Rev. Macmillan preached his farewell sermon at the Presbyterian church Sunday night, to a crowded house of admiring friends, not only of his own church, but of other denominations as well. His text: Second Corinthians, 13-11, 'Finally brethren, farewell; be perfect, be of good comfort, be of one mind, live in peace, and the God of love and peace will be with you always.' Rev. Macmillan is one of the ablest ministers Mt. Vernon has ever had and it is with much regret that Mt. Vernon, as a whole, gives him up. In his new field of labor he can rest assured that he has the good wishes of Mt. Vernon people. He and his most estimable wife and little son, John, Jr., left on the early train yesterday morning for Louisville, where he will be the pastor of the Fourth (not Fourth street) Presbyterian church and their home will be at 140 East Broadway.

At the recent teachers' examination held in Mt. Vernon, Miss Elizabeth Storms, of Brodhead, received the highest grade, an average of ninety-five and a fraction. This is one of the best grades issued in Rockcastle county for several years, and Miss Storms is to be congratulated on such a record. Miss Storms has taught in some of the best schools of Florida for the past four years and comes to our county highly recommended. Brodhead is to be congratulated for securing her service and we believe that she will make good in her work. Mrs. G. M. Ballard, one of our teachers who has been out of school work a few years, made an average of ninety-five which speaks well for her. Fifteen teachers were in the examination. Five making first class and eight making second class certificates. Come to our institute next year and you will see that Rockcastle as well as teachers worth speaking of.

THE TELEGRAPH COMPANY
On and after this date, Mt. Vernon and Rockcastle county will be without telegraph connections or accommodations. Contracts between the telegraph and telephone companies having expired and no new contract having been made, the business is discontinued. This places our people in an awkward position when they wish to use the telegraph. If there is no law compelling the telegraph company to furnish these accommodations to towns which they have wires running through them there should be one passed.

PAID TO ADVERTISER:—Our splendid druggist Chas. C. Davis, although, long since an ardent believer in advertising, is now more fully convinced than ever before that it certainly pays to advertise. On Wednesday morning he received a \$100 bill from A. B. Linn, of Green Forest, Ark., in payment for a bottle of Tanlac. It pays to advertise, and those who have tried it need no proof that the best results obtainable from the best results obtainable from the MOUNT VERNON SIGNAL. Try an ad next week and be convinced Mr. Linn said he saw the advertisement in the Signal.

Hon. Edwin P. Morrow, Republican candidate for Governor, spoke here Saturday. The room was well filled with Republicans and a number of Democrats who went through courtesy to Mr. Morrow. He dealt with the Democratic administration from a Republican standpoint, but some of the charges preferred by Mr. Morrow, especially in the case of Hon. Barkisdam Hamlet, as to certain acts during his administration as Superintendent of Public Institutions, will be answered from the platform before this campaign is over, and then it will be left to the people to say which is right. Mr. Morrow is a most pleasing speaker, talking clearly to his father, the late Judge T. C. Morrow, and his niece, who were seated at his right. ### LOCUST BORER.

Does Large Amount of Damage in State—A Method of Control Sought. A feature of forest protection which has been brought to the attention of the state forester's office is the locust borer, an insect which attacks locust trees. The black locust has been extensively planted in Kentucky for the purpose of having posts available when needed. Also the railroads and mining companies have planted black

locust for this and other purposes on account of its durability in contact with the ground. Black locust is also extensively planted to regenerate worn-out soil, since it is a legume, so clover or cowpeas. The locust borer has recently done a large amount of damage in Kentucky. In some instances it has destroyed whole groves. In order to combat this the entomologist of the Kentucky experiment station, in co-operation with the state forester, has been conducting a study of the locust borer through the state. The damage from this insect has been repeatedly called to the attention of the state forester and in place confined to any particular section of the state, but is pretty widely scattered.

# BARNUM & BAILEY

## Have Hundreds of New Features

The Barnum and Bailey Greatest Show on Earth, which comes to Richmond, Friday, October 15, claim to present this year "A Circus of All Nations," meaning one that is filled with all new features shown never before the first time and presented by 480 world famed artists who represent every nation of the globe. The first world famous show to appear here. Barnum and Bailey's show is so that they will be the first to show the world's greatest show. The show is a success year's circus as "bigger and better than ever," but the phrase has become so common that this year Barnum and Bailey hesitate to use it, despite the fact that it adequately describes the entertainment. More railroad cars are required to transport the show, bigger tents are raised, more area is needed to accommodate the show than ever before. That the circus has reached the point where it is the despair of many of the smaller railroads and taxes their facilities to the limit for eight five cars are needed to convey the gigantic tent city from town to town.  
There's material enough in this year's circus to make a dozen circuses of the old days. A "big top" 650 feet long, nearly 1,500 employees, three big four tiered platforms, acres of aerial apparatus, the biggest stage ever erected for a dramatic presentation, a 110 cage menagerie, 750 horses, 40 elephants, a street parade three miles long. Among the novelties offered this season are the "Six Kidding Hannafords," "The Pulders," balancing, pyramiding and head jumping on the tops of burning lanterns, "Paulsenberg's Wonder Beasts," "Adgie" and her den of nine performing African lions, Barnum and Bailey statue horses, Madam Bradna's Angel horses. Three great herd of war elephants, trained and shown by the first and only lady elephant trainer. Besides these are 60 acrobats, 60 acrobats and 60 clowns.  
A wonderful prelude to this great circus is the presentation of the new, magnificent, spectacular pantomime, "Talis Rookh" in which scores of dramatic characters take part. Everyone should get an early start on circus day in order to be there in time for the parade which starts at 10 a. m., and which is said to be three miles long.

Gilbert decides to run. Cous  
 by Judge Ralph W. Gilbert, of  
 Shelby county, it is understood,  
 has definitely decided to become  
 a candidate for the Democratic  
 nomination for the seat in Con-  
 gress from the Eighth district,  
 occupied for three terms by his  
 father, the late George G. Gilbert,  
 of Shelbyville. Since he wishes  
 to enter the contest against Con-  
 gressman Harvey Holm of Lin-  
 cola county, who is regarded as  
 an avowed candidate for another  
 term, friends of Judge Gilbert say  
 that the Shelby county aspirant  
 will not let any grass grow under  
 his feet but that he will begin at  
 once to make an organization  
 throughout the district—Louis-  
 ville Times.

JUDGE BENTON, of the Madison  
 Circuit Court district, is directing  
 a vigorous investigation into the  
 election frauds of the late pima-  
 ring in that district. It will be re-  
 membered that Judge Benton  
 was defeated for Circuit Judge by  
 Judge W. R. Shackelford of Rich-  
 mond, and to the uninterested by-  
 stander, it looks like there is more  
 of spite work on the part of the  
 defeated Judge than to have a  
 real, genuine and no doubt much  
 needed house cleaning. In twelve  
 years who has heard of such be-  
 fore, and we do not believe the  
 politics of that district are much  
 worse to-day than they have been  
 in the past. The trouble is the  
 wrong or got hooked this time.

BELL and Whitley are ahead-  
 at work on their pikes. Rockcas-  
 tle will start in less than thirty  
 days. Knox will be ready by the  
 time Mr. Terrell and the Circuit  
 Court gets through with County  
 Judge Hammons and his Fiscal  
 Court. Now, who has ever heard  
 anything from Laurel? Wonder  
 if it is a case of quietly waiting  
 and watching.

A New Board of Trustees is to  
 be elected this November and the  
 petition to get the names of candi-  
 dates on the ticket must be filed  
 to-day. We have never had a  
 board which has run along more  
 smoothly than the present one  
 and we believe that the re-election  
 of the old board would be very  
 much in order.

**KNOX COUNTY ROADS.**  
 From the press reports coming  
 from Knox county, it is known  
 like her County Judge and Mag-  
 istrates should resign and hand  
 their jobs as road builders over  
 to some one else. Their conduct  
 has been noticeable for some time  
 and if there had not been some  
 State law to check these gentlemen  
 up, their acts may have gone  
 through, greatly to the detriment  
 of Knox county. The Louisville  
 Times in commenting upon their  
 action, thinks they have not only  
 learned a lesson they will profit  
 by themselves but it will be a les-  
 son to the other road builders  
 operating under the State law.  
 The mere fact that the Knox  
 county officials have not produced  
 any roads is evidence enough  
 that they should get out and give  
 their jobs to some one else. It  
 is hard to see how any one  
 who has been so badly guilty of  
 mismanagement of the county's

In last week's issue of the Signal  
 appeared an order of the Rock-  
 castle Fiscal Court directing me  
 to come before the Fiscal Court  
 and make settlement on 1914 de-  
 linquent taxes, &c. In answering  
 that publication I will give  
 what my duties are, and what I  
 did in regard to this. At the De-  
 linquent tax sale of the Rockcas-  
 tle & Fiscal Court, I made up a list  
 of delinquent poll taxpayers who  
 had not paid their taxes, and pre-  
 sented same to the Fiscal Court  
 as provided by Ky. Statute Sec.  
 4251. The Court gave me credit  
 in my settlement for those delin-  
 quents, who upon the Court or-  
 dered me to collect the delinquent  
 taxes if the delinquents come in  
 possession of any property out of  
 which to make said tax, and then  
 make my settlement with the  
 County Treasurer. This I have  
 done. I collected a small percent  
 of the delinquent taxes and turned  
 them over and made settle-  
 ment for them with the County  
 Treasurer and took his receipt as  
 the law directs. There has not  
 been a delinquent tax paid here  
 that I have not turned over to the  
 Treasurer and took his receipt.  
 If this Fiscal Court wants to see  
 my settlement in this matter let  
 them go to the County Treasurer,  
 the proper place, for such business.  
 As to turning the list into the  
 Fiscal Court, will say that I am  
 not the custodian of such records  
 and haven't got them in my pos-  
 session. I make this answer pub-  
 lic as the Fiscal Court saw fit  
 to publish such an order.

T. J. NICELBY.  
 In answer to an order published  
 in last week's issue of the Signal,  
 in which the Fiscal Court ordered  
 me to come before them and set-  
 tle on 1914 delinquent tax list, I  
 state that I have turned over my  
 settlement as to delinquents I  
 have collected, has been made and  
 I have the county treasurer's re-  
 ceipt for all I have collected.  
 The receipt is dated August 13,  
 1915, and this court met and made  
 this order September 22, 1915.

There has been a great deal  
 said about the delinquent taxes,  
 and that I may be understood and  
 be no mistake. I now notify the  
 public, that the law gives the  
 sheriff the right to make out a  
 list of all poll tax payers that have  
 no property out of which to make  
 their tax and who have not paid  
 their tax, when the Fiscal Court  
 meets to settle with the sheriff,  
 and present them to the Fiscal  
 Court, and the court must give  
 the sheriff credit in his settlement  
 for same. Now all poll tax pay-  
 ers who don't want to go on the  
 delinquent list can keep up by  
 paying your tax by December 1st  
 of each year. I am not financially  
 able to pay them for you, and I  
 expect to comply with the law in  
 this matter. I hope you will all  
 pay up and we will hear no more  
 of this delinquent business.

**WHAT WOULD YOU DO?**  
 There are many times when the  
 man questions a woman's action  
 and motives. Men act differently  
 under different circumstances.  
 The question is what would you  
 do right now if you had a severe  
 cold? Could you do better than  
 to take Chamberlain's Cough  
 Remedy? It is highly recom-  
 mended by people who have used  
 it for years and know its value.  
 Mrs. E. S. Berger of Berea, Ky.,  
 says Chamberlain's Cough Re-  
 medy is worth its weight in gold  
 and I shall pleasure in recom-  
 mending it to all my friends.

**KNOX SHOWS THE WAY.**  
 The County Judge and seven  
 of the eight members of the Fi-  
 scal Court of Knox county were  
 indicted Saturday. The indict-  
 ments were returned because of  
 alleged irregularities in the at-  
 tended letting of contracts and  
 the handling of the funds created  
 by the voting of a bond issue of  
 \$200,000 to build roads in Knox.  
 The oldest inhabitant of Ken-  
 tucky is invited to read over two  
 or more times these two bare  
 statements of fact and they search  
 his memory to discover if there is  
 any not without precedent.  
 That irregularities in the hand-  
 ling of road funds and the let-  
 ting of contracts all had been in-  
 dulged in by Fiscal Courts, has long been  
 looked on by not a few, if not by  
 the majority in Kentucky as a  
 matter of course. Before the  
 State aid and supervision law was  
 passed, Kentucky was spending  
 about \$200,000 a year for roads.  
 Outside of the roads built in the  
 Blue grass with State aid a century  
 ago, there was little, if anything,  
 to show for the expenditure. Six-  
 ty-six counties didn't have and  
 never had a mile of road  
 built by popular subscription or  
 county levy. The money went  
 somewhere and the Magistrates  
 were commonly reckoned to get  
 their share. It was impossible to  
 begin an organized and compre-  
 hensive system of road building  
 because the people had become  
 convinced that the more money  
 voted for roads, the more would  
 be squandered.

Then came the State aid and  
 supervision law. Under it, the  
 State guaranteed to put up a  
 dollar for every dollar raised by  
 the county. It did not care  
 that. It gave its word that  
 the State and the county's dollar  
 would be spent honestly and intel-  
 ligently.  
 In April of this year, Knox  
 county voted its bond issue. Two  
 or three weeks ago the taxpayers  
 of Knox county met in mass meet-  
 ing to ascertain why it was that  
 the roads for which funds had  
 been provided were not being  
 built. Robert Terrell, the head  
 of the State Bureau of Public  
 Roads met with them. He told  
 of the meeting of the contract, sub-  
 mitted to him from Knox county  
 which he had refused to approve  
 because the interest neither of the  
 county nor the State was safe-  
 guarded.

The taxpayers recited the  
 evidence in their possession. The  
 result was the adoption of a res-  
 olution urging the Judge of the  
 Circuit Court, then in session,  
 to bring the whole question before  
 the grand jury. The indictment  
 of seven Magistrates and the  
 County Judge is the result. They  
 are, of course, to be reconnoit-  
 ered unless proved guilty. But  
 the experience of being indicted  
 is not pleasant. Conviction, if it  
 should ensue, will be less pleasant  
 still.

There are 102 county operating  
 under the State aid and supervi-  
 sion law. They have the same  
 guarantee of protection as Knox  
 county has. The same method of  
 procedure is open to them, if  
 they believe they are not getting  
 a square deal.  
 Knox is a mountain and a pauper  
 county. But in voting \$200,000  
 to build roads and seeing to it  
 that its road funds are guarded,  
 it has set a precedent that makes  
 every other county in the State  
 its debtor.—Louisville Times.

**BIG CIRCUS**  
 Coming This Way Soon  
 The Barnum and Bailey great  
 Show on Earth will exhibit at  
**RICHMOND, FRIDAY OCT. 15**  
 and this good news is being  
 heralded everywhere by the many  
 agents of this, the biggest and  
 foremost amusement institution  
 in the world. The Barnum and  
 Bailey Circus has always been  
 the largest that travels and this  
 season the management has found  
 it necessary to add many more  
 cars to their trains in order to  
 provide for the great equipment.  
 It requires 85 double length rail  
 road cars to transport the big  
 show, 1250 people are employed,  
 there 700 horses, 40 elephants  
 and a menagerie of 110 cages, 450  
 world-famed artists take part in  
 the greatest circus program this  
 world has ever known.

A fitting introduction to the  
 wonderful performance this year  
 is the presentation of the new,  
 magnificent spectacular pageant,  
 "Lalla Rookh" in which nearly  
 1000 characters take part.  
 In the circus proper which is  
 presented in three rings, four  
 judges, the Hippodrome, and in  
 the dome of the largest tent ever  
 erected, 400 performers from every  
 nation in the world take part and  
 present a vast array of foreign  
 features entirely new to America.  
 A wonderful trained animal  
 exhibition is given by the marvelous  
 War Elephant, Fallenberg's  
 Wonder Bears, Modan Brothers'  
 Angel Horses, Thaler's Dogs,  
 Ponies and Monkeys, and Barn-  
 um and Bailey Statue Horses.  
 Great interest is already being  
 shown in this neighborhood and  
 great crowds will no doubt go to  
 Richmond for the biggest and  
 most enjoyable holiday of the year.  
 Every one is advised to get an  
 early start in order to be there in  
 time for the parade which starts  
 promptly at 10 a. m., and which  
 will eclipse anything of its  
 kind ever before attempted in the  
 history of our business.

 was very poor, and very often I  
 found myself unable to partake of  
 the very highest liquid foods."
