SUTTON & MCBEE

ample justice to the bountiful harvest. The plan is being discussed to make this educational meeting a fixed annual event and to increase its work and attractions for all realize its benefits to our schools and to educational interests.

FONED UP WHOLE SYSTEM
"Chamberlain's Tablets have done more for me than I ever dared hope for," writes Mrs. Esther Mae Baker, Spencerport, N. Y. "I used several bottles of these tablets a few months ago. They not only cured me of bilious attacks, sick headache and that tired feeling, but toned up my whole system." For sale by All Dealers.

BROWN SUGAR USED ON WOUNDS
Brown sugar is the best antiseptic dressing obtainable for the treatment of neglected wounds. Dr. J. M. Miller, of Chicago, told the convention of the American Association of Railway Surgeons in session at Chicago. The treatment, he said, was discovered by surgeons operating with European armies.

The above treatment was in common use in Garrard county far back as 1860, in the recollection of the writer, and no years and years before that time all over United States. The fact is that the French discovered it rediscovered an old remedy, though a mighty good one.

A good crowd attended the forenoon session and this was augmented by many late arrivals. Among whom were Prof. Irvine Webb was in Mt. Vernon Monday on business.—J. H. Browning was in Maywood Monday and Tuesday.—Dr. Walker formerly of Clay county has moved into rooms over the drug store.—Mrs. David Owens who has been quite sick is able to be at her post in the postoffice again.—Mrs. Sarah Hall and Mrs. Wm. Odell have returned from a visit with relatives at Harroburg.—C. H. Mullins has finished travelling salesman at Mallins Station was with our merchants Tuesday.—Newton Hodge has moved into one of J. W. Sams houses on High street.—There will be a speaking at the school house here Friday night. All candidates for the city council and the candidates for Marshal will make speeches. Several of our citizens went to Corbin Monday to hear the new Gov. of Ky. Hon. A. O. Stanley speak.—J. M. Rouse the sweet singer of Livingston has returned from a trip through the mountains.—The Teachers Association, Educational Division No. 4 met at Livingston Saturday Oct. 23. Those attending were Prof. Irvine and Miss Bradley of Mt. Vernon, the teachers of Livingstons Graded School and Prof. Flag and Prof. Funder who teach in this division. The last names were the only rural teachers present.

When the noon hour arrived the patrons of the Livingston school were in the school building and this was noted for the abundance and variety of dairy and tempting dishes. The mothers of Livingston are famous for their art in cooking and they spared neither time nor labor in this division. The hot and golden sun of autumn and the pure crisp air, gave those present a keen appetite and they did

Brochhead

For the information of the stockholders of the Standard Fair Association, we wish to say there will be no dividend declared this year. It is very true, however, that there were enough profits on this year's proceeds to have made a nice dividend, but the stockholders forget that they put out more than \$200,000 in improvements and liquidating a few small outstanding debts this year, and we want them to know that we have sold only 158 shares of the 200 shares authorized. At a recent meeting of the directors it was decided not to offer for sale any more stock, and to use the available proceeds toward liquidating the indebtedness, which has been done, leaving still an indebtedness of \$400. Had the 42 remaining unsold shares been sold of the association would have been out of debt, but should we be successful next year as this \$400 can be paid off, the capital stock remain at \$180,000, and have something left to call our own. It is a little hard for the average stockholder to understand that when the gross receipts of one year are in excess of \$200,000 that it is possible to spend this amount for necessities, yet an itemized list of all expenses have been made and any stockholder is welcome to look over this list, and at our annual meeting this list will be made public. We give this in order to attempt to satisfy the few who invested \$10 to two years ago, and expected to pull down at least \$15 in dividends this year. Mrs. E. M. Brown is visiting relatives at Dry River, and drinking water from the famous Carlsbad spring. Mrs. Storm is in poor health and expects to re-

ceive benefit from this visit, and she writes that she is much improved already. Miss Ella Carson left last Friday for Detroit, Mich., where she will spend two months, the guest of Mrs. Frances Forbes.—George S. Durban was here from Sparks Quarry a few hours Wednesday.—S. T. Proctor, of Mt. Vernon, was here Wednesday night. His father J. W. Proctor, of the Cherry, of Crab Orchard, represented Brochhead Chapter of Royal Arch Masons at the meeting of the Grand Chapter in Louisville last week and Guy Roberts, the Grand Supt. of the school, representing Brochhead Lodge of Masons at the same place and time. Sylvan Bordes accompanied him.—Ben Pike is in Detroit, Mich., and we learn has a position with the Street Railway Co., of that city, at 40 cents per hour, working to home every night.—Ben is an experienced motorist and we are glad to know that he met with success so soon after arriving in the northern city.—Mrs. Bettie Tharp returned home Saturday after spending several months with her son in Oklahoma.—Mrs. George Martin, of Louisville, was the guest of her parents, Mr. and Mrs. J. B. Purcell, here last week.—C. L. Lear, better known as Chint, purchased a house and lot from Walter Miller, for \$550, and will move his family here at once. His children, the children of George Martin, of Louisville, may have the advantage of our school. Mr. Miller who lives at Lebanon Junction, has bought a small farm there, and will move his family on it.—The Carson Wheeling Motion Picture show made its first appearance Wednesday evening, and reports that the show was a good one and well attended. The postman have gone to the expense of securing a fire proof box, and this

eliminates all danger of fire. We feel that they will be rewarded for their painstaking precaution with good crowds; and we hope their undertaking will prove a success.—D. O. Combs, of Mt. Sterling, held regular services at the Christian church here Saturday and Sunday.—The diphtheria scare of last week is all gone. No new cases, and the sick are all reported better.—J. F. Watson was in Mt. Vernon Sunday between trains.—George Owens, the Mt. Vernon Picture Show man, was here Wednesday evening to assist Carson & Wheeloid with their first show.—Dr. M. K. Pennington, the London Dentist, is here for two weeks practicing dentistry.

THE COLDS OF MANKIND CURED BY PINNS.
Have you ever gone through a typical pine forest when you had a cold? What a vigorous impulse it sent! How you opened wide your lungs to take in those invigorating and invigorating qualities. Yes, Dr. Bull's Pine-Tree-Honey possesses those stimulating qualities and overcomes healing coughs. The inner lining of the throat is strengthened in its attack against cold germs. Every family needs a bottle constantly at hand. 25c.

Livingston

S. R. Carter and family have returned from the exposition at San Francisco, Cal.—Mr. C. A. Stanford is in Knoxville on business.—G. S. Griffin and Dr. R. G. Webb were at Corbin Saturday night to hear the speaking.—C. C. Franklin the watch repairer of Mt. Vernon was here Wednesday night.—The school board has been notified to have a meeting here between teachers and parents at Parkville, Mo., and
