visiting in Stanford and Lebanon Junction, this week.—Mrs. Alvin Carlow and Mrs. Hugh Jenkins are visiting relatives in Lebanon Junction for a few days.—J. H. A VISIT TO THE TRACHOMA HOSPITAL, LONDON, KY.

Last Sunday, while filling my engagement at the Presbyterian church, of London, Ky., I was afforded the pleasure of a visit to, and through the above hospital, I was conducted, by Dr. John McMullen, Surgeon, United States Public Health Service, and what I saw and heard impressed me so forcibly, that I feel prompted to give all the publicity I can, to this humanitarian movement. I feel that the people of Rockcastle do not know just what this hospital stands, and what the mission is, and since it is so closely situated to our county, I am really hoping that all "eyes sufferers" will take advantage of its presence. I talked with a number of the patients who had just come out of the operating room, and they spoke of some of the highest relief that they had experienced. It was also of the courtesy extended at the hands of the hospital staff. I saw one woman from our county who had spent a few days and taken the treatment. She left as happy as a lark, and declared to me that she was almost blind and had to be led home. When she left the hospital she was blind, but now she is able to see. I have no doubt that the same result will be obtained for every eye sufferer. For the treatment of the eye, I have a number of brief publications on "Trachoma," its Nature and Prevention" written by Dr. John McMullen, for free distribution, and shall be glad to distribute them, and shall be glad to see you have them. You may get them at the office of the Mt. Vernon Signal, or by calling at the Menard.

CHAMBERLAIN'S COLIC, COLIC AND DIARRHOEA REMEDY

It is advised the theory about the children for the Spanish war to take Chamberlain's Colic, Cholera and Diarrhoea Remedy with them and they would be safe in any and every emergency. I have used it for my children and I have used it for my children and I have used it for my children.

Asserts She Was Afraid of Shadow

Miss Underhill Says Tanlac Has Relieved Her of Nervousness.

Louisville, Ky.,..... I was so nervous I actually was afraid of my shadow." Miss Christina Underhill, assistant manager of the soda fountain at the Horsons Straus Company's store, this city, told friends recently when relating her experience with Tanlac, the premier preparation.

"I had all sorts of hallucinations and worried about all kinds of trifles," Miss Underhill continued. "I know that I was suffering from excessive nervousness and was in a terribly run-down condition. I tried many medicines without being benefited. I finally decided to try Tanlac.

"I was told I was benefited. I had all sorts of hallucinations and worried about all kinds of trifles," Miss Underhill continued. "I know that I was suffering from excessive nervousness and was in a terribly run-down condition. I tried many medicines without being benefited. I finally decided to try Tanlac.

LIGHTNING AND THRS.

What to do in case of lightning.—Run for a house—not a barn. Once inside a house, stay there. By actual count, it is fourteen times as safe as outdoors.

"Outdoors, it is another tale, for there you may be crazy enough to seek shelter under trees. Don't misunderstand me when I tell which trees are more dangerous—all are dangerous, none safe—and my only object is to drop a hint to people who are about to pluck a tent in the woods and who consequently risk being caught out at night and unable to run for their lives." With the proportion of his indicated, the list follows:

Oaks, 24; poplars, 24; elms, 19; walnuts, 17; firs, 16; willows, 15; pines, 14; sycamores, 14; cherries, 14; spruce, 14; larches, 14.
