John Robins was down from Brodhead yesterday.

Emmett Bryant, R. R. agent at Pine Hill, was with home-folks yesterday.

R. L. McFerron was down on the river this week surveying out some land he had sold.

Mr. J. C. McClary, the Stanford undertaker, came up Saturday and embalmed the body of Mrs. Schroeder.

Mr. and Mrs. Hugh Miller left Tuesday for their home at Miami, Oklahoma.

The high winds have dislocated the finial on the cupola of Presbyterian church.

Misses Ora and Estie Brown of Love) Green, were in town Monday having some dental work done.

Miss Jennie Morrow Miller was at home from Millersburg College for a few days visit to home-folks.

W. A. Carson and son, Greaves, of Brodhead, have been doing some papering here this week to Floyd Miller.

Logan Bryant was in Louisville yesterday and brought back a new Ford for Mr. A. E. Albright at Brodhead.

T. N. Nee and son, Charley, who have had a long siege of sickness, are able to go to the table to take their meals.

Rev. Jack Lancelford, of Langford Station, was given the Intercollegiate degree in Masonry here Monday night.

W. B. Spivey who has been at Chattanooga doing a big job of concreting, has finished his contract and returned home.

Miss Fergina Fishback was called home Saturday from Midway on account of the death of her sister, Mrs. Schroeder.

Mr. and Mrs. W. C. Hoffman came over from Paris, Saturday, on account of the death of Mrs. Hoffman's sister, Mrs. Schroeder.

John Briggs, the popular Brodhead druggist, and the Signal's most efficient correspondent, was here yesterday between trains, on business.

Cassius M. Forbes, of Osage, Iowa, is visiting relatives here, and in the county. Mr. Forbes was a resident of the Big Hill section of this county 12 years ago.

Mrs. James Turner and daughter, Miss Edna Grace, were guests of Mr. and Mrs. B. T. Moynahan during the week. Mrs. Turner is the mother of Mrs. Moynahan.

Charles F. Higgins, of Richmond, who was a well known tramping man through this territory some twenty years ago, was here Saturday to see his many friends including the Boone Way men.

Mr. Joe Harkins, who formerly attended Centre College and who now practices law in Prestonsburg, spent Friday and Saturday with his brother, W. Scott Harkins, Jr., who is now attending Centre College—Danville Advocate.

J. B. Thompson is working the ground limestone proposition in Garard, Lincoln and Madison counties. With some who require considerable talk to convince them that ground limestone is the thing for their land needs, but once it is used, further argument is unnecessary.

Mrs. O. N. Sealey, of Boston who has been visiting her sister, Mrs. Charles S. Nee'd, was operated upon this week at Norton Memorial Infirmary for appendicitis.—Courier Journal.

Mrs. Sealey was Miss May Adams, of Mt. Vernon, a daughter of Capt. Jack Adams.

Mrs. Mary Cummins, of the Poplar Grove section, celebrated her 77th birthday last Monday the 27th, at her home. There were 53 persons present, including her children, grand children and a few friends. The Signal and a host of its readers, wish Mrs. Cummins many, many happy birthdays.

Train No. 86 running in two sections on New York Central road near Cleveland, Ohio, early Wednesday morning had a rear end collision. One minute later the Twentieth Century Limited, the fastest train in the world, running 90 miles an hour, smashed into the debris, plunging it up 30 feet high. Twenty coaches and baggage cars were upset like to-rains. The death list shows 27 dead and 43 injured.

Master Robert Fish, son of Mr. and Mrs. G. C. Fish, who easily led in the Boys' Corn Contest, was recently notified that he was the winner of another, making seven prizes in all, instead of six, as previously reported. The prize offered was the seventh—a ditching spade, which Robert will go to town tomorrow to get and while there will be the guest or Mr. Robert Spence, the County Agriculture Demonstrator.

George Owens, proprietor of the Boone Way Opera house, always striving to give his customers the very best, has, at a considerable expense, made an improvement on his show house which will add materially to the comfort of those attending his splendid shows. A booth has been erected on the front of the building, the entrance and exits better arranged, the machine will be far enough away to eliminate any noise and the seating capacity has been increased about twenty five percent. With these changes and additions the Boone Way will be a very creditable show house, and we trust the enterprising manager will get the liberal patronage which his attractions demand. He is now arranging for two special features which will be announced later which will be as good as any shown by any of the moving picture houses elsewhere.

Judge G. M. Ballard and County Road Engineer Moynahan, were in Frankfort Tuesday, when plans and specifications were submitted and approved for extending the Wildlife road on across Roundstone creek. The original survey stopped 800 feet this side of the creek, and in event the road should go to Boone's Gap instead of up through Scalfold Cane, the much needed bridge would have been lost. While the route from Roundstone to Madison is yet undecided, still no matter how the road runs this bridge is badly needed for the benefit of the whole of that section of the county. Let the pike go as it may, under the present arrangements, the people of the Wildlife section will have a benefit of the bridge across Roundstone which has often past finding during the wet season.

C. R. McKinney, of Spira, sold 21 good hogs to Michel Cress, at 8 cents. Mr. Cress also bought six good hogs from H. C. Owens for 8 cents. H. C. Owens sold a colt to Gail Rogers, of Crab Orchard, for a fair price.

CARD OF THANKS.
To our friends who were so kind and sympathetic during the recent illness and death of our beloved daughter and sister, Elizabeth Schroeder; we desire to express our heart felt thanks.
MRS. ADA FISHBACK AND CHILDREN.

Mrs. Elizabeth Schroeder, wife of R. W. Schroeder and a daughter of Mrs. Ada Fishback, died last Saturday morning after an illness of only a few days of uremia, poisoning. Ten days before her death a fine baby girl was born to Mrs. Schroeder and from that time she showed a gradual decline. Besides her ten days old baby, she left a boy four years old. The remains were taken to Stanford on that early train Sunday morning where the interment took place.

On last Saturday night, P. E. Shivel, a well-to-do farmer living near Brodhead, lost from his meat house something near 200 pounds of meat. Sunday morning, Mr. Shivel telephoned the officers who at once started for Mr. Shivel's place and to make search for the stolen meat. After some few hours' searching, the meat was found in an unoccupied house on the Griffin farm, near the Double Springs at Mareburg. From the circumstantial evidence which the officers were able to gather at the time, Roscoe Griffin, who lives on the old home place and near where the meat was found, was brought to town but released on bond the next morning. Warrants were also issued for P. Y. Hunt, M. J. Leatham and Joe Fletcher. The boys all came in on Tuesday and gave bond, and the trial for the four was set for yesterday, but on account of the sickness of Fred Shivel, the principal witness, the trial was continued until next Wednesday, April 5th. The accused, of course, bitterly deny any connection with the theft and we sincerely hope that the facts when brought out will fully vindicate each and every one because of themselves personally and their family connections.

KNOXVILLE'S FIRST TRADE TRIP GETTING TOGETHER

Over One Hundred Prominent Knoxville Business Men to Visit Here On Big Special Train

Itinerary of Four Days' Trip, From Knoxville to Asheville, N. C., and Return, Stopping in Forty-Four Cities in Four States for Social and Business Calls

Special—Knoxville's First Trade Trip, which will start April 11th and continue for four days, will be a series of lectures in Tennessee, Kentucky, Virginia and North Carolina. All towns will be visited. The "special" which will leave Knoxville on Tuesday morning, April 11th, at 7:00 a. m., will consist of eight all-steel Pullman cars, including two dining cars and a combination baggage and buffet car. The itinerary of the four days' trip will be as follows:

FIRST DAY, THURSDAY, APRIL 11

7:00 a. m. Leave Knoxville for Chattanooga
8:00 a. m. Arrive Chattanooga
8:30 a. m. Leave Chattanooga for Nashville
9:30 a. m. Arrive Nashville
10:00 a. m. Leave Nashville for Knoxville
12:30 p. m. Arrive Knoxville

No expense has been spared in the planning of this trip by the Knoxville Board of Commerce to make it a success, and allow the members of the party the longest possible stay in each town, and yet make the number of towns necessary to cover so much territory on the first trip. Few realize the amount of work and preparation that is involved in the running of one of these Trade Trips. Before the train starts on its way, the executive committee in charge of the Trade Trip will have some many weeks in working out the details, in order to insure no hitch or confusion.

First the route had to be selected, the itinerary adopted and the arrangements made for the facilities at each of the member's of the trip. The commissary car must be stocked, the baggage checked, and the facilities at each stop sought in Knoxville, which in itself should prove a big and important part of the trip; the red, white and blue umbrellas to be carried by the members ordered, and the badges to be worn secured. These badges will be printed on them "Knoxville's First Trade Trip, April 11th to the people of the towns visited, as it will not be necessary for one to ask names, but by merely looking at any member's badge one can get the member's name, title and address. Besides these badges, each member will be given a white card which will be used as a "key" to the towns visited.

Withers

Purpose of Visit of Knoxville Trade Trip Members Is To Cement Business Relations

Business Men of Knoxville Want to Know More About Conditions Here, and Desire People Here to Know More About Knoxville as a Manufacturing and Jobbing Center.

Back of the white hats, the striped umbrellas, the music, the fun and goodwill of the Knoxville Trade Trip, there is a very serious purpose. This Trade Trip has a meaning, and that meaning is illustrative of the best spirit of Knoxville.

For, be it known, that this is "Prosperity Year in Knoxville"—her mills and factories are running, and the wheels of commerce are humming. Knoxville is stirred in every pulse and fibre as she has never been stirred before—with a new spirit of enterprise, of push and purpose that is built upon the solid rock foundation of confidence and confidence in her own future, and sense in the loyalty of her people and aggressiveness of her progressive business men and institutions.

Wm. H. Crouch, leader of the U. of T. band, which is to visit here.

It is in the spirit of this new prosperity that this First Trade Trip is being made, and it is far from a selfish spirit, for Knoxville is not coming to sell; but to see and to buy!

In her new prosperity she must look beyond her own doors for raw material.

Knoxville wants to extend to the people of her sister towns and cities the "glad hand," and to them an invitation to grow as she grows. Knoxville wants to see to it that her prosperity is to profit by her prosperity.

There will be a result to this trip that ought to be of special interest to this town. Being, as it is, in itself an example of organization and efficiency, the trip ought to stimulate greater interest in our local commercial organization and in greater commercial activity. Then, too, the visit of the Knoxville Trade Trip will offer to our local boosters an opportunity to do some boosting of their own gains.

The Special will carry representatives of both of Knoxville's big daily papers, newspapers that are read far and wide. The impression they gather of the towns visited, and which will be gathered by the other members of the party, will have a far-reaching effect and untold good should result.

Let us go out and meet the "special" with a spirit which will animate them, in a spirit of wanting to get closer together and of co-operation and thereby both sides will be benefited.

HOW TO MAKE MONEY AT HOME.

Start a saloon in your own home. Be the only customer (you'll have no license to pay) Go to your wife and give her two dollars to buy a gallon of whiskey, and remember that this and any wine drunk in a gallon. Buy your drink, and you none but your wife, and by the time the first gallon is gone she will have eight dollars to put in the bank and two dollars to start business again. Should you live ten years, and continue to buy booze from her, and then die with neither a penny in your pocket, she will have enough to bury you decently, educate your children, buy a automobile, marry a decent man, and quit thinking about you entirely.

Rev. J. C. Soward preached a very interesting sermon here Sunday, subject, "What is your life." If each of us would just stop a moment in this busy life of ours, to think, what is my life and what influence is my life having on my own family, and on those around me. I'm sure a great many things that we do, would be left undone.

At Miss Ethel and Emma Davis of Mt. Vernon, and Miss Grace Thompson of Quall, were the pleasant guests of Mrs. Sarah Wallin last week. Mr. Charles Chandler and little son are visiting Mrs. Chaney's parents, Mr. and Mrs. Wm. Houk this week.

Mr. Chaney of Pogo is visiting his son, Cy, Chaney, Mr. Chaney has been in poor health for some time, and it is hoped that he may be benefited by the change. Mrs. John Hamlin, who has been right sick, is some better.

Coming Again

Most of the Clothcraft suits in our store will be bought by men who wore Clothcraft last winter.

We know these men will come back—for Clothcraft buyers are repeaters.

Ask any man who wears Clothcraft—we can tell you of lots of them—if he ever before got as much comfort, good style and long wear for the same cost.

Clothcraft makers have for three generations devoted all their efforts to improving medium-priced clothes. By scientific study they have worked out shorter and better ways to perform all the operations that make a suit. Their success gives you better fabrics, better linings, superior workmanship—in a word, more style, comfort and value for your money.

Drop in and see Clothcraft Clothes for Spring and Summer. We know that after one experience your own satisfaction will tell you why Clothcraft wearers come again.

BEN RIDDLE and Edgar Brown, who went to Detroit, Mich., a few weeks ago, are here for a few days making arrangements to return. Mr. Brown will move his family there. Both men have good positions—Judge G. M. Ballard and County Attorney E. R. Gentry, of Mt. Vernon, were in town late Sunday afternoon. They had been assisting in locating the thieves that robbed P. E. Shivel of five hogs and two shoulders of meat from his smoke house the night before. From what we can learn something very interesting will likely develop.—Mr. and Mrs. Fred L. Durban, and little son, were with relatives here Saturday and Sunday.—Miss Amy Proctor, of Mt. Vernon, was the guest of her aunt, Miss Mary Proctor, the first of the week.—Mr. and Mrs. J. C. Moore were here from Mt. Vernon, visiting the family of J. W. Moore during the week.—Sylvan Bordes was in Mt. Vernon, Monday, on business.—Mrs. Joe Mink, of Richmond, returned to her home, Monday, after spending several days with her parents, Mr. and Mrs. P. E. Robbins, and other relatives here.—Mr. and Mrs. Walter Boyd, of Corbin, were visiting relatives here during the week.—The Rev. and Mrs. H. T. Young, of Mt. Vernon, were the guests of his brother, B. T. Young and family here last week.—Master Robert Davis was with his sister, Mrs. Walter Robins, for a short visit last week.—E. B. Newland, who has a splendid position at Heidelberg, Ky., was with home folks here a few days last week.—A. T. Furnish was in Mt. Vernon, last Monday.—Mrs. E. H. Hatcher, of Heidelberg, was the guest of her sister, Mrs. W. E. Gravely last week.—Miss Ella Belle Newland, who has been suffering with something like rheumatism for several months, was taken to a specialist in Lexington the first of the week for treatment.—Mrs. A. T. Farnish was in Crab Orchard, Monday, to visit her mother.—Mrs. J. W. Dyer is attending the week in Louisville paying her spring line of millinery.—J. C. Goodwin, the Crab Orchard Bottling Works man, was here last Friday and closed a deal with our fair concession man for soft drinks and ice cream. Mr. Goodwin knows a good thing when he sees it and admits that the Brodhead Fair is getting bigger each year, and that he is willing to pay the advance price. He has had these privileges several years.—Our Livingston friend says that the reason his democratic friend enjoyed the republican convention so much was because of the fact that so much discord and confusion was there. That may be, but the real low feast will be just after the returns come in from next November election when our Livingston friend, with all his sympathizers, will be wondering, at the great change that took place, and what really became of what he now calls discord and confusion.—Miss Tompsett Ward spent from Friday until Sunday with her parents, Mr. and Mrs. J. H. Ward, at Lebanon.—Mr. and Mrs. J. M. Roberts, and Miss Annie Cass, were in Louisville last Saturday shopping.—Everett Watson is quite ill with pneumonia this week.—John Robins was in Mt. Vernon, Monday, a witness in the prosecution of one of the boys, J. M. Lear.—Mrs. T. E. Cook returned from a week's visit to her daughter, Mrs. L. B. Hilton, in Stanford.—Mrs. Ed. Sprong, and little son, were in Williamsburg, Friday and Saturday.—Will McGee spent several days with his sister, Mrs. Lester Hilton, in Stanford, last week.—Miss Clyde Watson was with home folks from Friday until Sunday.—The Rev. A. J. E. H. Miller, minister at the Baptist church, Sunday morning and evening.—R. L. Smith, farmer and stock trader, of the Mt. Vernon, was here and vicinity this week buying cattle.—Dr. and Mrs. W. E. Carter were in Louisville, Thursday shopping.—Mr. Stewart, who has been attending a business college in Bowling Green, has accepted a position in Balden, Va.

WORTH YOUR TIME TO READ

The following article which by chance dropped into our hands, was written by one of the best and shrewdest business men of Eastern Kentucky, and we have reproduced it with the hope that our farmers, business and professional men will read it and consider what such would mean to Rockcastle.

The article is as follows:—Rockcastle county success depends on success of Rockcastle county farmers. The success of Rockcastle county farmers depends on persistent and intensive application of muscle and brains to local conditions. The man who depends on dead, poor soil can never succeed. Dead poor soil can be changed to live, productive soil by the use of crushed limestone, phosphorus and decaying vegetable matter, with intelligent crop rotation. The crop rotation must include clover and cow-peas. Where land is fresh (new) or has been limed, clover is much the better. If old and unlimed, use cow-peas. No phosphorus, when used with good supply of stable manure or green clover, crop turned under, should be in form of raw phosphate rock, finely ground. This is much the cheapest way to secure a supply of phosphorus; but if in old land, deficient in humus, use acid phosphate.

Graining cattle, sheep and chickens will probably prove most profitable in Rockcastle county, if dogs interfere with sheep, the farmers should organize a Farmers Protective Association, and join together in killing dogs. It costs more to feed a dog than to buy a sheep. To grow stock successfully the feed for all the year must be grown at home, pasture in summer and plenty forage for winter feed.

Lancaster county, Pennsylvania, is the richest farming county they handle more cattle than any farming county in America. Russell H. Conwell in his famous lecture, "Access of Diamonds," pointed out the diamonds in the vicinity of where we live. If found in Rockcastle county they will be found in stock raising and up-to-date farming.

Good roads and good schools are essential to prosperous and contented rural communities. Do your part toward promoting and maintaining both. Be a booster and not a quaker. Boost for your own neighborhood, your own school district and your own county. Spend your money at home when you can do better, in so doing, send away from home for supplies. The big catalogue houses are run at big expense and are not in position to sell except at GOOD PROFITS. When you did postage, express charges, tax, you seldom, if ever, make a saving. Remember they do nothing to help build up your county. When you send your money to Chicago you may be helping to keep up streets and schools in Chicago but you are not helping your own county roads and schools.

CATARRHAL DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the ear. Catarrh Cure acts through the blood on the mucous surfaces of the ear. It gives you One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Halls Catarrh Cure. Circulars sent free. Write to J. C. CHANEY & CO., Toledo, O.

"Weatherproof Paint"

Quick changes in weather and temperature are a severe test for any paint, but Hanna's Green Seal will "holdup" every time. It's put together with this all-weather feature in view.

Children Cry FOR FLETCHER'S CASTORIA

Disputants

Farmers are very busy. We believe spring is here after a long wet unhealthy winter. People are at work on every side sowing oats, clearing, plowing and burning tobacco beds.—Rev. Hughley Ponder has returned from Louisville where he has been attending the Baptist Theological Seminary. He filled his regular appointment at Clear Creek Saturday and Sunday. Rev. Ponder seems to have improved both physically and mentally. James L. Gatlin and Miss Laura Ballinger were quietly married last Wednesday at the home of the bride. Mr. Gatlin is the son of Squire James Gatlin, deceased. The bride is the daughter of Reuben Ballinger, a well known farmer of the Johnetta section. Their many friends join in wishing them success.

Charles King and Miss Ethel Gatlin were married at the home of the bride Thursday March 23. Rev. Wesley Abney officiated.—Mrs. Maggie Thomas, wife of W. H. Thomas, died March 23. She was a daughter of Uncle Willis Shearer. Mrs. Thomas has been in very poor health for some several months with kidney disease. She was very patient during her illness. She leaves a husband four children, several brothers, sisters and father and mother to mourn her loss.—Mr. and Mrs. Sherman Chasteen attended the wedding of Charles King last week.—W. E. Spires and wife have been with Mrs. Spires' mother, near Climax, for the past two weeks.—George Payne visited his father and mother, Mr. and Mrs. O. M. Payne, from Saturday to Monday. George says people are working on Brindle Ridge.—Oscar Chasteen and family, of Dryden, are visiting relatives here.

HOW TO PREVENT CROUP. When the child is subject to attacks of croup, see to it that he eats a light evening meal, as an overloaded stomach may bring on an attack, also watch for the first symptom of coughiness, and give Chamberlain's Cough Remedy as soon as the child becomes hoarse. Obtainable everywhere.

When one realizes that exactly one million bottles of Tanlac were sold nine months to the day after its introduction, it can be readily understood why Tanlac's success built on merit alone has been considered a romance of the staid business world.

Another great point in Tanlac's record is the large repeat sales. In other words the sales record established by Tanlac is due to satisfied customers who have realized the benefits of this wonderful tonic and have returned for their second, third, fourth and often fifth bottle.

Mr. O. F. Whittle, representing Knoxville's First Trade Trip, and President of the White Springs Company, which operates a summer resort at White Springs near Knoxville, is visitor here this week.

A REMARKABLE RECORD SECURED BY TANLAC HERE.

DEMAND CONSIDERED MARVELOUS BY TOLSON'S BUSINESS WORLD.

When one realizes that exactly one million bottles of Tanlac were sold nine months to the day after its introduction, it can be readily understood why Tanlac's success built on merit alone has been considered a romance of the staid business world.

The secret of Tanlac's success which has surpassed the record of any other preparation ever known in the annals of proprietary medicines, is its good reputation, which has been established in every community where it has been introduced.

Tanlac's best advertiser, it has been shown, is the grateful man or woman who has suffered all the agonies of stomach, kidney, liver disorders, or kindred ailments, and have found relief through this wonderful constructive tonic.

Another great point in Tanlac's record is the large repeat sales. In other words the sales record established by Tanlac is due to satisfied customers who have realized the benefits of this wonderful tonic and have returned for their second, third, fourth and often fifth bottle.

It is true, however, that only one bottle of Tanlac often has been found sufficient to relieve. In long standing cases, however, it is beneficial to take a thorough Tanlac treatment.

Tanlac has proven very effective in stomach, liver, kidney and intestinal disorders, and through systematic cleaning powers and tonic effects gives the best results for catarrhal affections of the mucous membranes.
