NOTICE

Having sold my stock of drugs to The Brodhead Pharmacy I desire to thank my friends and patrons for their patronage in the past, and ask that you give to my successors the same loyal support that you have given me. Those who owe me will please call at once and settle as this matter must be closed within the next few days.

Very respectfully, JOHN ROBINS, Brodhead, Ky.

The "Birth of the Nation," the great moving picture show, which attracted so much attention at Louisville only a few weeks ago, will be shown at Grand Opera House, Paris, Ky., on April 21, and 22. Those who have not seen this show should avail themselves of this opportunity to see this great attraction.

LECHLEITER & MITCHELL, Proprietors and Managers, Paris, Ky.

County Court Clerk, S. F. Bowman informs us that he has sheep money for Rockcastle, but the allowance is not full, being only 70% cents to the dollar. As the sheep claims have been heavy this year and the number of dogs listed fewer than ever before the result is that the sheep claims can not be paid in full, and those who lost sheep must stand the loss. If the people do not list their dogs those who have sheep killed, can not expect to get pay for them, and at this time we believe it appropriate to suggest to the sheep raisers that not half of the dogs are being listed and that it is up to him and his deputies to see that the dogs are listed hereafter.

Chas. O. Davis was in Winchester Wednesday where he closed a deal for the Brown-Proctor Pharmacy and took possession yesterday. Mr. Davis returned to Mt. Vernon yesterday morning and closed a deal with Robert Barry Miller for his drug store here, who also took immediate possession. His residence on Richmond street he sold to C. O. Young of Winchester, in exchange for the stock of drugs. Mr. Davis will leave to-day for Winchester to take personal charge of his new place, yet Mrs. Davis and two daughters will remain in Mt. Vernon. The sale of the store was a very nice place in town. Mr. Davis will be heard of by Chas. O. Davis, and we certainly regret to lose him and his most estimable family. In all matters of a public enterprise he was one of the promoters and in the church and Sunday School was the leader, having been Superintendent of the Sunday School at most consecutively for the past fifty years. While we sincerely regret that he will no longer be with us, we are glad to see that he will be so happy and profitable one to him and his.

It takes ten years to organize a fair to-morrowing sized Boosters' Association. But you can organize a Standing-Room-Only Knockers' Association in ten minutes.

THINK ABOUT IT

The persons who send their money to mail order houses not only get worsted, but are surely working in direct opposition to their home interests. What do mail-order houses care about your sick, or if you need credit to carry you for months, who they extend you the courtesy? Now, as you have to send them the spot cash or your orders are thrown into the waste basket. There are people, and we are sorry to repeat it, who will send their money away to these firms for goods and then have the unmitigated gall to ask home merchants for credit. Shame on such ungrateful citizens.—Danville Messenger.

Consul Frost At Quelestown Showed His Ability In Report on the Sussex.

Washington, March 31.—A keen student, Wesley Frost, United States Consul at Quelestown, is in the limelight to-day as the result of his prompt action in reporting to his government the sinking of the liner Sussex, and it is understood Mr. Frost's prompt notification of the sinking and his subsequent businesslike activities and results of which were forwarded to Washington aided the State Department materially in handling this matter, the Kentucky Consul's reports having been found exceptionally clear and reliable. Consul Frost is a son of President W. G. Frost of Berea College.—Lexington Leader.

The following is a copy of a letter written by one of our young consuls who probably is also a son of "Tom Sawyer and Huck Finn's rangers":

JOHN ROBINS, Brodhead, Ky., March 14, 1916.

Dear Bernard—

Frank has an office at his house.

I am coming up to Frank's and we will come up to your house too.

We want all the Indians and cow-boys to come. We are planning an expedition against the Mexicans. I understand the one who is camped in the Dark Hollow getting nearer town. They were reported to have been housed in the Marler cave night before last. By reports of our scouts we are sure of a big victory if we start before daylight. Frank is Daniel Boone. Joe is Simon Kenton. Sillie is Colonel Whitley. Frank will come up to your house. M. name is Captain John Smith. Write soon.

MAKES NEW RECORD.

Mr. Sylvester Long delivered his famous lecture, "Lightning and Toothpicks," to a large and appreciative audience at the Grand School building last Friday evening. This was the last number of the Lyceum course for this year. The 1915-16 course, furnished by the Lyceum Co. of Lexington, and consisted of five numbers, the first, Mr. Seilbartz, the second, impersonator, second, the male quartet, third Mr. Briggs, the story teller, fourth, the Brewster Musical Co., and last Mr. Long, the lecturer. With each number the audiences were always satisfied with the high class entertainment furnished, and as evidence that the people were satisfied, it was no effort to arrange a 1916-17 course, which will again be furnished by the Lyceum Co. of Lexington. The same talent was a led for next year but as our committee was late in arranging it, only one of the numbers will appear. If we will arrange next year, will Mr. Long be still available as we are sure of it. He will always be in Mt. Vernon. This is Mr. Vernon's 16th course, but the high class talent and reasonable figures at which the same was furnished by the Lyceum Co., has put Mt. Vernon on the list of towns which will not again be furnished without lecture or Lyceum course for the year.

A. H. Hamlin, of Mt. Vernon, has been appointed Federal Marshal for the Boone County District and will give the work his special attention.

If it is to wear get it at Platt's.

If it is true as one fashion authority insists, that "even lower neck dresses than hitherto will be in vogue when the forthcoming hot season opens," all we have to say is that we are tired of winter right now.

Mr. Charles F. Evans, Field Secretary for Christian Endeavor in the southern states will conduct a Christian Endeavor Rally in the Christian Church, on Tuesday evening, April 11th, at 7:30 o'clock. Everyone who is a Christian Endeavor, or who is interested in young people, is urged to come. The very much more than there will be a rally of the Junior Endeavorers.

This will be a great occasion in the history of Mt. Vernon, and everyone will do well to lend his interest and support.

After the rally on Tuesday evening there will be a meeting of all the officers and chairmen of committees of all the Christian Endeavor Societies.

Langdon News

Quite a number of the teachers and students of Langdon School enjoyed Sylvester Long's wonderful lecture Friday evening.

The Christian Endeavor Society in the Presbyterian Church entertained on Saturday evening with a very enjoyable "April Foolish" party.

Mr. Charles F. Evans, Field Secretary for Christian Endeavor in the southern states will be in Langdon School on Tuesday afternoon, April 11th, for the purpose of conducting a rally of all the Christian Endeavorers in Mt. Vernon.

A few of the students have not been able to attend school for a few days on account of illness. It is gratifying to know that they are now able to resume their duties.

WHEN A LAD MEETS A MAID

Old heads who forget that they were once young find much amusement in watching a young lad and when he meets a maid on the street. We stood on a street corner the other day watching an eminent citizen of mature years as he in turn gazed upon a bashful and blushing youth. No, we won't tell you of the amusing dignity and decorum of the lad and the maid, for we have been guilty of the same antics away back in days that will never come again. But it was amusing to our eminent citizen and we think he was as amusing to us. In fact, we are not thru smiling yet—at that eminent one. But the next time you are on the street and a lad and a maid meet face to face, and you suspect that there is a tender feeling between them, just remember the golden days of your young youth, and see not those things that you are not supposed to see. Ofttimes an innocent smile is a shirt that cuts deep.

WANTS NEW RECORD.

Lieut. R. Caswell Sautley, of the United States Aviation Corps, was added to his laurels as an aviator by an ascent he made at Pensacola, Fla., Wednesday, when he established a new record for the United States. He declared to be the new world's altitude record for a hydroplane by ascending 16,027 feet. Lieutenant Sautley is a son of the late Judge M. C. Sautley, of Stanford, and a brother of Shelton Sautley, Editor and owner of the Interior Journal at Stanford. Lieutenant Sautley was one of the first men assigned to the aeronautical corps of the United States Navy and has made many remarkable flights, most of them trial or test ascensions. He married Miss Helen O'Rear, daughter of Judge E. O. O'Rear, of Frankfort. Mrs. Sautley, soon after her marriage, circled the Statue of Liberty in New York Harbor. She went aboard from the Brooklyn Navy Yard, where her husband was stationed, and over and over again during the three East River bridges, cut across Manhattan and after circling the statue flew around the lower bay.—Frankfort State Journal.

The hope of Floyd Miller with all its contents was destroyed by fire at an early hour Tuesday morning. Mr. and Mrs. Miller had a close call, barely making their escape. The origin of the fire is somewhat of a mystery, but it is believed to have been started in the house since breakfast the morning before.

We are very much disappointed that the contract for the road on to Broadhead was not advertised in connection with the road to Livingston. The trouble is over which was shall it go. Some contend for the Mareboring route and some the other route. Let us go on the road that the other people want the road to be on the order on the records of the Fiscal Court calls for the Mareboring route, but a survey just completed shows the old road to be the shortest and cheapest to construct. Then the trouble comes, which shall it be? We certainly hope that the road will not be very much more time lost in getting the work, which should have already been under way, started.

ROCKCASTLE BOY DETECTIVE In New York.

Below is a New York Newspaper report of some of the activities of William O. Jones, a Mt. Vernon boy, who after three years of service in the U. S. Navy joined the police force in New York and made good to such an extent that Inspector Dayre, of the detective department has for the past three years kept Jones under his wing for detective work. We are satisfied Bill did the set up for him when playing the part of a naval officer in the case mentioned in the following account:

"Three women and four men are under arrest today following a spectacular raid on a basement of a cafe in East Fourteenth street by Police Inspector Dwyer and twelve of his men. More than one hundred persons were seated at the tables there early today when the police entered. Among them were Fredrick Whitin, general secretary of the Committee of Fourteen, and Miss Luther, superintendent of the Florence Crittenden Home for Wayward girls. They were there at a social concert, accompanied by two women prominent in society who have been doing smart work."

The three girls, who are said to have worn the light clothing, and who were dancing among the tables, described themselves as Henrietta Goldstein, twenty three years old, of No. 1,735 Madison ave., Stella Ross, twelve years old, of No. 100 West 14th street, and Senna Field, eighteen, of No. 325 West 43rd street. The first two were charged with vagrancy and Senna, who the police believe is a minor, with juvenile delinquency. She was taken to the Children's Society."

One of the men arrested said he was Henry Markinson, thirty-nine years old, of No. 140 Riverside Drive, the manager of the warehouse, who was charged with locking up on a charge of violating the excise law and keeping a disreputable house. It is contended that the liquor license did not cover the basement. The other three prisoners said they were waiters. They are charged with violating the liquor tax law.

Inspector Dwyer said that William O. Jones, posing as a naval officer, and William O'Connor, posing as a Baltimore millionaire, spent a lot of police money on the girls. The Committee of Fourteen protested to the police against the place, their detectives having discovered that after midnight a young girl known as "Lacy Tom-podour" was in the habit of doing some table dancing in which, he named indicated the extent of her costume."

INSOMNIA

Gaining Weight on Inside Job Real Novelty.

OFFICE MEN OFTEN PAY PENALTY OF INDOOR GRIND

We can't all be devotees of the great outdoors, and the office man and woman too often pay the penalty of the all day grind at the desk.

There comes in many cases the sluggishness that is bred of physical inactivity and the ailments that mark the indoor man for their own.

To say "I feel good all over" is to speak the acme of content, and when this is supplemented by a steady, healthy increase in weight after a long period of suffering, the fortunate man usually feels that he wants to share his good luck with the less fortunate "other fellow."

It is in this spirit that prompts so many business men in every community to endorse Tonic. Tonic assists nature to throw off depression and in its place to stimulate the system, with the result that energy and vigor return.

This "tired feeling," means a great deal more than is generally realized. It is one of the symptoms of a more serious condition. It is not laziness, it is a physical ailment that needs correction, and it takes a firm hold on you. The results of the Tonic treatment are amazing.

Tonic tends to make tired out, listless persons sturdy and of real neighborhood and womanhood like those old fashioned but most sensible folks—the pioneers.

As a tonic, appetizer and invigorant, nothing never has been discovered that will compare with Tonic. It builds new tissues, vitalizes the blood, and acts vigorously on ailments of the stomach, liver and kidneys, and catarrhal affections of the mucous membranes.

Satisfied users of Tonic have proven to be Tonic's best advertisers. Men and women from the highest to the lowest walks of life, everywhere are testifying daily to the relief Tonic has brought them.

No other remedy has shown such commendations that can only come from superlative merits.

Tonic may now be obtained at Mt. Vernon, at the Drug Store of Jas. C. Davis, also at Central Drug Co., Livingston, and John Robins' Drug Store, Broadhead, W. M. Owens' store, Burr, Lyne Bros., Crab Orchard, S. E. Welch Bros.

where the Tonic Man is daily explaining its merits and the results that may be expected from its use.

ATTENTION DRUGGISTS—STORE KEEPERS
 An exclusive Tonic Agent is wanted in every town, village and cross roads in this county. For particulars and advertising plans address Cooper Medicine Company, Dayton, Ohio.
