Don't buy your fall suit until you see Fish's \$15 specials. Big line of good leather shoes at the right prices at Fish's. If you once wear Fish's Union Suits you will always wear them and never buy any more in leather troubles. We have your size.

J. D. Hall, who left Livingston last winter on account of bad health, is now located at Harlan, enjoying better health and doing nicely.

Judge Lewis L. Walker, Republican candidate for Lieutenant Governor will speak in the Court House, next Monday at 8 o'clock p. m. Judge Walker is a good speaker and a high class citizen and we hope to see a crowded house to hear him.

Jim Smith of Spokane, Wash. has been here for a few days and tells us that his father, Budd Smith of the Pongo vicinity, has been down with typhoid fever. He also states that his brother John who was sent to Frankfort at the last term of court here is very low with typhoid at the prison hospital.

In our last weeks issue we failed to mention the marriage of Miss Jeanie Parsons, daughter of Mr. and Mrs. Theo. Parsons, of the Buckeye section, to Mr. William C. Dwell, a prosperous young farmer of the Rose Hill section The Signal and a host of friends wish this splendid young couple a long and happy married life.

Judge S. W. Hager, Campaign chairman advises that there will be a Democratic speaker address the voters at Mt. Vernon on Saturday Oct. 30th at 7 p. m. Judge Hager was unable to state who the speaker would be, but stated that whoever he might be, the Democrats could rest assured that he would be one of the best. Watch for circulars for further announcement.

Judge B. J. Behrman has been in the county this week speaking at a number of points in behalf of his candidacy for Judge. He spoke here Monday night to a good sized audience of enthusiasts in republican Caleb Powers who was billed to speak at the same time was present and made a speech. Judge Behrman spoke at the last night which closed his speaking dates for the county.

The services at the Christian Church during the week crowds and much interest is being manifested under the able preaching of the pastor Rev. Young. The services will continue each evening until Sunday evening when the meeting will close. There have already been some eight or ten editions. The splendid music and especially the solos of Miss Ruth Mullins has added greatly to each particular service.

Judge G. M. Ballard and J. W. Rider were in Frankfort Monday to see Mr. Terrell, Road Commissioner with reference to the contract let to Mr. Rider to build the seven miles leading to Round stone. Because of certain provisions Mr. Terrell refused to O. K. the contract and the matter is still in his hands under advisement. In short the difference comes in the long and short hauls on construction.

STANLEY WITH CORBIN. Stanley will speak in Corbin, at 7:30 p. m., Monday October 25th. His fame as an orator and statesman is nation wide. He has a message of interest for the people of the 17th district. Speaking will close in time to catch trains on all lines. A big turnout is expected from surrounding counties, including Rockcastle. Reduced rates for parties of ten or more.

Not long since a young man of splendid muscular development was seen in Russellville, with two beads on his shoulders. Both were fully developed heads, with rather handsome features, one with blond hair the other with black. The young man is not a museum freak as might be supposed. The other head was the property of his sweetheart, and would not have appeared in such a deformed position had it not been for the young lady's neglect to drop the curtain. - (Russellville News-Democrat.

SERVICES AT CHRISTIAN CHURCH

The services at the Christian church will continue until Sunday night, and the remaining subjects to be discussed are as follows: Friday evening, "Remembrance"; Saturday evening, "Righteousness, Self-control and Judgement to come".

Sunday morning, "Christ Crucified"; Sunday evening, "Is Jesus Christ YOUR Savior?"

Other services for Sunday will be: Sunday School—8:45; Christian Endeavor—7 p. m.

The services-to-date have been well attended, the interest good and visible results gratifying, and we again extend an invitation to be with us in these services. H. T. Young, Minister.

The following constitutional amendments will be voted upon at the coming election. Both amendments are for the interest of Kentucky, and we urge our people, regardless of political affiliations, to vote "yes" up both questions. They will appear on the right hand side of your ballot and the amendments if they will appear as follows:

Constitutional Amendment No. 1

Are you in favor of the proposed Constitutional Amendment which will allow the use and employment of convict labor outside of the walls of the penitentiary for the purpose of constructing or reconstructing and maintaining public roads and bridges and preparing material for public roads and bridges, and work on the State farm or farms?

Constitutional Amendment No. 2

Are you in favor of the proposed Constitutional Amendment to Section 371 of the Constitution of Kentucky, which proposed amendment will extend the power to the Great Assembly to enact laws to divide property into classes for the purpose of taxation and to determine which class or classes of property shall be subject to local tax, and to exempt from taxation any portion of the State and of Counties, independent of any taxing and school districts, and which power shall be subject to the power of the people.

BOONE TRAIL MARKER

Will Be Unveiled On Farm of Phillip T. Allin On October 23.

John Marshall Chapter, No. 4, Daughters of the American Revolution, will place a marker on the Boone Trail on the farm of Phillip T. Allin, near Livingston, Rockcastle county, Saturday Oct. 23, which will be unveiled with appropriate ceremonies on that day immediately after the arrival of a train from Louisville.

The program will be in charge of Mrs. Phillip T. Allin, chairman of the Boone Trail Committee, and Mrs. Sallie Bwing Marshall Hardy, representative of the chapter, will preside. E. G. Boone of Paducah, a great-grandson of Daniel Boone's brother, Squire Boone, will make the principal address, and Mrs. James B. Camp of Louisville, descendant of another brother of the great pioneer, will unveil the marker. Members of John Marshall Chapter, and state officers of the D.A.R. are expected to attend. Rockcastle county school children will sing patriotic songs. - Louisville Times.

ROCKCASTLE CIVIC LEAGUE

The Rockcastle Civic League was organized at a meeting in Mt. Vernon Court House on last Saturday. Prof. J. W. VanWinkle was elected president. W. J. Sparks, vice president; G. S. Griffin, vice president; Livingston, W. H. Sawyer, vice president; Brodhead; A. B. Furnish, secretary, Mt. Vernon. In the resolutions it was shown that public sentiment is necessary to sustain officials in the enforcement of law and it is necessary to have good citizens on juries. Resolutions also stated that the citizens of Mt. Vernon and Rockcastle, favor an organization of a Law and Order League, to assist the officers of the towns and county in the discharge of their duties. A large representation of the towns of Livingston and other points in the county were present with positions bearing the signatures of the leading business and professional men, laborers, farmers and others endorsing the movement and pledging their hearty support in the work of discontinuing the practice of vote buying by use of whiskey and money. Both political parties were represented at this meeting and it was tacitly agreed that it was the proposition to go to eliminate demagogic politicians, to prevent the corruption of the ballot. A meet of the League is to take place to-morrow, Saturday, at 1 p. m. Among the questions to be discussed regards the roping off of precinct polling places so as to keep the public good from polls according to law. Rockcastle Citizens Civic League is non-partisan and invites all good citizens to take membership. Come to the meeting at Court House tomorrow.

CALL OF ELECTION

Whereas a Petition was on the 31. day of September 1915 filed with the County Court Clerk of Rockcastle County, signed by 20 legal voters of voting precinct No. 1 or East Mt. Vernon, asking a submission of the question "Whether cattle or any species thereof shall run at large in said precinct" it is now ordered by the Court that a poll be opened and said voting precinct at the local polling places to be held in said precinct on the 2nd day of November, 1915, for the purpose of ascertaining the will of the voters of said voting precinct upon said question.

## INDEPENDENT CANDIDATE

FOR

### Representative

TO THE VOTERS OF ROCKCASTLE COUNTY:—At the solicitation and promise of support of many friends, regardless of political affiliations, I offer myself as an Independent candidate for the office of Representative in the next General Assembly of Kentucky, from Legislative District No. 70, composed of Laurel and Rockcastle counties. And if by your votes, you place this very important office in my keeping, I promise you that I will discharge its duties in an honest, faithful and conscientious manner. For as an Independent my actions would not be bound or my vote controlled by any political ties or party caucuses, but I would be free and untrammelled to work and vote for any and all measures that would be of most benefit to the people of our district.

The office of Representative is a very important office, one of the most important that you can bestow on a man. As it is through the Legislature that the laws are made that must govern the State or county, and which, of course most necessarily affect the interests of every one.

I elected as your Representative, but I would like the passage of an Act that would give equal representation to all parts of the State—no district, as it were, founded on justice and not on politics.

My temperance views are in accord with the platforms of both the old political parties, as to our present County Unit Law. As I think this is the best temperance law that can now be obtained, but I do favor a more rigid enforcement of this law. As there is a great deal of illegal handling of liquor all over the country, we must all admit. But if I am elected as your Representative, I will introduce a measure, which if it becomes a law, will greatly lessen

it not entirely do away with this evil. I favor the passage of any law or laws that will advance the cause of education or the betterment of our schools. But I am opposed to the frequent changes that are made in the text books of our schools. And I favor the passage of an Act that would prevent any changes being made in school books often than every five years, and then only in gradual way and not a sweeping or radical change. As these constant changes in school books works too great a hardship on the poor man's pocket book.

I am a strong advocate of good roads, and believe that every present State Aid Law great good will result to our mountain counties. But still I believe that a few beneficial changes can be made in the most excellent law that will make it more satisfactory and put the construction of the roads on a more business like basis.

Your Representative in the Legislature is nothing more than your servant. You pay his salary and you have the right to expect of him that he will promote and guard your interests at all times. And it is a question of getting a "laborer worthy of his hire." And when you come to cast your vote on November 2nd, this is the simple business proposition for you to decide: If you honestly and conscientiously believe that my opponent can better promote and guard your interests in the next legislature than I can, then I feel that you should give him your support, but if on the other hand you feel that I can better serve your interests, then now I please give your vote to me.

As the time is limited between now and November election, it will be an impossibility for me to

visit both counties and see each of your needs, and solicit your support then won't you please to either office and consider it a personal appeal to YOU FOR YOUR SUPPORT. And if by your votes, you place this most important office in my keeping, I can assure you that its affairs will be conducted in a fearless, impartial and non-partisan manner, and that no official act of mine will ever give you cause to regret having given your trust in me.

Very respectfully,  
E. A. CHILTON.

#### VOTERS OF KENTUCKY

Answer these questions on election day. Under Republican rule W. I. Street controlled the money and credit of the nation. The Democrats in party destroyed that control. Are you with Wall Street or the Democratic party?

The administration of Woodrow Wilson has extended the Parcel Post and reduced the cost of transportation. Are you for the Express Companies or the Parcel Post?

Woodrow Wilson drove from Washington on the paid telegraph of special privilege who furnished under Republican rule. Are you for Woodrow Wilson or the lobbyists?

If A. O. Stanley is elected Governor he will drive the lobbyists out of the State. The Republican party is the friend of the lobbyists. Are you for Stanley or the "Invisible Government"?

The Republican party levied taxes on the necessities of the poor. The Democratic party levied a tax upon the income of the rich.

Are you for a tax on the necessities of life or for a tax on wealth? Woodrow Wilson has preserved peace in this country without the sacrifice of honor or the lives of our splendid young men. Are you not patriotic enough to rejoice that Woodrow Wilson is our President?

A vote for Stanley is a vote to sustain the policies of Woodrow Wilson.—Ex.

#### \$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh of the bladder. Catarrh of the bladder is a positive cure known to the medical fraternity. Catarrh being a constitutional disease, it requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by restoring nature in doing its work. The proprietors have so much faith in their catarrh cure that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

Address E. J. CHENEY & CO., Toledo, Ohio. Sold by all druggists. Take Hall's family pills for constipation.

#### STANLEY AS GOVERNOR

If the Democrats will only come to the polls on November 2nd and vote for Stanley and the entire democratic ticket, there is no earthly reason why the entire ticket should not win by an immense majority. We all know now that both Senate and House are absolutely safely democratic. Then what is the use of electing Morrow Governor? He would only be a figurehead. His vetoes would amount to nothing for they could be passed over his head at any time. With Stanley Governor the Democratic party will be in a position to do some valuable Democratic legislation. The state would then receive the best compensation from its law makers. If Morrow should be selected, all the people could hope for would be time and money thrown away. We would see our Republican friends who have the good of the Old Commonwealth and especially the independent voters can readily see the uselessness in voting for Morrow. Vote for Stanley and the entire democratic ticket and thereby render your state valuable service.

#### WHAT WOULD YOU DO?

There are many times when one can question one's actions and motives. Men act differently under different circumstances. The question is what would you do right now if you were suffering cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. P. Sargent, Fern, Ind., says Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it. For sale by All Dealers.

**THE COLDS OF MANKIND CUREFOY PINKS**

Have you ever gone through a typical pine forest when you had a cold? What a vigorous impulse it sent! How you opened wide your nostrils to take in those invigorating and mysterious qualities. Yes, Dr. Bull's Fine-Tar-Honey possesses those stimulating qualities and overcomes hacking coughs. The inner lining of the throat is strengthened in its attack against cold germs. Every family needs a bottle constantly at hand. 25c.

Stanley rides a Democratic mule up in the mountains in Morrow's Boone county. Ed Morrow is outside the Republican camp as ungraciously as that will not be able to get him anywhere in his hopeless chase for the office of Governor. But at that Morrow is a fine fellow, and while he cannot win what he is ostensibly after in this election he might as well as take it for himself in a race he will make in the future to succeed Caleb Powers, the Republican Congressman from the Eleventh district—Shelbyville Record.

The Legion road passed to the right of the Town Hill until the year 1860 when the road was made around on left side of the hill, with a much better grade. There was a tragedy committed with the grading of the road. "Robt. Aldred killed by J. Scarber, Oct. 5, 1868," so the tombstone states, stands next to Scarber's corner of Elmwood cemetery. Scarber concealed himself by the roadside and waited until the victim started home from work and struck him on the head with a stone. Aldred lived three days.

GOOD TIMES IN THE SOUTH

That the South is on the verge of the greatest period of prosperity it has ever known in all its history is the prediction of Charles E. Lutes, of Galesburg, North Carolina, who came to Lincoln county late last week to buy a car load of mules and to look after his farming interests here. Mr. Lutes went from this county to North Carolina several years ago, and has had unusual success in his horse, mule and other farming operations in the state of his adoption.

"With cotton selling now at 12 and 13 cents, and very apt to continue on the upgrade, the farmers of the South are feeling very good," said Mr. Lutes. "The production of cotton was cut down about a sixth this past season, which has been one of the seasons of its advance, and the fact that the European market has been gradually opened, has helped also. The cotton situation in this state is a blessing in disguise for the Southern planter when the war broke out, although few of them realized it at the time." Mr. Lutes continued: "It forced them to diversify their crops. There have been bigger corn and wheat crops grown in this state in past seasons than ever before in its history, while the feeding of hogs and cattle has also increased enormously. All of this has tended to show the southern farmer that they can make a good living, and that is very profitable to see

beginning at Chicago going via Indianapolis to Louisville, the other starting at Buffalo or Niagara Falls, thence across the Western portion of New York, Pennsylvania, across Ohio and entering the state of Kentucky, at Mayville. Thence via Lexington, and from that point will go over the road bed of Boone Way (Boose-Jackson) through Frankfort to Louisville where it converges with the Chicago division; thence to New Orleans via Bardonia, Glasgow and Southville, Kentucky to Nashville, W. Washington, Montgomery and Mobile on to the Crescent City.

Eastern Kentucky counties are working on a proposition to build a highway from Whitesburg, Lecher county, lying on the border of Virginia, to Richmond, Kentucky, thru the counties of Lecher, Logan, Perry, Breathitt, Lee and Dixie, there to connect with the Dixie Highway. It is proposed to name this road the "McCrary Highway," in honor of our Governor, who has been a constant friend and worker in the good roads movement.

THE HIGHWAY SITUATION IN KENTUCKY.

By JAMES MARET, President "Boose Way," Mt. Vernon, Kentucky.

In Meeting of Southern Appalachian Good Roads Association, Bluefield, W. Va., October 14, 1915.

One hundred and four, out of 120 counties in Kentucky, have taken advantage of the State aid road law, enacted in the year 1914 and are actively at work, or soon will be, in the construction of new inter-county east highways or the reconstruction or improving existing turnpikes. Southeastern Kentucky, as well as the other mountainous section of Eastern portion of the state has plodded with nothing much better than "trails" since Boone passed this way a hundred and forty years ago.

The most important thru highway proposition, to the people of Kentucky, Tennessee, North Carolina and Virginia, at this time is the "Boose Way," now being constructed from Cumberland Gap northward to connect with the Kentucky system of turnpikes. This road has been routed from Cumberland Gap to Louisville, across the state, a distance of 250 miles, via Middleboro, Pineville, Bartonsville, Corbin, London, Mt. Vernon, Crab Orchard, Stanford, Lancaster, Danville, Harrodsburg, Lawrenceburg, (west loop), Nicholasville, Lexington Versailles, Frankfort, Shelbyville, thence to Louisville.

There is a turnpike from Crab Orchard to Louisville, a distance of 155 miles, which is being improved by every county thru which this highway passes leaving 95 miles to be made between Crab Orchard and Cumberland Gap. This construction now under way, is expected to be completed by August 1916.

The East loop of Dixie Highway, that portion between Chattanooga and Indianapolis, will use 35 miles of the road-bed of Boone Way, (Dixie-Boone), between Cumberland Gap and Mt. Vernon, Kentucky, which it diverges for Richmond, Lexington, Cincinnati and Indianapolis. W. J. Sparks, of Mt. Vernon, is president, and James Maret, of that place, is secretary of the East Kentucky-Tennessee Dixie Highway Association, an auxiliary to the parent organization, with duties of looking after and encouraging the early completion of the work on this division of Eastern loop of this great highway between Chattanooga and Indianapolis. Most good roads readers recall the fact that the Dixie Highway (with loops) is routed from Chicago via Miami, Florida; the west loop diverges at Indianapolis going via Louisville and Nashville to Chattanooga where it converges with Eastern loop.

Yet another route has been located and named the Dixie Back Line, starting from Chicago going via Evansville, Indiana, and entering Kentucky at Henderson, thence via Hopkinsville and Guthrie to Nashville. The Jackson Highway, taken up on the map, is another important movement. From Atlanta, a great highway will run to Louisville, will connect with the Association at that point, and then on to Nashville. The routing of this highway is about as follows: One branch

beginning at Chicago going via Indianapolis to Louisville, the other starting at Buffalo or Niagara Falls, thence across the Western portion of New York, Pennsylvania, across Ohio and entering the state of Kentucky, at Mayville. Thence via Lexington, and from that point will go over the road bed of Boone Way (Boose-Jackson) through Frankfort to Louisville where it converges with the Chicago division; thence to New Orleans via Bardonia, Glasgow and Southville, Kentucky to Nashville, W. Washington, Montgomery and Mobile on to the Crescent City.

Eastern Kentucky counties are working on a proposition to build a highway from Whitesburg, Lecher county, lying on the border of Virginia, to Richmond, Kentucky, thru the counties of Lecher, Logan, Perry, Breathitt, Lee and Dixie, there to connect with the Dixie Highway. It is proposed to name this road the "McCrary Highway," in honor of our Governor, who has been a constant friend and worker in the good roads movement.

Kentucky has got into the good roads game for keeps, as is evidenced by the fact that 104 of her counties have applied for State aid and gone to work. It is to be recalled that the Legislature, in 1914, passed a road law which allowed any county in the state to draw from the State treasury an amount equal to that expended by said county upon the construction of new roads or the reconstruction of old ones. The first ones, however which must receive State aid shall be inter-county east roads. Where a county appropriates and uses \$100,000 upon the roads, in accordance to statutes, the state repays \$50,000 in yearly payments until that amount has been refunded to the county. Along with this bill was a provision laying five cents up on all property throughout the state, which fund is placed in the treasury for meeting these payments. Under this law there has been the greatest awakening on the highway subject that ever took place in the old commonwealth.

A large number of counties have voted bond issues. Others are following almost daily. But few counties have turned down the proposition. The latest to carry was Fayette county, which has the honor of placing in the state, yet later voted a \$100,000 bond issue to further improve its splendid highways.

Bonds and appropriations to the amount of \$1,850,000 has been voted and made by the counties thru which Boone Way and East Dixie Highway passes in Kentucky for the construction of these and local roads.

It is proposed, during 1916 to route Boone Way on Southeast from Cumberland Gap to Middlesboro, North Carolina, the old Boone and Daniel Boone, who left that point on his memorable march in 1775 for Kentucky, guiding the Hendersons to Boonesboro. The route will probably be about as follows: Via Bristol (Va-Tenn) Elizabethton, Tennessee, Elk Park, Avery county, North Carolina, near Crest of Blue Ridge Highway, thence over the line to Littleton, thence over the "Crest of Blue Ridge Highway", (Boose-Crest) to Blowing Rock; thence over the Bristol Charlotte Highway thru Patterson, Lenoir, Hickory, Newton and Statesville to Mocksville, with a branch or loop from Linville to Asheville and Blaine, near Crest of Blue Ridge Highway, thence thru Oldfort, Marion, Bridgewater, Morganton, and Conely Springs to Hickory, there to converge with Eastern loop for Mocksville. A spur is also proposed from Blowing Rock to Boone in Washington county, North Carolina. The distance from Louisville to Mocksville 500 miles. Cumberland Gap being the exact half way point.

The year 1915 still has almost three months to its credit, but in the progress made in its first three quarters it has more to its credit of substantial achievement than Kentucky's immediate and lasting betterment than any 4 1/2 years of the last half century.

The next annual meeting of the Southern Appalachian Good Roads Association will be held at Lexington, Kentucky, in October 1916, James Maret, of Mt. Vernon, was selected Kentucky Vice President of the Association.

MRS. CARRIERS FELT DISCOURAGED

Glad She Took Advice When Husband Said, Let's Get a Bottle of Tanlac

L. S. Little, Ky., Oct. 21, 1915. Statement after statement is being made in regard to the merits of Tanlac, the new medicine this is accomplishing such astonishing results in Louisville. Mrs. Sallie Carrithers, residing at 346 Grand Boulevard, city, wife of a well-known car builder at the L. & N. shops, said recently:

"My husband just simply forced me to take this 'Tanlac,' but now I am glad that I took the medicine, as I am one of the happiest women in Louisville. 'I had always suffered from catarrh of the stomach, but my real trouble began when I ate something hot and had vomiting poisoning as a result of it. My stomach was so such a bad, sensitive condition that I could not eat anything. 'My husband said to me: 'Why don't you try this Tanlac?' I had tried so many things that I feel discouraged and told him that I believed nothing would help me. 'He took me for a walk one evening recently, and when passing Taylor-Isaac Drug Store he said, 'Let's go in and get a bottle of Tanlac.' He had my arm and we went into the store together and bought a bottle of Tanlac. 'I waited until morning before I began taking the medicine. I took a dose before breakfast, one at noon, and a third at supper. That night I slept more soundly than I had in months. I now have taken two bottles of Tanlac and I feel like I am cured. I am here to get another bottle, though as my husband insists that I should do so. 'I simply cannot get enough to eat now. I never had such an appetite in my life. I enjoy everything I eat and I digest every thing properly. My stomach is in excellent condition and the catarrhal trouble has disappeared. My hearing has even improved. Tanlac is really a very wonderful medicine."

Tanlac, the premier preparation, is sold exclusively in Mt. Vernon, Drugstore of Chas. C. Davis, and can also be obtained at the Central Drug Co., Livingston, and John Robins' Drug Brodhead Ky.
