OUR BOONE WAY MAN In Winchester

The writer came to Winchester to see on an assignment of State Road inspection. The present work is reconstruction of the Lexington turnpike out of Winchester.

This city is "different" to quite a number of others in which we have spent time. The people are so friendly to the stranger. It is not just a few who greet you with unfaded hospitality, it is the whole bunch. Nearly everyone you meet on the street has a hearty good morning or evening for you as they pass by.

Winchester Roller Mills has a big reputation.

Out on Lexington pike, about two miles from the city, found the factory of the McCormick Brothers, who have patented and are manufacturing the best blue grass seed stripper on the market.

Winchester is almost a city of churches and I am told that the big membership of the various denominations is due to the extent of that friendliness and fellowship shown among citizens and to visitors and strangers.

Miss Marie Brook, of London, is teaching in the city school here. The writer has seen a drunk man in Winchester after five days' sojourn within its borders.

Winchester is a splendid progressive city. There are three R.W. Merritt's in this city. They bear no relationship, so far as is known.

All of these farms are hardy to churches and schools and the county has under consideration, 4 tracts out of the town of Mt. Vernon, north and south, east and west. EXPERIENCE OF THOUSANDS LIKE A HAPPY DREAM

Sufferers from Stomach Troubles Have Discovered a Relief.

To be a sufferer from stomach trouble for years and to be afflicted with all the torments that this all too common ailment causes, and then to be benefited almost overnight, is like being a happy dream come true.

This has been the pleasant experience of thousands of former sufferers of this dreaded malady, who have taken Tanlac, the new reconstructive tonic, which aids nature to restore the stomach to the habit of doing a full day's work and doing it well.

The present day mode of living has raised havoc with stomachs. A tired, overworked stomach or kidneys, abused by too much or too mostly eaten food, and our other faulty methods of living, cause an endless number of ailments, among them being liver complaints, kidney trouble, catarrhal affections, dyspepsia, nervous breakdowns, and constipation and blood troubles.

People so affected, and there are thousands of them in cities and in the country, are heavy and nervous and easily tired. They are worn out after a little exertion, and are moody and depressed. These are sure symptoms of overworked vital organs, which need cleaning-out and regulating. It is for last these conditions that Tanlac has proven beneficial.

Men and women in all walks of life are daily acknowledging the benefits derived from the Master Medicine, Tanlac has become a household word everywhere it has been introduced. Its records for sales has by far exceeded those of any other proprietary preparation ever known in the annals of medicine. Its success is based on merit alone. Its best advertiser is the former sufferer who has been relieved. The laboratories are working day and night to supply the great demand which has been created by Tanlac throughout the country. Its instant leap into popularity in this state has been marvelous.

Nervous, tired out, run-down men and women, or those suffering from stomach, kidney, liver, intestinal or catarrhal troubles should visit in Mt. Vernon R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead, W. M. Owens' store, Burr, Lyne Bros., Crab Orchard, S. E. Welch Bros., J. Children Cry for FLETCHER'S CASTORIA

The Senate and House conferees on the Army Bill finally reached agreement Saturday, as a result of their conference the army in times of peace will number 631,000. This, of course, includes the militia of the various States which will rapidly be brought up to an efficient fighting unit. Under the provisions of the bill the standing army will fall below 160,000 and may be increased to 175,000 in times of peace. This does not include 31,000 members of the quartermaster corps, the medical corps, and Philippine scouts, and other unassigned recruits, so that the new army will in fact number 200,650, with an expansion provision that will allow it to go up to as high as 254,000 in time of war. The bill includes all that the big army contingent asked for except the "Federal Reserve" feature. It provides for a national guard of 425,000 men, on a basis of 800 men to each congressional district in the country. Two of the most prominent features in the bill are the provisions for a vocational training for the regular army and 20,000,000 for the erection and operation of nitrate plants. The nitrate plants will mean untold wealth to the country in the shape of furnishing an abundant supply of nitrate fertilizer for the broad acres of this land at a sum that will be inviting to every farmer to purchase. Of course the output of these plants will be used for the manufacture of munitions in times of war. The vocational training will doubtless prove a great drawing card to men who are unattracted to the career of training in the other walks of life. The larger army, the nitrate plants and the vocational training will add to the many other marked achievements that this historical Wilson administration has accomplished.

The drawing of muscles, the soreness, stiffness and gnawing pain of rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful parts, just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof I have had wonderful relief since I used your liniment on my knee. To think one application gave me relief, sorry I haven't space to tell you more. Thank you for what your remedy has done for me. —Jas. S. Argus, Philadelphia, Pa. Sloan's Liniment kills pain. 5c at Drug Stores.

The program consisted of a play, and songs, by the primary department, Miss. Georgia Adams, the teacher, the play by the pupils of the different grades, Crawford's and McFerron's rooms at the Fair Grounds. Tonight will be Commencement proper, the program for which appears in this issue. The two graduates are Miss Ruth Mullins and Mr. Will Thompson, and in behalf of these two splendid young people we want to say that the Mt. Vernon High School has never turned out two more creditable graduates than these two.

What the Mt. Vernon Graded School is doing will be appreciated by some, until it is too late for their own good or for what service they might have been in making the school better than what it is. To run a school satisfactorily to every one is an impossibility, because there are always some people who expect the other fellow to do it all with nothing requiring of himself. It is likewise the case with some parents who never require their children to study at home, never give the teacher any encouragement, but on the other hand stand ready to agree with the child on every whim against the teacher. The result, the child takes advantage of the situation, which goes from bad to worse, the child does not try and the teacher is handicapped in helping that child, it makes no progress and from the standpoint of that parent the teacher is to blame for it all, when in reality the parent is the foundation of all the trouble. Every parent ought to have the experiences of a teacher. If a parent does not try to do it, he would learn a few things they never thought or heard of. We are proud of our Graded School and with those pupils, with whom it has been our privilege to come in contact, and who have applied themselves, we know that the 1915-16 year term has been a most profitable one.

The \$50,000 damage suit of Bert McDowell against the Bond-Foley Lumber Co., was tried in the Federal Court, at London, this week. McDowell, while in the employ of the Bond-Foley Co., fell from their log train, and was badly injured. His left arm and leg, and part of his right hand, were cut off several ribs torn from the spinal column and in other ways was badly injured.

Mr. N. U. Bond, president of the company, offered McDowell \$5,000 as a compromise, which he refused, but through his attorney, Jackson Morris, filed suit for \$50,000. The jury gave McDowell \$4,500 or \$500 less than he was offered on a compromise.

Attorneys C. W. Anderson and H. J. Johnsons, were the attorneys for the Bond-Foley Co.

One of the most interesting cases of all played out on the home town this season, was Tuesday afternoon, between J. W. Brown's Men Class and Rev. Young's class of Loyal Sons, all of the Christian Church Sunday School.

The boys plainly showed that they had been practicing up for this game for some time, when the score showed 10 to 2 in favor of the boys.

The line-up was as follows: BROWN'S MEN. S. F. Bowman, Lt; F. Miller, 3B; R. H. Miller, SS; V. C. Tate, C; Roy Britton, Cf; Herbert Cox, 1B; F. L. Thompson, Jr; P. C. D. Sutton, 2d B; E. S. Albright Rf.

LOYAL SONS. E. Bowman, SS; L. Chestnut, 1B; Dick Cor, C; Bill Thompson, 2B; "Mook" Baker, Lt; Jamie Thompson, P; Aubrey Martin Rf; Ralph Griffin, SS; Chas. L. Davis, Cf.

Up to the Seventh Inning Brown's men had failed to make 35 many points as expected and at that critical moment Messrs. Mounahan, O'Neal and Thomas very kindly consented to relieve Bowman, Britton and Albright. The two scores for the men were made by Mounahan and O'Neal.

IN AN EMERGENCY. That it is an A. absolutely necessary to have a full supply of every letter in the alphabet in order to print a reliable article, is proven by the following:

"We begin the publication of the ROCKY MOUNTAIN CYCLONE with some new difficulties in the way. The type foundryers whom we bought our outfit from this printing office, failed to supply us with any ph's or cays, and it will be phour or phive week before we can get any. We have ordered the missing letters, and will have to get along without them until they come. We don't like the look of this variety of spelling any better than our readers, but mistax will happen in the best regulated pharmacies, and iph the ph's and the c's and x's and s's hold out, we shall cease (soud the C hard) the CYCLONE whirling aftier a phashion till the sort's arrive. It is no joke to us—it's a serious aphair."—Exchange.

The jury at London, Ky., last Monday, in the case of the United States against McCall's Fitzgerald, a former cashier of the First National Bank, failed to return in April, 1914, brought in a verdict convicting him on the thirty-two counts in the two indictments. He was charged with misappropriation of the bank's funds, making false entries on the bank's books, embezzlement, and making false reports to the Controller of the Treasury.

Judge Cochran announced before leaving for Maysville that he would hold a term of court commencing June 26 to try the case against W. B. Cutting, former president of the bank. Catching is under indictment on several counts.

Judge Cochran sentenced Fitzgerald to five years in the Reformatory on one count and filed the other thirty-one.

The affairs of this store has always been conducted along the lines of straight-forward business principles, which has won the good will of its many patrons. Their good will belongs to us by right of having won it fairly—by right of deserving it. If we did not gain that good will by reason of the service our organization rendered, that "good will," upon which our greater success depends, would slip through our fingers. It is firmly established in the minds of those whom we have served that we are fair, equitable and sound in our principles and conscientious in our efforts. The greatest success we can have is your good will.

THIS ad. is directed at the man who has all the business in his line in this community. Q Mr. Merchant—You say you've got it all. You're selling them all they'll buy, anyhow. But at the same time you would like more business. Q Make this community buy more. Q Advertise strongly, consistently, judiciously. Q Suppose you can buy a lot of washubs cheap, advertise a big washub sale in this paper. Put in an inviting picture of a washub where people can see it the minute they look at your ad. Talk strong on washubs. And you'll find every woman in this vicinity who has been getting along with a rickety washub for years and years will buy a new one from you. Q That's creative business power. OUR AD. RATES ARE RIGHT—CALL ON US.
